Let me go, Mr. Hill By Shallow South Chapter 2175

Arriving in the banquet hall, Freya handed out the red envelope, and a crooked voice came from behind her.

"Oh, isn't this sister Freya? I haven't seen it for a long time."

Freya looked back, and Linda approached an old man with gray hair with big belly affectionately.

Although Chase said something after seeing the 70-year-old chairman, Freya was deeply complimented. At this age, 70-year-old Chairman Cruz could be the grandfather of Linda.

Chairman Cruz was too embarrassed.

It was fine to marry but there was no shame on Linda's face.

Nowadays, Linda was dressed up, full of luxury goods, lest others didn't know that she was married to a rich man.

"Freya was the second young lady of the Lynch Corporation." Linda said to Chairman Cruz, "but she got divorced a few days ago, and her husband is out there, so you know that."

Chairman Cruz didn't pay attention to Linda at all, but his eyes lit up when he saw Freya.

Originally, Chairman Cruz thought Linda looked good, but when compared with Freya, he found that Linda was quite inferior in temperament and taste.

"Miss Freya is good." Chairman Cruz smiled and stretched out his hand.

Freya smiled and said: " Grandfather Cruz, hello."

Suddenly Linda was so angry after Freya saying Grandfather to Mr. Cruz. It was obvious that Freya was one year older than Linda, but Freya called her husband to be the Grandfather. Isn't this a mockery of the old man she married?

Chairman Cruz said with a faint smile: "Why? Miss Freya, it doesn't save face." After finished speaking, Chairman Cruz watched raised his big hand.

Freya smiled, "When I came out of the prime ministerial palace, my godmother told me personally. I have to pay attention to my identity when I return to Melbourne. I'm sorry." After Freya finished speaking, she owed her body lightly, regardless of Chairman Cruz.

Chase spread his hands helplessly, "Chairman Cruz, do you have a leisurely life for your children and grandchildren? Don't look at Miss Freya's divorce, but the prime ministerial Palace still spoils her. The prime ministerial Palace came back to accompany your parents. After all, you know that this may be the last year that the Lynch family has spent in Melbourne. It is extraordinary."

Chairman Cruz's face changed slightly, and he regretted the impulse just now. "I heard that the Lynch family is going to move. I went to the capital, this is all true?"

"Otherwise, the land and the villa are also bought. The process is naturally a bit difficult, but the Snow family are all supported, and the company that Miss Freya started is also thriving. Chase smiled and glanced at Linda.

"Chairman Cruz should keep an eye on the female companion next to her, and don't let her get into trouble for a while. After all, Harrison's family still cooperates with Robinson Corporation a little bit. I don't want to change partners halfway. "After he finished speaking, he gracefully turned and left.

Linda gritted his teeth and sneered: "Chase has a good relationship with Freya, just to scare us, a woman who was divorced by the Snow family, and what kind of backstage?

Chairman Cruz stared at her blankly for a while, and said: "You will pay attention to me later, don't talk nonsense in it."

After all, Chairman Cruz is old and appreciates the beauty of Freya, and he is not tolerant of Freya's contempt. .

But it has to admit that if something really happens, your own useless descendants will really be over.

Linda's eyes widened inconceivably, and after a while, she bit her lip and lowered her head without speaking.

If Linda said who hated the most in her life, it was of course Freya.

Freya was married to Rodney before, and she couldn't help it. God knew how happy she was when she heard that Rodney had derailed and abandoned Freya.

Yes, the Lynch Corporation was developing very well, but the Robinson Corporation was not bad, she does not believe that the divorce was true, and there were people who can protect Freya.

...In the banquet hall, Freya felt a little better after not seeing Linda again.

Her status is unusual, she is also a distinguished guest, and she was naturally taken to the VIP seat in front by the Harrison family.

The entire VIP table was filled with a group of old women and old men. Only Freya, a young woman, was sitting in it, causing the people in the banquet hall to pay attention.

"Who is that woman, she's pretty, I think she is sitting next to Chairman Cruz, she wouldn't be Chairman Cruz's lover."

Linda immediately said to another woman sitting next to her "It's not Chairman Cruz's lover, it is Freya. "

"She is Freya? just a baby her husband derailment that. "

"Yes ah."

"Oh, it was Freya ah, looking pretty, how so badly."

"A woman ten million Do not relied on their own married in pregnancy climb, you see, do not like just do not like, have a baby, do not. "

"I heard she gave birth to a daughter."

"Oh, the girls must Self-love, not being able to get pregnant before marriage, Freya is the best example."

"..."

When the topic reached Freya's ears, it became very unbearable, as if she was doing it for money, fame and fortune. Shamelessly pregnant with a child and marrying into the Snow family, everyone was using her as a bad example to educate their children.

The most fierce discussion was the woman in the banquet hall, she couldn't understand why it is always a woman who embarrass a woman.

And the people who criticized Freya were still from Melbourne, from her hometown.

Freya was extremely disappointed and angry.

Chase heard it too, and was very sorry. After all, it was at the Harrison family banquet, "I'll help you find out who passed it."

"Don't ask." Freya glanced at Linda. Seeing her triumphant smile, "There was no one else but her."

Chase helped his head. It is estimated that Chairman Cruz had gone to social gatherings, and let Linda talk nonsense, "I think she has a very comfortable life, I will help you to teach it."

"No, I want to teach it myself." Freya said coldly.

Chase looked at her face and shivered.

Chase had heard that Freya and Catherine had trained in martial arts for a period of time. It would be a trivial lesson to teach Linda, but what Chase cared about was Dallas Cruz.

If Chairman Dallas Cruz's wife is beaten at a banquet, I am afraid Chairman Cruz will lose face and maybe he will be trouble for Freya in future.

After thinking about it, Chase sent a message in the group: [Little Sister Freya met Linda and was bullied. ]

The group originally had Chase, Rodney, Chester, Shaun, Catherine.

Catherine replied in seconds: [??? Dare to bully Freya, Brother Chase don't you clean up for her yourself? ]

Chase: [I would like to, but sister Freya decided to hands-on, and I worried afterwards Chairman Cruz bothered her. ]

## Let me go, Mr. Hill By Shallow South Chapter 2177

Catherine: [Oh, what kind of cat or dog can make Freya trouble us, let Freya rest assured, and I will bear it if something goes wrong. ]

Shaun: [Wife, have you considered my feelings for other women to be so domineering. ?

Catherine: [Good. ]

Shaun: [My wife hangs on the sky. ]

Chase is speechless, how can he turn into a show of affection, enough is enough, he has to eat dog food across the screen.

One minute later, Catherine posted a circle of friends: Ha ha, both cats and dogs dared to trouble my good sisters, and I was mad at me.

Of course, when it was sent out, she shielded everyone, only Ryan and Freya could see it.

Freya immediately commented below when he was eating and had nothing to do to brush up Moments: You said me, did Chase tell you?

Catherine replied in seconds: If you do it boldly, I will bear the consequences for you.

Freya made a touch of crying expression.

But just after posting, I found Ryan's message in the comment area below: Who was bullied by Freya?

Freya : "... " She almost forgot, Ryan added Catherine to Whatsapp.

Just after thinking about it, the phone rang and it was Ryan's call.

She snapped off, and Ryan beat again, and after a few times, it caught the attention of others on the table.

The people over there were unsatisfied. Freya had no choice to walk outside with her mobile phone. After the phone was connected, she began to lose her temper, "Ryan, do you know if you noisy me for dinner."

"Are you sure you are there? Eat instead of watching Moments?" Ryan said, "Who was bullying you?"

"Off..."

"It was my \*ss." She opened her mouth, and Ryan knew that she was about to say those words again, "What the hell is going on?"

"I won't tell you my own business." Freya snorted. , I didn't even notice that she was getting more and more arrogant in front of Ryan.

"Well, if you don't tell me, I have to call your parents and say that I have loved their baby daughter for a long time. Now that the baby daughter has been bullied, I feel uncomfortable if I don't vent her anger." Ryan was suddenly very melancholy and said.

"You dare." Freya had no way to deal with his threats, "Ryan, why are you so shameless now?"

Ryan said, "No way, shameless can't chase girlfriend, shameless can't protect the one I love. "

Shameless." Freya cursed, but her tone softened uncontrollably, even the corners of her mouth were tilted.

"Yes, yes, I have no face."

Freya was completely helpless, "I don't need you to help me, it's just a small matter, I can take care of it."

"But you must be in a bad mood now, can you tell me about it? Share with me. Maybe it will be better," Ryan laughed and coaxed, "I am willing to be your rubbish."

"I don't want you to be my rubbish." Freya hung up after speaking.

Back on the seat, Ryan sent a Whatsapp red envelope saying "Baby should be happy".

In the noisy banquet hall, surrounded by strange eyes of others, Freya suddenly felt a lot better.

# Let me go, Mr. Hill By Shallow South Chapter 2178

Freya clearly knew that Ryan brought her this.

However, she confiscated the red envelope because she had already received one today.

Ryan sent a message: [Click to open. ]

Freya: [Do you like to use money to buy girls? ]

Ryan: [President Lynch, you have said these words that shame me, you earn more money than me now, I am just a small office worker, my goal in life is to marry a beautiful and capable rich woman, buy the one-for-one kind, unfortunately, people have always looked down on me, I can only work hard silently. ]

Freya made her head down, and laughed out loud.

...

After the banquet, Chairman Cruz did not rush to leave, but chatted with a few business partners.

"Let them talk. Let's go upstairs to plays bridge." A lady took Linda's arm.

She was trying to take this opportunity to get to know more people.

The Woman took Linda into upstairs. There was no woman playing cards at all. Only Freya sat on a chaise longue, smiling at Linda.

"Miss Freya, if someone brings you here, I will leave first." The Woman who brought Linda flashed out quickly and closed the door.

Linda noticed something wrong, and when she wanted to open the door to go out, she found that the outside was locked.

"Freya, what did you trick me into trying to do?" Linda said as she wanted to open the packet and get the phone.

Where did Freya make her wish, she slapped her bag and mobile phone away, then slapped her bow around with a few big slaps, "Don't you like to talk about me, come on, I will let you say enough."

Linda wanted to resist, but she was not Freya's opponent at all. Freya sat on her and beat her unilaterally.

"I really didn't want to trouble you because you are too weak." Freya cursed while beating, "Who knows that you are not so long-eyed. I bumped in front of me, because you marry a bad old man, it's great, just a Robinson Corporation, I really didn't take it seriously."

"But after I saw today, can the bad old man look at you."

After Freya finished speaking, she began to tear apart her clothes.

Linda was frightened and wanted to struggle, but her head was buzzing and face was sore that she regretted it. She didn't expect Freya to be so crazy that she dared to retaliate at the wedding.

Freya was obviously not such a woman before, and Patrick didn't dare to take her away from her. Even after marrying Rodney, she didn't return to Melbourne to make trouble for herself. She thought Freya was very cowardly.

It was only when she spotted this she dared to walk her rumors unscrupulously in the banquet hall.

"It just so happens that today the old hatred and the new hatred are all together."

Freya knocked Linda out, then took off her clothes and threw her on the bed, tidy up and walked away.

After half an hour, the reporter rushed over and photographed the newly-married wife of the chairman of Robinson Corporation and a hotel attendant fighting on the bed.

Dallas Cruz fainted on the spot when he saw the scene with his own eyes.

Freya didn't know about it until the afternoon. She was a little stunned. She called and asked Chase Harrison: "They really happened? Didn't I say that I just took some ambiguous photos?"

Chase said in a weird tone, "I was also very surprised. Is it inexplicable? I just wanted to help you teach Linda a meal."

"I'm sorry, the Cruz family won't bother you," Freya felt guilty.

"Oh, I don't have time. I just received the news that Chairman Cruz committed something, but it was settled with money at that time, but suddenly I heard that there had been new changes in the evidence in the prison. Just now, Chairman Cruz was taken away by the police immediately after he woke up." Chase said mysteriously, "Miss Freya, this matter will not be yours."

## Let me go, Mr. Hill By Shallow South Chapter 2179

Freya was taken aback, and someone flashed in her mind. She hung up and called Ryan, "Is the Chairman Cruz's matter related to you?"

"Well, someone bullied you, check it out a bit." Ryan was so gentle. Ryan couldn't tell that he had just violently put the chairman of a listed company into a precarious situation not long ago.

Freya felt very unbelievable. He was far away in the capital. What kind of means did he use to quickly find out on his side, "So you arranged for the hotel attendant?"

"Freya, cut the grass to get rid of the roots." Ryan was silent. After a while, he said meaningfully, "As far as I know, this Linda has been bouncing in front of you for several years. What is your current status, but she still dares to speak ill of you in public, provoke you, and even the Melbourne Women gang dare to make irresponsible remarks about you with Linda behind their backs, aren't they just looking at you and being bullied.

"A woman can't get pregnant without marriage, love vanity, and want to marry a wealthy family, and end up with a child. The child ended up miserably abandoned by the man.

After Ryan investigated it, he was almost furious.

Freya was annoyed, "That's why I personally taught Linda..."

"The lesson you said was to arrange a waiter, do you take some ambiguous photos when the reporter broke in?" Ryan smiled. "It's okay, but I think it can be more cruel to deal with this kind of woman. As far as I know, Dallas Cruz's sons and daughters should have kept their father from marrying such a woman.

After the incident, Dallas Cruz will definitely get a divorce. Yes, he was openly wearing a green hat, and even himself was

implicated in jail. You said he and his son would let Linda go?"

At this moment, you don't need to think about Linda's fate will definitely be horrible.

Sometimes, Freya had to admire Ryan's methods, "Actually, I don't like Dallas Cruz. I think he is squinting, but he doesn't have much grudges with me, and there is no need to make people even older to go to jail."

"Don't worry, he actually didn't commit a lot of things, just to be innocent? It's impossible. At most, he will stay in it for a month. If he doesn't go there and suffer a bit, there is no resentment. Vent, after this incident, Linda will not come in front of you anymore."

Freya really hates Linda, she was happy to see her down, but Ryan's city house also makes her a little scared. "Ryan, will you...be like that to me in the future."

"Why should I treat you like that?"

"You are too good, and too good at designing. I am not your opponent at all." Freya said complicatedly, "I suddenly found out that I don't know you at all."

"Freya, if I have no ability at all, how can I protect you and Dani? Do you want to find a useless man?"

Ryan said helplessly, "As for you said you don't understand me, It doesn't matter. When we meet next time, I will open my heart to let you know."

"You talked too much." Freya curled her lips.

"Well, baby, I can't talk with you anymore, I'm going to have a meeting," Ryan said with a smile.

"You are not allowed to call me that." After Freya's domineering warning, she put her phone down and looked down after more than ten seconds, only to find that she was still on the call, "Why haven't you hung up?"

"Heh, I Don't dare to hang up first, you are so hypocritical, I'm afraid you will be angry again."

"Who is hypocritical," Freya hung up angrily .

After thinking about it, I did feel a little bit hypocritical.

Even sometimes it is easy to get angry.

.....

In the evening, Mr. Lynch came back and talked about the incident, his eyes fell on his daughter, "Robinson Corporation didn't know who has offended Freya, Dallas Cruz suddenly has an accident. I heard that the company is in chaos, and his newly married wife is also in public at the wedding banquet. Give him a cuckold, everyone who makes trouble knows. Tell me, does this matter have something to do with you?"

"Dad, I want people to teach Linda a lesson, but I just want people to take a photo. I don't know."

Freya said innocently, "If you don't believe me, you can ask Chase."

## Let me go, Mr. Hill By Shallow South Chapter 2180

Mrs. Lynch said: "I have heard about the wedding. Linda said that Freya was right. She deserves it. If you want me to say that people like Linda have always been disgusting, maybe I have offended many people, as well as Dallas Cruz, a person who stepped into the coffin, the woman has not stopped yet."

"I didn't say anything, just ask." Mr. Lynch said disappointedly, "It's also life anyway. I have been doing business for decades, but I didn't expect to be so cheating behind the back. Fortunately, we are about to leave Melbourne."

"That's right, Freya hasn't been said so much when she stayed in Canberra."

Mrs. Lynch was also very familiar.

Freya felt much better when she was so guarded by her parents.

2 days later...

Freya and Mrs. Lynch took Dani to a shopping mall. Mrs. Lynch bought new clothes and goods for Freya and Dani for the new year.

The atmosphere in Melbourne was still quite cool, especially when Mr. Lynch was the best-developed in the Lynch family.

Every New Year, relatives of the Lynch family would come to the villa to celebrate the new year.

At this time, Mrs. Lynch and the nanny at home are busy steaming meat and making meatballs.

Finally came the New Year's Day, and all the relatives came over.

Freya took Dani and her relatives to eat snacks and watch TV.

Regardless of Dani's age, she was looking like a small group pet. Everyone was happy to hold Dani and teasing.

Dani was happily from ear to ear when seeing so many people.

Just before dinner, Ryan sent a Whatsapp message over: [I'm in Melbourne. ]

"Cough cough".

Freya was so scared that she was almost stuck with pistachio.

She quickly took the phone and went upstairs, "Didn't you promise me that I wouldn't come? What are you kidding me."

"I promised not to come tomorrow. I was celebrating the New Year."

Ryan had just finished speaking, and there was a noisy voice over the phone.

"Sir, please let me in."

"The exit is here."

"..."

Freya couldn't believe it, "Are you at the airport?"

"Well, I will call you as soon as the plane arrives." Ryan smiled and lowered her soft and sticky voice, "I haven't seen you for a long time, I really miss you."

In a simple voice, across the phone, Freya's heart seemed to be rushed by electricity. She hated herself for not being able to live up to her temper. After staying in this place in Melbourne for a while, she rarely thought about Ryan, but this person just ran over again and messed up her heart again.

"Ryan, you can go back to me. For the New Year tonight, you should go to the old house to accompany your parents with your grandfather." Freya said.

"My parents are not in the capital tonight. They went to the harbor to attend a New Year's event. I originally had work arrangements, but I finished ahead of schedule."

## Let me go, Mr. Hill By Shallow South Chapter 2181

Let me go, Mr. Hill By Shallow South Chapter 2181

Ryan said: "Don't worry, I won't take the liberty to come and look for you. I will wait for you near your home, and I will accompany you for a New Year's Eve tonight."

"Who wants you to accompany me for a New Year's Eve, I specially When I came back from Canberra, I just wanted to spend the New Year with my parents."

Freya was annoying.

There was silence on the phone for a while before Ryan reluctantly said again: " I will find a hotel to spend the night first, and see you tomorrow."

Ryan suddenly gave in, and Freya was not used to it."

"It's okay. I didn't think about it properly. It's the most important thing to be with your parents." "If you know, why don't you spend the New Year with your parents." Freya wanted to persuade him to go back because he was so far away. Freya came to find herself, but she left Ryan alone.

Freya would also feel sorry and said, "Go back, I will give you the money for the plane ticket."

"I can buy a plane ticket back to the capital at this point, and I can admire you. Ryan laughed and comforted her.

"Forget it, Ryan actually didn't want to go back alone. At her age, as long as Lynch family gathers together, it means her marriage was annoying."

"No matter how annoying it was, it was myself."

"Well, go with your family. I will look for a hotel on my phone." Ryan said.

After finishing the call, Freya heard the voice of her aunty downstairs.

"Freya, come down quickly and have dinner."

After Freya went down, there were two tables in the dining room. The tables were full of sumptuous New Year's Eve dinners and wine. Even a baby like Dani, who could not crawl, felt the atmosphere. Also happily closed from ear to ear.

On such a night, Ryan came to Melbourne to see himself alone, eating alone and celebrating the New Year alone.

Or...Freya will go to see Ryan tonight?

No, no, how could Freya run over, as if she cared about him.

But it didn't really matter, just that it was pitiful to see him alone.

The heavens and humans fought for a long time, and Freya sent a Whatsapp message over: [Have you found the hotel? ]

Ryan sent a location over: [on the way to take a taxi to go. ]

Freya checked the address, in the hotel near her home, drove last two to three kilometers.

After eating, Freya helped a piece to bring the leftovers to the kitchen. She hesitated for a long time before walking to Mrs. Lynch, "Mom, take care Dani. Several of my classmates spent the New Year.

Mom, I'll be back in about an hour." Mrs. Lynch looked at the time, and it was only 8 o'clock, "It's okay. As long as you come back 11 minutes ago, Dani is too young. I can't take her to sleep."

"There is a lot left to eat, I will bring some for everyone." Freya was nervous, afraid that Mrs. Lynch would think wildly, "Anyway, we can't finish eating."

Mrs. Lynch glared at her, "Why didn't you say this earlier, this is what we have leftovers, I knew we could save some before eating..."

"I didn't expect it at first," Freya A weak explanation.

Mrs. Lynch took out a few packing boxes and made some meatballs, trotters, sweet and sour pork ribs...

At the end, Freya seriously suspected that even the appetite of four people could eat these.

Before leaving, Freya sent a message to Ryan and asked him which room you have checked in. She was pitiful, and she kindly came to see Ryan.

Ryan came back quickly: [I am waiting for you at the door. ]

Freya: [Don't, wait in your room. People in Melbourne have a lot of mouths. If someone sees them, they will think I'm making a boyfriend. ]

# Let me go, Mr. Hill By Shallow South Chapter 2182

Ryan: [Ok, then I will wait for you obediently. ]

Then Ryan sent a kiss imoji.

Freya: [If you post again, I won't be there. ]

Ryan hurriedly sent another well-behaved over.

...

More than 10 minutes later, Freya appeared at the door of the hotel room, and as soon as she rang the bell, the door opened.

The heater rushed towards him, and Freya became nervous inexplicably. Freya and Ryan hadn't seen each other for seven or eight days, but at that moment, when they met again on New Year's Eve in Melbourne, they felt like a world away.

Inside the door Ryan wore a khaki sweater. The neckline of a plaid shirt revealed the neckline of a plaid shirt. Underneath was a pair of leg-shaped casual trousers. The temperament was graceful and elegant, like a piece of warm and clean jade, but he looked at it. I was tired, with bloodshot eyes.

Are you tired recently?

"Hi, happy New Year's Eve." Ryan looked down at her with a vivid smile, "Is this what you brought me to eat?"

Freya bit her lip and stared at him nervously, "This is just for my family's food." My mother originally wanted to throw away the leftovers. I thought it was too wasteful, so I brought them here."

"Oh, don't throw them away, you can just eat them for me, just because I haven't eaten the Southern New Year's Eve dinner."

Ryan Gently pulled her arm, pulled in, and closed the door smoothly.

The room is not big, only 40 to 50 square feet, but it is too depressing for a man and a woman to stay one for a night like this.

Freya was actually quite nervous. Since Ryan told her clearly last time, she was a little flustered and at a loss. She was even afraid of being alone with Ryan.

Freya returned from the capital in a hurry, mainly because she wanted to avoid him.

There are too few things about him, except that there was a backpack on the sofa, a down jacket and a scarf on the hanger, and that scarf was given by Freya last time.

It was just an ordinary scarf, but it was the one Freya wore most frequently this winter.

Realizing this, Freya's heart was pounding wildly.

Ryan came over and opened the lunch box, "Well, smells so good, is this a ball?"

"Our meatballs and egg dumplings were quite a lot of meat." Freya opened another box with a smile, "This is buckle meat, we will eat it every New Year's Day, I will put a lot of it for you."

Freya knew that Ryan didn't like to eat greasy fat.

"Since Freya brought it, Ryan must eat them all." Ryan took out a bowl of rice and began to eat.

The taste of the dishes was good. Although the pork is a bit greasy, it is spicy and salty, which was very good for dinner.

Freya put in her hand to see that he was eating deliciously. It was more delicious than those of her relatives tonight. She knew that her mother and several aunts were very good at cooking, but in recent years, everyone's living standards have improved. The better, the food will not be as much as before, so there were a lot of leftovers.

But Ryan's appetite was too good.

"You won't really want to eat all of it."

Seeing him gnawing another ball, Freya couldn't help but said aloud.

"This was the first time Ryan have eaten the food cooked by the future mother-in-law. Ryan must eat all of it to be worthy of this cooking."

Just as Ryan finished jokingly, he was stepped on by Freya.

## Let me go, Mr. Hill By Shallow South Chapter 2183

Freya stared at Ryan with a angry face.

"Who is your future mother-in-law, you should pay attention to proportion when you speak."

"I am very careful about proportion." Ryan raised her eyebrows and bent her mouth. , There is very much, such a delicious meal, if I don't marry you, how can I be qualified to taste it every year in the future."

Freya knew that he was half serious and joking, and suddenly felt a deep sense of powerlessness."

Freya said : "Maybe you try a few more cooking skills, you will feel that my mother cooks mediocrely, and I am lazy and have not inherited my mother's virtuousness. I don't know how to cook. I am usually lazy and My mother often Say me."

"Why do I want you to be virtuous and hardworking? I'm not looking for a nanny." Ryan chuckled, "Did you see my mother doing housework? Before entering the prime ministerial palace, she did not touch goods with her hands at home."

"Anyway, I said, but you. "Freya curl one's lip," you men want a woman, full of would say nice words. "

"you're wrong, I want you and also I love you. I want, You and I are together."

Ryan looked at her with a graceful smile.

Freya couldn't bear him looking at herself like this, blushing, lowered her head and took out her mobile phone to read Whatsapp. Many colleagues and friends sent her blessings tonight, and she simply took advantage of this time to reply one by one.

Ryan smiled and ate seriously.

Although Freya kept replying to messages, Ryan was still thinking about eating.

When Freya saw that Ryan had eaten two-thirds of the vegetables, she couldn't help but move the bowl away, "Don't eat anymore, you can eat it alone. These things are too greasy, and eating too much will make you uncomfortable."

Ryan wiped the corners of his mouth with a tissue, and blinked his thick eyelashes.

Such a delicious meal, you won't bring it to me next year. Your mother made it very delicious, but I think the reason why I don't want to stop is that you sent it to me."

Freya's hand holding the phone tightened, and the air became thinner under the pressure of her gaze.

Freya admitted that she was too useless, and under the attack of Ryan's love words, she couldn't resist even two rounds.

"Freya is going home to accompany Dani."

Freya got up, but just after two steps, a big palm on the back grabbed her and tugged.

Freya turned around and fell into Ryan's arms. She sat on his legs under her.

Both Ryan and Freya hugged each other in an intimate position.

Freya's brain was hot on the spot, and she struggled quickly to get up, but Ryan buttoned her waist, just not letting her leave.

Freya and Ryan competed silently for a while, until Freya noticed the changes in his body, her heart beat fiercely, and her face blushed to drip blood.

"Perverted," Freya scolded.

A dim light flashed in Ryan's eyes, with a wry smile, "You keep moving around in my body. If I don't react at all, one is that you have to doubt your charm, and the other is that I may have a problem.

" If it weren't for you to hold me, would I move around." Freya is no longer a woman who doesn't understand anything. It was too obvious, and made her body feel a little strange.

Freya suddenly regretted it, regretting that she shouldn't be here tonight.

Obviously the age is opposite, but Freya looked like a little rabbit in front of Ryan.

"I won't hold you, you will want to leave." Ryan put his head on her shoulder, and suddenly hugged her tightly, "Don't move, I miss you a lot. Actually, I didn't have time to come today. This year It's the first year my father has been in the presidency. There are a lot of things to help with. I have been working over a week before I have time to come over."

Freya said "Ah," and then said, "Don't you." Lied to me."

"I lied to you?" Ryan turned her face and asked her to look at herself, "Look at how many bloodshot eyes are in my eyes, and there are so many dark circles under my eyes. I squinted for less than five hours from the day before yesterday to today."

# Let me go, Mr. Hill By Shallow South Chapter 2184

Let me go, Mr. Hill By Shallow South Chapter 2184

From entering the door, Freya didn't actually take a close look at him due to various reasons.

Observing closely at this time, Freya knew that Ryan was not lying.

It is impossible to say that there is no feeling at all.

"I didn't make you work overtime." Freya whispered, avoiding his sight.

"Yes, I want to do this myself, because I want to see you during the New Year. Even if I can't see you, I have to be determined to do it. I'm not just talking, I'm giving and sincere."

Ryan stroked her black hair again and again, eyes strangely serious.

Freya lowered her head and didn't know how to respond. She shrank in her shell like a tortoise.

After a while, Freya whispered: "Do you want to go to the bathroom." It's really enough, it's been so long, and there is no sign of stopping.

Ryan was stunned, and suddenly laughed.

"What a smile?" Freya glared at Ryan with angry.

"I don't dare to go, I can't get out after going in for a while," he said hurriedly.

Freya even understood in seconds, and cursed, "Rogue." Ryan pushed her away, got up and picked up one side of the big bag.

Freya finally breathed a sigh of relief, but his eyes were always involuntarily sweeping his pants, a bit curious and a bit instinctive.

Until Ryan handed over a small exquisite box, he said with a smile: "Miss Freya, where have you been looking."

"You dare to shake in front of me, I dare not look?" Freya looked up. Dead pigs are not afraid of the appearance of boiling water.

"Well," Ryan convinced Freya, "This is the New Year photo album I gave to Dani."

Freya focused her attention on the gift. She opened it and saw that there were photos of Dani's life from birth to this new year. There were various kinds of people laughing, crying, and even yawning in photos.

As a mother, Freya was pleasantly surprised, "When did you take so many pictures?"

Although Dani also took artistic photos, those were not real enough after all. These were indeed the bits and pieces in Dani's life.

"When you didn't notice." Ryan smiled, "Look, this one was taken in the hospital when she was just born."

Freya also saw it. She remembered that Ryan was the first after giving birth to Dani.

Freya remembered that Ryan was standing by the cradle silently at that time. Freya thought Ryan was just taking pictures casually, but took pictures very carefully.

It was full moon night.

It turned out that some feelings were already there, but Ryan was guarding them in a different way.

Freya was not divorced at that time.

Ryan would protect her family behind, Freya was bullied by Rodney, Ryan stood up to protect Freya, helped Freya to get justice

Freya was divorced. Ryan made her happy and helped from the past misfortunes walk out.

Freya blamed his scheming, but without him, how could she be as free as now?
