Chapter 2297

When Garrett picked up phone call, a middle-aged woman's voice came from other side and

said, "Young Master Garrett, when will I tell Master Snow about this...?"

Garrett hesitated for a while and Said, "The morning after tomorrow."

Then...then you have to protect me. Once Miss Sarah knows that I betrayed her with terrible

character...

"Don't worry, I promised you, not to mention that I have given you so many benefits after

this is done, it will be enough for your family to live a happy life."

"Thank you, Mr. Garrett."

...

The divorce is confirmed.

Rodney quickly asked some people to shift all the things to a large flat near the company as

he stayed now.

Two days later, a divorce certificate was delivered to Rodney.

The lawyer said: "The formalities have been completed. As for the house and other related

procedures, I have already done it again but it will take time for the approval."

Rodney looked at the divorce certificate in his hand, feeling complicated.

In just a few months, there have been two such documents.

He raised his thin lips bitterly and said, "The people from outside thought that the divorce

and marriage are child's play for me?"

"..."

Lawyer was silent for a while and changed the topic, "Young Master Snow, everything is

done and It's over. I should leave now and I've to Send the copy of divorce certificate to

Sarah."

"Okay."

After Lawyer left, the doorbell rang again outside.

Rodney opened the door and saw the housekeeper and nanny stood outside tremblingly.

Rodney thought that both Housekeeper and Nanny were worried about work. So he said,

“What are your thoughts? Are you both want to stay or leave here? let me make it clear. I

have no villa under the name of the capital, if I stay, I can only introduce you to work

elsewhere.”

“Young master Snow, we have something to say you.”

“Butler Loretta grabbed Nanny abruptly.”

Nanny was bewildered.

Seeing Nanny’s frightened face, Rodney raised his eyebrows suspiciously,

“What

happened?”

Quickly Butler Loretta said resolutely, “Young Master, you don’t know something. During a

period of time, you rarely came back and Ms. Sarah often ran out and come back at 9 p.m.

or 10 p.m.”

“Young Master, You also told me before that she was in a bad mood and I didn’t go back.

So it’s normal for her to go out for a walk.

“Rodney Really didn’t want to talk about Sarah again. After all, she was already divorced.”

Young Master, I thought so too.” Butler Loretta gritted his teeth and said,

“Today I heard

what Nanny meant... Madam has a man outside.”

After finished speaking, Rodney’s face condensed.

The temperature in the room seemed to drop suddenly and Nanny was so frightened that

her legs shook and she knelt on the ground, “Young Master Snow, I’m sorry, I was also

obsessed for a while, Ms. Sarah bribed me with money, and she also asked the man to buy a

house for my son in the capital. I bought a house so I helped her hide it...”

Nanny cried also said, “ I saw the day before yesterday that you were suddenly going to

divorce and you gave so much money to Ms. Sarah and I was feeling bad about my

conscience so I talked to the housekeeper...”

Rodney couldn't listen anymore.

He pulled Nanny up to the ground with terrifying eyes, "What the hell are you talking about?"

What man? what son? What bribe? I don't understand.

Let me go, Mr. Hill Chapter 2298 | Novel By

Shallow South

Chapter 2298

Rodney didn't seem to understand.

No, I don't understand what you were saying.

Sarah loves him so much? She was Infidelity in marriage? Don't talk nonsense.

Nanny said timidly, "I'm not talking nonsense. If you don't believe me, you can check it out.

That man lives in the presidential suite of the InterContinental Hotel. I only know his

surname Ortiz. Ms. Sarah has been there a lot recently. I stayed inside for several hours and

even saw the waiter deliver a set..."

Rodney couldn't listen anymore and pushed Nanny away roughly.

Nanny was pushed to the ground and the bones all over her body hurt but the pain in her

body was nothing.

But now, she has no way out. She has received the money from that person and there is

only one way to go to the dark.

"Young master, I'm sorry."

Nanny cried, "Actually, I wanted to tell you for a long time but Mrs.

Freya threatened and

tempted me. She said that I was just a babysitter. I dared to tell you the truth and would

definitely let you know but My family can't get along in the capital and can't meet you."

Rodney touched his painful head and the pain made him breathless.

In his heart, Sarah has always been a gentle and considerate woman, even if she abused

animals later she would only do those things because she was hurt by the outside world and

had depression.

But she cheated and threatened the babysitter?

Rodney still thought it was incredible.

“What you said...is it true?” Rodney gritted his teeth and asked in a low voice.

“I swear, I didn’t lie to you.” The Nanny said shiveringly, “I... I heard Ms. Sarah talking to the man yesterday, saying that she is already going through divorce procedures with you and I will wait for it to be done. Afterwards, she went to Country X with him and she asked the man to marry.”

“Country X?” Rodney’s eyes froze, “Didn’t said that she wanted to go to Country M?”

“I don’t know, anyway, what I heard from Ms.Sarah was to go to Country X.” After the nanny finished speaking, she hung her head in trembling and did not dare to look at Rodney again.

Rodney didn’t ask any more questions.

If what the nanny said is true, Sarah has deceived him from beginning to end.

What kind of divorce is so that they can no longer consume each other, and at least leave a little good in the future.

In fact, it’s fake, it’s just that she has found a new home and wants to kick herself.

It’s just that after knowing each other for more than ten years, Rodney still can’t believe that

Sarah is such a woman.

“Let’s go back to the villa first, don’t let Sarah know about this and I will investigate this matter.”

Rodney paused a while and looked Nanny’s cold eyes.

“Go check it out.”

Nanny nodded, she was telling the truth anyway.

After waiting for the others to leave, Rodney quickly called his assistant, “I’ll find someone in

the InterContinental Hotel to check who is staying. Have Sarah been there recently? Give me

a video as a proof. Check it out.”

After putting down the phone Rodney sat on the sofa and he unable to calm down at all.

The nanny is someone personally hired, and if there is no evidence, he will not come to him to spread rumors.

Chapter 2299

Rodney didn't love Sarah but she begged him to marry and it was Sarah who begged herself to give her a prosperous wedding.

Rodney gave all he could.

Sarah also kept saying that she loved him.

Rodney admitted that he had indeed neglected her during this time and did not accompany

her. But this is not the reason for cheating in marriage.

How long have they been married?

If she was with someone after the divorce, Rodney would only wish her sincerely but not in

marriage, she would step on his face and completely remove Sarah's image in his mind.

This morning, Rodney didn't even go to the company.

The assistant took the detailed address and sent a person to check it.

Before noon, the

person checked the matter clearly and said the collected information,

"Mr. Snow, the man

living in the presidential suite is the second master of Hamel Corporation in country X, The

name is Garrett Ortiz. He came to Australia for more than two months to manage a project

for his brother, but he said that he was managing the project."

Rodney interrupted him impatiently.

The assistant was silent for a while, then said in a low voice, "I asked a person to check the

video. During this time, Sarah came in and went out Garrett's room frequently. Every time

she entered, she was disguised. If you didn't pay attention, it would be difficult to find out.

As for the nanny, Nanny is always waiting in the car in the parking lot. I asked the cleaning

attendant, and it seems that every time after Ms. Sarah leaves, Garrett calls someone to change the sheets.

" ..."

Seeing that there was no sound here, the assistant took a deep breath and continued, "I also found that Garrett's car has also appeared at the gate of the villa many times."

"What brand is his car?" Rodney suddenly asked hoarsely.

"Lamborghini."

" ..."

Rodney understood. When they divorced the day before yesterday, the Lamborghini parked opposite the villa belonged to Garrett.

The two of them unscrupulously put a cuckold on him and came to the door of the house.

Ah.

Rodney seemed to hear a funny joke, his veins jumped wildly with laughter, and in the end he couldn't control his emotions and smashed all the cups and ashtrays on the table.

After smashing it, he asked coldly, "Is Sarah still in the villa?"

The assistant was silent for a while, and then said sympathetically, "It should be... no, when I

went to check, I checked the monitor that Sarah went to the hotel."

"...Why didn't you tell me earlier." Rodney's voice was so cold that he could freeze to death.

Assistant: "..."

Can he said that he is afraid to say it?

"I'll be right here. You contact the general manager of the hotel. I want to enter the room without disturbing the two of them."

Rodney immediately took the car keys and drove out towards hotel.

The assistant who was near the hotel said that he was very sad. Is Young master Snow going to catch the rape in person?

In other words, he is not afraid of being greatly stimulated?

Forget it, he can only do things according to the leader's wishes, after all, if he was Rodney, he might have been mad.

It's okay to divorce. As a result, just after the divorce, he found that his ex-wife who loved him had cheated before and after the marriage. The problem was that when Young master Snow divorced, he still felt ashamed of his ex-wife, and gave all the money left in his pocket to his ex-wife.
result.....

Well, if it was him, he might have wanted to kill the woman. It is not an exaggeration to say that the world is really miserable. Half an hour later, Rodney arrived here in a hurry. The general manager of the hotel was reluctant to give the room key at first, but Rodney was angry and said that if manager didn't give the key, the hotel would not be able to open in the capital.

Chapter 2300

How dare the general manager take such a risk, so he had to give him the card.

When Rodney walked to the door of the suite alone with his room card, he took a long breath and opened the door gently.

At first he was worried that the people inside would find out first, but later he found that he was thinking too much.

When the door opened, the first thing he saw was Sarah's wheelchair and then there was a pile of women's clothes beside the wheelchair.

In the bedroom, the voices of women and men came out.

Rodney and Sarah had known each other for more than ten years.

Although this was the first time he had heard such a voice. He could still hear it clearly.

This was from Sarah.

It was his best first love ever.

It was the woman who confessed to him affectionately the day before yesterday when she was going through the divorce procedures.

Rodney's face turned pale. He walked to the door of the bedroom with an expressionless

face. He thought he would never forget the scene inside.
Too disgusting.
How so disgusting.
It wasn't that he once saw the scene of Sarah kissing another man with his own eyes, it was a scene of a man and a woman full of wildness.
Even, he would never be able to imagine that the beautiful first love that he once regarded as a treasure would be so dirty and unbearable crawl at the feet of another man like an animal, still so happy and intoxicated.
This scene, like overturning the river, caused a huge impact on Rodney. The person on the bed was unaware.
Garrett's eyes flashed from the corner of his eye but he pretended not to see it and kept asking, "Tell me Sarah, is it me who is better, or is it your husband who is amazing."
"What husband, he is a waste." Sarah's head was blank and her mouth was flattering,
"Garrett, You are amazing. You are the most powerful man I have ever met."
"Scrap, it's impossible "
Really, I won't lie to you."
"Then you love Rodney more than me." Garrett chased after him with a charming voice.
"I love you, of course I love you." Sarah kept her back to the door. She didn't have the heart to notice it now, "I love you the most."
"..."
Rodney's fists clenched, and even his eyes were red.
At this moment, he felt like a fool with a cuckold.
He didn't even understand how a woman could be so hypocritical and inconsistent.
Just the day before yesterday, who was still saying: I will never forget you even if you don't love me and I will always love you. In fact, I really hate to divorce you but if I don't let go,
You will not be happy.
Haha..
Jokes, all were jokes.

Rodney rushed up like a lunatic and ripped Sarah off Garrett, then slapped him.

“B-i-t-c-h...”

His eyes were red, he never hit a woman. , like losing his mind, dragging Sarah off the bed.

Sarah was caught off guard and was stunned. When she came back to her senses, what

caught her eye was Rodney’s terrifying face.

“What are you doing?” Garrett quickly put on his pants and clothes and rushed up and then

started fighting with Rodney.

The two men beat up and down in the bedroom, and Rodney was even more like crazy,

“You two, play me like a fool, I won’t make it easier for you.”

Sarah felt cold all over, she never expected Rodney to find her here.

It’s over, she seemed to have said... a lot of things that shouldn’t have been said, he must

have heard them all.
