Chapter 2185

turned to the end, there was a red envelope in it.

Freya touched and knew how much money was in it.

“My uncle gave a red envelope for Dani for the New Year.” Ryan reminded, “I should give it

for her first new year this year.” Having said that, Freya couldn’t refuse.

After all, Dani was

also Ryan’s niece.

“Ryan, thank you.” Freya turned her head and looked at him seriously.

“You’re welcome.”

Ryan took out a red string bracelet from his trouser pocket, “This is the bracelet I asked for

Dani at Buddhist Temple in Canberra last week. Freya can’t refuse to take.”

Ryan put it on Dani’s right wrist after speaking.

It was really not expensive, and there was a small pure gold apple hanging in the middle.

The style was ordinary, but it was full of heart.

Today, Freya remembered that she was listening to her mother’s explanation that the year

was the year of her birth, so she had to wear more and more red ones.

She hadn’t bought it

yet, Ryan had already sent one.

“And Ryan wants show something gto Freya.”

“Ryan took Freya to sit down again, and opened a fund software app on his mobile phone.

“Don’t you say that you don’t know me enough? This is all my financial money, stocks,

funds, and some national debt.”

Freya was caught off guard and saw everything. She was stunned and wanted to push his

mobile phone away. But Ryan didn’t give her a chance at all, and entered the bank password

in front of her to let him see the deposit inside.

“This is My deposit... This is my salary slip... This is some of the money I made from

investments by some classmates and friends abroad. I will definitely not earn as much as you in the future, but I will marry a wife and children. The cost of education is still enough.”

And this is my mobile phone password, I can enter your fingerprint, you can always want to see my mobile phone. “Ryan said.

“No need, enough, enough...” Freya shrank her hands in fright.

“Now you think you know me enough? Can you trust me?”

Ryan asked lowly and dumbly, “Freya, I mean we can talk about love first. Some feelings are

appropriate. Only when we have contacted and talked about it will we know, If you deny

me as a person from the beginning, I will not be reconciled.”

Freya was confused, “If your parents are not my godfather and godmother, I am definitely

willing to fall in love with you, but... ..”

“I remember I told you that since I confessed to you, I have 100% confidence to deal with

my family and I will not let my parents hurt you.”

Ryan interrupted her. Staring at her sharply, “Freya, you dare not try with me, are you afraid

that you will fall in love with me incurably.”

“Who is incurable, you are too narcissistic.” Freya was immediately stimulated.

“I’m not narcissistic, you are just afraid of falling in love with me.”

“Then why don’t you dare to try with me?”

“I don’t want to be criticized.”

“You are just afraid of falling in love with me.”

“You are talking nonsense.” .” “

then why are you afraid to try.” “try to try, afraid.”

after the impulse to speak out, Freya can not wait to bite off her tongue, how she was

around him dizzy, going crazy, “I just took it back...”

Before the words fell, her mouth was sealed with an excited kiss.

Ryan pressed her on the sofa, kissed her fiercely, and smiled hoarsely:

“You can’t take back

what you say, unless you are a coward.”

“I’m not a coward...well... “Freya was kissed by Ryan again.

“I know you are not a coward, because you have already promised.”

Ryan hurriedly deepened the deep kiss, and his hand slowly moved over, clasped tightly

with her bewildered hand on the sofa, and crossed his fingers.

Chapter 2186

Freya's flustered heart seems to have suddenly found a place to rely on.

Freya held Ryan's finger tightly, and the temperature on his finger and lips told her that this

was not a dream.

Only two months after the divorce, she has a new boyfriend again.

This man is still her ex-husband's cousin.

At present, his identity is still his own brother in the eyes of outsiders.

It's incredible, but it's true.

This is definitely the most absurd thing Freya has ever done in her life.

"What are you thinking about?" After Ryan finished kissing, she rubbed his lips with her

beautiful lips.

"I...I'm going home." Freya said, turning her hot cheeks away.

The identities of Freya and Ryan have changed, and Freya has not found the right way to get

along.

"Well, let's go back." Ryan didn't want to stay. "With a child at home, it's really not

appropriate to stay outside for too long."

Ryan drove Freya to the parking lot.

Freya got into the car in a hurry, she felt that she had just escaped from the wolf's den.

Did Freya really agree with Ryan?

Ugh....

Freya must have been struck by lightning in her head.

The biggest mistake Freya has ever made in her life is that after marrying Rodney, he even

agreed to get along with him.

Finally escaping, Freya vowed never to get entangled with the Snow family again, and it

didn't take long for her to date Ryan again.

God, can't you give her an ordinary, normal relationship?

Probably Freya was thinking about it all the way. When she drove into the garage and

turned the corner, the side door accidentally got stuck in the doorway. A large patch of paint was wiped off, and a piece was recessed.

What a shame.

Ryan called again, "Have you gotten home?"

"Ryan, I blame you." Freya said grumpily, "You hurt me."

"...What's wrong?" Suddenly Ryan said with worried.

"It's all due to you saying those things to me, which made me distracted and hit the car,"

Freya complained.

"You had a car accident?" Ryan asked nervously, "Where, I'll come over right away."

"In my garage." Freya could feel his care and concern, and his mood improved a little, but

his tone was still not correct.

Very good, "I wiped the wall when I was turning. My car is very expensive. It is estimated

that it will cost a lot of money to repair it. You look at it before you associate with you, and

it hurts me." Ryan asked weakly, "Isn't that supposed to be the problem with your driving skills?"

"What's wrong with my driving skills?" Freya instantly became angry,

"You doubt my

character is good, you can't doubt my driving skills, I am an 18-year-old veteran driver who

got a driving license. "

I was wrong, it was all my fault."

The boyfriend who just took office quickly apologized honestly, "Your lord has a lot, don't

care about me. In this way, I will pay for the maintenance cost and the mental loss. Also pay,

you must not be angry, I can only apologize if I am angry ."

"My body is already so angry, you quickly apologize." Freya coldly snorted.

"Okay, I'm sorry."

Ryan agreed.

Ryan, "Forget it, I won't quarrel with you, I'll hang up."

Chapter 2187

“Freya, You can sleep at ease, I will contact the car dealership here in Melbourne, after work, someone will come to pick up the car and repair it and send it over. You don’t have to worry about this.” Ryan told.

“No, just let my driver get it.”

“That’s not possible. My girlfriend drove out at night because of me. I just took office and have to do a good job as a boyfriend. If I don’t do it well, how about you let me be laid off?

Do it.” Ryan said jokingly, “I’m all trembling now.”

He said to his boyfriend and girlfriend.

Freya had to accept that he was really vaguely agreeing to associate with others.

This year seems to be the most ups and downs in her life.

During this year, she got married and divorced also had children and then found a boyfriend.

Freya had almost admired herself for her legendary life.

After thinking about it, Freya suddenly became a little excited.

In the morning, Catherine sent a message in Whatsapp group: [Happy New Year in advance,

I wish in the group can find a happy life partner this year, and then make a fortune, and everyone will make a fortune together.]

Eliza: [You can get rich, I wish you happy every day, and everything you want will come true.

]

Catherine: [Eliza, you don’t have to have a boyfriend, but you still have to solve your needs, otherwise the night will be long, and sometimes you will be lonely.]

Eliza: [.....]

Freya: [ha ha, the inclination, I want you to be laughable, it seems that time is not Shaun around you are very lonely ah.]

Ginger cordial: [Well, no, but with him after, and sometimes he is not, is a bit lonely.]

Freya: [...]

Eliza: [Am I on a certain colored boat?]

Catherine: [Sisters, come on, you can also find some new.]
Eliza: [You are saying that your heart do, I want to tell Shaun.]
Catherine: [Woo, don't, I may not get out of bed tomorrow.]
Freya: [Enough, do not show off.]
Freya: [I tell you a big secret, I have ended being single and having a boyfriend, just now, hum.]
Eliza: [? ? ?]
Catherine: [Ah ah ah, I was stunned, you really promised him.]
Eliza: [Ryan are you talking about?]
Freya: [shocked, Eliza, how do you know?]
Eliza: [celebration dinner the day after the inclination took a picture of you and Peyton in the friends circle, not long Ryan came, not she deliberately in order to stimulate Ryan?]
Freya: [What, there was such a thing, out you go away.]
Catherine: [Haha, you have to thank me. If I didn't take the initiative, then you saw him getting too close with other women and got jealous. You see, I forced him to confess first. It's better than you confess to others. Ok.]
Freya: [How is it possible?, I will confess to Ryan, this is a fantasy.]
Catherine: [Want me to take pictures of your absent-mindedness in the company a few days ago? I don't want to say you anymore. I have been staring at my phone while eating.]
Eliza: [good.....]

Chapter 2188
Freya: [I don't have, I don't, I don't have...]
Catherine: [Okay, don't argue about these, anyway, no matter what the ending was, congratulations, and enjoy the happiness brought by this love.]
Eliza: [Ryan is handsome, good figure, should live better.]
Freya: [Enough Eliza, you also dump with dirt, we just intercourse well, but his identity is a big trouble, Snow family know, and I will certainly be Masi.]
Catherine: [Follow Ryan, enjoy his love first, I tell you, you haven't actually had a good

relationship with Rodney, and you've never talked with Rodney. Let's talk to Patrick. You took the initiative to chase him before. Later, Linda intervened. What is your name is dating, dating is a threesome, it's too bad, it's better to change the name to "Every day in the battle with boyfriend's childhood sweetheart"]

Freya: [... I was unable to refuse it.]

Eliza: [Boyfriend is not just used as a tractor, he can be hypocritical and contrived.]

Catherine: [Let's do it, do it as much as you want, and finally get divorced. Of course, you have to enjoy the taste of being held and treasured.]

Eliza: [Let Ryan bring you baby that he is fit to be a good father, when you saw Ryan will be a bad person, you can him kick off.]

Catherine: [It makes sense.]

"....."

Freya completely silent.

Freya found that what the two sisters said was too reasonable.

At this time, the early morning passed.

Ryan sent five red envelopes: [Baby, happy new year, I hope you and Dani have a happy new year, I love you.]

Freya has a sad.

Thinking of what Catherine said just now, she was so miserable. She had been married and

had a first love whom she had been in for several years, but only received this kind of information from Ryan every New Year.

That's right. Divorced, it's time for Freya to enjoy love.

Freya accepted the red envelope generously, and then replied: [Kneel down.]

Ryan: [Okay, the little one takes orders, okay.]

Freya smiled.

Then Freya received many New Year greetings from friends, colleagues and relatives. In the new year, she found it was not bad.

Suddenly Freya's phone rang, it was Rodney. Freya good mood completely gone out, "If you

keep talking Dani, I'm sorry. Freya could not speak but kept silent."
"I want to watch Dani in the video." Rodney said in a low voice, "Please add me in Whatsapp and I will send her a red envelope."
Since the divorce, Freya had deleted all her related contact information. "No, your parents will give you the red envelopes when you come."
Freya said impatiently, "I will go to Snow's old house on the seventh day. You can see Dani."
"My parents belong to my parents, mine belongs to me." Yes, I am her biological father,
Freya, can you not be so naive." Rodney's angry voice came.
"Wow, I'm so touched, Dani has been away from you for a few months. Why didn't you pay any living expenses before? Conscience discovered it." Freya pretended to be shocked.
"Enough of you." Rodney was sarcastically blushing and his neck was thick. "At that time, I wanted to take back the custody of Dani. Now, it is my responsibility to give money. Are you interesting? You made a mess. I was at the Snow family this year's New Year. My parents didn't give me a good face. You dug up a lot of resources for Osher Corporation. Freya, do you hate me so much?"
"Wow, you wronged me by saying that. You have a bad reputation and let women boycott Osher Corporation. What can I do? Let's talk about competition with everyone. I am not the only one who digs out your company's resources."
Freya pouted.

Chapter 2189
Freya pouted, "I am not in the mood to quarrel with you during the New Year, bad luck, goodbye." After hanging up the phone, Freya quickly saw Rodney's Whatsapp account and wanted to add him.
But she ignored it at all.

Yes, They have children. Even though they are divorced, many parents still keep in touch for their children. However, Freya thinks that Rodney was not a peaceful divorce. Is it guilty of frequent videos for the children?

It was for Rodney's convenience to see the child, but the child Dani was only a few months old and couldn't say anything. By that time, it was not because I had to chat with Rodney often.

Freya really doesn't want to talk to Rodney anymore.

As for the relationship between Dani and Rodney's father, Dani contacted him later. If Dani likes Rodney, she can contact more. If Freya doesn't like Rodney, she doesn't have to and interfere anyway.

...

"Freya..." In the old house of the Snow family in the capital, Rodney saw the hung up phone and was half dead.

He really wanted Dani to make this call tonight.

Many guests from the Snow family came tonight. Several distant brothers and sisters brought their children. The best one was only 11 months old, which was very cute. Besides, Wendy also mentioned Dani several times. He couldn't help calling Freya.

Rodney added Freya to Whatsapp two more times, but Freya ignored him at all. He knew that Freya really didn't want to add herself.

Fodney walked back to the living room depressed, only to find that Carson was sitting on the sofa and sending Whatsapp messages, and the content of the chat turned out to be Freya.

Damn it, Freya ignored herself, but chatted with Carson in the early hours of the New Year.

An anger rushed up.

Rodney violently snatched Carson's phone, he glanced at the chat history and saw that

Carson sent Freya New Year's greetings and red envelopes just after one in the morning, and Freya quickly returned a Happy New Year red envelope. Coming over, Rodney also sent a cute emotion pack of Mooda. "Brother Rodney, why are you stealing my phone?" Carson immediately got up and grabbed it.

Rodney avoided and slid up quickly, and found that Carson and Freya occasionally talked, and even Freya often sent some photos of Dani to Carson. Rodney stared at Dani's sweet smile, and the flames of jealousy rushed into his forehead unbearably.

"Carson, it turns out that you have been in contact Freya privately." Rodney grabbed Carson by the collar, "Don't forget, I'm both divorced from her, and you have nothing to do with her."

Chapter 2190

"It doesn't matter, Freya is still my uncle's goddaughter, my relative, and my niece's mother. Isn't it normal for me to chat with her." Carson usually has a good temper. Fierce a little unhappy.

"Really, then why do I think Freya is deliberately seduce you, look at these emojis she sent you, they are full of ambiguity." Rodney couldn't wait to drop his phone on the spot, "Which uncle and sister-in-law are chatting like you? So close." After Carson's mistake, his brows frowned angrily. "It's a basic politeness to occasionally greet what happened during the New Year. And these emoticons are popular nowadays. We young people often use it, brother, finally I understand why my sister-in-law wanted to divorce you . I found that you are really unreasonable." "If you hadn't helped Jessica then, would I divorce her? You can often see Dani's photos, but you never received one."

All the suppressed anger that night broke out, Rodney accused, "Also, Sarah is also your sister-in-law, do you have half respect for Freya? She came over for dinner tonight, and you didn't even say hello. She sat there alone and no one answered her. Did you know that I was embarrassed?"

"I don't like that woman at all, and none of the family likes it. "Carson was also angry, "It was you who called her over for the New Year, and everyone was upset. If you like her, you can take her outside. Who asked you to bring her back."

"Carson, you think I dare not beat you?" Rodney lifted Carson's collar slightly hard.

"Let your brothers go downstairs and set off firecrackers. Those who are celebrating the New Year are still arguing downstairs." At this moment, upstairs, Jason and Jessica heard the movement and came down together.

"Dad, you just came down."

Carson complained, "I micro-channeled Freya a New Year greeting, and then sent a New Year red envelope to Dani. My brother asked me to trouble me like a lunatic, and even said Sister Freya.

Seduced and accused me of not saying hello to Sarah tonight and it's not that I didn't say hello. Everyone ignored her. Is it I'm too young to be bullied? My phone is still in his hand. "

Originally, Carson was guilty of Rodney for betrayal, but now it is completely gone. He feels that Rodney has become a different person since he came into contact with Sarah, which is unreasonable.

"Rodney, are you going to look at your brain."

Jason said unbearably: "Before I said Freya and Ryan had a leg, but now I say Freya seduce your brother, then I will tell you plainly. , I also received Freya's New Year's greetings just now. Did I get hooked up by her too."

Rodney was so scolded that he was the only one who had received it from his father.

People, on the contrary, are the furthest away from Freya.

At this moment, Rodney suddenly felt suffocated.

"I also received it." Wendy said, "Even I and Freya have a chat basically every day. Freya

often sends me small videos and photos of Dani.

Will take the initiative to greet politely, you accuse Carson not talking to Sarah tonight, also

want to accuse us, Rodney. Before you brought Sarah home for the New Year, none of us

agreed, it was you who begged us, I said that Freya can come and let her eat, but we will

not take care of it. You must bring her here."

"Mom, she is already your daughter-in-law, why can't she be like to Freya before? Do the

same to her." Rodney closed her eyes and said in pain, "Don't you see that she is so pitiful

tonight, even she has been trying to please you."

Jessica said coldly: "I didn't think she was pitiful, like For people like us, there is no way to

accept a junior as a beginner."

Wendy felt the same way, but she was also very tired by Rodney,

"Rodney, I beg you to let

your parents go. When we are old, we will be forced to accept a woman we don't like as a

daughter-in-law. In the presence of so many relatives tonight, she put on a pitiful and

aggrieved appearance to someone to show, it's not the cause of her disfigurement and

disability, even if everything is normal, I don't like her, because her mind is wrong."
