Chapter 2113

Catherine's mouth twitched, "It's okay, they are all gentle, talented, well-rounded facial features, of course, if you compare them with Patrick, Rodney, Ryan and the others, it must be inferior.

You have to know, there are very few men of this kind who can be capable, look very handsome and considerate, okay."

Freya has nothing to say.

She has also been in contact with the aristocratic circle in Canberra. Don't look at Shaun and Chester, they are all very handsome, but in fact, many wealthy

aristocrats or rich men are either bald early or have a big belly.

This is probably why Linda entangled Patrick with a dead skinny face, because Patrick was

indeed handsome and Rodney's appearance was also very good. So Sarah used him as a spare tire.

Forget it, she still don't be so faceless. Maybe the face value is low, it will be safer.

So Freya just chatted with them, but had to chat with three men and work. Sometimes it was

unavoidable to be a bit busy, especially when the topic was nothing more than what he was

doing and he liked to eat. What, usually some hobbies.

Sometimes when two people have to answer the same question, Freya feels a little annoyed.

And in her opinion, Zayden always likes to show off his abilities and assets, consciously or unconsciously.

Lukas always consciously or unconsciously set her relationship with the prime ministerial

palace close to each other, utilitarian is too heavy, as for Kian, it's okay.

The two are also engaged in research, and they have a little bit of common topics, but

compared with Ryan, they are too uninteresting and humorous.

As for why she compares with Ryan, it may be that she chats with Ryan every day.

Ryan would send a lot of funny jokes even when she was offline, and she would laugh out loud every time when she read it. Sometimes don't understand where Ryan got so many jokes.

...

Soon Christmas came, Kian asked her to meet and Freya agreed after thinking about it.

One is that because of such a holiday, she also wants to go out to enjoy the holidays and wants to start a new relationship, so she has to take the first step to meet.

On Christmas Day, she deliberately changed into a burgundy woolen coat. Many people will look rustic after wearing it. However, she looks beautiful and has big eyes like a mixed race.

When worn on her body, she looks charming and bright.

When Ryan went out in the morning, after meeting her, her eyes flashed with surprise, and she also had a bad feeling, "Is it a date for you to dress so beautiful today?"

"I have an appointment with Kian for dinner." Freya said openly. Ryan handsome face stiffened slightly.

"Yes. Freya wanted know what kind of person he is when I meet."

"So..."

Ryan's dark eyes drooped lonely and he sighed, "Well, I originally wanted to invite you for Christmas. You and Dani went out for a stroll. It seems that I will be left alone. Forget it, I'd better go home early and play with Dani."

Freya was a little guilty by his depressed appearance. They were all people floating on the canoe, but she suddenly left him alone and lonely, "If you said earlier, I wouldn't agree to

Kian's date. Now that you agree, it's hard to regret it."

"I am so important?" Ryan suddenly raised her eyes.

Freya looked even more embarrassed and blurted out comfort, “Of course, you are much more important than Kian.”

Chapter 2114

“Well, wait for you to finish eating, accompany me to the movie, OK.”

Ryan looked at her expectantly with a good-looking face, “I had a suspense film last night and I really want to go. I saw it.”

Freya had also heard of the suspenseful film he was talking about. It is said that it has a good reputation and a high box office.

However, on such a holiday, Freya and Kian broke up after eating, and it seemed impolite, in case someone else arranged other activities.

“You don’t want it? Don’t do it.” Ryan sighed disappointed and lonely when she saw that she didn’t say a word and turned to leave.

“No..., I didn’t want to, then if you book a ticket, it will definitely be 8 o’clock after I finish my meal.” Freya said unbearably.

“That’s fine. I booked the movie tickets at 8:30. You will tell me the address for dinner later and I will drive over to pick you up.” Ryan’s eyes curled when she heard it turned her head and smiled.

“Okay.”

Freya nodded in response. After Ryan left, she became annoyed afterwards. He had just finished an appointment with Kian, and he got into another man’s car on the other side, feeling like he was so carefree. .

But... Ryan is his titular god-brother, and the two are absolutely pure. I came to the company so cranky.

Freya received Christmas gifts from several colleagues. They were not expensive, but they were all taken care of by everyone.

At the end of get off work hours, many men came downstairs from the company to pick up girlfriends, even Shaun was no exception, but he also brought two other cute babies: Suzie and Lucas.

“Godmother, Merry Christmas, we are going to eat western food with Mommy Daddy.”

Suzie was very happy wearing Christmas hats, “Would you like to go with us?”

“Your godmother has a date tonight.” After rubbing Suzie’s face with a smile, she asked

Freya, “Is anyone here to pick you up? If we don’t have anything to say, let’s take you there.”

Freya shook her head, and got into the car unceremoniously.

After she reported the address, Shaun drove over.

In the car, Suzie expressed her opinion, “Godmother, did you ask a boyfriend? I don’t think

he can do it. He doesn’t come to pick you up at Christmas. He is not a gentleman at all.”

“I didn’t let him pick you up.” “Freya explained with a smile, because the first time I met, she didn’t want Kian to know where she worked.

“If you don’t let him pick it up, he won’t come.” Suzie grunted, “Look at my mommy, every

time I don’t let my daddy come to pick it up but my daddy still comes cheeky, dad said

Women are all duplicity animals.”

Freya was funny, “Suzie, you know so much, you don’t fall in love early.”

“What’s so fun about early love? It’s better to eat.” Suzie cheered up. It’s so cute that

everyone can’t help but laugh.

Along the way, the atmosphere in the car has been very happy, and even the indifferent

coldness has shown several smiles.

Freya looked a little envious.

Not long ago, Freya, Dani, and Rodney had such a good family atmosphere, but it was a pity

that it did not last long, it was very short-lived.

At this time, Freya felt a little pain in her heart. It wasn’t that when Rodney couldn’t let go,

she just hated him for not being responsible for the child.
After arriving at the place, she waved goodbye to Catherine's family, got out of the car and walked to the restaurant across the road.

Chapter 2115

A 30-year-old man standing at the door, about 1.75 meters tall, wearing a business-style navy blue jacket, brown slacks with black leather shoes, wearing glasses, facial features and full body exuding The refined temperament of intellectuals.

Freya recognized him as Kian at a glance. She had seen him in the photo before, but she

had a much better temperament than the photo.

Kian also saw Freya, with a burgundy coat and dark curly hair draped over her shoulders.

Her bright facial features were more three-dimensional and profound than ordinary people,

and even her forehead blown by the wind was beautiful and natural.

When Kian got closer, he realized that the makeup on Freya's face was also very light, her

eyelashes were long and distinct, her eyes were crystal clear and beautiful, she did not look

like a person who had been married and had a child.

Kian couldn't help but be moved even if he had seen many good-looking young girls in

college.

Kian didn't even understand that there was such a beautiful young lady in the family, and

Rodney had to go out to find the mistress. Is there a problem with his eyes? Of course, the

mentality of those brothers who came from rich family is different from ordinary people.

"Hello, Kian."

Kian politely stretched out his hand, "I am glad to meet you for the first time."

"Me too, I will give you a formal introduction. My name is Freya."

This is the first blind date in your life.

“Freya, please come inside. I have already ordered the meal.” Kian said softly, “I should have picked you up, but today there is a class that ends at 5:30. The school is on the third ring road again. It’s a long journey.”

“It doesn’t matter, I work near here anyway, it’s very convenient to come over.”

After they were seated, the two chatted casually. When they met, Kian was quite natural, not like when chatting on whatsapp.

Kian is a professor of physics and also very knowledgeable, but when it comes to physics knowledge, Freya knows nothing. She was very poor in science at the time.

Kian talked about each other’s past.

Most people know about Freya. It’s Kian, who also had a marriage abroad. It was love at first sight with his ex-wife. After getting along, they found it was not suitable and divorced.

At present, the child is him.

Parents are taking care of him, Kian is relatively busy, and sometimes often participates in some secret experiments.

Halfway through the meal, Freya got up and went to the bathroom.

Just then, Ryan sent a whatsapp message: [How about the blind date?] Freya bow typing along reply, she did not notice before, accidentally hit a wheelchair.

“How did you walk?” The familiar man screamed, she was taken aback, looked up, and faced

Rodney’s... expressionless face.

The two hadn’t seen each other for a while since Dani’s full moon and wine but Rodney in

front of him didn’t look very good. He used to have a clean and beautiful face but now he

has scum, and it doesn’t look as good as before Young and handsome.

The wheelchair she hit was Sarah’s. At this time, Sarah was sitting in the wheelchair and

wearing a mask. Only her forehead and eyes could be seen, but she felt as thin as skinny,

and also eyes were thin.

Both of them had changes, making Freya dazed for a while. Rodney was also stunned. His eyes flashed with surprise. Today's Freya is definitely well-dressed, and he can even see that her face is wearing the scheming makeup. Her clothes also match her skin tone, and even her skin is clear. The two were divorced, and she was not haggard at all, it seemed...the better she crossed over.

Chapter 2116

Sarah looked at Freya so madly when she saw Rodney, she felt like she was ugly now. When Freya was compared with her, it was even more awkward. She clenched a fist and felt wronged. "Freya, did you deliberately bump into me? I'm like this, why can't you let me go?"

Freya was shocked.

Freya felt that she hadn't watched the auspicious days when she went out, "You have wrong with it, I just did not see you. "

Sarah body, tears flowing," I am defective ah, thanks to you, I now have the ill body. "

"too lazy you. "

seeing Looking at the people passing by, Freya went around and wanted to leave.

"Stop." Rodney grabbed her, but with a little force, he pulled the person to his side.

The familiar scent that belonged to Freya came oncoming, and Rodney stared at her easily for a few seconds, and even forgot what to say.

Until Freya pushed him away and stared at him with disgust, he felt a stab in his heart and

said irritably, "You apologize to Sarah."

"Sorry, it's okay, can I go now?"

Freya didn't want to entangle with them at all, and an apology was nothing. After all, she

was indeed looking at the phone and didn't look at the road, and she had to apologize

when she hit someone else.

“You are not sincere at all.” Rodney found her annoyed when seeing her eager to leave her.

Freya became angry, “Then what do you want me to do, do you need me to kneel down and apologize to her?”

Rodney sneered, “If it weren’t for you, Sarah would sit in a wheelchair and even go to the toilet now. You have to sit in the toilet for the disabled. I tell you, it’s useless if you kneel down, and it’s not worth any money.”

“Mr. Snow, I warn you, don’t say anything nonsense,” Freya said coldly. “you.....”

“Freya, what happened?”

At this moment, Kian walked over from the dining room, and he glanced at Rodney and

Sarah, slightly puzzled.

After Rodney saw Kian as a strange man, his anger suddenly rushed to his forehead, “Freya, you won’t be dating this old man today.”

“What old man, he is as old as you.” “Freya was speechless.

“You’re really a superfluous girl.” Rodney sneered openly. “Changing a man is like changing

clothes. Why? Now this kind of thing is worthy of you. Are you worthy of Dani? You won’t

be at home to accompany her at night.

But staying with the ugly man at home.” “I’m sick, someone who is a physics professor at a

young age, any brain cell can crush a brainless person like you,” Freya angrily scolded him. “

Also about Dani, what right do you have to take care of me? as a father, do you have a

sense of responsibility for your daughter? You are ashamed to say me, get out of the way

and I will be disgusting when see you.

“Do you think I want to see you, poisonous woman.”

Rodney sneered at Kian, “I remind you, it’s better to stay away from this woman, she is very

vicious, you see this man in a wheelchair next to me.

No, she personally broke the tendons and hamstrings and disfigured her face.” Kian

frowned.

The people nearby also pointed to Freya and started talking, as if she was vicious in her eyes.

“Rodney, let me say it for the last time. If you think I hurt her, you can call the police and don’t throw any dirty water on me.”

Freya really didn’t want to stay for a moment, turned and left.

Kian hurried to catch up.

Looking at the back of the two people leaving, Rodney looked angry, and he couldn’t wait

to rush up to tear the man to pieces.

Sarah called him twice before he came back to his senses. When he lowered his head, he saw Sarah shed tears.

Chapter 2117

“Rodney, are you still unable to let her go.” Sarah wanted to pretend to be generous, but

Rodney’s jealous eyes just now made her unbearable, “I know I am ugly now. , It’s also very ugly, it’s not even better than her...”

“Sarah, don’t say such things, since she hurt you, I have completely given up on her.”

Rodney quickly grabbed her. Rodney lowered his head and said.

“Don’t lie to me anymore, you despise me, so even if we are married, you will not touch me up to now.” Sarah cried.

“It’s not like that. I think you are in poor health, and I am afraid of hurting you.”

Rodney has troubles and can’t tell. He has never had a relationship with Sarah until now.

Half of his body is the cause, but the other half is. He really can’t touch it. Actually doesn’t

like her anymore, and marrying her is entirely out of responsibility.

In the past, Sarah was like a goddess in his heart, and it was a dream he longed for when he

was young, but now, Sarah is too thin, and there are many injuries on his body and face.

Those injuries make him feel guilty and hate Freya. But it didn't make him feel any urge.
Sometimes even when he was uncomfortable in the morning, all he thought about was Freya's coquettish appearance on the bed. Her skin was white and she had all the places where she should be, and even the voice was so nice. And now none of this belongs to him.
Thinking of the man just now, Rodney hated his teeth. At the same time, I hate Freya. Why did she treat Sarah like that? If she was not so cruel, he would have reason to never divorce her. So every time he faced Freya, he would say again and again. Say something so ugly.
In fact, it was only necessary to send Sarah abroad. What a pity... what a pity...
He didn't regret leaving Sarah at the beginning. If he was not reluctant at that time, he could send her out of the country without letting anyone find out. But there is no regret medicine in this world.
Rodney is very helpless in his future life, but he can only continue to live by guarding Sarah.
She said to have a wedding,. Well, he will give it. He gave her everything, anyway, the rest of his life didn't seem to make much sense except for atonement.
Sarah glanced at his desperate appearance, sneered in her heart, no matter where he didn't want to hurt himself, he disliked himself.
But what can she do with her present appearance.
...
Freya and Kian returned to the dining room, and the atmosphere was not as harmonious as they were just now.
Especially Freya, thinking about Rodney and Sarah, the two most annoying people were in this restaurant and didn't want to stay any longer , "I'm finished..."
"Okay." Kian got up, "It's still early, let's wait..."
"I'm a little tired and want to go back." Freya interrupted Kian.

Kian was stunned for two seconds, then nodded, "I'll see you."

"No, I'll take a taxi by myself, and it's not convenient for you to go to the prime ministerial Palace." Freya refused.

After Kian checked out, he went out with her and drove her into a taxi. Freya looked at herself on the window, feeling that tonight was terrible, but still told the master to stop him in front.

Immediately after getting off the car, she received a call from Ryan, "Why did you finish eating?"

[Let me go, Mr. Hill Chapter No. 2118] Novel

Chapter 2118

Freya was startled, and suddenly reacted, "How do you know I'm finished?"

She subconsciously looked around.

Ryan explained: "My car was parked near the restaurant where you were eating. I just saw you come out. Get off the car. I'll come and find you..."

"I got off the car. The car turned in front."

"Wait."

Freya waited there for less than five minutes. Ryan drove the Audi and came to her. The co-pilot window opened, revealing the face, "Get in the car." After Freya got in the car, I glanced at the McDonald's half-eaten on the console and the notebook in the back seat,

"You won't eat this thing at night...?"

"Well, I work overtime until 7 o'clock, simply I drove here directly."

Ryan smiled nonchalantly, "What's wrong with hamburgers? When I was studying abroad, I used to eat them frequently. It was convenient and fast. Besides, there were couples everywhere on the festival street today.

Ryan was alone. Run to eat, isn't that looking for abuse?"

After finishing speaking, Ryan looked at her helplessly, "I don't like others looking at me with sympathy."

Freya understood very well what Ryan said.

When you are single, you sometimes hate Valentine's Day, Singles' Day, and Christmas. This

kind of holiday will make you stand alone.

But these words came out of Ryan's mouth, she felt a sense of guilt inexplicably.

It seems that there is a feeling of abandoning him first, and my heart is also muffled.

"Actually... I didn't have enough food just now, or let's go get something to eat." Freya

looked out the window, "That's it, how about fried noodles?"

"... .. Good."

Ryan bent her lips and found a place to park the car.

There is a Noodles store which is very small, but there are so many people during festivals, even queues.

Freya went to take up the position, and that time Kian sent a whatsapp message: [When you

get home, remember to send me a message and don't worry, I don't care about what your

ex-husband said. I will see with my eyes if you are a good woman.] thanks.

After she replied, Ryan came over with two bowls of fried noodles. He glanced at her phone,

and then gave her a pair of chopsticks. "Let's talk about the blind date.

Didn't you say you

might have to eat until 8 o'clock? Isn't it unpleasant?"

"When I met Rodney and Sarah, Rodney said it in front of Kian's face . It was very

unpleasant. It made me lose face." Freya complained irritably.

"Is it necessary? They are all divorced. At least I have children for him. I just want to start my

life again, but he doesn't look like he doesn't make my reputation worse."

"Hate you because of Sarah." Ryan stirred "You don't have to think too much about it. If

Kian minds this kind of thing, it means it's not worthy of your further understanding."

"Kian doesn't have any. Just sent me a message to explain." Freya lowered his head. Said,

“Actually, he is not bad too...” It just didn’t make her feel that heartbeat, but there are still common topics in the chat, and it will not be cold and when she quarrels with Rodney, he did not stand up and say a word for himself. But it is understandable, after all, the two met for the first time. But if Ryan were in that situation at the time, he would definitely not let people watching the show look at him strangely.
