

Let Me Go, Mr. Hill! by Shallow South Chpters 2255-2258

Ning Lexia broke down and cried, "Since I was kidnapped by Ruan Yan, I always have nightmares every night, and I feel very manic and depressed, I need to vent, but I can't tell you, I'm afraid you will be bored, Sometimes I just can't control myself."

"Then you are a psychiatrist, why don't you take medicine." Song Rongshi roared, "Today you are hurting animals, tomorrow are you trying to kill someone? You are my wife. Once these videos are released, they will be brought to our company. It will have a big impact, and I may even go bankrupt."

"Impossible." Ning Lexia was stunned.

"Why is it impossible? Since my divorce, my reputation has been very bad. Many women are boycotting Ou Lansheng. If my wife's animal cruelty is exposed, it will not only

cause a sensation, but the Song family will also be implicated."

Song Rong Shiyue said that the more angry he was, the more grievances, anger and tiredness he felt in his heart, and he couldn't control it any longer, "Don't you understand the principle of treating one's illness? I plan to appeal to recover Yueyue's custody, and now Song Qingrui has your animal cruelty video in his hand, he will definitely help Lin Fanyue, I have no chance of winning the appeal."

"Why are you crying? It's me who should be crying. You were kidnapped and injured. It has nothing to do with me. You caused Ruan Yan's jealousy, and I, for you, caught up with me. My parents' marriage, children, and even every time I go to Song's house, I am scolded by my parents, and I was slapped by him today."

"Why did you come back in the first place?"

"My life is ruined because of you."

"Also, it's all your fault. You have to hold a prosperous wedding. As a result, no one from the Song family came over. Now the outside world thinks that I was abandoned by the Song family. This time I went to country r, I was about to talk about it, and it was all over the place."

"I beg you, can you please stop holding me back."

"Every day, can you stop for a while?"

"You look really scary now, you know that."

The man's roar echoed in the living room.

Song Rongshi didn't want to endure it any longer, his dissatisfaction had all exploded these days.

Tears rolled down Ning Lexia's face.

A panic surged in her heart, if Song Rong didn't want her at this time, then she would have nothing.

"It turns out that you hate me so much now, then I'll die. I won't hold you back anymore. It just so happens that I don't want to live for a long time."

After Ning Lexia finished speaking, she turned and slammed into the table beside her, blood splattered from her forehead.

"Le Xia." Song Rongshi was startled and hurried over to support her.

Ning Lexia looked at him weakly and desperately, "I'm sorry Rong Shi, let me die, I'm too tired, and I hate who I am now."

After speaking, she pretended to faint.

Song Rongshi quickly picked her up and rushed to the hospital.

When Ning Lexia was sent to the rescue room again, Song Rongshi leaned against the wall with a numb expression.

Tired, too tired.

Ning Lexia was like a heavy burden, pressing him all the time and out of breath.

Now, he can't get rid of it.

I really got rid of it, in case Ning Lexia committed suicide again.

He covered his eyes with his hands, feeling extremely decadent.

country f.

After Lin Fanyue returned to the apartment after get off work, she immediately threw

herself on the bed and chatted with Song Qingrui on the phone.

"What, Song Rongshi told his parents that he wanted to divorce Ning Lexia and remarry me?"

Hearing this news, Lin Fanyue's three views were shocked. No, it was not only a shock, but also disgusting.

"Well, Brother Rong Shi came to the old house today, and Aunt Liu overheard what the three of them were saying in the courtyard."

Song Qingrui told her without concealment at all, "Brother Rong Shi means to let the uncle delete the video of Ning Lexia's cruelty to animals. If there is no evidence, he will be able to appeal smoothly. After you win the custody of your daughter, you will I

will definitely be reluctant to bear Yueyue, and maybe I will remarry him."

"Too shameless."

Lin Fanyue scolded angrily, "He is really a shameless bottom line that has been refreshed again and again. He was the one who cheated at the beginning, and he was the one who was going to marry Ning Lexia, and now he wants to remarry me after divorce. He's crazy, marriage depends on him. What is in the eyes, are you playing the house, or are you kidding?"

She was utterly disgusted.

In the past, at most, I felt that Song Rongshi was too easy to be played around by the white lotus flower Ning Lexia.

It was only now that I realized that Song Rongshi's heart was beginning to crook, and

he was simply unscrupulous in order to achieve his goals.

She couldn't imagine that if Song Qingrui hadn't helped her, Yueyue might have been taken away by Song Rongshi.

At that time, she will definitely worry about the child, maybe because of the child, she might be entangled by Song Rongshi again.

Just thinking about it, she shuddered, "What about your uncle and the others? They won't support him."

"That's not true. Listening to Aunt Liu, my uncle scolded him for being shameless, and even kicked Brother Rongshi out with a broom."

"That's good." Lin Fanyue breathed a sigh of relief, really afraid that Song Ji and his wife

would be pushed to success by Song Rongshi.

Song Qingrui smiled and said, "Uncle and the others sometimes think selfishly, but they still know how to be shameless. For some things, Brother Rong Shi has done too much, and they don't have the face to turn you back."

"If they help Song Rong, I won't let Yueyue get close to them in the future." Lin Fanyue said in a low voice.

"No, by the way, I received the news. Not long after Brother Rong Shi left, Ning Lexia was sent to the hospital. I heard that she suffered a head injury."

Lin Fanyue curled her lips in disdain, "It must be Song Rongshi who watched the video and went back to trouble her. She has

no choice but to use suicide to win forgiveness."

Song Qingrui smiled lightly and teased, "You know her tricks very well."

"Cut, what's the use of suicide, this is just the beginning."

"Ok?"

"I mean let Song Rongshi take a good look at it. What kind of devil woman is he provoking? The feeling of wanting to get rid of but not being able to get rid of it will definitely make him miserable." Lin Fanyue said lightly. .

"Well, I think Brother Rong Shi seems to have gone through a lot of vicissitudes," Song Qingrui paused, then suddenly said, "Fan Yue, if Brother Rong Shi really gets divorced, he also knows that he was wrong.

If he wants to get you back, will you come back? , after all, you have children in common."

"Song Qingrui, what do you think you are, an idiot? He hurt me so much, and I'm looking back. Is there no man in the world, or is my current boyfriend not good."

Lin Fanyue scolded coldly, "My current boyfriend is younger and more handsome than him, gentler and smarter than him, and more considerate to the family than him. Although he is not Yueyue's biological father, she treats Yueyue better than her own. , I was stupid to turn back and pick up a dirty man who was married for a second time.

"you're right."

Song Qingrui smiled happily over the phone.

He clearly understood that from now on, in Lin Fanyue's world, Song Rongshi had been completely kicked out.

Even the father of the child.

After ending the call.

Song Qingrui held a red wine glass and looked at the bright moon outside the window. The moonlight reflected the exquisite light in his eyes, "Brother Rong Shi, don't blame me, you killed yourself."

He knew very well that Song Rongshi would be here today, so he specially asked Aunt Liu to pay attention.

Sure enough, what Song Rongshi did was always unexpected.

Originally, he didn't need to tell Lin Fanyue these words.

However, telling her would make Lin Fanyue even more disgusting with Song Rongshi.

Even for the sake of the children, Fan Yue would no longer give Song Rongshi a chance.

What he needs to do is to completely cut off the relationship between the two people.

What will Song Rong regret in the future?

Even if the regretful bowels come out, it will be useless.

the same night.

In Huo's Villa, Jiang Qingxin was leaning lazily on the balcony, holding a phone in his hand, "Cang Yan, you can arrange for your friend to return to China. Yu'er is almost ready."

"Sister, isn't she a woman? I move my fingers a little and I can easily disappear." Cang Yan's tone was full of disdain.

"Easy disappearing is sometimes a relief." Jiang Qingxin said casually, "I like to watch her slowly suffer, and my hands will not be stained with a trace of blood."

"Tsk, what a black belly." Cang Yan complained, but his voice laughed happily, "Okay, then I will arrange for Gao Yuze to come over."

End the call.

A slender arm surrounded the woman's sexy body from behind.

"Qingqing, fortunately I am honest and responsible every day now, otherwise, if I offend you, I don't know how I would die." After Huo Xu's voice ended above his head,

the man's arm turned around her body ,
kissed her on the forehead.

"As long as you know."

Jiang Qingxin raised her head, looked at the man's star-like eyes, and hung her arms around his neck with a smile, "I have never been a soft-hearted woman."

"I understand, thank you for forgiving me and giving me a chance to be reborn."

Huo Xu hugged her deeply, "Qingqing, I used to be stupid and did a lot of wrong things. After I dated you, I shouldn't be so soft-hearted towards Ning Lexia. When a man gets married, except for his wife, You should keep a distance from the opposite sex, otherwise Ning Lexia won't have the opportunity to take advantage of it."

"You should be glad that at least during the years I left, you didn't have a relationship with Ning Lexia, and you didn't marry Ning Lexia, otherwise I wouldn't give you any chance at all."

Jiang Qingxin pinched his waist angrily, "I warn you, don't go to Song Rongshi to tip off my plan."

"If you don't let me say it, I definitely won't say it. I'm not that stupid. You and the child are the most important things in my heart." Huo Xu hugged her, his eyes darkened, "And Ning Lexia was so cruel back then. It hurts you and your children, and retaliation is normal now."

"Well, it's not just me, but Fan Yue and Xiaoxiao, I can't do that."

A cold light flickered in Jiang Qingxin's eyes, "Since Song Rongshi has decided to stand in

front of her, I can only clear his stumbling block."

a week later.

Ning Lexia was discharged from the hospital.

Since she was admitted to the hospital, Song Rongshi has basically never been here except for the first day she stayed in the hospital, she just let the nanny accompany her.

This made Ning Lexia's temper more and more irritable.

After returning to the villa, Song Rongshi didn't come back at all, she just shied away from work and asked the nanny to remind her to take the medicine for depression on time.

Ning Lexia went to the company to find him, but he was not in the company, so he always said he was busy on the phone.

At home, Ning Lexia lost her temper hysterically every day, smashed things, and sometimes even the nanny couldn't stand it. If it weren't for the high salary, she would want to quit her job.

But Ning Lexia didn't dare to lose her temper with Song Rongshi anymore.

She was not stupid, she felt that Song Rongshi didn't indulge her like before, because Song Rongshi already knew that her injury was not caused by Lin Fanyue and had nothing to do with him, so he didn't feel so apologetic anymore.

If she had trouble with Song Rong again at this time, it is very likely that she would lose

her former relationship, and Song Rong might divorce her at that time.

When she really leaves Song Rong, she will have nothing.

Ning Lexia felt regretful when she thought that Song Rong, who was as stupid as a pig, actually began to despise him.

She should never have come back, but unfortunately she has no way back.

Song Rongshi refused to come back, and he couldn't abuse animals. Ning Lexia couldn't take it anymore, so he could only go to the street to buy and buy.

One day in the shopping mall, when the nanny pushed her to go shopping slowly, a foreign man looked down at his mobile phone and bumped into her directly.

"Sorry, I didn't mean to, are you alright."
The man hurriedly sounded with a reflex unique to foreigners.

Ning Lexia suppressed her anger and wanted to burst out, until she saw the sapphire watch on the other party's wrist, and her heart tightened. It was a special limited edition launched by Patek Philippe in the past two years. It is said that it was only released worldwide. Three, the price of this watch is as high as five million. In fact, it is second to the rich, and it is more rare that the money can not buy it.

The reason why she was so clear was that she originally wanted to buy it for Huo Xu, but she didn't, and Huo Xu comforted her later.

Unexpectedly, this man appeared in front of him.

What it means, it means that the absolute worth and status of the man in front of him are very unusual.

At that moment, Ning Lexia quickly had an idea in her heart.

She covered her knees and frowned in pain, a small face that looked painful, "My feet."

"What's wrong with your feet?" The man panicked.

The nanny behind him also said anxiously: "How do you walk? Our wife's script is in treatment. If you bump into it, if something goes wrong."

"Auntie Wang, please stop talking." Ning Lexia was afraid that Aunt Wang's arrogant words would be offensive, so she interrupted her quickly, showing a weak look that she didn't want to embarrass the other party.

"Sorry, I'll take you to the hospital right away."

As the man spoke, he hurriedly picked up Ning Lexia and ran towards the elevator.

"Hey, wait for me." The nanny hurriedly followed.

Ning Lexia secretly raised her head in the man's arms and looked at the man's appearance.

The young foreigner is already not bad, he is 1.9 meters tall, with a burly body, blond hair, a very straight nose, and a pair of eyes that look very honest and honest.

And his clothes are also expensive.

If you don't have a wedding ring on your hand, you shouldn't be married.

It doesn't matter if you are married.
