Chapter 2303

Rodney said in a low voice, "The divorce certificate has been completed and I got it ereyesterday."

Wendy exclaimed, "It's impossible for her to find a man to cheat on just after the divorce.

It's been a long time since she was married."

"..." Rodney was silent for a while.

Wendy touched her heart and was sore with anger.

Jason was even more angry because he remembered his 50 million dollars and said, "Son, you gave her all the money?"

"How much did you give her?" Wendy also asked.

Jason's eyes narrowed slightly, "Son, you paid 80 million dollars for the divorce fee, right? Is

it only 80 million dollars or does she have a house and a car or something? "

"..."

Rodney was always silent.

Rodney knew that if father knows about money and properties gave to sarah, he would

definitely be beaten to death. But he didn't say it. he was tacitly acknowledging that Jason

must have given him more than 80 million in cash when he stepped on him.

"Rodney, did you say it now or I'll go check it out myself." Jason was more angry.

After a while, Rodney shamelessly said, "I gave... 100 million dollars as well as the villa as we

are living in now also gave another villa and apartment worth 10 million dollars in country

M..."

"Ouch, my anger hurts." Wendy clutched her chest.

Jason: "..."

She was in pain, but he didn't.

Is he in more pain?

Although this amount of money wasn't a big for the Snow family but the problem was being played like a fool.

"Mom and Dad, I'm sorry."

Rodney couldn't control it any longer and started crying, "I'm sorry, I only found out today that Sarah was a s-h-i-t woman if I had known earlier, I wouldn't have given anything and let her alone."

Wendy closed her eyes and smiled bitterly, "ROney, you didn't understand that she was playing with you from beginning to end. You thought she loves you. No, she cared about is your identity, money, and your status or else. she would break up with you immediately after we said that we would cut off our relationship with you. The reason for cooperating with other people in acting was to want you to go a long way so that you could return to the Snow family. It was all fake. I didn't think you broke up and later I came back to you after seeing that you joined the Snow Corporation and took over a big project."

"You're a pure-hearted guy and also a stupid and I really believe you, I have never seen any woman in my life."

"I'm sure, if it wasn't for her disfigured face with a lame leg, she won't marry you at all. she has no way out. she can only rely on you and let you marry her. "

"There was another second young master from Hamel Corporation. I have heard of Hamel Corporation is a very large company in country X and ranked in the world. Such a second young master even if he is not an heir and he will live poorly in his life. If you say less, you can get tens of millions. Rodney, what else do you have, I and your dad didn't give you anything, and Osher Corporation's condition was not good, so sarah was ready to find another guy."

“She really wanted to cheat you for a sum of money and ran away.”  
“You’re such a fool. How could my good son become so foolish?”  
“Just because of such a liar, the marriage that your Dad and I arranged for you is also gone.”  
“It’s alright now. Everyone in the capital knew that you’re being cuckolded and being played with.”  
Rodney’s heart like a whip after listening wendy’s word.

Chapter 2304

If it was before, he would definitely say no and defend Sarah.  
Now, Rodney thought that Wendy was probably right.  
During the couples of minutes Rodney was in the police station, Wendy said what he didn’t want to think about and face.  
There are some things he has to figure out.  
Sarah lied to him from beginning to end.  
Rodney clenched his fists tightly. His breathing was trembling and eyes were red.  
If it was true, he would never let her go.  
He wanted her to live rather than die.  
“Stop on the side of the road.” Jason suddenly gave an order to the driver.  
The driver stopped the car quickly.  
Jason closed his eyes, “Son, now you know why your mother and I didn’t want to hand over the company to you because you are too stupid to even see people. How could I hand over such a huge family business to you? If it’s not done well, the company that the ancestors of the Snow family worked hard for generations ended up in the hands of Sarah.”  
Rodney’s thin lips moved slightly.  
“Didn’t talk.”  
Jason raised his hand and also said, “My Son, You were lying to me when you told that divorce was 80 million dollars. If I handed over the family property to you, what you gave to

Sarah today would probably be more than 100 million dollars that it would at least one billion.”

Rodney’s face flushed with embarrassment.

In the past, he was very willing to inherit the Snow Corporation’s inheritance. At this moment, he really had nothing to say.

Rodney was so stupid that he wanted to kill himself. After a while, he said, “Dad, I will definitely get the money back.”

Jason sneered, “Oh, do you think it’s so easy to get back the money you took out?”

“Rodney, when I was at the police station today, I really wanted to beat you to death. After meeting Sarah, you became completely unrecognizable and fought with me for many years.

“

“When you divorced Freya, you didn’t give a cent. She also gave birth to a daughter for you.

You are too cruel and I don’t have any hope at all. Go on down and deal with this. If you do,

just leave Australia for me. This is the last time I will do the finishing touches for you and it is

not for you but for my old face.”

Rodney’s body trembled. Tears oozing from his scarlet eyes, he choked his throat and said,

“Dad, I was wrong, I don’t want to leave Australia.”

“If you don’t leave, why do you want to stay? Today, I can suppress the media but can’t

suppress other people’s mouths. Soon, the whole capital and also your grandfather, your

uncle and aunt also the Snow family will know about your stupid things...

Don’t stay here to humiliate yourself?”

Jason took a deep breath, “Get off.”

Rodney saw the indifference on his Mom’s and Dad’s face and Didn’t want to talk him. He

felt colic in his heart and finally got out of the car with his head down.

As soon as the door closed, the car drove away.

In the car, Wendy said, "Husband, it's a coincidence that the reporters came here today. I

wonder that someone called it in advance on purpose."

"Of course someone called it up ahead of time. Someone should have known that Sarah was

cheating. Today's outing was also carefully arranged."

"who is it?"

"There may be too many people. It may be someone from the political and business circles

who are eyeing the Snow family or it may be the enemy of Sarah. There are many enemies

of Sarah's. It may be Catherine, Shaun, Freya and others. The person who kidnapped Sarah

last time."

Wendy sighed, "Freya definitely won't."

"Forget it, I can't really blame anyone. If you keep yourself clean, no one will find any black

spots. It's a fact that Sarah cheated and it's a fact that Rodney was being played with. That's

it."
