#### Let me go, Mr. Hill By Shallow South Chapter 2083

“Why, I was kicked out of the Snow family group, do I even have the qualifications to return to the Snow family?”

Rodney glanced lightly at Freya. Freya was still sitting in a wheelchair. She wore a yellow sweater, which matched her skin, and her whole face was radiant under the crystal lamp.

Ryan sat quietly beside her like a flower protector.

Deep in his pupils flashed gloomy, and his handsome face became tighter.

Jason said solemnly: “We didn’t let you come back...”

“Since I didn’t let me come back, why did all the relatives of my daughter’s Hundred Days

Banquet come? He was not notified at all.”

Rodney raised the volume, eyes surging with anger fell on Freya, “Freya, we are divorced,

but my blood will always flow from the child.

There is no right to unilaterally deprive me of the right to see her.”

Freya frowned and Wendy hurriedly got up to explain, “Freya didn’t stop your father and

daughter from meeting, but I was afraid that you would be embarrassed when you meet... “

Just because of embarrassment, can’t I see my daughter for the rest of my life?” Rodney

glared at Wendy, “Mom, you will miss your grandson, and I will miss my daughter.”

He roared like a little beast. , Making Wendy a little uncomfortable.

Freya raised her head and stared at Rodney, “I didn’t prevent you from meeting Dani. You

can see her in private, but I don’t agree with you taking Dani out privately, because.... .. I

don’t want my daughter to have any contact with Sarah.”

“It’s my business who I want to take Dani to meet. Wouldn’t you find a man in the future

and wouldn’t you bring Dani to contact him?”

Rodney glanced at Ryan next to her, and suddenly smiled, "Or you have brought Dani and the man you are ambivalent with, right? Is Dani familiar with him now? Do you want to call him next time? Dad, Ryan, don't you say it?"

Everyone's complexion changed.

Ryan's face became cold.

Freya's beautiful face flushed with anger, "When Rodney, keep your mouth clean."

"My mouth is clean, but you are not clean. You dare to say that you and Ryan are nothing, he has long been attracted to you. You two live in the presidential palace every day, who knows..."

"Bang."

Jason slapped the table angrily, "When Rodney, were you crazy? There must be a limit to nonsense." "I'm nonsense."

Rodney laughed, "Haha, Ryan, you dare to be in front of everything.

Human face swears that

you don't like Freya? Have you ever thought about her? You f\*cking don't like her.

Will you take her into the presidential palace? Will you take care of my cousin?

Freya has half a dime relationship with your presidential palace. There is no blood relationship at all.

You f\*cking hid deeper than anyone else. You covet your own sister-in-law and want to give

it to Dani Being a stepdad, I didn't dare to admit that he was a scumbag."

Everyone was taken aback when they heard it, and even the elders of the Snow family sank their faces.

Indeed, Ryan and Freya have no blood relationship, but they are really good to her, and good...

If Ryan likes Freya, then this relationship is really messy and unusual, and it would really be a scandal to spread it out.

Elder Snow also clenched his chopsticks unconsciously.

“So did I help her wrong.”

Ryan, the client who was the most calm at the table, stood up slowly, “I shouldn’t help her

divorce, shouldn’t take her into the presidential palace, shouldn’t deal with it. You cousin, I

should let your cousin flutter outside, and the wife at home swallows, and should let you

take Dani to meet Sarah and let her be the child’s new mother, right?”

Rodney’s beautiful handsome face twitched slightly, and he stared at

Ryan with hatred, “I’m

asking you, Ryan, do you have the courage to admit that you like her?”

### **Let me go, Mr. Hill By Shallow South Chapter 2084**

Doesn’t know if Rodney questioned too loudly or too surely.

Freya’s head went blank for a few seconds.

Ryan likes her?

No, no, this is unlikely.

But Ryan is always very good to her, and very good to Dani...

She suddenly felt a little flustered.

Not only her, everyone also looked at Ryan.

Especially Mr. Snow, his face was extremely ugly.

In the eyes of everyone, Ryan still said calmly, “Of course I like her. Not only I like her, but my

parents also like her. Of course, it’s not just like, but also sympathy and compassion. My mother said

Freya, the more you come into contact with this person, the more you will understand her pure

quality. Perhaps in your eyes, Rodney, she is a vicious and despicable woman, but our whole family

doesn’t think so.”

“Don’t give it to me .” Playing Tai Chi...” Rodney sneered impatiently,

“You just don’t have the

guts to admit it.”

“Rodney, don’t you think it’s despicable.”

Ryan’s eyes were soft and cold. Replace with a little bit, “Today is your daughter’s Hundred Days

Banquet. In front of everyone, you have to admit that a nominal brother likes your ex-wife. Do you want to make yourself a little better, or hope that everyone feels yours? Marriage is cheating, you are innocent, or your wife divorced you, you will be better off with another man right away, don't you think you are too selfish. You need me to tell everyone that you and Sarah Did get the certificate the day before yesterday?"

He has always been a gentleman who loves to laugh. In the eyes of the Snow family, it is the first time that Ryan has been angry. His face is somewhat similar to Nathan, and he will be young next year, but his angry look is exactly the same as Nathan, which will make people fear from the heart. Suddenly, the whole restaurant was silent. Those who were still skeptical about the relationship between Ryan and Freya immediately became even more disappointed with Rodney. The relatives of the Snow family couldn't figure out how Rodney would marry such a woman. Rodney's face turned pale and blue in the eyes of everyone, "I can't do anything to marry Sarah, she has been ruined in her life, and I have to take responsibility." Ryan dragged away the chair, walked out, and said coldly. "You can be responsible, whatever you are responsible, none of us stop you, but you can't say this in front of everyone today. You will make it difficult for Freya to step down. What do you want? I want her to fall into the love triangle of the two brothers in your Snow family, with a reputation for being unscrupulous, and let her have no place in your Snow family."

Freya's pupils trembled slightly. I have to say that if things are not handled properly today, the Snow family might really not wait to see her. She didn't care, but she was afraid of affecting Dani. Obviously, the faces of Jason and his wife are not very good. Jason directly patted the table angrily.

“I haven’t thought about this.” Rodney glared at Ryan, “I just want to expose your hypocrisy, and I dare to swear to the sky that you have thoughts about Freya.”  
“Enough, don’t you anymore. Hold on to this point.”  
Freya couldn’t bear to stare at Rodney with red eyes, “You’re endless, we are already divorced, and Ryan and I are innocent, and I didn’t even have a hand. I’ve met, even if I live in the Presidential Palace, he lives in one building. I live in one building and I don’t understand. He helps me and just likes me. Don’t I deserve the sympathy of others? Am I not enough? Are you pitiful?” “What pitiful do you have, do you have Sarah pitiful.....”  
Rodney yelled back without even thinking about it.  
Freya smiled “Oh”.

Let me go, Mr. Hill By Shallow South Chapter 2085

Wendy walked over without expression, and slapped Rodney’s face with a slap.

“Get off,” Wendy’s chest rose and fell, and she pointed outside, “You didn’t come back to accompany Dani well, you are here to make trouble.”

Rodney was stunned.

In memory, this is Wendy slapping herself in front of so many people.

Mr. Snow also sighed disappointedly.

Carson also criticized, “Brother, you are really too much. I can understand Ryan’s feelings. I

usually like my sister-in-law, and I sympathize with her, so do you have to say that I like her

too? In your eyes, as long as the people who help her have an ambiguous relationship with her.”

Jessica looked down coldly and gave an order, “Come on, send Snow Shao out, he is not suitable to stay today.”

She said just fine. After falling, a few bodyguards came in from outside and grabbed

Rodney’s arm from left to right.

“Jessica, this is my house, what right do you have to let me go.”

Rodney's eyes flushed, and even his body became uncontrollably angry. Jessica's cold eyes glanced at him without anger and prestige, "Today you are here, in fact, as long as you give Dani a good gift and accompany Dani, you will come when you come. No one will say anything. But you make trouble as soon as you come. You have been accusing your ex-wife and your cousin for infidelity. You are blind and we didn't ask you to open it, but at least you have to know the word "respect", since I don't know, just ask you to leave."

"You can come back if you want, please wait until the dinner is over." Her voice fell.

The bodyguard forcefully pulled Rodney out.

"Freya, you have no right to prevent me from meeting my daughter. If you don't let me see her, I will go to the court to see you."

Rodney's roar came from outside the window.

Freya closed her eyes and was very tired.

She might not want to come to the old house anymore.

Everyone also saw her thoughts.

Jason said bitterly: "Freya, I apologize to you..."

"It's okay, uncle, I'm used to it, anyway, every time we meet, we just scold me."

Freya lowered her head and wiped the tears from the corners of her eyes, "If you want Dani

next time, I will let the nanny bring Dani here to play for a day.

Then you can call Rodney over, he thought You can accompany your daughter, but you

can't take Dani out of your sight, and you can't let him speak ill of me in front of your

daughter. I have never said anything ill of him in front of Dani. The grievances between

adults belong to adults. It has nothing to do with children."

"

Freya, thank you." Wendy and his wife were embarrassed.

They also heard the meaning of Freya's words, and they probably won't come to the old

house in the future.

In fact, it can be understood.  
Rodney didn't give Freya any face, and even almost destroyed Freya.  
Today, if Ryan was not smart, Freya's reputation would have been ruined.  
After eating and sitting for a while, Ryan took Freya farewell.  
The faces of the two people who had left were very ugly.  
When the guests left one after another, and only his son and daughter-in-law were by his side, Mr. Snow sighed, "When I was a child, was a very clever child. He was fooled by Sarah more and more stupid.  
Really.  
Why is he stupid like this? He can't stand up in his life. He may not figure out what the consequences will be after tonight."

Jason is speechless.  
With so many relatives today, what happened will surely reach the ears of Nathan and his wife who are far away abroad.  
Rodney originally disgusted the Nathan couple. Such a disturbance would even offend the Nathan couple to death. Ryan is the only son of the two of them. He usually has a very precious baby, but Rodney gave everything tonight. Ryan was embarrassed.  
After a long time, Mr. Snow said, "Maybe the Snow Group handed over to Jessica to be the best choice. I figured it out. If you really give it to Rong, you may be defeated by him. He is too calm, Freya. Remember, don't let him take Dani to see Sara. My grandson is ruined like this, and I don't want my great-granddaughter to be ruined." Jason and his wife nodded.  
They also saw that the old man had completely given up on Rodney. But let alone the old man, they had no idea about Rodney.  
Let him go from now on.  
...A commercial vehicle is driving on the road.

Freya kept looking out the window without speaking. She found that as long as she met Rodney, she would be in a bad mood. She doesn't know what will happen to other couples after divorce, anyway, she and Rodney can only be enemies.

The car was parked in the parking lot of the Presidential Palace. After getting off the bus, Ryan pushed Freya back into the house. Freya turned around and said politely to Ryan: "Go back and rest. Today you are tired too. We will coax Dani to sleep at night, and she can't I have always been dependent on you." "I didn't want Dani to always rely on me. This is not just temporary. When you get better, you will naturally be able to coax Dani to sleep." Ryan's deep black eyes locked at her, "You Wouldn't you still mind those words that Rodney said tonight?" Freya: "..."

Of course she also minded, and even on the way back, she was still wondering if Ryan liked her a little bit.

"You don't think too much, right."

Ryan's mouth roused playfully, "You recall what it was like when I met you."

Freya was taken aback, of course she remembered that she was considered a goddaughter.

That day, Jason and his wife brought Ryan over, and she was holding a teacup and called to godfather and godmother. At that time, Ryan stood by her side and looked at her curiously.

Ryan said in an awkward tone, "After you were pregnant, you didn't paint at all, and your complexion was not very good, and you were sick. Later, you became pregnant and had a big belly. Either you had a big belly, or your face was as big as a plate, and you gave birth.

After Dani, the appearance in the confinement is even more ugly. Just like you, how could I have a man and woman affection for you? Don't think too much about it." Freya directly

exploded, "Ryan, you Do you know how to speak, your face is as big as a plate? Is that

exaggeration? Whoever gives birth will not get fat."

"I'll be honest, you're still mad, can you only listen to good things." Ryan laughed.

"Yes, I just want to listen to good things. Even if I'm a little fatter, my facial features are beautiful. I'm also a beautiful lady with a heavenly fragrance. I don't want to see you."

Freya sent him temper.

"Well, I'll get out."

Ryan left with a helpless expression.

It wasn't until he walked out of the villa that his handsome face sank with loss.

If so, he really wants to tell Freya that he likes her.

He didn't care how those relatives would talk about it.

But after speaking out, Freya would avoid him, and the two could no longer be like before.

That's not what he wanted.

At least now, it's not the time yet.

...

Within a few days, Nathan and his wife also returned from abroad.

The couple went out to attend an international conference, and some new changes have

taken place in the international situation.

But these are not Freya can worry about, she doesn't understand anyway.

On the day he came back, when he had dinner, Nathan made a big fire on the dining table.

"This Rodney is really getting better and better. You and Freya are good brothers and

sisters, and you will go all the way with dirty hats. Click the button, and don't want to think

about the consequences of making trouble. I usually indulge him too much, and I still don't

have my mind."

Heidi also frowned. Although she is getting older, her temperament is still there. There was also deep dissatisfaction, "I heard that Osher Corporation's condition is not particularly good recently, and he is deeply caught in negative news, but we don't care about his affairs in the future."

"I won't care about it anymore. It's half a dime, so he shouldn't flaunt my reputation outside."

Nathan lost his temper before eating.

Freya and Ryan didn't say a word.

After dinner, Heidi took a few gifts from abroad and gave them to Freya.

It was not until

eight o'clock in the conversation that Freya returned to her place of residence.

Ryan also wanted to go back, but in the end he was stayed by Heidi.

When the mother and son face each other, Heidi looked at the son in front of him, and

suddenly asked: "Ryan, tell me frankly, do you like Freya?"

"Mom, when Rodney was talking nonsense, do you believe it too?" Ryan was stunned.

Frozen, he laughed, "As long as Freya walks closer to a man, he will feel that Freya is unscrupulous."

"Nothing is fine. After all, you are not related by blood and are about the same age."

Heidi didn't go further, just reminded, "Actually, Freya is a good girl, and I like it. If she didn't

marry Rodney, she just married someone who had nothing to do with the Snow family, even

if she was divorced. I won't oppose you, emotional matters, as long as you like it, I've never

asked you to marry the right woman, but she married your cousin, and we recognize the

goddaughter, so you and her It's never possible."

"You think too much."

Ryan smiled faintly.

He understands what his mother thinks.

When he didn't have absolute strength, he didn't want to fight with red face. It was not necessary, it would hurt Freya instead. Seeing her son so peaceful, Heidi also breathed a sigh of relief. "Ryan, your dad is the prime minister. We are destined to be the model of Australia in every word and deed. As the son of the prime minister, we have to be cautious in our words and deeds during your father's reign." Heidi said helplessly. "You are not young anymore. Take time to go on a blind date. You can't get along with other girls except Freya." "Mom, what you said is too exaggerated, where I work. A bunch of women, and I don't want to go. Every time after the blind date, those women cling to me, which is very annoying." Ryan refused impatiently. Heidi was speechless, "That's because you are good, they bother you." "... "That's it." Heidi made a decision, "You go back to sleep." Ryan turned his head and left. Oh, a blind date is a blind date. It's just that he doesn't like it. But he couldn't refuse. Once he refused, maybe Heidi would suspect that he liked Freya again. Really annoying. Which fool of the Snow family let their parents adopt Freya as their goddaughter. Let me go, Mr. Hill By Shallow South Chapter 2088 Let me go, Mr. Hill By Shallow South Chapter 2088 On the second day, Freya knew that Ryan was going to go on a blind date. Heidi took six or seven photos and asked Freya to accompany her to choose. "Freya, which one do you think is more attractive?" Heidi was already dazzled, "I just picked out such a few photos for a long time." "... "

Freya was embarrassed.

It took a long time to choose six or seven candidates, and that's probably the case for the

selection of concubines in ancient times.

She leaned over and read the photos on Heidi's phone one by one, and she had to say that

they were all beautiful women, dignified, graceful, and hibiscus...

Hey, if she were a man, she would have envied Ryan.

"Godmother, they all have their own characteristics. It depends on what kind of daughter-in-law you want to find, and what kind of girl Ryan likes." Freya couldn't pick it out, and just

said jokingly, "If I were Men, just accept it, haha."

Heidi was also amused by her, "Although you are not a man, you can accept the little fresh

meat you like with your current identity."

"Huh?" Freya I was horrified, and I stammered, "This...this is not so good...if it spreads out, I

am afraid it will affect the reputation of the presidential palace."

"What's wrong, men can get divorced ." Keep looking for young and beautiful women, why

can't women?" Heidi said generously, "Your godfather and I will visit the royal family of

Country Y this time. The divorced eldest princess of Country Y often changes boyfriends.

Young and handsome, the Y country news often reports that no one says that the eldest

princess is not, but many women are very envious. Women nowadays are very depressive,

so they all envy those women who live freely."

"Godmother, I didn't expect your thoughts to be quite broad," Freya quipped.

Heidi smiled and said: "I'm not that old-fashioned. On the contrary, I often use Facebook to

keep up with the times, but women still have to focus on their careers and can never put

everything into a relationship."

Freya has deep feelings, nod sympathetically, "godmother, in fact, I feel like meat Ryan, a

little plump women, seem to be hearing the last time he happened to mention."

“in this way, or to the right, the daughter of my old school, grow  
Fortunately, if he is not  
satisfied, just follow this...” The two discussed for a long time and finally  
decided on a  
candidate.

...In a few days, Freya’s injury has also healed a lot. Although it is not  
completely healed, at  
least he can walk normally.

In the morning, she drove a trip to Freycatheli Company.

It hasn’t been here for a long time, and Catherine is basically responsible  
for the company’s  
affairs.

After she went in, she inspected and found that the company was better  
than what she had

managed before, and the employees were full of energy.

After arriving at the prime minister’s office upstairs, Catherine was  
working with a laptop,

and Shaun stood behind and massaged her shoulders.

“Baby, how’s the strength?”

“Well, don’t bother me, I’m thinking about the problem.”

Catherine didn’t lift her head, her attitude was extremely perfunctory.

“...”

Shaun was deeply hit.

“Ahem, I didn’t bother you.” Freya looked at the door, laughing and  
joking.

Catherine immediately raised her eyes and said happily: “Freya, here you  
are, my heart still  
hurts or not.”

“It’s much better.” Freya nodded.

Shaun raised her brows, “Since you are better, then come back to work  
quickly, lest you stay

in the company all day, and your husband won’t take care of  
everything.”

Freya was filled with grievances.

Freya couldn’t laugh or cry, but she could only bite the bullet and said  
under Young Master

Hill's nose, "I just talked to the employees outside. It is obvious that after she took over Freycatheli, she is better than me in both marketing and management. I'm doing a lot better. I think this position will be handed over to Catherine in the future. I can serve as the vice president and general manager of the R&D department. Catherine, our good sisters work together and can definitely acquire Osher Corporation soon and become a Australian nation. The biggest beauty group."

"What?" Shaun's face suddenly became as dark as the bottom of the pot, "No, she has no time, she has to manage and chant, and also to manage Freycatheli, where can I usually have time to accompany me," We also have an appointment to go to the Maldives for vacation next month."

"You can go, and I will try my best to manage the company. If I can't figure it out, I can talk about work remotely by video."

Freya politely persuaded Then, "Young Master Hill, Catherine is still flourishing. She is in her twenties. She is the golden age to work hard. You can't let her indulge in love all day long.

You have to let her have the happiness of love, and at the same time You also have to have a sense of accomplishment in your career. Let me say, you should return to Shaun's work as soon as possible. Don't try to develop your career better than you when the time comes. You will become a softer."

Shaun didn't look at Freya. , Just looked at Catherine, "Catherine, what do you think?"

Freya pouted, "Catherine, you know what I am capable of, I can do research and development products, but in terms of management..."

Catherine raised his hand to interrupt her, and turned to Shaun and said, "Shaun, You see,

we two have been playing for several months. At first, it was very happy, but every day is like this, just...sometimes it's boring. Now Freycatheli's development momentum is very good, and it's also my first time. For an investment, I really want to make Freycatheli bigger and better. In fact, I also hope that you can return to your career. To be honest, you always guard me like this. I'm afraid I'm not old, you will get bored with me. "Where do I dare to bore you, it is obvious that you are going to bore me," Shaun pointed at Freya with a jealous expression, "She is more important than you." Freya raised his eyebrows, "Young Master Hill, think about it." , When you hurt Catherine, how did I protect her without abandoning her? In the past few years abroad, without me, Catherine and her two children might not have been able to persevere. A man would abandon her, but I didn't. you're enough, the tender the tender spot. "During that brought black history, Shaun whole people are nervous," OK, OK, I'm not into compromise, you're busy, I'm gone. " "Husband, I'll show you off." Catherine took his arm and sent him downstairs. In the elevator, she put her small face on Shaun's shoulder, "Don't be unhappy, don't I stay with you every day after work? Besides, Freya just gave birth to a child and got divorced. She wants to make money while taking care of the child. I don't have a man around me to rely on. I understand the feeling very well, so I want to help her through this difficult time." "Catherine, don't talk about it. I remember the previous things, in fact. I am very grateful to Freya for being with you during that time." Shaun held her hand, her black eyes sullenly, "I just feel very insecure since recovering my memory. I hurt you too much, I'm afraid of you. Will leave me, so I want to be with you more

and be nice to you.”

“Fool, you lost your memory before, but I didn’t. Since I am willing to come back to you, it means that I am still willing to give you a chance.”

Catherine squeezed his hand, looked up at him and smiled,” Shaun, let’s work hard together.

I like you now, and I like you who I met in Melbourne that year. At that time, you were very handsome. Whether you are a lawyer or a president, you are very handsome and charming.

Back to belong to you. Let’s go wherever we are. During the day, we will dance with long sleeves on our respective stages. At night, I will be on the bed...Will you be with you?”

She whispered in his ear for the next few words.

The woman’s breath sprayed on his ears, like a fairy.

Shaun’s throat was itchy, “Catherine...” The elevator just reached the first floor.

Shaun immediately pressed the close button, he lowered his head, and a hot kiss was overwhelmed.

Catherine hung his hands on his neck and stood on his toes.

After a long kiss, Shaun let go of her and said hoarsely, “Catherine, I don’t want to return to

Hill’s, I want to be a lawyer.”

“Huh?” Catherine was stunned, “Why?”

“In fact, I prefer to be a lawyer. Be a lawyer, but at that time I wanted to fight for Hill’s

family.” Shaun smiled, “After so many things, my mother manages Hill’s very well now, and

when she grows up coldly, she can replace Hill. My wife, anyway, my wife is also very

capable, and I want to eat soft food in the future.”

“Forget it, your lawyer will cost tens of millions in any lawsuit, and it is very profitable.”

Catherine bowed his head and straightened his shirt. "But I support you in doing what you like. Being a lawyer is also great. I like your appearance in a suit and litigation. You are very handsome."

"Catherine, thank you for supporting me."

Shaun kissed her. Forehead, just leave.

Catherine watched his back walk away before returning upstairs.

Freya glanced at her lips ambiguously, "The lipstick has fallen off, why?

Convince Shaun with your kiss."

"Man, it should be harder, and sweeter."

Catherine was in front of her. Face, generous lipstick.

Freya was very envious of that moisturized and charming face. "It seems that you have

mastered the fire of Young Master Hill."

"We are quite stable now."

Catherine smiled, "Night. Call Eliza and have a meal outside to celebrate your finally

regaining freedom. How about?"

"Okay." Freya nodded, "but I have to go back after dinner. I want to accompany Dani more."

"I know, it's cold now. Let's eat hot pot. A new hot pot restaurant has opened nearby. The business seems to be very good."

...

6 p.m.

Catherine and Freya first went to find a box. Not long after, Eliza also came. She wore

sunglasses, a hat, and a scarf. She was wrapped in airtight.

After taking it off, Freya felt that she was thinner, "Eliza, have you not had a good rest recently?"

"Yeah, I'm a little tired." Eliza thought, facing Chester's face every day, can you rest? I really want to die.

But she didn't want to tell Freya and Catherine that one was that she didn't want them to

worry about it, and the other was that she was afraid of being looked down upon by them.

Really, in these days, she even looked down on herself.

“Eliza, don’t always think about Sarah, Catherine and I have already thought of a way to retaliate against her, you can wait.”

Freya picked up the menu. She hadn’t come out for a long time to eat, so she ordered a lot.

.

But when the dishes came up and cooked, she felt...not the hot pot delicacy that Ryan had with last time.

The meat cooked by Ryan is really delicious and tender.

In fact, as long as the time is well grasped, she can cook it herself, but she always forgets the

time while eating, and she will be old when the meat is fished out.
