

**Let me go, Mr. Hill Chapter 2211 | Novel By  
Shallow South  
Chapter 2211**

Eliza was very satisfied with Rodney's expression.

It is said that murder is a heartbreaker, and it is the most nothing more than that.

Didn't he keep saying that Freya was vicious, let Rodney know now that his ex-wife has never done anything bad.

"Freya was just helping me out."

Eliza shook the red wine glass in her hand with smiling but her beautiful eyes showed no

warmth, "Freya didn't know that I had kidnapped Sarah until it was dawn, and she hurried over.

Sarah has been seriously injured by Eliza. She knows that if I am caught, I will definitely be

killed by you, but she is different. Freya, the goddaughter of the prime minister and the mother of

your child, Even if you get caught and get angry, you won't kill her."

Rodney's face was as heavy and stared at Eliza, "It was Freya who asked you to lie in front of

me on purpose. She wants to reconcile with me, so she finds such a ridiculous reason, ha, does

she think I'm a fool?"

"Oh, Freya wants to reconcile with you? You are really whimsical."

Eliza sneered, "Rodney, use your mind to think carefully about what kind of person Freya is?

You get along day and night and share the same bed. Is she a vicious woman with a vicious heart

in your heart? how can you make someone who is tortured by Sarah not a ghost or a ghost?"

"Enough, stop lying for Freya." Rodney's hands were shaking, and his eyes were full of anger. I

can't wait to eat Eliza, "Don't cover up for her. Catherine is better than you to cover up, you said

you did it, you didn't know Sarah at all, you have no grievances... .."

"Who said that I have no hatred with her anymore."

Eliza said coldly and biting: "I wish I could cut her into pieces. Aunty Jennifer was good

friends with my mother before she married into the Neeson family. Charity was my best friend, but both mother and daughter were killed by Sarah. I hate her. If Freya hadn't come to stop me that day, I would have killed Sarah with my own hands. Why wait until today to let that bitch go unpunished."

Seeing Rodney's shocked expression, she took a deep breath, "There are some things, if you don't believe me, just go check them out, my growth process and Charity's mother and daughter have intersected and that morning, Freya left the ministerial palace, does she have enough time to commit the crime?"

Eliza said so confidently that Rodney actually believed it seven or eight points.

But Rodney would not believe it at all.

If it was a misunderstanding, the truth would also make it harder for Rodney to accept.

Rodney always thought that Freya had hurt Sarah viciously and madly, so he would divorce

Freya.

Rodney felt that it was because of himself that Sarah would suffer. After the divorce, he quickly chose to marry Sarah to make up for her.

Whenever Rodney thought of Freya, he would tell himself over and over again that she was not worthy, but vicious, and Rodney was blind during that time.

Rodney absolutely could not tolerate such a vicious woman.

Eliza told him that Freya had not done it. Even she prevented the murderer from killing Sarah.

"Sarah actually knows about this."

Eliza chuckled and said in a low voice, "When I threw Sarah in the dirty dung bucket, she asked me who I was, haha, that one. At that time, she knew that I was neither Freya nor Catherine, but she never thought it would be me..."

"Shut up, stop talking, you vicious slut, why did you kidnap me? Sarah, why do you want Freya to blame you? why didn't you stand up and say it at that time?"

Rodney squeezed Eliza's neck like a lunatic was gone completely mad with anger.

It was her, it was her.

It was her who ruined his marriage with her own hands.

Originally, Rodney could have a happy family, he didn't have to get divorced, and could still see

the children every day after get off work when he came home.

But it was all ruined.

### **Let me go, Mr. Hill Chapter 2212 | Novel By Shallow South Chapter 2212**

Rodney had to marry Sarah, and had to lived the depressing life now.

Even Rodney didn't want to go back to that so-called home at all. And all this was brought

to him by Eliza.

Rodney's eyes were red with anger. His hands tightened desperately.

Eliza's face was immediately flushed red, and the goblet in her hand fell to the ground,

making a crisp sound, which alarmed the people nearby.

"Ah, Young Master Snow killed someone."

Someone exclaimed, and the banquet was messy.

Fortunately, a nearby man came over and quickly pushed both Rodney and Eliza away. Eliza

bent over in pain, clutching her throat. The whole body seemed to be walking on the edge

of life and death, almost suffocating.

"Let go of me, I'll kill her." Rodney roared excitedly.

The security guard next to him looked at his hideous appearance, and pressed him even

harder.

"Miss Eliza, are you alright?" Several men at the banquet immediately gathered around to

help Eliza.

"I...it's fine." Eliza showed a look of panic and fear, "This Young Master Snow is too scary, his

ex-wife is my friend, I met Young Master Snow today, I saw that he hated his ex-wife a little

bit, just a little bit. I explained to my friend that he didn't hurt Young Master Snow's current wife, but if he didn't listen, he was crazy and wanted to strangle me." There was too much information in this sentence. Many of the people present knew about the disputes between Rodney and his ex-wife and the current one, and they all understood in an instant. This is probably Young Master Snow was protecting his current position, and he didn't want to hear someone explain his ex-wife's affairs, so he became angry in a fit of rage.

Tsk, Young Master Snow is really protecting Sarah. Is it necessary to love like this? Some business celebrities can not help but spurn. In this circle, play goes back to play, but all men who love to play know that the status of a wife at home is absolutely unshakable, but Young Master Snow treats his wife as trash. No wonder the Snow family does not let him be the heir of the Snow family. .

Such a person really doesn't deserve it. "Eliza, you really know how to act." Rodney pointed at Eliza and laughed grimly, "I will find out about this matter, if you really did it, I won't let you go. "

After that, Rodney threw off the security guard, turned around and left. Everyone's eyes fell strangely on Eliza, and Eliza smiled bitterly, "At that time, I secretly taught the shameless woman next to Young Master Snow for the sake of my friend. Well, he found out, now it's troublesome."

"So it is."

Some of the boss's wives said, "No one knows about Young Master Snow and that mistress. It's too much. Not to mention that you are Miss Freya's friend, even a stranger will be unfair."

"In the end, it's Rodney who protects that Sarah too much. I really don't know what's good about Sarah. Rodney is like a demon."

**Let me go, Mr. Hill Chapter 2213 | Novel By  
Shallow South  
Chapter 2213**

“Miss Eliza, don’t worry, Rodney has no real power now, and the development of the project in hand is not very good. You are the first sister of Freya, and Freya is backed by Chester, who dares to trouble you.”

Eliza touched her neck, which was pinched red, and sneered in her heart.

Rodney, you should be angry, the more angry you are, the more annoyed and regretful you will be.

However, this is just the beginning of the game.

...

After leaving the banquet, Eliza’s cell phone rang.

Chester called, and after connecting, there was a cold low laughter,

“Eliza, are you very good, you can still make such a big noise when you attend a banquet.”  
“... ”

Why, your mouth is dumb.” Chester was even more cold and angry when he couldn’t hear any sound.

“No...,” Eliza said with a sore throat, “Young Master Snow’s throat hurt, it’s uncomfortable.”

“You are so brave, why didn’t you strangle you to death.” Chester mocked the sound was like a sudden poison.

“Strangled to death, Young Master Jewell... but we won’t have to play.” Eliza said hoarsely.

“It’s good that you know, Eliza, your life is mine now, don’t play tricks with me.” Chester

sneered, “I know Rodney’s character, what you said can anger him like that, I also knew it well.”

“... ”

“Don’t talk about Rodney, I want to kill you. When I rescued you and helped you cover it up, did I ask you to take the initiative to explain it to Rodney? If you think about some things a

little more, you will know that I am tipping off.”

“So... Young Master Jewell betrayed his brother, do you still want to continue to be a good

person?” Eliza sneered, admiring his shamelessness.

“Who the hell did I betray my brother for?” Chester asked.

Eliza was silent for a while, and said, “It’s not me, it should be for Young Master Jewell.”

“Little Young Master Jewell?”

Chester thought for a while, then smiled playfully, “Eliza, you are really interesting. “

Did I say something wrong?” Eliza asked back.

“You’re right, since that’s the case, you should also know your mission.

Little Young Master

Jewell needs you now.” Chester suddenly said evilly.

Eliza’s eyes were full of disgust, “Are you sure you want me to come over, you are not afraid

of meeting Young Master Snow?”

“You dare to say, what am I afraid of.” Chester sneered, “Better hurry up, I am very upset now.”

Eliza lowered her eyes, “Okay.”

She was not far from where Chester lived.

The car passed, but only 30 minutes.

After opening the door and entering, Chester sat on the sofa with a notebook on his knees.

The man was wearing a navy blue nightgown, with glasses hanging on the bridge of his

nose. Under the bridge of his handsome nose was a tender lip, which was glowing. Slightly

pale red, this was an extremely handsome face, and the temperament exuding from his

body was also elegant and gentle.

But everyone in the capital knew that there was indifference beneath this gentle face.

Of course, women who have experienced from him also know that he was evil in bed and

was the absolute leader.

“Come here.”

He hooked his fingers at Eliza and put the notebook aside.

Eliza walked over with a blank expression, her wrist was grasped by a warm hand, and the next second, she fell on his lap.

“Did he pinch?” Chester saw the finger prints on her neck at a glance, and could see that the pinch was deep, and his eyes narrowed.

“Yeah.” Eliza responded lightly, as if it wasn’t herself that she was pinching.

“I heard that you were almost strangled to death at the time.” Chester’s fingertips moved slowly around her neck, like a snake letter, “Eliza, this is the first and last time, don’t do this again next time. Now, I’m not tired of playing with you yet, you can’t be alright, you know.”

Chester said it very gently, but also coldly and unfeelingly.

Eliza looked up at him and said, “Doesn’t dare.”

### **Let me go, Mr. Hill Chapter 2214 | Novel By Shallow South Chapter 2214**

“Yes, he doesn’t dare.” Chester found that he liked Eliza’s determined appearance, so he

wanted to immediately throw her on the bed to conquer.

Chester pinched her chin and was about to kiss her, suddenly he stopped, “Every time it’s

this ice cube face, smile, I don’t want to play with a robot.”

Eliza said lightly, “I was threatened. I’m very worthy of you not to shit.”

“Shit?”

Chester smiled, but his eyes were dyed with cold, “I made you so disgusting?”

“You know how many women you’ve slept with, to be honest, I’m quite afraid of getting

sick.” Eliza was not polite at all.

“Oh, what qualifications do you have to talk about me.” Chester squeezed her chin slightly,

“You haven’t been wrapped up before, eh? It’s not the first time, pretending to be innocent

and disgusting. “

It’s disgusting, don’t touch it.”

Eliza looked at him, a pair of eyes reflecting his cold and handsome face. Chester looked at Eliza, reminding him of another woman.

so similar.

Why do the eyes look so similar.

He couldn't help but feel a sense of anger in his heart, trying to pull her into hell.

"The two of us are disgusting together."

Chester's sloppy voice laughed mockingly, lowered his head and pressed his lips hard.

Eliza didn't move, and let Chester kiss as much as wanted without refusing or catering.

To be honest, Eliza thought it was boring and disgusting, but Chester always enjoyed it.

Eliza followed him, as if she were the dirtiest rag in the world.

The clothes fell on the ground, and Chester's kisses fell densely.

Outside the door, there was a sudden knock on the door, but Chester ignored it.

"Chester, open the door for me."

Rodney roared outside of the door, followed by kicking the door.

Eliza avoided his kiss, "You'd better deal with him first."

"You are still in the mood to miss other men, it seems that I haven't worked hard enough."

Chester turned his face, his handsome features were dyed with desire. , the man's rolling

Adam's apple exudes a fatal temptation.

The next moment, Chester picked her up and walked upstairs.

Eliza gritted her teeth and scolded him "sick" in her heart, but she couldn't do anything

about Chester.

...

Downstairs Rodney knocked on the door for a long time, almost numb his hands and feet,

he took out his mobile phone, "Chester, I know you are inside, if you don't open the door

again, I will only can find a lock picker."

"You are very brave, you even dared to pry at my house." The door suddenly opened from

the inside, Chester appeared lazily, the bathrobe on his body was tied casually, and the look

in his eyes The dark red had not completely faded away, the short black hair was slightly

messy, and a familiar scent of a woman was blowing on his face.

Rodney immediately smelled the fragrance on Chester's body.

Not long ago, the woman was strangled by his neck and smelled.

At that moment, Rodney suddenly understood.

After understood, Rodney's eyes were red with anger, "Eliza is upstairs, right?"

Chester leaned on the shoe cabinet and lit a cigarette, looking

nonchalant, "Is something

wrong?"

"Chester, don't pretend to me. Rodney roared, "Eliza told me, I thought about it all the way,

Sarah was kidnapped in your hospital, you were the first to find out that Sarah was

kidnapped by Eliza. Right, in order to get her and to be able to sleep with her, you

concealed the truth and deceived me."

"I am your brother, but you deceived me for a woman."
