Catherine shrugged, "Freya, Freycatheli needs to learn and improve. You are already very good, but have rarely gone out to see in the past two years. your research and development has been stagnant, and you are the core of Freycatheli. Although Freycatheli's sales volume is good, The strategy is gradually move to the high-end, your research and development products are not high?end enough, I think you should know better than anyone."

Freya was silent. she understood herself and wanted to go out to study but she was not worried about Dani...

"Catherine said, "I know Freya, you can't let go of Dani. If you go, I will take care of Dani for you, even if you receive Hill's Manor, I will take care of Dani as my own, but I think the prime minister will take care of her. The government will also take good care of you, just think about it, this is an opportunity, give me an answer tomorrow."

Freya left the office with the documents absent-mindedly.

Of course Freya really wanted to go, but Dani was very dependent on her, and she would be very reluctant if she couldn't see Dani.

It would be nice for Dani to stay in the ministerial Palace, but it was never Dani's close relatives there...

Thinking like this, Freya returning to the ministerial Palace in the evening. she was holding Dani, she was more reluctant and felt very guilty towards Dani.

"Freya, You have something on your mind, right? You don't have any appetite when you eat."

suddenly Ryan's voice sounded from above. He quickly hugged her from behind.

Freya shuddered, "What are you doing Ryan?, this is the living room and Aunt Loretta is in..."

Ryan bent over and saw the diamond pearl earrings on her ears with the elegant makeup. Her whole embellishment is bright and vivid.

He couldn't help kissing her earlobe, "Freya, You look so beautiful with earrings, I'll give you a

couple of pairs next time.”

Freya was shy with itchy and hid, Ryan’s breath was so tight that she almost couldn’t hold Dani

firmly, “Ryan, don’t make trouble.”

Ryan stared at her face without saying a word. With the

charming look in her eyes, her Adam’s

apple moved slightly, and he was about to kiss her regardless

she suddenly said, “I have

something to tell you.”

“Catherine have an opportunity to let me go to Quel’s Medical Beauty Research Center to Study

for two months, I...”

She bit her lip, “I’m very annoying.”

Ryan Understood. His smile on his face gradually faded.

“Freya, You can’t bear Dani?”

“Well.”

Freya nodded, “I was hesitating whether to go, Dani is still so young, and has never left me for

two months.”

“Apart from your reluctance to give up Dani, do you have no one else to give up on?”

Ryan’s handsome face was slightly dim and isappointed.

Freya was stunned for a while, and embarrassed, “I don’t, it’s just that Dani relatively small and

she came out of my stomach. Of course, I... ..I’m also a little bit reluctant to you...”

Freya glared at him helplessly. “I’m telling you that I have a place in my heart for you and

Dani but there’s definitely no way... hmm.”

Ryan blocked her mouth with his lips, He also took a light bite,

“Don’t say it, I don’t want to

hear it.” Ryan’s voice was low with full of depression.

Freya blinked her dark eyes, and suddenly couldn’t bear to put a hand around her neck and

kissed back, “I will also miss you, but we can make frequent phone calls and videos, and you

can take care of it. Dani can’t help it, can you stop being jealous of a child.”

“Fool, I’m not jealous.” Ryan raised his lips and smiled vividly, “I am teasing you.”

"You..." Freya reached out and tried to pinch him. However, Ryan quickly grabbed her hand and put it on his lips and kissed gently, "I just ask you, do you want to go?"

"Of course I want to go." Freya said complicatedly, "Actually, I have been in the laboratory every day recently, but the new products have not progressed at all and knowledge is too little. Good formulators need to go out for internships often, and I..."

"Then you Go." Ryan interrupted her with bright eyes, "Leave Dani to me. Although Dani's mother is not here, I will give her all the love of my father. It will not make her uneasy, but will make her happy and healthy."

Freya was stunned.

Ryan had said a lot of nice things, but it was only tonight that made her eyes wet.

At that time for Freya, nothing is more important than the child's health and happiness.

Ryan knows what she is afraid of, so let her go and the child will take care of him.

But in fact the child is not his own.

"Ryan, Dani she..."

"Although Dani is not my own, she is the child of the woman Which I love most." Ryan

lowered his head and lightly tapped Dani's little nose.

Ryan also said to Freya, "Freya, whether you want to marry me or not in the future, I don't

care, even you are just in love with me, but from the moment I love you, you treat your child

as my child, not wanting to use Dani to please you, but I will love not only your children, but also your family."

Freya's heart trembled fiercely.

It turned out that Ryan knew everything.

Freya promised to fall in love with Ryan, but she didn't think about the future, as long as she was happy at this time.

But Ryan didn't think so. He wanted to tell her that he was serious.

"Ryan, you are really annoying."

Freya's eyes were full of red, "Why do you always say so beautifully, have you ever thought about it, in case you don't do it..."

"I will do it." Ryan interrupted her, "Freya, I care about you more than you think."

Her throat seemed to be stuck, and she didn't even dare to look at Ryan's bright eyes. she was very afraid, and would indulge in a relationship as easily as before.

Ryan stared at her for a few seconds, then tilted her head and kissed her.

The moment her lips touched, she had to look at him, her heart pounded. She closed her eyes tremblingly and entangled with him.

After a while, Dani in her arms was shouting.

Freya blushed and quickly pushed him away, "Can you stop kissing me in front of Dani all the time."

"No way, who made me fall in love with a mother." Ryan joked, "Freya, go Well, Dani is

placed in the ministerial Palace. Even aunts and uncles occasionally bring Dani to Snow's villa to play, I promise to help you bring them back, and I will never let them take the opportunity to leave Dani there."

Freya was surprised that what she was worried about. She didn't say it but she thought,

"Ryan...how do you know everything?"

"Because, I'm so smart." Ryan said with a smile,

"Go, I promise you with my personality and life."

Facing in front of Ryan, Freya found that he seemed to be able to easily resolve all his worries.

It turns out that someone helped her hold up a blue sky like this.

It turned out that someone knew her and understood her so well.

At this stage, for Freya, romance has never been what she needs most, because she has a child who was just born without her father. Romance takes time, but she has to work again, and she

wants to give more time to her children.
Ryan never blamed Freya, he cooperated as much as possible with her time, even the two of them were in the house with the child.
Freya knew that other people's dates were not like this, but Ryan never complained. He was like a warm quilt, wrapping her comfortably and just right.
"Ryan, thank you so much." Freya hugged him gently.
"Freya, Don't say thank you, I'm your boyfriend, which supporting you and your vision."
Ryan stroked her long hair with her fingers, "But when you come back, I will make it up."
Compensation...
Freya blushed suddenly.
The compensation he said would not be that kind of compensation.
After all, everyone has been dating for a while.
This seems to be the best compensation for men.
If it were to be replaced by the previous her, she would definitely not be so fanciful. Now that Freya is a woman who has had children, it is naturally different from the past in some aspects.
Thinking of the two of them taking that step, her heart thumped violently, and her face became even hotter.
Fortunately, Ryan hugged her and didn't see it.
"You... what compensation do you want?" Freya stammered, "I brought you gifts from abroad?"
Ryan let go of her with a meaningful smile flashed in his dark eyes, "Do you think... one gift can make up for me?"
"Then two, three... ." Freya deliberately pretended to be ignorant.
"I want..." Ryan stared at her and approached slowly.
Suddenly there was a sound of someone opening the door. The two bodies next to each other separated instantly.
Aunt Loretta came in from the outside, and her eyes flashed with surprise, "Master Ryan, when did you come? I'll bring you tea."
It seems that the number of times the Ryan has come has been increasing recently.
"Aunt Loretta, the malt tea you brewed yesterday is not bad. It's quite fragrant." Ryan leaned

closer to the sofa and spoke casually, Aunty Loretta winked at Freya.

Freya immediately complained loudly, "How much free do you have every day? you always run to me."

"Why, I hate it." Ryan said angrily, "You think I want to come here, there is no way, what can I do at night? The ministerial Palace is boring and I'm arguing with my parents when I go to the front yard. It's boring."

"You should be less noisy."

When Aunty Loretta was making tea in the kitchen, she heard the outside only then did the thought that had just surfaced in his heart be thrown away. She must have thought too much. In the entire ministerial palace, the young master and Miss Freya are of the same age, and they are bored at night. It is normal for two young people to play together.

Just....

The picture in the living room looks too much like a family of three.

After Aunty Loretta brought the tea, she didn't disturb the conversation between the two and quickly went to find something to do by herself.

Freya whispered: "if you come back from work and help me bring Dani every day, my godfather and godmother will doubt it, and Aunty Loretta also..."

"Don't worry, I will wait for you to come back. Aunty Loretta is estimated to be my confidant." Ryan said slowly after seeing Freya's shocked expression.

Freya had to explain, "Aunty Loretta lives in your building, and we two stick together. she will find out it definitely."

"..."

Freya had nothing to say.

It is indeed the best way to make Aunty Loretta her own, but after thinking that Aunty

Loretta knew about her relationship with Ryan, she suddenly felt ashamed, "Tell me, would Aunt Loretta think that it was me who seduced you... "
"Freya..."

Ryan interrupted her coldly, with solemnity in his eyes, "If our relationship is made public in the future, there will definitely be unpleasant rumors. These news will not only attack you, but also attack me. I don't care, I have prepared everything. Life is for myself, as long as I am happy, between us, it is mainly you....."

Ryan didn't say it completely, but Freya understood that she cared too much about other people's opinions.

"It's okay."

Ryan said softly, "I know you don't love me enough now, I will work hard and I can wait slowly. When you love me like I love you, you will naturally move forward. I have the courage to go."

Freya felt ashamed, "Ryan, you are not afraid that I have always been timid, and did not have the courage to take that step, causing us no results, I am with you, it seems that I have always asked for it."

"If you don't ask me for it one day, then my boyfriend has no value."

Ryan slowly got up with a smile indifferently, "Don't think so much, the important thing for two people to be together is to be happy, I'm very happy now, and if it doesn't work out in the future, I don't regret it, at least I've worked hard."

His eyes were clear and open-minded.

Freya suddenly realized that compared with him, he had too many worries and thought too much.

The ending was thought of before the beginning, which led to this relationship being tied up, why bother.

"Okay, I'm going back. As for my parents, we will perform a play from tomorrow morning. I'll go back and think about the lines. I'll send them to you later, and you can improvise with

me.”

Ryan bowed his head and gave a small kiss on the Dani’s face before leaving.

Freya sent Catherine a Whatsapp message: [I decided to participate in the training.]

Catherine: [Why did you suddenly figure it out? I thought you couldn’t make a decision easily.]

Freya: [I chatted with Ryan for a while just now, he supported me to go, he will take care of Dani.]

Catherine: [Tsk, I didn’t expect that, don’t worry?]

Freya: [Ryan is very careful, he has done a good job in taking care of the children, and I also trust him.]

Catherine: [Ryan has the ability to make you easily say what you believe.]

Freya was startled, yes, it stands to reason that she has been scarred by emotions, and she should not trust men easily, but found that she did not trust other men, but always believed in Ryan inexplicably and unconditionally. Maybe he didn’t lie to himself.

The only deceit is because of caring about her.
