Let me go, Mr. Hill By Shallow South Chapter 2081

Don't frighten people.

"What are you laughing at." Freya was inexplicable.

"Nothing."

Ryan yawned as soon as he finished speaking.

Freya hurriedly said when she saw this, "You should take a short break. You must be very tired today. I was very tired watching the art photos taken by me.

Forget it, I will use my mobile phone to take pictures of Dani in the future. Children can't take photos of art, and adults are tired."

"I can't say that. It's a tiring and happy thing to be with a child. It's just that you have to spend more time thinking about art photos, but when she grows up in the future Now, I'll be very happy to look at these photos."

Ryan said gently, "I have a five-year-old nephew, and I like to look through the photos of his baby when her mother took him. I made a photo album and took several artistic photos. My little nephew often took it out and looked through it. Every

time I went, he would take it out and share it with me. Every time I read it, he laughs, but he is happy.”

“Is it.” Freya was surprised, but she thought of Suzie and Lucas, Lucas did not like to take pictures, but Suzie asked Catherine to take pictures of her when she went to the park.

“Well, our Dani is so cute and beautiful, we must take more pictures, and then we can make a lot of photo albums for her.”

Ryan looked down at Dani’s sleeping face and smiled slightly.

Freya looked at him sideways and lost consciousness for a while.

In fact, it’s no wonder that the instructor before felt that Ryan was married, and that he was really patient, gentle, and caring for his children.

The two people met from morning to night, and he even coaxed Dani to sleep at night.

He may be more tolerant of Dani than his own mother.

How could there be such... in this world.

Forget it, what on earth is she thinking.

No matter how good Ryan is, he is only his brother in name, the kind of brother who was a few months old.

The car journey to Snow's old house was a bit far away. After the two did not chat, Ryan fell asleep leaning on the seat.

He lifted his head slightly, revealing a very stiff nose, and his eyelashes were thick and distinct under the sunlight outside the car.

Dani lay in his arms and slept soundly for one child but even if he fell asleep, his arms were bent subconsciously, as if he was afraid of Dani falling.

Aunty Cally stretched her hand over, trying to hug Dani.

But the sleeping Ryan subconsciously stretched out his hand to block it, but changed his posture to hold Dani tighter.

Dani's sweet sleeping face also leaned against the sweater on his stomach.

Freya moved slightly in her heart, took out her mobile phone, and took a picture of the two of them.

...After arriving at the Snow's old house.

Ryan woke up when the car stopped.

Wendy rushed over and immediately hugged her love-sun over with a smile.

Dani fell asleep this time and didn't wake up.

Soon the old man and some relatives of the Snow family also came over.

“Oh, my little niece has grown so big all of a sudden.” Carson said, leaning his head, “Before, she was like a little mouse, but now it’s round, like a pig.”

“Can you speak Little pig, how cute Dani is?” Wendy gave her son a blank look and smiled, “Freya, don’t stand outside, come in quickly.”

Freya followed in.

Coming here again, she has been divorced and her mentality is different. She feels that she is completely a guest, although she is upstairs, and there is still her room.

It is true that Wendy did not engage in a big banquet, but called a few relatives in the family to come over for a meal, but there were a lot of relatives, and there were two tables after he got it.

When the relatives saw Freya, they said hello as before, but everyone did not mention Rodney in a tacit understanding.

Hadn't arrived at the meal, Freya was physically inconvenient, so she simply sat in the lounge and watched Ryan and Carson's brothers play pool together.

When it was almost time for dinner, Jessica also came back. She was wearing lipstick, with pearl earrings on her ears, and wearing a long woolen coat. However, she was tall and had a cold and lonely temperament and also appeared mature and Sexy.

There was silence in the dining room. After all, everyone knew that the Snow family had changed a bit a few days ago. The old man Snow was almost forced by Jessica. He was a lot older and forcibly handed over the power to Jessica.

"Freya, this is a gift I bought for Dani." Jessica handed over a square box with exquisite packaging. "It's a small robot, it's fun, and there is a red envelope inside."

"Thank you."

Freya is grateful. Now, she is sincerely grateful to Jessica, "Sister Freya, sit down."

"Freya, your posture as a strong woman is getting stronger now, but work is important, so don't ignore your feelings. Don't let your aunty introduce you." The aunty on the side said with a smile.

"I just want to manage the Snow family well, I don't have much thoughts about the relationship at present." Jessica replied lightly.

Freya couldn't help but glanced at her more.

In fact, Jessica is quite beautiful and many men should like her, but after her husband died, she has not been looking for a partner...

My brother didn't look for it either.

These two people shouldn't...

"I'll help you put away the toys, and take them back later." Ryan suddenly took the things in her hand and interrupted her thoughts.

The nanny brought the dishes.

Freya picked up the chopsticks and was about to start eating.

At the gate, another slender figure came in, a light gray motorcycle leather jacket, jeans and boots underneath. Although the outline was a little thinner, the lines on the face were still as beautiful as before. After death, a pair of peach eyes became indifferent. a lot of.

He suddenly appeared when he saw Rodney.

All the guests were strangely quiet again.

It was different from Jessica before.

Jessica is here, and everyone is at most afraid that Mr. Snow will feel uncomfortable, but they also understand that Mr. Snow has compromised, and later he also accepted the reality.

And friends and family have a good impression of Jessica.

As for Rodney's emergence, it was because relatives had received news before. Don't tell Rodney about this. The main reason is that Freya and Rodney might be embarrassed when they bump into each other.

But he didn't expect Wendy to exhort her thousands of times, and Rodney still came.

In fact, Rodney rarely came back recently. After Sarah was discharged from the hospital, Rodney knew that the Snow family didn't like Sarah, so Rodney stayed with Sarah in a private villa outside.

These few days are considered the first day to come.

At this moment, after seeing Rodney, everyone looked at Freya again, and the atmosphere was very strange.

Finally, Jason gave a light cough and asked, "Why are you here?"
