

Let Me Go, Mr. Hill! by Shallow South Chapter 2205

Freya almost wanted to say that Ryan was bragging, but seeing his determined eyes and thinking of his past style, she couldn't help asking: "Why?"

"Ryan's dad may never realize that Ryan is a most strong guy and he helped his dad in too many things and handled so many critical situations on weekdays. if Ryan's dad cuts him off, later he will struggle more."

Ryan thought and smiled nonchalantly.

"Mr. Nathan didn't know at all, Ryan, you have been helping him behind his back all these years. No matter how many things he had dealt with some people, you will only realize their importance after you leave your father."

Freya pouted, "Well, it turns out that you have already controlled everything, I thought you really did it for me. You can give up the power and position, it makes me feel moved."

The warm Sun shine of the morning fell on Freya's pink face and tomato-colored red lips, and a pair of beautiful eyes showed a strange and charming look.

Ryan clenched the fists beside her and almost couldn't control the kiss.

What a goblin, dressed up so beautifully early in the morning.

"Freya, what I told you yesterday night that was the truth, but also told you that since decided to pursue you, I have already made all the preparations... but don't want it to happen when I want to be with you in the future.

Someone can easily stop and force me, I don't want to be the sister Jessica, I have to make my own decisions about my love, understand."

Ryan looked at Freya against the sun, her beautiful face was obviously very young, and said the words made her feel at ease.

"Okay, I get it, get in the car."

Freya opened the door and got into his car.

Both Freya and Ryan left the ministerial palace one after another.

Soon, the news spread at the ministerial palace that Ryan was downgraded made the news.

After Nathan ascended to the palace, the media scoured the identity of the son of the prime minister, the upstart. In the eyes of Australian people, Ryan was handsome and capable, and he may even become the youngest prime minister in the future.

Now that Ryan was beaten of the Ministry of Foreign Affairs, the media began to speculate that Ryan did something wrong during the New Year, and was severely reprimanded by the prime minister.

The media made up the story, and there was a lot of ridicule on the Internet.

Freya complained to Ryan after reading it: “These media were really making up shit, as if they stay under the prime minister’s desk and know everything.”

“The media didn’t always do this.”

Ryan, the party involved was quite indifferent, “Don’t worry. Well, everyone won’t discuss me tomorrow, and the other Snow family is worth discussing.”

Freya was stunned, she knew he was talking about Rodney.

Rodney’s wedding with Sarah is going to be held tomorrow. It is said that Rodney used a helicopter to greet the relatives. The wedding cost 50 million dollar, and they even booked the wedding at the only seven-star hotel in Australia. The media also revealed that Rodney gave diamond rings and jewelry worth tens of millions, and the betrothal gifts were even more expensive.

The more gorgeous and sensational the wedding was, the more ridiculous Freya’s ex-wife made it.

Originally, Freya really didn’t want to care, but Rodney really went too far, as if she was slapped in the face.

“Freya, no one from the Snow family will be there tomorrow, that wedding will be a joke, stop thinking about it.” Ryan comforted her softly.

“I know, but I’m still quite angry. Rodney literally stomped my face on the ground.” Freya complained angrily.

“Brother Rodney himself probably didn’t want to hold such a big wedding.” Ryan said, “After leaving the Snow Corporation, Osher Corporation’s position was also in jeopardy. Brother Rodney probably doesn’t have a lot of liquidity in his hands. It must be Sarah shouting. I want to do it.”

“Oh, Sarah just wants to make me jealous and slap me in the face.” Freya really hates Rodney now, so it’s okay to cheat, and she can still be as high-profile. Marriage is also unprecedented.

“Okay, don’t think about it. When we get married, I will also give you a grand wedding, which will make you beautiful.” Ryan smiled and comforted.

“Who’s going to marry you.” Freya snarled, “Besides, I’m not such a vain Woman. In my opinion, the wedding should not be too big, as long as it is romantic and happy, the form is enough.

” Well, I remember it.”

“Don’t say it, I seem to have agreed to your marriage proposal. You are only still in the internship period, and your boyfriend has not turned positive.”

Freya hummed.

“Okay, I’ll do it well. Would you like to see a movie on tomorrow night?”

“Alright,” Freya agreed without thinking.

It happened to be Rodney’s wedding tomorrow, and she might become more and more angry when she thought about it alone. At this time, with her boyfriend to accompany and coax her, she would not be in such a bad mood.

...

the next day.

A seven-star hotel, a grand wedding is about to take place.

In the ministerial palace on the 22nd floor, Sarah was wearing a wedding dress studded with gorgeous diamonds. Several makeup artists complimented Sarah with admiration when they touched up her makeup.

“Miss Sarah, your facial features are really delicate. It’s the first time I’ve done makeup for a bride so easily.”

“Miss Sarah, your wedding dress is so beautiful. I heard that Young Master Snow invited top foreign wedding designers to customize it for you. Yes, there are diamonds on it, Young Master Snow is so kind to you.”

“Oh, what is the name of Miss Sarah, it should be called Young Master Snow.”

“Young Master, your diamond ring is so big, it’s like a pigeon’s egg. , I’m so envious.”

“...”

Rodney stood in front of the floor-to-ceiling window, listening to the crowd of people behind him, he felt irritable as if a big rock was pressed on his chest.

What is so easy and simple to apply makeup to a bride for the first time.

It started at five in the morning and is still retouching makeup, is it simple?

As for Young Master Snow....

Obviously, this title belonged to another person not long ago.

He didn't want to hear someone call Sarah like that at all.

"Rodney, are your parents here?" Sarah suddenly asked him.

Rodney's handsome face froze. He turned to the makeup artists and said, "You guys go out and wait."

When there were only two people left in the room, he said, "My parents are not free today and won't come."

"What do you mean, you are their son, you are getting married today." Sarah became excited, "If they don't come today, our wedding will be laughed at."

"No, today's wedding is like this. Others will only envy you." Rodney comforted in a low voice.

"Okay, even if your parents don't come, there are so many relatives in the Snow family who will come." Sarah said after taking the next step.

"Sarah, the wedding is just about the two of us..." Rodney didn't want to lie to her.

"Then you mean that no one of your Snow family will come today?" Sarah's whole body was not well, "What do they mean, do they think that I am a cripple, so I will make your Snow family ashamed like this? "

No, don't think like that..."

"Those people will definitely laugh at me behind my back." Sarah interrupted him in annoyance.

Let Me Go, Mr. Hill! by Shallow South Chapter 2207

After all, Sarah is useless.

Rodney rubbed his eyebrows.

Joke, joke, always joke.

From the start of the wedding preparations to the imminent ceremony, Sarah often said these two words.

When Sarah was by her side before, didn't she say that as long as she could be with herself, it didn't matter.

Later, Sarah wanted a wedding, and Rodney agreed.

Sarah said that she had low self-esteem and was afraid of being looked down upon at the wedding, so she wanted an enviable and grand wedding.

Rodney also agreed.

Sarah said that most people pick up the kisses in cars, and she wanted to be different, so he used a helicopter to pick up the kisses.

Everything is the best, even if Rodney is short of funds now, he has never said a word to Sarah, If Rodney is very busy, everything is hand-picked by him.

But Sarah still said that others would laugh.

Did other people's opinions matter?

Sarah didn't even know how many times Rodney was scolded by his family for setting up the wedding.

Because everyone knew that he owed Freya a wedding, but gave another woman a grand wedding feast after the divorce, Wendy pointed at him and scolded, saying that he was stepping on the dignity of his ex-wife under his feet.

Jason scolded him for cheating and didn't know how to be a low-key person, and his face was thicker than the city wall.

Nathan said that the whole world knew that Sarah was a mistress. He held a high-profile extravagant wedding banquet for the mistress, which would have a bad influence on the people of the country. It was impossible for the Snow family to attend.

But Rodney did it without hesitation.

But Sarah was still not satisfied.

Rodney was so tired that he didn't want to talk anymore.

Sarah lost her temper for a while, and also noticed that Rodney's face was not good, her heart sank, and quickly squeezed out a tear and said weakly: "I'm sorry, I said too much. actually I'm

afraid that you will be raped. If you didn't marry me, you wouldn't be so neglected by the Snow family."

"Okay, don't think about it, I don't care," Rodney was tired and cried again when saw her. But he had to force a smile to coax her.

Rodney told himself over and over again that this was what he owed Sarah.

The wedding was very grand, but there were not many prominent guests, and there were no brothers who played well. Most of them were a group of alcoholic friends and company executives and employees.

Sarah's friends only had one table, and they were some former college classmates and a few colleagues at work. In fact, the relationship between them was not very deep, but in order to make the crowd more lively, Sarah also sent invitations.

Standing at the wedding, Rodney glanced at the guests under the stage, feeling sad.

It's not that Rodney hasn't imagined his wedding. Just a few months ago, Freya told him enthusiastically that she asked Eliza to be her bridesmaid, and Suzie and Lucas as flower girls.

Sarah prefers best Australian weddings.

At that time, Wendy also put forward various opinions.

He was thinking about the wedding day, full of family, relatives and friends.

After a few months, everything changed.

The bride becomes another woman.

Up to now, Rodney seems to feel that he is dreaming, and he has been trapped in a dream and has never woken up.

"Now, ask the groom to kiss the bride." The master of ceremonies suddenly said.

Rodney slowly turned to Sarah senses and lifted the bride's veil. The woman who appeared in front of her had fair skin and a beautiful face, but when he looked closely, when Sarah smiled, her face was still a little stiff.

This was a face that had undergone plastic surgery, and it was almost done successfully. The scars on Sarah's face were gone, and even this face was even more beautiful than before, but Rodney felt it was unfamiliar.

It was so unfamiliar that Rodney couldn't kiss her at all.

Seeing that Rodney didn't understand for a long time, the smile on Sarah's face gradually froze, she reminded in a low voice, "Rodney..."

The emcee joked: "Our groom was stunned when he saw that the bride was so beautiful."

There was a burst of laughter from the audience.

Rodney closed his eyes and kissed her fatefully.

...

On the wedding night, the villa butler delivered the ordered favors and gift brochures to Sarah.

After Sarah glanced at it, she was very dissatisfied, "Why is there so much, the biggest favor is only 20,000 dollar, Rodney, I remember that you used to give your friends hundreds of thousands of wedding red envelopes. You used to be too old. Look at how stingy they are here."

Rodney thought to himself that none of those friends came here before, and where did the red envelopes come from, but he didn't explain, just smoked silently, he didn't like smoking before, but I've been obsessed with this lately.

It seems that only when he smokes can make him less irritable.

"In the past, you took brotherhood too seriously." Sarah sighed, "But today is different, you are no longer the person in charge of the Snow family, and you definitely don't have that much money in your hand, and the two of us have a small family. If you have expenses, let's

do this, I will take care of the family's expenses in the future, and I will handle all the relationships, so you can work hard outside, okay?"

Rodney looked at her silently.

Rodney wasn't so stupid that he couldn't understand what Sarah meant.

This was asking him for financial power.

It didn't matter if he handed it over before, but for this wedding, Sarah had to use everything well, which made him wonder if she would be extravagant.

To be honest, Rodney is now short of funds, and he is not able to spend as much as he used to.

Rodney couldn't help but think of Freya again, she was better than Sarah in terms of family conditions and ability to earn money, but she had never been extravagant. Even expensive things were given by him, and even later When it comes to weddings, she doesn't like to be too extravagant.

Rodney didn't know why thought of his ex-wife today, maybe it was because the recent cohabitation with Sarah was too depressing.

"If you don't want to, forget it." Seeing that Rodney didn't speak, Sarah bit her lip aggrieved, "I'm just afraid that you're too tired, and I've known you for so long, and I know you're really not good at managing money, are you? I'm afraid I'll ask for your money."

"I don't have it."

Rodney got up and took out a card for her, "There are ten million here, which is enough for the daily expenses of the family. If you don't have it, ask me again."

Let Me Go, Mr. Hill! by Shallow South Chapter 2209

Sarah was so depressed but she still had a smile on her face, "It doesn't matter, you can earn more money if you are gone, I hope your ability, but I think you still put that one hundred million in my hands. Well, I'm afraid that if you take out the money you have, it will be difficult for us to maintain our life in the future.

Rodney, tell the truth, I want to go to a foreign doctor to see a doctor. I still want to. I have a child with you.”

Sarah said her eyes were red, “I want to be a mother.”

Rodney frowned silently, hesitating for a moment, he thought that if it wasn't for Freya, she would not lose the qualification to be a mother. and finally gave her the other card, “Go and cure it.”

“Rodney, I will definitely be able to cure it, right? We will have a child, right?” Sarah suddenly pounced on his arms.

Sarah legs were inconvenient, so Rodney could only hold her.

Sarah cried for a while, then suddenly kissed him on the chin, “Rodney, tonight is our wedding night, you never wanted to touch me, I know I'm scary looking like that, but now my face is better. , do you think I'm good-looking?”

Sarah looked at Rodney affectionately.

Rodney just nodded when her kiss fell, and she took the initiative to unbutton his clothes.

Rodney wasn't really interested at all, but he also understood that if he didn't touch her tonight, Sarah might cry in grief. Rodney basically knew what she would say.

Rodney didn't want to listen any more, he just deal with it perfunctorily, but his body didn't live up to it, and he even resisted a little bit. No matter how hard Sarah racked his brains, he couldn't react.

“Rodney, have you always despised me in your heart?” Sarah burst into tears.

“It's not like this, I'm just too tired recently.” Rodney was weak and perfunctory, “Also...and I have a physical condition in the first place, it was the same with Freya before, you too I know, Freya and I were conceived because of your brother's design. Later, she became pregnant, and we always slept in separate rooms.”

Sarah was stunned, not quite convinced, “Then you weren't before. It's like this.”

“Did you say that you were pregnant, I was drunk, and didn't remember at all.” Rodney explained tiredly.

Sarah remembered that last time, she also worked hard for a long time to make him respond.

Could it be that Rodney really has a problem?

Thinking of this, Sarah's whole body is not well. She has experienced many men, and at this age, she has been lonely for too long when she is most in need.

"Then... why don't you go have a drink?"

"Another day. Okay, I'm really tired today." Rodney flickered and hid in the bathroom.

Sarah angrily smashed the pillow on the ground.

If I had known, it would be better not to go back to the country and just find a man abroad. It would be better than finding Rodney, a waste with no money and no use.

It's a pity that her legs are now inconvenient.

.....

The trash Rodney has been making excuses for several days to go back late in order to avoid Sarah since their wedding.

There was an invitation for dinner that night. Rodney actually didn't need to go, but he didn't want to go back to face Sarah, so he went anyway.

If it was changed to the past, when he walked in, a lot of people would come to take the initiative to approach him, but it is not what it used to be. When everyone saw him coming, it was only polite, and they went to find more capable business leaders, even those little stars don't come too close.

After Rodney greeted the host of the banquet, he walked to the sofa in the corner.

After taking a seat, behind a screen suddenly came the voice of two little stars talking.

"The man in the blue suit just now is so beautiful, he looks better than the male stars in the entertainment industry. I think his clothes are very luxurious. I don't know which rich businessman he is?" "Oh, you entered the circle late, Probably not sure, he is Rodney."

"The surname is Snow, maybe it's the Snow family..."

"Shh, be quiet, it's him, but don't expect to climb on him, He has been given up by the Snow family, and his inheritance qualifications have been deprived."

"Even if Rodney is deprived of his inheritance qualifications, he is still a member of the Snow family, and a little bit of meat from their hands will be enough for us to eat for a lifetime. To be the gold owner, you can rely on the connections and resources behind you."

"Oh, you think so well, even if you are looking for a gold owner, you have to find someone with a bit of human touch. He really doesn't have one, and he's a sc*mbag. As soon as his wife gave birth to her child, he cheated on the outside, and even divorced his ex-wife for the sake of the mistress, and asked her wife to leave the house, so that's fine."

After the divorce, he gave the mistress a prosperous wedding. People from the outside say that he loves that mistress to the death, and the two have been entangled with each other for more than ten years, and outsiders are all cannon fodder when they enter."

"Well, this kind of man treats his wife like this, so I guess he will be used as a substitute. The gold master, I won't get any money, forget it."

"..."

Rodney chuckled and took a sip from the wine glass.

Unexpectedly, even those little stars in the entertainment industry who are bent on gaining money are now looking down on Rodney.

Rodney is too ruthless and unjust, he is not qualified to be the gold master.

Oh, when did he actually fall to this point.

"Young Master Snow, long time no see, why are you hiding here and drinking alone?"

As the elegant voice came over, that was Eliza, wearing a black tube top dress to reveal her slender figure, the side slit skirt was designed with drapey crystal tassels. people.

Rodney raised his head and looked at her indifferently, "Is something wrong?"

"Young Master Snow was very indifferent." Eliza chuckled indifferently, "Could it be that after getting married, the newlywed wife was strictly controlled by the newlywed wife, and she was with many women outside. Didn't dare to talk for a few words?"

"Eliza, you didn't want to chat with me, you wanted to scold me for Freya's sake." Rodney stood up, picked up the phone and put it in his pocket, "I'm sorry, recently I've been scolded a lot, I don't want to listen anymore."

"Young Master Snow, you misunderstood me, I really am not, I just want to tell you something about Freya."

Eliza held a glass of untouched red wine on the table, shook it.

Rodney was stunned, and his legs paused uncontrollably, "What happened to her?"

Could it be that Freya was sad because of Rodney recent wedding?

At that moment, Rodney had a lot of thoughts flashing through his mind.

Up to now, what can Rodney do when she is sad?

If it wasn't for the wrong things she did before, why would the two of them get to where they are today.

Rodney actually had a very unhappy day.

Eliza took a sip of red wine and said slowly, "Freya's fine, but there is one thing you may have never known about. Actually, it wasn't Freya who kidnapped Sarah, it was me.

"Looking back, "Eliza, What did you say?"
