

Let me go, Mr. Hill Chapter 2215 | Novel By Shallow South Chapter 2215

Chester still breathed smoke with indifference.

It was like an audience sitting like watching the fun.

With that appearance, Rodney couldn't bear to grab his nightgown,

"You fucking say

something, do you think I dare not hit you, Chester, I really want to kill you now, why do I

have you? Brother, you are a fucking executioner who stabs in the back, selfish."

"Are you finished?"

Chester finally spoke, his voice was calm and eyes were calm, "Rodney, think about it for

yourself, Who did you come here to trouble me?"

"Don't you know who I am?" Rodney's eyes were red with anger,

"Because of Chester, my

life has been completely ruined, a complete mess."

"Because of me?" Chester laughed mockingly, "Rodney, you always do this, putting all the

responsibilities on Shaun, Freya, and me. Haven't you ever wondered why your former

friends are leaving you more and more? The farther you go, the more high-profile and

extravagant weddings you make, and how many people will go?"

"Shut up."

Hearing Chester's sarcasm, Rodney roared unbearably, his blue veins bursting out of anger,

"Now I am talking to you about Sarah's kidnapping. I know you don't like Sarah, but how

many years have our brothers kept me in the dark for a Eliza, like a fool, tell me, what Eliza

said Is it the truth?"

"Yes, I did it."

Chester admitted generously, "After I found out it was her, I immediately went to Freya and

told her the matter, and gave her a choice. She was willing to take the blame for her friend."

"You B*stard."

Rodney couldn't hold back his anger and wanted a punch on Chester's face.

But the fist didn't fall on Chester's face, Chester raised his hand and grabbed Rodney's fist,

"Brother, Why are you angry? Because the real murderer who hurt Sarah was not caught? Or

was it because of that incident that you misunderstood Freya's viciousness, So you chose to divorce her?"

"Since you know all about it, why didn't you explain it to me at first, and watched me misunderstand."

A desperate roar came from Rodney's throat.

Therefore, Rodney misunderstood Freya but she had never kidnapped Sarah.

But why didn't she explain to herself, she would rather protect Eliza's friend than misunderstand her.

"I'm very disgusted with that woman Sarah, why should I tell you the truth?"

Chester was still indifferent, "Besides, Freya is your own wife, you get along day and night, and together you raise one Child, don't you know what kind of woman she is?"

Let me go, Mr. Hill Chapter 2216 | Novel By Shallow South Chapter 2216

"Enough, don't shirk the responsibility anymore," Rodney gritted his teeth, "I went in to save people, but she was the only one at the scene, and Sarah was injured like that again, and the people were stolen, you let her What can I trust her with?"

"What about after the incident?"

Chester raised his eyebrows, "Calm down, have you thought about it carefully, and tried to trust your wife a little bit, but if you put some effort into investigating, You can know that Freya only left the ministerial palace that morning. How could Freya have time to make

Sarah like that? Or, if you put in a little more thought, you can also find out that the kidnappers have nothing to do with Freya at all. Contact, but you don't believe Freya at all, and you insisted, why do you let people explain to you, it will be very chilling."

"Shut up..."

"It was Freya who refused to explain to Me. As long as she said a word, I would be shaken.

It was Freya who wanted to protect Eliza. She didn't care about our home at all.

Rodney, this is not right for you."

Chester let out a mocking laugh in his throat, "I am not a good person, so I dare to do it,

and you, scum, have to build an archway for yourself, so far, you have nothing to do with it.

Don't you think it's your fault? It's all of us who made you hide Sarah, did we put you in

Sarah's bed and made her pregnant."

"Hahaha..."

Rodney smiled and said, "If I want to get married one day, I will tell Sarah simply, don't fall

in love with me, and don't expect me to be devoted, I will definitely have women outside in

the future, if you can't stand it, don't get married, What the difference between me and you

is that you are obviously sc*mbag, and you have to lie to your wife. I am a good man and

will never cheat. I only love you, and as a result, I don't accompany my wife and children but

accompany my ex-girlfriend in the middle of the night."

"It's okay to accompany Sarah. I also hope that my wife will not misunderstand you. The

misunderstanding is to doubt and question you. Then, while saying that Sarah will be sent

abroad, she goes to bed again. Don't say that you are drunk. A loyal person will clearly know

to keep a distance from the opposite sex, do you?"

Chester's every word was beaded, and like an axe, he chiseled into Rodney's heart, breaking

a hole and dripping blood.

Rodney's lips trembled, and even his hands trembled, as if the fig leaf he had been covering

had been torn apart mercilessly.

But Chester still didn't let him go, "You came to me, isn't it because you think I lied to you

and caused you to divorce Freya? You are wrong, even if there isn't Eliza, you will divorce,

At most, you don't think Freya is vicious and stubbornly refuses to divorce. As a result, after

sending Sarah out of the country, Freya called you one day and said that she had your child

and you would let her to destroy.

Rodney will have abroad and a wife at home, so you can enjoy their blessings."

"After Freya disagrees, you will explain that you didn't mean to let Sarah When Freya was

pregnant that time, you drank too much.

Sarah was very pitiful. There was nothing left. You couldn't accompany Freya. She only had

one child and you ignored both. Then Freya tortured by you to death, and you didn't think

about Freya and your child at all."

"Don't say it, don't say it anymore."

Rodney couldn't listen anymore. He stepped two step back, his whole body seemed to

collapse, fear and panic.

"Brother Rodney, I didn't want to tell you, but I talked to your heart."

Chester sneered, "Rodney, we have known each other since childhood, I know you better

than anyone else, and you know why Shaun and I are gradually walking with you. Are you

drifting away, not just because of Sarah, because you have the guts to do it, you don't have

the guts to admit it, you only think that you are only a good person, and all of us are the

bad person, everyone thinks it's boring, understand."

Rodney said with difficulty. He opened his mouth, his heart aching.

Originally, Rodney came to trouble Chester, and even wanted to prepare for a fight with

Chester, but in Chester's aggressive words, he gradually lost his voice. Yes, if that child in Sarah hadn't died.... It is very likely that the follow-up will really develop as Chester said.

Let me go, Mr. Hill Chapter 2217 | Novel By Shallow South Chapter 2217

Rodney hadn't thought about it before, he only thought of hating Freya because Freya

made Sarah lose her qualifications to be a mother.

At this time, Rodney realized with hindsight that if Sarah give birth to that child, he will

tremble in his heart, and he wouldn't know whether to be more happy or sad.

"What else do you want to say it all."

He looked at Chester almost numbly.

Chester leaned back slightly, with a smile on his lips, but what he said was extremely sharp,

"You came to me today, you are very angry, not only because of being deceived, but also

because your life is not going well. If you don't like it, the more you will miss the previous

life. At that time, your parents were very close to you. When you came home, you had a

lovely wife and children. Now, what is there? A woman who holds a grand wedding? Or a

woman who always asks you for money and financial power, or a woman who comes back

late and suspects you are cheating outside?"

Rodney was stunned.

If Rodney hadn't contacted Chester for a long time, he would have wondered if he was

complaining about Chester's troubles every day as before.

"Are you curious why I understand?"

Chester raised her phoenix eyes slightly, "You can tell by the look on your face, Rodney, go

back, if you want to fight, I will accompany you, but there is no result, I will do it.

I don't regret what happened and believe Freya will not regret helping Eliza to take the

blame. At that time, you refused to divorce, she spent it with you, and she was disgusted by

you and Sarah. I wish we had ended the relationship with you sooner.”

“It’s one thing for us to divorce, but it’s another thing for Eliza to kidnap Sarah.”

Rodney slowly looked at Chester, and the whole body slowly returned to calm. “Since Eliza

committed a crime, I will let her go to jail.”

“Do you have any evidence?” Chester half-smiled.

Rodney was shocked, he knew Chester too well, and then he understood everything.

After so long, all the evidence that should be there has probably been cleared by Chester.

“Chester, is a woman so important?” Rodney looked at him blankly.

“For my health, Eliza is still relatively important. From the perspective of our company’s

interests, Eliza is a popular artist in our company, and can earn more than one billion dollar

a year. Sarah abandons her.”

Chester suddenly stood up straight, and pushed his slender hand towards Rodney.

Rodney stumbled out of the threshold.

“Rodney, our relationship has long since ceased to exist. Next time you come to my door to

make a fuss, I will intuitively choose to call the police. Also, if you want to trouble me, you

can let it go. Now I didn’t take it seriously, don’t be angry, it’s you who made everyone’s

relationship like this for Sarah, I’m not your parents, you have to endure if you don’t like it.”

Chester closed the door after finishing speaking.

At Upstairs, Eliza came down in a black nightdress. The clothes were all bought by Chester,

so this one was not so exposed, but Eliza’s thin collarbone of b**bs was exposed, like two

beautiful crescent moons, with red hickeys on their skin, matched with her small face, pure

and attractive.

Chester glanced at it, and Rodney’s last question suddenly flashed in his mind: is a woman

so important.

Chester laughed suddenly. It's really important right now. At least, he thought the deal was

worth it. Sometimes, he also admits that he is cold-blooded.

With more than ten years of friendship with Rodney, even there is something wrong with

Rodney, he will give up if Chester says to give up.

"Why are you laughing?"

Eliza looked at Chester strangely. She had heard the conversation between Chester and

Rodney when she was upstairs.

Although Eliza hated Chester very much, the words he just said were quite heartwarming.

Isn't Rodney that kind of person?

In the marriage, Rodney made so many mistakes, but blamed Freya.

Let me go, Mr. Hill Chapter 2218 | Novel By Shallow South Chapter 2218

"Chester was laughing at himself being fascinated by Eliza."

Chester pulled Eliza into his arms, his handsome face smiled slightly, charmingly messed up,

"Look at me Eliza, For you, I gave no face to Rodney at all. At that time, Chester was

forgotten brotherhood of more than ten years."

"Master Jewell, you are too flattering for me." Eliza lowered her head and said lightly, "You

don't want to have too much contact with Rodney. I'm already very tired. If you only have

quarrels and no pleasure with your friends, it's not much fun."

"Are you so unconfident in yourself?" Chester's thin lips were on hers, and his tone was so

gentle that he could drown.

Most people can't resist Chester like this, but Eliza knows him too well.

"Yes, I don't have confidence in myself." Eliza smiled.

"It's okay, I'll give you confidence."

Chester deepened the kiss.

...

downstairs car park.

Rodney sat in the car without moving.

In the passenger seat, Rodney's cell phone kept ringing, it was Sarah calling.

Rodney didn't want to take it. He huddled up like a child.

Rodney as a handsome guy was 30 years old and has a happy family, obviously he has a wife, but he seems to have nothing.

Chester accused him of only blaming all his faults on others. Yes, isn't he such a person?

Before, he blamed Freya for being vicious and knowing the truth, and blamed Freya and

Chester for helping Eliza deceived him, but forgot that he didn't trust Freya at all.

As long as Rodney investigates a little, he will know the truth.

But Rodney didn't do anything. He wants to kick Freya to the ground, kick her hard to broke

her ribs, and sent her to the hospital.

Rodney called her a poisonous woman, also called the most vicious woman in the world.

Rodney also said that what he regretted most was marrying Freya.

Recalling all that, Rodney shed tears in pain. He is scum, he is also hypocritical and not magnanimous.

Rodney had always thought that Chester was a fussy person, but now the person who was

fussy laughed at him for still setting up a memorial archway.

That was right, Rodney didn't think that he was a sc*mbag. He went to Sarah's bed and let

Sarah be pregnant with a child. He also swore in front of his family that he and Sarah were

innocent, and also in front of Freya. Guaranteed to only like her alone. The results of it.

Rodney left Freya with scars and married Sarah and gave her the best wedding, slapped

Freya's face fiercely, and stepped on her dignity under his feet.

Rodney suddenly found Freya and dialed it.

However, Rodney didn't hear Freya's voice as he wished. It was from Ryan, "Brother Rodney,

is there anything?"

"Ryan, why are you, you're still with Freya?" Rodney's heart seemed to be eaten. Painfully

tightened.

Let me go, Mr. Hill Chapter 2219 | Novel By Shallow South Chapter 2219

“Brother Rodney, Freya just asked me to answer your call.”

Ryan explained gently, “Freya is coaxing Dani to sleep, if you want to see Dani, you can

come to the prime minister at any time during the day.”

“Freya coaxed Dani why are you still staying there?” Rodney warned coldly like a jealous

husband, “Ryan, what are you thinking about?”

“You are already divorced.” Ryan timely Remind to Rodney that he didn’t want to quarrel

with Rodney, it was pointless.

“If Freya is divorced, she is still the mother of my child.” Rodney’s chest felt a sharp pain and

said angrily, “You stay away from Freya.”

“Brother Rodney, it was so late, you have time to take care of you not for your ex-wife, it

would be better to spend more time taking care of „Sarah“ your current wife.”

Ryan ended the call.

In less than two seconds, Rodney called again. Ryan frowned, Rodney must be ill tonight, it’s

endless.

To be honest, Ryan admired Rodney a lot when he was a child, but now he is less and less

like Rodney.

Rodney chose his life himself. He had a high-profile wedding with Sarah a few days ago.

Eating what’s in the bowl and watching what’s in the pot? No sense of responsibility at all.

Ryan simply blocked Rodney’s phone.

After returning to the bedroom, Freya coaxed Dani to fall asleep, the little girl still had a milk

bottle in his mouth.

Seeing Ryan was coming, Freya handed him the milk bottle, and then gently hugged Dani to

sleep on the bed, and then asked softly, “Why did Rodney call?”

"I don't know, I heard that I answered. After the phone call, accuse me of staying with you

and let me go." Ryan returned the phone to him, "I hung up and he persisted in calling, for

fear that he would disturb you, so I blocked it for the time being. "

"There's something wrong with him," Freya said disgustedly, "He and Sarah didn't return all

night before, and he didn't think it was wrong. I stayed with you until 9 o'clock, and he

thought it was inappropriate."

"It turns out that there is a problem with the lonely man and the widow who still stay

together at night and are reluctant to go back to the room."

Ryan smiled and hugged her from behind, the heater was on in the house, and Freya in her

arms was wearing pink Velvet pajamas, no makeup on her face, clean, rosy skin, and a

fragrance after bathing.

Ryan lowered his head and couldn't help but kissed her on the side of the cheek.

Freya's pretty face became hot.

This is in her room, and it is 10 o'clock and the scorching temperature of the man hits, which

inevitably makes people distracted.

Suddenly, there were footsteps outside, and the door was not closed, so she quickly pushed

Ryan away.

"Miss Freya, is Dani asleep?"

Aunty Loretta came in.

"I just fell asleep." Ryan hurriedly covered her mouth and yawned, "This girl is too noisy

tonight, and if I have to accompany her to make trouble, even her mother won't do. I finally

fell asleep."

"Dani also likes you very much, Master." Aunty Loretta said with a smile.

Although the child still doesn't understand his father, he has already seen you

subconsciously. It's very important.

"Yeah, Aunty Loretta, go and sterilize the bottle, I'll go back to sleep first."

Ryan handed the milk bottle to Aunty Loretta, then turned around and gave Freya an ambiguous wink before leaving.

After the room was quiet, Freya laughed softly: "The actor."

Chapter 2220

... On the other side, Rodney called many times, he couldn't get through to Freya's phone again, only to know that the other side had blocked him.

D*mn Ryan, he must have done it.

Rodney slammed his fist on the steering wheel. Now everyone in the family was saying that

Ryan liked Freya, but he didn't believe it at all. That guy Ryan was very cunning, maybe he was brewing some kind of conspiracy to get Freya.

He shouldn't be divorced But it's too late to say anything now. A feeling of collapse lingered in his heart, but it seemed that there was no way to vent.

At 12 a.m, Rodney returned to the house full of drunkenness.

As soon as Rodney entered the door, he saw Sarah looking at him with tears in her wheelchair,

"Why didn't you answer my phone, I called you more than ten times, did you deliberately not want to answer me?"

No, I just drank too much at a party outside, and slept in the car for a while, but I didn't hear it."

Rodney rubbed his colic temple, very tired and didn't have the strength to coax her.

"Drink too much, didn't you know that the driver took you back. Rodney, after we got married,

you went home every day late, avoiding my touch, you disliked me not being able to walk, and

disgusting me not being able to have children right? No, you regret it, right?"

When Sarah looked at Rodney in front of her, the buttons of his shirt were open lazily and

walked staggeringly. his face flushed, and dejected look instantly stimulated her.

If it was before, Sarah could still control it, but during this period of time, her body could not get

his comfort at night, and during the day she was alone in a luxurious but temperatureless mansion. Even if she wanted to go out, her legs and feet were inconvenient. When she goes to the street, she has to endure other people's strange eyes. Where has Sarah, who was once admired by many stars, ever tasted this kind of taste.

Sarah waited and waited, and finally when Rodney came back, her anger finally broke out.

Rodney ignored Sarah and went straight upstairs.

"You talk." Sarah grabbed his sleeve and said furiously, "You don't even want to talk to me

now, or are you thinking about Freya, you are a healthy person who misses her. Don't forget the

people who made me like this, and killed our children."

"Have you said enough?"

Rodney suddenly out of control and shouted loudly.

The room suddenly fell silent, and Sarah looked at him dully, unable to believe that Rodney

would yell at him like that.

A few seconds later, Sarah burst into tears, "You yell at me, Rodney, you yelled at me just a few

days after we got married. What's the point of my life, you might as well let me die."

To hit the wall.

Rodney was tired and weak, but she still stepped forward and grabbed the wheelchair.

"Let go, I don't want to live anymore, it's too boring to live." Sarah hammered him hard.

Rodney didn't move until she was tired of hammering and burst into tears.

Sarah thought that Rodney would coax her as before, but she cried until her throat became

uncomfortable, and Rodney didn't say a word.

Gradually, Sarah stopped and looked at Rodney sadly, "Rodney, you know what, I have only you

now, I have nothing, I can't be a mother, I can't walk, I can't even eat by myself and Pick up

vegetables."

Rodney looked down at her hand, and suddenly asked, "Sarah, did Freya really break your limbs on the day you were kidnapped?"
"Who was it?" Sarah cried and said after being stunned for a while.
