

Let Me Go, Mr. Hill! by Shallow South 2247-2250

Chapter 2247

"I didn't say that Ning Lexia would take care of Yueyue. You can send Yueyue to the Song family's old house."

Song Rongshi looked at her for a while and sneered, "But since you don't have time to take care of Yueyue, I have decided to return to Yueyue's custody. I know you don't want to. After I arrive in Huaguo tomorrow, I will apply to the court for a lawsuit. , In the past, I had no chance of winning, but now it's different, your family is not in the capital, and you are not by Yueyue's side, for the sake of the child's mental health, the judge will definitely award the child to me."

"You dare." Lin Fanyue was trembling with anger, and his eyes wanted to eat him, "I've only been on business trips for two months,

and you, who manage several companies, often travel and socialize."

"Speaking of this, I forgot to tell you, I met your good sister in country R, she wanted to vent your anger and forced me very hard, and the project I was working on was also taken away by her, she wanted me to have nothing. Ah, since I'm going to have nothing, I might as well go home and bring the baby, right?"

Song Rongshi gritted his teeth and said, "Lin Fanyue, you want your career, and your daughter also wants it. There are not so many things in the world that have the best of both worlds. I'm here today, just to let you know that Yueyue's custody will be decided. already."

He turned around and left.

Lin Fanyue felt chills all over her body, and her pupils were filled with hatred that she had never felt before, "Song Rongshi, you know how important Yueyue is to me, and I have never hurt Ning Lexia, so why can't you have a little bit of it for me? Your kindness, you have to force me like this."

"Who is forcing who?"

Song Rongshi didn't look back at her, or didn't dare to look.

He took his long legs and left without looking back.

Lin Fanyue cried directly.

She didn't know what to do, her only thought was not to let Song Rongshi take Yueyue away.

When she was in a panic and at a loss, Aunt Liu suddenly called her, "Miss Lin, it's not

good, just now Mrs. Song and Mr. Song came over and took Yueyue away, oh my God, Yueyue is crying It's so sad."

Lin Fanyue's heart almost shattered, and even a sense of despair came out of her heart, and the thing she was most afraid of happened.

"Aunt Liu, don't worry, I'll be right back." She blurted out.

In any case, Song Rongshi must not be allowed to take back custody, and her daughter should not be spoiled by Ning Lexia.

Lin Fanyue quickly called Jiang Qingxin, "Qingqing, Yueyue was taken away by the Song family. Song Rongshi said that she wanted to fight with me for custody, and I had to return to China immediately."

"Fan Yue, you can't go back to China."

Jiang Qingxin said calmly, "Once you leave, it means giving up this training. The F country regards time and credit as very important, and if you spread it out, those professors have a bad impression of you and are not good for you. In the future, you will study again, and you are the core member of Yuexinyan's research team. I think Song Rong not only wants to get back the custody of her daughter, but more importantly, she wants to force you to return to China and let Yuexinyan develop products. blocked."

"I also expected what you said. I didn't expect him to be so despicable, but I can't lose Yueyue." Lin Fanyue said painfully.

"Didn't Song Qingrui promise you to take good care of Yueyue? Have you asked him?" Jiang Qingxin interrupted her.

Lin Fanyue was startled, "He must be at work now, and once I arrive in court, and I travel for two months, the judge will indeed rule that I can't take care of my daughter."

As she was talking, Song Qingrui's call came in, "Qingqing, I'll answer Song Qingrui's call first."

After pressing the connect button, Song Qingrui's voice was as gentle as always, "Aunt Liu contacted me just now, she said that you want to come back, Fan Yue, don't worry, Yue Yue, I will give you back, you can rest assured there. learn."

Chapter 2248

For some reason, Lin Fanyue's flustered heart seemed to have found support all of a sudden, and gradually calmed down, "Qing Rui, Song Rong came to me just now, he said he wanted to apply for custody, I am out of

town now, come to There may not be a chance at that time."

"Then let him sue,"

Song Qingrui smiled and said calmly, "Fan Yue, the day you went out for training, I expected that Song Rong would know sooner or later. I like to plan ahead. If he really appeals, I believe he will give up before the trial. Yes, because there's no way he can win."

Lin Fanyue was stunned, "Why?"

Song Qingrui explained softly, "Because Ning Lexia often abuses animals in private, I have a lot of evidence in my hands. He has such a wife, and the judge cannot award the child to him considering the safety of the child."

"How did you know." Lin Fanyue was shocked.

"During this time, I've been staring at Ning Lexia. She was originally a ruthless person. Later, after she was disabled, the doctor diagnosed her with psychological trauma. Song Rongshi made her take medicine for a while. She's alright, in fact, she hid herself, and when she was in a bad mood secretly, she would abuse those stray cats and dogs, and the methods were cruel."

"too frightening."

Lin Fanyue was horrified, "Aren't stray cats and stray dogs dead? Does Song Rongshi know that?"

"He definitely doesn't know." Song Qingrui said lightly, "That's why he dared to appeal confidently, thinking that he would win. When he comes back, I will naturally talk to

him with evidence. He is a smart man and will give up. ."

Hearing what he said, Lin Fanyue was completely relieved, "Qing Rui, you are so amazing, I admire you so much, it seems that no matter how big the difficulty, it can be easily resolved by you, I really admire you to death."

If Song Qingrui was by her side, she would definitely kiss him fiercely.

I don't know since when, this man seems to have become a harbor that can shelter her from the wind and rain.

"Okay, don't worry anymore, study hard and leave Yueyue's affairs to me, okay?" Song Qingrui's voice was as gentle as a spring breeze blowing through her heart.

"Well, I believe you."

Lin Fanyue took a deep breath, "By the way, Qing Rui, those stray cats and dogs are also very pitiful, and Ning Lexia can't be abused any more."

"I'll take care of it."

With him, I believe everything can be resolved.

By the time he spoke to Jiang Qingxin again, Lin Fanyue had regained her composure.

"Fan Yue, I thought about it, if it's a big deal, let Huo Xu be your lawyer when you go to court, he will definitely win." Jiang Qingxin said.

"No need, Qing Rui has already grasped the evidence of Ning Lexia's cruelty to animals in advance, Song Rongshi will not win." Lin Fanyue answered in a light tone.

Jiang Qingxin was surprised for a moment, then smiled, "He is really amazing, he counts everything."

"Yeah," Lin Fanyue's heart was sweet when her boyfriend was praised, "He's so good, I don't think I'm good enough for him."

Chapter 2249

"Don't say that, he's your boyfriend now, sheltering you from the wind and rain is what he should do."

Jiang Qingxin boasted and said with a smile: "I was a little worried when you were with Song Qingrui, but now I'm relieved, he is such a smart person, even if the Song family finds out about your affairs in the future, I think he can do it well. protect you."

"I feel so too."

Lin Fanyue was startled and nodded.

She didn't quite believe the promises Song Qingrui had made to her.

Regarding the matter of the two falling in love, she also has the idea of talking every day.

Now, she slowly believes.

In the future, if their relationship is made public, she will not be so afraid.

Because, when the sky falls, Song Qingrui will stand in front of her.

The feeling of being protected was the first time Lin Fanyue felt from a man

China, Beijing.

After Song Qingrui ended the phone call with Lin Fanyue, he did not rush to the Song family's old house.

Instead, she first arranged for Aunt Liu to bring some of Yueyue's daily necessities.

He himself didn't drive to the old house until he punched the card after get off work.

When I went in, it was almost dinner time. Zhong Lingwei was playing with Yueyue, and Aunt Liu was helping out. With Aunt Liu around, Yueyue stopped crying a long time ago. Even because the little guy was there, the cold old house was lively. After a few minutes, even the old man came out.

"Grandpa, uncle, auntie." Song Qingrui smiled and greeted several people.

The old man Song nodded, but Zhong Lingwei and Song Ji were both sullen, not very happy, and did not chat with him as enthusiastically as before.

"Okay, if the family has something to say, don't keep it in your heart." Old Man Song spoke first, "Qing Rui, why don't you tell your uncle and the others about Fan Yue going abroad."

"Did Fan Yue tell you not to talk about it?" Zhong Lingwei said dissatisfiedly, "Is she afraid that we will snatch Yue Yue? Family, besides, are your uncle and I such despicable people? Since we promised her, we will not rob the child, at most, when she has no time to take care of Yueyue, we will take her back to the old house to take care of her for a few days."

"Yeah." Song Ji also nodded, "We also understand that Fanyue is guarding Ning Lexia, so we agree that every time we come to the old house, we will not let Rong Shi take Yueyue out alone, and we also agree

that the nanny will follow Yueyue over here.
, we've made big concessions."

"Uncle, aunt, calm down."

Song Qingrui raised his hand, Qing Jun's face was always as warm as jade, which made Zhong Lingwei and Song Ji embarrassed to say something unpleasant to him.

"Auntie, it's never you who Fan Yue is guarding against."

Song Ji explained warmly, "Fan Yue once told my parents that if she hadn't been on guard against Ning Lexia, she wouldn't mind that Song Rong would sometimes pick up Yueyue for a few days, and she even hoped that Yueyue would stay with you grandpas. You may not know how close grandma is. Originally, after Fanyue's divorce, the Lin family forced her to take her child back to

Tongcheng to live, but Fanyue disagreed. She considered that it would be difficult for the two of you to see the child if she returned to Tongcheng. Parents are worried about their daughter, so they have to compromise and decide to move to the capital this year, and the house is about to be renovated."

"Fan Yue's parents plan to live in the capital?" Zhong Lingwei was surprised.

Chapter 2250

"Well." Song Qingrui nodded, "Today Fanyue didn't rush me after learning that you took Yueyue away. Instead, she was afraid that you might not be able to handle Yueyue, so she quickly asked Aunt Liu to come over."

Aunt Liu, who was standing on the side, heard a flash of surprise in her eyes, and

smiled secretly. She had to admire the young master.

On the other hand, Zhong Lingwei and Song Ji's expressions were much better, and they were not as unhappy as before.

"Fan Yue should have told us long ago."
Zhong Lingwei said, "Since she is not here, Yue Yue should be taken care of by our grandparents."

"She is thinking that if Brother Rongshi finds out, he will use her excuse for a business trip to fight for the custody of the child."
Song Qingrui sighed, "If you don't believe me, just watch, when Rongshi comes back, he will definitely say that he wants to appeal. court."

Zhong Lingwei and Song Ji looked at each other.

At that moment, many thoughts flashed through each other's mind.

There was hesitation.

In fact, if Song Rongshi fought for the custody of the child, it would be fine. Lin Fanyue is too busy with work, and the child can be raised by the two elders. Anyway, Song Junyue is basically in charge of the Song Group, and Song Ji usually does not Busy, Zhong Lingwei wanted to get closer to her granddaughter.

Song Qingrui saw through the couple's thoughts long ago, and smiled quietly without saying a word.

The living room was quiet for a while, and Mr. Song took the lead in expressing the thoughts of his son and daughter-in-law, "If Fanyue is busy, it's better to keep Yueyue in the old house with peace of mind. The most

important thing in the Song family is someone who takes care of the children."

"Grandpa, I thought the same thing before. I was afraid that Brother Rong Shi wanted to pick up the child."

Song Qingrui sighed faintly, "Let me show you something, you will soon understand Fan Yue's concerns."

He turned on his phone and released a video to the old man.

Mr. Song squinted his eyes and saw that the woman in the video was using scissors to cut the cat's stomach alive, and the cat was still alive, struggling all the time.

Zhong Lingwei and Song Ji leaned over and took a look. As a woman, Zhong Lingwei couldn't hold back the first scream, then

turned around to find a trash can and vomited.

The two big men, Old Man Song and Song Ji, couldn't stand the cruel picture, so they quickly turned off the phone, and their faces were unbelievably ashen.

Just now they recognized that face as Ning Lexia at a glance.

Ning Lexia has been to the old house a few times recently, and every time she is soft and weak, such a contrast makes the old man Song, who has been through a lifetime of storms, furious.

"It's just maddening."

Mr. Song smashed the cup on the spot, and then pointed at Song Ji's nose and scolded, "Look at the good son you educated, and

found such a vicious woman, no, this is not only vicious, it is perverted, and it is terror."

Song Ji's face was pale, and he was obviously stimulated a lot.

Song Qingrui smiled bitterly, "In the area where Brother Rong Shi lives, there have been a lot of strange disappearances of wild cats and dogs. It's just a small matter, but someone notified the Animal Association, and the association sent people to investigate, and we found out about this. Fortunately, a friend I knew told me secretly that I spent money in advance to cut the video, otherwise it would spread and it would have a great impact on the reputation of our Song family."

"You did the right thing."

Master Song nodded approvingly, "This matter must not be spread out. If it is not

done well, it will affect your father and the Song Group."

"It's terrifying." After Zhong Lingwei vomited, her face was as white as paper, "Why did Rong Shi go blind and find this thing? Is she still a person?"
