Chapter 2151

Forrest and Jessica lived in that small apartment.

When Forrest was young and frivolous, he used to play with his alumni a lot, and even went home until midnight drunk. No matter how drunk Forrest was, Jessica would always help Forrest.

Because of her presence, there seems to be a home in a foreign country.

But it was also so real that the pain has been unbearable for so many years.

He hates this woman too much.

After reaching the door of the suite, Forrest pushed Jessica to the wall fiercely, and kissed him like a madman.

The back of Jessica hit the wall with her head, almost fainting in pain, but before Forrest could

get over, there was another sharp pain on her lips, and blood spread in the mouths of both Jessica and Forrest.

Jessica was in pain but she seemed to be alive again.

Over the years, Jessica deliberately calculated everything, but didn't feel satisfied. Instead Jessica looked like a dying old woman.

Now, Jessica can finally control her future. She wanted to live happily for herself.

Jessica stretched out her hand and took the initiative to untie his suit.

Jessica and Forrest fell on the bed embarrassedly.

The night is deep...

...The next day, when Forrest woke up, he had a splitting headache.

Forrest sat up, the bed sheet slipped from his body to his waist, and beside him, a section of his body was half exposed, but that body was covered with dense hickeys. Jessica shrank coldly, the pair was cold on weekdays After opening her eyes, today is full of charming.

The eyes of Forrest and Jessica faced each other for a short time, and both of them woke up in an instant.

Forrest's stern face was extremely stiff, but what happened last night was projected in his mind like a movie.

Forrest can not wait to hammer dead themselves, but also more and more cold eye color, "I'm one to understand, last night, Miss Jessica is collusion Ryan put me drunk, get me a good bed is not it."

Sudden wear this top Jessica in the hat turned pale.

Forrest sneered, and the words that came out of her mouth seemed to be poisoned, "Jessica, are you so lonely? Take the initiative to stick to a man. do you want to be shameless?"

Oh, I forgot, you marry a sick young man for your rights, you man Dead early, no one will satisfy you."

"Forrest, let me clean your mouth."

Jessica's beautiful eyes trembled. If it weren't for Forrest, she would have killed people ten thousand times, but it was Forrest, she couldn't bear to hurt.

"Am I wrong?"

Forrest didn't have the calmness and only when facing Jessica, he became like a hedgehog with thorns all over his body.

People, a woman sends a drunk man back to the room, what will happen, do you not know in your heart, huh, I don't care, anyway, the woman who sends the door to the door will not sleep for nothing."

"Forrest... ..., do we have to quarrel to this point." Jessica felt a twitch in her heart.

Chapter 2152

"Noisy?"

Forrest smiled, "Is it what I wanted? Jessica, you know better than anyone else. You are too cruel, when you returned to Australia. Jessica, you promised me something and you said you told your family Later.

After a while, Forrest asked Jessica to come up to propose marriage.

But Forrest waited, but it was Jessica's breakup that she is going to marry another man.

That's fine, why do you want to change my sister's medicine, even she was pregnant Later, you threatened her not to have a baby with the Lynch family's affairs and asked her to marry your rubbish brother.

How did you people in the Snow family hurt and betray Freya? She was held in the palm of the hand by our family since she was a child, all by you. The Snow family is ruined."

"As long as Jessica have a little conscience in her heart, and she felt a little guilty for Forrest."

Jessica's hands under the quilt were firmly squeezed.

A beautiful face was as pale as bitter and painful, "Forrest, I changed your sister's medicine. This was the worst thing I have done in my life because I have selfishness. I thought about Lynch's family. After getting involved with the Snow family, I will be able to... see you..."

"It turns out that it is." Forrest laughed like he heard the most absurd joke in the world.

When Forrest got up, he laughed until his eyes were red.

"Jessica is the one who caused Freya. If he can do it again, his mother hopes that he haven't seen Forrest in foreign countries at all. Then the Lynch family's bad luck will be for eight lifetimes.

"After Forrest finished speaking, he put on his underwear and slammed the door and left.

Behind Forrest, Jessica arrogantly raised her chin, but two lines of clear tears slipped from the corners of her eyes.

In her world, you can't bow your head even if you cry.

...

Forrest came out of the suite in despair, and burying his head on his knee painfully after getting in the car.

Until the phone rang, Freya called him.

"Brother, have you woken up yet?"

Forrest was full of guilt when he heard Freya's voice.

As elder brother, Freya and Patrick didn't manage the affairs well, and he couldn't help him more with Rodney afterwards.

No matter how good Forrest is in his career, he has not fulfilled his brother's responsibility at all in terms of family affection.

"Brother, I won't bother you...it's a good thing." Freya suddenly snickered.

Forrest's chest was blocked, "Did you and Ryan deliberately last night."

"Brother, you really wronged. Ryan drank too much last night and vomited dirty clothes again."

Freya can't send Ryan back.

"Freya was beaten to death and refused to admit it, "Hey, I'm thinking of you and Jessica alone and widow..."

"Freya, you guys don't make a mess, it's impossible for me and Jessica." Forrest interrupted her coldly. "Brother Forrest, all right, don't hide it. I saw you quarrel with Jessica last time at Snow's house. Jessica is your first love, right." Freya said lazily.

After returning to Australia, Jessica and Forrest were all focused At work, there was no news about feelings.

At first Freya thought that she didn't meet the person who was tempted, but later she realized that Jessica and Forrest have someone in their heart."

"Freya thought too much, the matter with Jessica. Besides, Freya would forgive the things that Jessica did to his brother, and Forrest didn't hate Jessica, if it wasn't for her forcing you to..."

"Brother, I don't hate Sister Jessica, Apart from Ryan, sister Jessica also helped a lot to get a smooth divorce this time."

"Jessica was not for you, she was to seize Rodney's inheritance rights. Jessica is a very rude woman in the city, and she looks at her interests. It's more important than anything else."

"Brother Forrest, you haven't gotten along with the Snow family and you may not know them well.

Freya believe that there was no sister Jessica threatening her at that time, there would be others, even some people."

Freya sighed lightly, "Just said that Uncle Jason and Aunty Wendy have always treated well on the surface. That's because sister Jessica dressed up all the black faces. And they only need to show off their white faces, but in fact, Sister Jessica was also instructed by them for some things."

Chapter 2153

Forrest said coldly: "Jessica deserved it, and who made her greedy for power."

"Brother, in a family like the Snow family, from childhood to most of them, Jessica was indoctrinated to take on heavy responsibilities, and she was involuntarily involved in many cases.

People from the Snow family, the Snow family gave Jessica the best education and a respectable position. Jessica's parents worked hard to raise Jessica up.

Jessica is the eldest sister. She has to take on her responsibilities. Jessica, not only has you, she also has parents who are full of expectations for her, and a younger brother who needs protection."

Freya said helplessly, "Besides how young the Lynch family was back, the Snow family could crush us to death with one hand.

As a whole family, you let Old Man Snow know about her granddaughter, and don't care for a man in a small place, do you think Mr. Snow will let our Lynch family go? Mr. Snow will definitely come to trouble and force you to leave.

Brother Forrest, you are for the sake of the family. If you are in danger, you will also take the initiative to leave Jessica sister."

Forrest was stunned, and in the end he was speechless. After a long time, Forrest smiled bitterly: "Freya, You think more."

"Freya has entered the Snow family." She understood what place they are."

Freya said, "Moreover, I have experienced so many things in Canberra. Some things may be better understood than you. Don't always think that sister Jessica betrayed you back. Put yourself in the position and replace it with you. Without the ability, you can only betray that relationship. Think about it carefully. Back then, Jessica had to marry an unhealthy man for the sake of her family. Sister Jessica was also very Poor, after all, she is only to blame for her birth in the Snow family."

Forrest was speechless for a long time.

Forrest found that what Freya said was reasonable. My sister Freya is really grown up and sensible.

"Freya, it's impossible for Forrest and her. One is that our identities are too different. Jessica is now the leader of the Snow Group.

What about Forrest?,

First, the little Lynch'Group prime minister.

Second, Freya marry Rodney got divorced, and Forrest former brother-in-law's sister again. This relationship spread out too messy."

"Where is the chaos, people still have a sister married to a brother. Besides, Rodney and Freya were still divorced, and now Jessica has the final say in the Snow family. Whoever she wants to marry can control."

Freya curled her lips, "Anyway, it's up to you, I just think... life is too long. It's very difficult to marry someone you like."

Forrest frowned, "You are weird. Freya, do you like being a master again?"

"No, brother Forrest you think too much, but my emotional experience is much richer than yours. Whatever feelings I have is the experience of people who come here." Freya finished speaking and said bye.

Freya was sitting in the car, feeling a little listless.

Freya had insomnia last night.

As long as Freya closed her eyes, it was like Ryan kissing herself, and Freya thought more about it, the more chaotic she became, and the more she thought about it, the more annoying it became.

By the way, when Freya met Ryan in the restaurant in the morning, Ryan was as calm as ever, as if nothing had happened.

It's just... mad at her.

People are not in a good mood and have a bad appetite.

In the cafeteria at noon, Freya poked repeatedly with the food.

Opposite Catherine frowned when she saw this, "Even if you want to lose weight, you have to eat some food at noon. You can eat less at night."

"Who is going to lose weight?" Freya curled her lips, "I am... .."

"What is it?" Catherine was drinking corn juice.

"It's nothing, maybe Freya think too much." Freya lowered her head and silently grilled rice.

Catherine: "..."

Chapter 2154

Two days later, after Freya went back from work, she pushed Dani to the door of the restaurant, and heard a burst of sweet laughter inside.

"Dani, You are so cute."

Heidi smiled from ear to ear.

Freya paused for two seconds.

Heidi saw Freya and waved immediately, "Freya, getting off work, come here."

Under the bright crystal lamp, Heidi's sitting next to Freya was a sweet-looking girl aged 20. Her name is Selena. She looked like the kind of girl who is very pleasing to the elders and has a very cultivated temperament.

"Heidi's voice is full of joy, "Tonight she deliberately let Selena belt over for dinner."

"Complicated Sister Freya, hello, meeting for the first time." Selena showed her a generous and sincere smile, then raised her pink mouth and said mischievously to Ryan who was sitting on the other sofa, "Ryan, how are you sister? Beautiful."

"Who's sister?" Ryan glared at Selena as she had been stepped on her back. "She is not the same age as me."

"It's fine if Selena is a few months old." Selena covered her lips.

"Yeah, Ryan is the two years older than Selena

Do you want to call me brother?" Ryan winked, and Selena blushed.

Heidi was very excited when she watched. She was worried about her son's stubbornness before, but now she finally sees hope, "When we were a kid, our two families had dinner together, every time you saw Ryan and always said something to your brother.

At that time, her name was very sweet. But later she grew up and yelled less.

Every time I chatted with your mom, everyone joked about when they could be an in-laws.”

“Mom, you just said this is the first time someone came here. People are scared away.” Ryan joked.

“I won’t be scared away. My parents often say that Aunty Lynch is a kind and an idol for Australian women to study. Today I came to learn a lot from Aunty Lynch.”

Selena hugged Heidi, Heidi was very happy.

Freya found a place to sit down and listened to them all the time. She suddenly felt a lot of herself, especially when she saw Ryan and Selena talking, and occasionally exchanged eyes and smiled at each other. The ambiguity circulating made her feel blocked.

Selena really wants to bore Ryan.

It turns out that Ryan gets along well with Selena, and Ryan doesn’t even tell that he doesn’t like women.

That being the case, why did Ryan have to try kissing with himself that day.

Just experiment, why do you want to say those weird things, make her think about it, and then turn around and take the blind date back home.

What does Ryan... regard himself as?

"Freya, why are you in a daze after eating?" Heidi suddenly called Freya.

Freya hurriedly hugged Dani and sat on the dining table.

Selena glanced at the Dani in Freya's hand and said fondly: "Sister, your child is so cute, I really like babies."

"You like it, I'll hold it over for you to take a look." Ryan Said suddenly.

Freya's body stiffened, and somehow a anger spread from her heart.

Let me go, Mr. Hill Chapter 2155 | Novel By Shallow South

Chapter 2155

Freya is not a stingy person, usually when guests come to hug Dani, she will agree to be hugged by others, even her daughter is cute, she is also happy as a mother.

But now, Freya felt that Ryan held her daughter to please other women because he wanted to please other women. Freya didn't like this very much.

But if Freya refuses at this time, it will make very stiff, and she will also appear to be very petty, so she has no choice and gave Dani into Ryan's hands.

After Ryan hugged Dani, he immediately moved closer to Selena's side. The two of them huddled together and looked down at the child. Ryan even made Dani laugh from time to time. After Dani laughed, Selena also smiled happily.

"Ryan, look, Dani still has two dimples when smiles, so cute."

Freya couldn't stand the scene anymore.

Freya moved her eyes away and took two sips from the water glass.

Heidi smiled mysteriously to her ear, and said gossiping, "Freya, look at Ryan and Selena, are there any feelings? I rarely see Ryan being so enthusiastic about girls, I think there is hope. "

...Hmm."

Facing Heidi's happy appearance, Freya could only force a smile, "Selena looks good, beautiful and generous."

"Yes, I think she is pretty good too." Those who like children, if Ryan have children in the future, Ryan and his child should be a good mother." Heidi was full of praise.

Ryan's child...

Freya felt as if he had been pricked by a needle.

If Freya can, she really wants to leave here and skip this meal, but this is the prime ministerial palace, not a place where she can do whatever she wants.

Nathan also came back when the dishes were being served one after another.

Selena was not afraid of Nathan's identity at all, and even communicated with Nathan openly, making Nathan and Heidi laugh a lot.

Freya noticed that when she was eating vegetables, Ryan often turned the dishes to Selena quietly. Once, Selena gave Ryan a shy look, "Ryan, how do you know that I love you?"

"I have eaten with you a few times and I noticed it." Ryan gave her a gentle smile, his eyes were indescribably gentle.

Freya looked down. She thought about what Ryan would be like if Selena fell in love. That's probably it.

At the table in the past, Ryan would often turn around the dishes Freya liked, but now there is another woman behind, he can't.

Even when Pippi shrimp came up, Ryan helped Selena remove the skin cleanly.

As for herself, she was pierced with blood several times by the sharp thorns on the Pippi shrimp.

But Ryan would never peel her shrimps anymore, she could only wipe it clean with paper silently by herself.

After eating, Ryan invited Selena to visit the place where he lived.

In the night, she saw Ryan and Selena disappear side by side in the front building.

Freya lowered her head and turned back to where she lived.

In the past, I only needed to see my daughter's smile when I came back, but even if Dani was by her side tonight, she was very annoying. Freya was so annoyed that her chest was like a stone. She was so annoyed that she wanted someone to have a drink. From time to time, Freya looked at the building where Ryan lived.

What are Ryan doing with Selena now?

Alone men and widows will never simply sit under a lamp, read a book, or chat, at least they will pull their hands and kiss their mouths...

Freya stood up and didn't want to think about it anymore. She was a mother and her duty was to accompany her daughter well. She had to bathe Dani and play with her.

At 9 o'clock in the evening.

When Freya was feeding milk in the living room, she heard the voice of a nanny from the hallway.

"Master, good evening, come to see Dani."

Let me go, Mr. Hill Chapter 2156 | Novel By Shallow South

Chapter 2156

"Yeah."

Ryan changed his shoes, and the corners of his mouth seemed to be in a good mood.

Freya raised her head and glanced faintly, and found it an eyesore. Now that the Heidi and his wife are not there, she doesn't want to pretend at all.

"Dani , I don't think I..." Ryan stretched out his hand to touch Dani's small face, and Freya violently hugged Dani and avoided Ryan's hand.

"What are you doing?" Ryan raised an eyebrow.

Freya didn't look up, but just said in a weird way, "Miss Selena went back? I thought you would stay with her tonight."

"How could it be possible." Ryan sat beside her, overlapping her legs lazily. "Selena is a pretty lady, not a casual woman. Even if Selena stays, my mother will arrange her to live in the guest room of the prime ministerial Palace. What do you think of me?"

Freya pulled her lips, "Yes, Selena is not a casual woman." It was her casually, who let him kiss casually several times.

As Ryan said, don't be responsible if you kiss yourself.

Freya thought it was nothing before, but the more Freya thought about it tonight. Freya saw Ryan's not pleasing to my eyes.

Just when Dani drank the milk, Freya put down the bottle and said, "I can see that you and Miss Selena are doing well, but I hope you don't use Dani as a tool to please women next time."

"What? What do you mean?" Ryan was taken aback and glanced at her playfully, but Freya lowered her head and didn't see the expression of Ryan's eyes at all.

"You know what you mean?" Freya lowered her voice, not wanting the servants in the house to

"You know what you mean?" Freya lowered her voice, not wanting the servants in the house to hear her.

"You mean I hugged Dani to Selena to see when I was eating?" Ryan raised her eyebrows, "Do you also care about it? When did you become so stingy."

Freya ignited like a firecracker, and became angry. "I'm stingy, you just knew it today."

Freya stood up holding Dani, and couldn't even control her reason. "If you like children so much, you can do it yourself. Go to have a baby with Miss Selena." Ryan laid his hands on the sofa lazily, raising Ryan's face and frowning, "Isn't it true that in the future, I won't even be able to hug Dani?"

"...whatever you want "After Freya lost a word, she went straight upstairs.

Ryan lowered her black eyelashes and stood up and left until the sound of the door closing.

In the bedroom, Freya leaned against the wall, annoyed that she wanted to bury herself with the quilt.

That's it, was Freya too impulsive just now? Will she seem stingy when she said those words? Will Ryan be reluctant to hold Dani in the future?

It is estimated that Ryan is also very angry now, after all, Ryan seems to like Selena very much.

When will it take to move out of the prime ministerial palace?

It's really embarrassing to live here.

Freya didn't want to be embarrassed, she didn't even go to the front yard for breakfast the next day. After washing up, she drove to the company.

At 9 a.m.

As soon as entered the office, Catherine saw a listless figure sitting inside.

It was Freya.

"Catherine, you are here, I want to consult with you about something." Freya looked up annoyed, "You help me analyze and whether I am too much."

"Tell me." Catherine from the drawer taking out a bag of coffee beans, the elegance and style of a woman exuded in her gestures.

Let me go, Mr. Hill Chapter 2157 | Novel By Shallow South

Chapter 2157

"Ryan returned to the prime ministerial palace with his blind dated girlfriend last night. The woman said that Dani is so cute, so Ryan hurriedly asked Dani to please that woman." Freya frowned irritably. "Dani doesn't know that woman at all, and Dani is not a tool to please women. Besides, children are inherently weak in immunity, and strangers just hug anyone who knows whether she will have germs..."

Catherine was startled, she poured the coffee beans into the grinder, then raised her head and glanced at Freya's expression, her heart stunned.

Well, the thing she feared most still happened.

It's just that Freya herself didn't seem to notice it.

Of course she may have noticed it too, but obviously she can't accept the truth at all.

The aroma of coffee permeated the air.

Freya said in a low voice, "I seemed to be a little impulsive when I spoke last night, and it seemed that I was stingy. Actually, I didn't let him hug Dani and play with Ryan. Dani usually plays well with him, but I feel he is angry. If you say I want to apologize to Ryan, Ryan must be angry. If I didn't go to the front yard for breakfast, Ryan would definitely send a message to ask me."

"Freya, in fact, the prime ministerial palace is not just anyone. Those who can go in can usually go in. At least physical examinations and disinfection are required. And you are not a stingy person. When you took Dani to Hill's Family in the past, some relatives of Hill's family hugged Dani. You never have any opinions."

Catherine looked at the coffee being brewed, her eyes gradually became helpless and sharp, "Have you ever thought about...you are not stingy, you just... .. I'm jealous."

"Haha...."

Freya stood up excitedly like she heard a joke, "How could I be jealous? I just treat Ryan as my relative, I..."

When Freya's gaze met Catherine's black and sharp eyes, her throat stagnated, "Perhaps...well, I might be a little jealous. After all, did Ryan have a good relationship with me before? My friend, if you suddenly leave yourself to fall in love, everyone will feel a little sad."

"Is it just a little sad, or will be more sad?" Catherine drew red lips playfully.

Freya: "..."

Freya is really going crazy, why did she come here to discuss this issue with Catherine.

"Forget it, I won't tell you anymore. I suddenly remembered that there is something in the laboratory." Freya lowered her head and walked towards the door.

"Freya, it's not that you haven't been in love before. It's a habit, dependence, or liking.

Can't you feel it yourself." Catherine said behind her, "Look at you for these two days, every time you eat lunch with me when I was slumped, I often watched it with my mobile phone. It looked like I was waiting for someone else's Whatsapp. It was like this when you were in love with Patrick."

"Don't talk about it." Freya said.

The pretty face turned pale, "I can't like Ryan's, what is his identity? what am I? I am his god-sister."

"Freya, you're not related by blood. You and Ryan live in the same place.

See you in the morning. When I see you at night, I always chat when I don't see him. Ryan is so good to you. Now a strange woman appears suddenly. You find that Ryan will make that women happy. Your goodness is all given to another woman, you are uncomfortable."

Is that so."

Is she uncomfortable?

Is that right?

If not, then when Freya saw Ryan turn Selena's favorite dishes last night, why did her heart feel so upset when he gave Selena the prawns? and she didn't even have an appetite for eating.

She is simply not used to it, or does she not want Ryan to be good to others?

Freya found that she couldn't think about it anymore.

Oh my God, why is this happening.

"Catherine, it must be that Ryan has appeared too frequently in my life recently. Maybe it won't be the case as long as I get in touch with other outstanding men. Didn't you say that you asked Shaun to find a good man for me? Introduce one or two to me." Freya said without tears.

Let me go, Mr. Hill Chapter 2158 | Novel By Shallow South

Chapter 2158

Catherine smiled bitterly, "Didn't the prime minister's wife introduced three high-quality men to you before? Frankly speaking, those few are good, unmarried, good-looking, promising, and good family. In the end, you can't see any of them. On, you said, where do you want me to find you a better-quality man, maybe someone looks good, but a person may not be reliable, and a good personality may not be good-looking."

"Am I so picky?" Freya obviously realized this problem.

"You are not picky." Catherine said frankly, "It's just that the pearls and jade are in front and the wood is in the back. Do you understand? With the background of Ryan, your vision will improve but you say where I am going.

Find a man like Ryan who is handsome and well-known from a family of gold, handsome, gentle, humorous and romantic, wise and calm, even if I give Shaun to you, you may not be able to admire it.

"....."

Freya was speechless for a while, and the corners of her mouth twitched, "If Shaun hears what you say, she will definitely be sad."

"I'm telling the truth." Catherine held the coffee. Blowed with a smile.

"Okay." Freya curled her lips, "Your Shaun is too cold, I can't bear it."

"Yeah , I can't stand the cold." Catherine smiled, "Then tell me where I can find it for you, Yeah."

"Ryan isn't that good, either." Freya bit her lip unwillingly.

"Maybe, but you know the best." Catherine pushed a cup of coffee over, "Would you like to drink it?"

"If you don't drink it, life is already bitter enough. I don't want to even have a bitter mouth."
Freya Frowning and leaving distraught.

Catherine sighed again after she left.

My good sister is probably more bumpy than her in love.

.....

In the office, Freya looked at a bunch of file on the desk for a long time, but didn't open it.

"Manager Freya," The secretary's voice suddenly came from outside the door.

Freya's eyes suddenly brightened. Every time she quarreled with Ryan in the past, he asked the courier to send the delicious food to apologize. This time it must be the same, "What is delicious?"

Freya stood up quickly.

The secretary was stunned, "Eat it? No, it should be the phone case you bought online last time."

"...oh."

The light in Freya's eyes was dimmed.

After the secretary gave her a weird look, she quickly put the things away and left.

Freya was not in the mood to open the package on the table. She took out her mobile phone and actively sent Ryan a Whatsapp: [Still angry?]

Freya: [I said a bit too much last night, sorry.]

She, ah, etc., for an hour, before Ryan understatement Re: [It does not matter, I have not angry.]

So indifferent reply.

Let me go, Mr. Hill Chapter 2159 | Novel By Shallow South

Chapter 2159

Freya feels even more irritable: [Since I am not angry, why is it so slow to answer.]

Ryan: [ah, I just Selena on the phone.]

“...”

Selena, Selena again.

Freya was almost frowned.

Freya threw the phone angrily, not wanting to talk to him at all.

Ryan sent a Whatsapp message: [Why not reply? ? ?]

Freya sneered.

She sent a Whatsapp message, and Ryan replied every hour, but Freya didn't reply, but he immediately ran to ask, why didn't he think about how long he had been waiting just now.

Freya: [I don't want to interrupt your chat with Sister Selena.]

Ryan: [I'm finished talking.]

Freya: [Oh, no wonder Young Master Snow has finally taken care of me.]

Ryan: [Why are you weird?]

Freya: [I can't stand someone who values ? color and despise friends.]

Ryan: [You said it wasn't me, right?]

Freya: [Haha..., when I was in contact with my blind date, I always gave priority to replying to your text messages, right... and even left the blind date to go to the movie with you on Christmas Day. As for you, if you have a girlfriend, you will completely forget it up me.]

Ryan: [I have no girlfriend.]

Freya: [Oh, are brought back to see their parents, and soon it wants and last night, I was not blind, you two sweetly.]

Five minutes later.

Ryan sent a message: [Maybe it will not take long for the formal relationship, Freya, you know that the previous negative news has brought me a lot of influence. My parents forced me to marry, and I also need it. A life partner and Selena is a good girl. If I get married next year, I will definitely devote part of my energy to my wife and babies...]

Freya stared at such a period of lengthy words of Ryan's.

Freya understood. Ryan meant that if he gets married next year, he will definitely not send Whatsapp message with himself all the time like before, often go out to eat, watch movies, and even walk with Dani.

Then Freya will be alone again in the future.

It's nothing to be alone.

Wasn't Freya prepared for the day when she and Rodney divorced?

But why at this moment think that Ryan will accompany the future wife and children in the future, her heart will be as empty as digging.

Freya still wanted Ryan to accompany herself as before.

But Freya knew it was impossible, just like Forrest was her own brother. Ryan will get married in the future and have his own family. He will spend the most time with his wife and children in the future.

However, Forrest would be happy for her brother if she left her to start a family in the future, but Ryan left herself, she was not happy but was flustered, fearful, unwilling, and reluctant.

What's wrong with her.

Is she crazy?

After a long time, Freya replied: [Oh, I see.]

She won't bother him like she used to.
