Chapter 2301

Both Garrett and Rodney were fighting so loudly. If the waiters of the hotel and security guards come in, it will be troublesome. At this point, Sarah wanted to run away quickly.

She hurried find clothes to put on but as soon as she walked out of the bedroom, a large group of news reporters came in at the main door.

“Wow, isn’t this Young Master Snow’s wife.”

One of the reporters quickly recognized her and immediately took a camera and took pictures frantically.

“Ah, don’t come in, you are not allowed to take pictures.” Sarah screamed hysterically, trying to find clothes to wear but the reporter blocked her way to get the clothes.

She had no choice but to cover herself and flee back to the bedroom. However, the reporters took pictures of what they were supposed to take. After filming

Sarah, the reporters saw Rodney and Garrett who were fighting and they also took videos and pictures frantically.

“What are you doing? who asked you to come here? Get out of here.”

Rodney was so angry that he couldn’t care about Garret.

Although he wanted to kill sarah and Garret But he didn’t want to be photographed by reporters and break the news so that the whole world would know that he was being cuckolded.

But how could reporters miss such a hot news.

Not only the reporters ditn’t get away but moved closer to make a beaking news. “Young

Master Snow, is this your wife cheating on you? Did you just fight with the man your wife was outside?”

“Young Master Snow, is this man cuckolding you? “

Young Master Snow, are you here today to catch an adulterer?”

“Young Master Snow, I heard that Sarah is your first love. You have loved her for more than ten years. How does it feel to be cuckolded by her.”

“...”

When the last sentence irritated Rodney, it also broke his last tight string.

“Shut up, I told you to shut up your mouth, don’t you understand?”

Rodney punched the reporter and smashed his camera.

“Hey, why are you beating people? We’re just doing normal interviews.”

The reporters were also dissatisfied. Also a group of reporters and Rodney were pushing and shoving in the bedroom.

Garrett took the opportunity to roll up Sarah, who was under the quilt and escaped from the room.

“Stop...”

Rodney wanted to chase but was caught by reporters. He couldn’t shake it off so he moved his hand in a hurry.

In the end, the hotel had no choice but called the police and sent all the people to the police station.

...

The other side.

when Jason had just eaten lunch quickly he heard that his son had fought with reporters in the hotel and was sent to the police station.

The chief of the police station(Director) met him, “Mr. Snow, you’re finally here. Young master Snow made trouble at the hotel and hit the reporters.”

“What’s going on?” Jason asked.

Director hesitated for a while before sighing, “Your son has never explained the situation.

Later, I asked the hotel manager and reporters about the situation. I heard that... your

daughter-in-law has an affair with a man in a hotel room, Young master Snow took the

room card and went to room and fight with the man inside. Later, the reporter got it and

rushed over. As the door was not closed, he rushed in to interview. People hate it, but now the problem is that everyone is saying that Young master Snow did it first.”

Chapter 2302

“Sarah was with a man inside a hotel room?” Wendy was shocked and her face was extremely ugly.

“Yes.”

The director nodded, “We asked the general manager of the hotel and that person’s identity is not ordinary. His name is Garrett Ortiz and also second young master of the Hamel

Corporation. After the incident, he took Sarah and slipped away.”

“That’s impossible.”

Although Wendy hated Sarah very much but no matter what, she is married to her son and she admits it is shameful and Sarah has the courage to wear a cuckold to the Snow family?

“It should be true.”

The director said bluntly, “We watched the cameras of the group of reporters. The picture is quite irritating.”

Everyone is smart. Some words are not broken but they can be guessed. Jason tried his best to control his emotions. A person of his age and status has always been

able to sit down to a person who is as stable as a mountain in the face of wind and rain but

at this moment he couldn’t control his old face and turned cold,

“Director Jones, how many

Reporters are there? Our Snow family is willing to pay compensation. In addition, I hope you

can do me a favor. This matter can’t be a big one no matter what...”

“Mr. Snow, I understand that after I heard what happened, I immediately found someone to

suppress it but there were a lot of guests staying in the hotel and there was a lot of noise at

the time. The news would definitely spread.”

Jason can't do anything anymore. Now he can do is to minimize the losses as much as possible.

"You're welcome Mr. Snow, Please come with me and complete the formalities.

After completing the formalities then you can take Young master Snow out."

Jason asked the secretary to go through the formalities. In less than ten minutes, Rodney was released from the inside with a look on his face as many wounds on his skin, hair was messy, clothes were torn in several places and face was even more pale. After seeing Jason, Rodney hurriedly said, "Dad, give me your cell phone and I'll make a call."

Jason looked at him blankly. If it wasn't for his old age and he was in the police station, he would have thrown two ears on the spot.

"Dad, I beg you, I have something to do. I can't let that b-i-t-c-h Sarah escape." Rodney said eagerly.

"Son, No need to fight. I've already arranged for someone to check it out. It's impossible for her to leave the capital."

Jason turned around and walked towards the gate of the police station. Wendy followed with a cold face. The couple have never been as embarrassed as today in their lives. She even regretted to death, why did she recognize her when she kicked Sarah out of the house in the first place.

What else can such sons do with them? It would be nice not to piss them off sooner.

Rodney bit his lip and followed resignedly.

During the couple of minutes in the police station, he thought about it a lot and the more he thought about it, the colder he became.

If he hadn't seen Sarah's side with his own eyes or heard what he said with his own ears, he probably wouldn't have doubted Sarah's nature.

He suddenly realized that he might never know that woman is Sarah. In Sarah's mind, he is a completely rubbish.

She can say love to other men casually but to him, it may be false.

It is very likely that Rodney was deceived by Sarah from beginning to end.

This woman may have never loved herself. Many of her words are false and Rodney, being

played around by her even abandoned Freya and own daughter.

After walking out of the police station, a Bentley car drove in front of Jason.

Jason opened the car door. Rodney followed behind and lowered his head and said "Dad

and Mom... go back to palace, I... I'm not going back."

"Get in the car, I have something to ask you and don't try to hide it from me. I will find out

sooner if this matter is so big." Jason took the lead.

Rodney hesitated for a while and finally sat up.

Jason asked coldly, "What's your situation now? Didn't you borrow money from me last time

to get a divorce?"
