Chapter 2101

Shaun smiled and looked at the dazed Catherine and reminded, "I'm sure Jessica is definitely Ryan's close partner. She listened to Ryan, not Nathan."

Catherine suddenly realized, and then again. "Then you say prime minister Snow knows?"

Shaun shook his head, "Of course he wouldn't notice. First, Ryan is still young in his eyes, and second, that's his son, and his son will never betray him. Ryan does not betray, but when he does not necessarily obey his father's arrangements, Nathan can't hold Ryan if they disagree."

Catherine murmured, "I saw Ryan for the first time. At the time, I still felt that he was very handsome, looking very simple and kind, but I didn't expect..."

"Oh, his advantage is that simple and harmless appearance, regardless of his elders." If he is still a friend, he will think he is humble and polite. Over the years, he certainly has not been able to secretly win over his forces. He has not shown his wolf teeth at the moment because he has not

encountered what he particularly wants, but it is Freya's business. , Let him show his teeth, but there was too little exposure, everyone did not notice, only me, Chester..."

Catherine blurted out: "Osher Corporation has been caught in negative news recently, and Chester didn't help. Did he notice it?"

Shaun nodded, "When Chester is unwilling to help Rodney now, one is because of Sarah, the other is the relationship between you and me, and the third is... he doesn't want to offend Ryan. , Who knows where Ryan would bite him after helping Rodney? Where is Ryan's most terrifying thing? He hasn't shown his trump card. No one knows."

Catherine was startled for a long time, and smiled bitterly." For such a powerful person, Freya probably won't have any scum left by her."

"In a sense, he can also protect Freya." Shaun's thin lips moved and said, "Currently there are So it's okay to be with Freya personally. If she knew that Rodney and Sarah were going to have a wedding, she would probably feel quite uncomfortable in her heart."

"What?"

Catherine was very angry, "Rodney was ashamed to have a wedding with Sarah. Freya gave her a baby and never did it."

"It will be done after the Australian New Year. He didn't invite me. I also had a friend who opened a hotel. Yes, I heard that he has booked a banquet and invited the wedding company." Shaun sighed, unwilling to believe that his former friends have become like this, "Freya will know sooner or later."

"Dead *btch*, *dead scumbg*." Catherine was bitterly scolded.

Forget it, she still won't remind Freya for the time being, so as not to make her feel more annoying.

...

But when Catherine went to the company the next morning, he ran into a friend in the elevator.

She thought about it carefully, and said, "I tell you one thing, don't be too sad, I didn't want to say it, but you will know it sooner or later."

The good mood smile on Freya's face gradually faded, suddenly a little Lost and asked: "Are you

going to tell me that you and Shaun have remarried, and you left me to get married alone.”

“ ... ”

Chapter 2102

Catherine twitched her mouth and couldn't laugh, "No, it was Rodney, we are going to have a wedding with Sarah." The elevator was quiet for a while.

Freya made a long "Oh", lowered her eyelashes, and cast a shadow on the bottom of her eyelids.

"You can scold if you want." Catherine said.

"Forget it, there's nothing to scold, anyway, I'm divorced, and I don't have any thoughts or feelings for him." Freya said sadly, "I just think that the more I think about it, the more I feel that I am a fool."

"This wedding, it is probably also. Sarah wants to show off and want to slap you in the face," Catherine said mockingly, "Rodney guesses that everything is following Sarah now, but he doesn't know that this will make the outside world and the wealthy in Canberra even more disgusting for both of them."

"...Whatever."

Freya smiled bitterly, she didn't know if others would disgust them both, anyway, she was disgusted.

The elevator door opens on the floor of the prime minister's Office.

Catherine walked out holding her hand, "Come on, I have hired a new assistant today to let you meet."

"What secretary, you can see by yourself, I..."

When The office door was pushed open. Freya was dumbfounded when he saw Hans Fleming in a black suit inside. Isn't this Rodney's assistant, "You... why are you here? "

Miss Freya, hello." Hans Fleming nodded and greeted with embarrassment.

"I paid a lot of money to invite him to join." Catherine said with a smile, "He resigned from Osher Corporation not long ago and is looking for a job everywhere. I wonder if we want to acquire Osher Corporation. He's here."

"Miss Catherine, don't say that." Hans Fleming said hurriedly, "Your company is actually more capable than mine."

"I know your work ability. I have been working with Rodney, from the establishment of Osher Corporation to the establishment of the energy company with him in the Snow family. I promise you that as long as you work hard, I will let you sit as the general manager of the company. "

Catherine looked at him with admiration.

Hans Fleming blushed and nodded vigorously, "Miss Catherine, you can leave it to me to do anything in the future. I have experience in operations and planning, and I know many people in public relations."

"Assistant Fleming, Thanks for your hard work, we need a talent like you."

Catherine encouraged him to beat him up.

Freya was stunned while watching, until Hans Fleming walked up to her and said apologetically: "Miss Freya, I am very sorry about the matter between you and Young Master Snow. When he took care of Sarah, I persuaded him. But he..."

“Don’t tell me what kind of person he is, I know better than anyone else, he will not listen to persuasion, Assistant Fleming, welcome you to our company, we will be colleagues in the future Now.”

Freya shook hands with him.

It wasn’t until Hans Fleming left that she looked at Catherine with a particularly admiring look, “When did you visit the thatched cottage? I don’t know at all. Besides, he was Rodney’s most trusted secretary. It’s been six or seven years, you are not afraid that he will do something unfavorable to our company?”

“Don’t worry, I went to look for him after he took the initiative to leave.”

Chapter 2103

Catherine comforted, "And this is what Shaun meant. He said that Hans Fleming is a talent. Let me dig it up."

Seeing that it was Shaun's meaning, Freya didn't object that much. After all, Shaun was here. They still need to learn the skills of the mall.

"I also investigated Hans Fleming. He didn't leave because Rodney was down. Rodney had a bad reputation. His girlfriend and his family didn't want him to work with Rodney. They were afraid. Contaminated with some derailments in marriage, I talked to him, he himself does not approve of Rodney's behavior, but Rodney does not listen to persuasion at all."

Freya nodded, "But Hans Fleming's ability It should be easier to find a job wherever you go. How come we come to a small company like Freycatheli that has just started."

"We are a small company now, but it doesn't mean that we will be in the future."

Catherine said her angrily. At a glance, "No one knows the background of Freycatheli. I am behind Hill's and Uncle Titus. Behind you is the prime ministerial Palace. The people outside are squeezing their heads in and want to come in. However, I really spent time when I pulled Hans Fleming over. Sorry, I gave him and her girlfriend a new wedding house."

Freya was stunned, "How expensive are the houses in Canberra."

"It is expensive, but Hudson Corporation is engaged in real estate, and I don't need it the least. It's the house." Catherine smiled, "Almost all of Osher Corporation's major and minor matters over the years have been handled by Hans Fleming, and some have even been handled by Hans Fleming independently. The resources and ideas in his hand are more valuable than a house. Rodney was thinking about holding a wedding for Sarah, he probably never expected that I would poach Hans Fleming away, haha."

"..."

Freya didn't say a word, she looked at Catherine's eyes now, like watching a fast hardware chiefs, "the inclination, I found you too much now, it is not with Shaun learned a lot of tricks."

"I fear some impact, in short, I promised you, be sure to Step on Rodney's feet." Catherine

sneered, "Let him roll over at that time, lower his head in front of you, and honestly call President Lynch."

Freya's eyes were red, and she hugged Catherine before returning to her office.

She knew that Catherine was trying hard to help her vent her anger, but she was still very worried.

She took out the phone and sent Ryan a [sad] emoticon.

Ryan: [? ? ?]

Freya: [I am in a bad mood.]

Ryan: [Who messed with you, I'll beat him/her.]

Freya: [Rodney, you help me to beat it.]

Ryan: [Well, I go]

Freya think he might be joking, but still bow back: [teasing you, I just heard that Ryan and Sarah

summer wedding, you frankly, you are not already know, in fact, I It's not that I still like him, it's just...it's not worth it for me, people outside must be laughing at me, children are born, there are no weddings, I'm just a joke.]

Ryan: [I learned yesterday, May said Tuesday Jessica will not let anyone go to his wedding, to the time he and Sarah will become a joke throughout the capital.]

Freya shocked: [Did you make on sister monarch to do so.]

Ryan: [This is the meaning of their own king on sister, Freya, I understand your feelings, you worry, I believe, in the future there is a person that loves you, will give you a Golden Age wedding, that time, You will be the envy of everyone.]

Freya funny: [you tease me, I'm a second marriage, as well as the children, even if there is met, it would be purely emotional. ?

Ryan: ?You are so beautiful and cute, there will be many men like it, but you don't understand the mentality of men. ?

Chapter 2104

What Is the Mental State of Men?

Freya really didn't understand.

But it does not prevent her from being praised as beautiful and cute.

Although she knew that Ryan was comforting her, she still felt much better.

Of course, text message replied something else: [Forget it, you who like men, how do you understand the ideas of those men?]

Ryan: ["anger" Am I not a man?]

Freya think Ryan's appearance that morning, "pop" smile.

At this moment, the office door knocked, and the secretary came in with a takeaway, "Miss Freya, the mutton noodles you ordered is here..."

"When did I order the mutton noodles?" Freya Just as finished speaking, Ryan sent another message: [The mutton noodles you promised yesterday have arrived...]

Her pupils are slightly widened.

Yesterday, she thought Ryan was just joking, but she didn't expect...

The secretary was surprised and said: "Did you not order, but the takeaway boy said it was yours." After a pause, he suddenly joked, "It's not someone who has a crush on you. It's the first time I heard of sending mutton noodles with flowers. It's so heart-warming."

Freya was embarrassed gorgeously, but she was bruised by Rodney's self-esteem. At this time, she still felt a little pride.

Well, although she has just been divorced, the people outside will not say anything about it, but she must have no less discussion in private. She can imagine that those people must say that she is beautiful and rich in her family. Not abandoned by men.

Most people on the Internet scold Rodney, but a small number of people are also mocking her.

Freya actually saw it all, but could only pretend to ignore it.

A bowl of mutton noodles is not expensive, but it gives her face.

“You... take it,” Freya asked her to put it on the table.

After the secretary left, Freya opened the mutton noodles. It was good smell, with a layer of spicy oil and mutton slices floating on it. Although I had breakfast in the morning, all I ate in the prime ministerial palace were light. I took a look at it now.

Freya took a bite.

She was so surprised that she sent a text message to Ryan: [Your work canteen is so far away from me, how can you make it the same as you just got out of the pot? ?

Ryan: Haha, stupid, of course it's not in our canteen. It's a mutton noodle restaurant near your company. I booked a takeaway and paid twice as much to let the takeaway be delivered as soon as possible.]

Ryan: [feel good point of it.]

Freya: [Thank you.]

It feels so good to have someone caring meticulously.

...

5:30 p.m.

After the data of a set of materials came out, Freya took off her white lab coat and walked out of the laboratory with her colleagues.

As soon as Freya entered the password and the door opened, Freya saw a long and elegant figure outside.

Ryan is dressed in a dark coat, with a gentle temperament standing in the warm winter sun, revealing a somewhat indifferent and clean temperament.

Seeing Freya coming out, Ryan showed her a bright smile.

The colleagues around me are all around 30 years old, and I can't help being surprised.

The interns even joked: "President Lynch, did your boyfriend come to pick you up from work?"

"I wish I had such a handsome boyfriend." Freya smiled and blinked, "My brother."
