Chapter 2307

Rodney was unbelievable.

It doesn't matter if others scold him like that.

But Sarah couldn't.

For Sarah, Rodney's good marriage is gone and his children cannot stay by his side. Even

the heirs of the Snow family, the love of his father and elders and even his own reputation

and children were all gone.

In the end, he accused himself of being selfish.

Ah.....

Rodney looked at the Sarah who was crying in front of him. She still looked the same as

before but she used to feel guilty. But now, it's like getting to know her again.

It turns out that a person's tears can be so hypocritical and contrived.

He would sympathize with her and pity her.

Rodney said to Sarah with anger, "I don't f*cking love you. I spent a lot of money for your

plastic surgery and also for other medical treatment. I satisfied you everything what-ever

you want. I even lose everything for you but at the end, you blamed me. Have I ever

betrayed you? After all, Sarah, you were despicable. If you still have a trace of shame, just do

it and return all the things that I gave you. By the way, the money I gave you, that will return

it all in one lump and not only the money given to you by the divorce but also all the

expenses during this time also including the marriage fee, the gift money and all of them."

Sarah's expression suddenly changed, "Rodney, don't treat me like this. I have to take

money to treat the disease."

Rodney sneered, "Didn't you find another rich man?, didn't you keep saying that you love

him and ask for money? I was a f*cking waste and not worthy of you. Sarah, you dare to cheat on me, you must do this well. Although I am not as good as before, the face of my Snow family is not what you said. Sarah, You can step on it. Now the matters were so big even Garrett helps you a lot but I can't do anything about you and my family won't let you go. If you want that money, you will have a fate to walk out of the capital."

Sarah suddenly panicked. Her original plan was to get divorced and go back to Country X with Garrett and she wouldn't break up with Rodney. She didn't expect that Rodney found out the truth in the most unbearable way. Although the reporter did not broadcast the news, Rodney was able to come out of the police station which must have alarmed the Snow family.

Don't look at the Snow family's indifference to Rodney during this period of time but it is about the Snow family's face . That's right, it will really arouse the anger of Jason and Wendy.

She can't afford to provoke anyone in the Snow family at present but she really didn't want to take this money. One is that she was reluctant and the other is that she used it recently.

She had too much money and she didn't have that much money at all. In a hurry, she hurriedly talked about Garrett.

Garrett didn't say that it was just a little money. Since that was the case, he loves her so much. So he should help Sarah out.

Garrett didn't pretend to understand what Sarah meant and said sharply: "Rodney, you were not a f*cking guy, you were too embarrassed to ask for the money that you spend on women. Your Snow family's wealth is huge. What's the matter? It's a big deal. If you go to

court, you won't be able to pay back all your reasons as long as you're not afraid of losing face. "

"Looks like you don't want to give it, do you?" Rodney stared at Sarah gloomily and with that gaze, he wished that he could see through this person completely. Sarah stared coldly and cried, "It's not that I don't want to give it but you know that before. I have used all the money that you gave me to treat my illness. I don't have that much money for the time being. Rodney, Please give me two days, I will think about it carefully and give you the answer. "

Sarah, Okay, I'll give you two days but these two days, you can't go anywhere and stay here."

Rodney looked at Garrett coldly and said, "Now, You have to leave the place."

"No."

Sarah instinctively grabbed Garrett's sleeve. she was completely afraid. she was afraid that

Rodney would strike at her and the previous slap hurt her.

"Just because of you, you want to put my woman under house arrest?"

Garrett narrowed his eyes.

Rodney was silent for a while and clapped his palms and soon several tall bodyguards walked-in from outside.

Seeing the faces of Garrett and Sarah, Rodney smiled grimly, "I'm not as good as before but

I won't be able to handle a rich second-generation and a woman from other places. Give me the answer, or Sarah stay."

Sarah was frightened. She grabbed Garrett desperately and whispered, "Garrett, let's have a chat."

Garrett raised his eyebrows and accompanied her to the walk.

Sarah hurriedly whispered, "Garrett, I can't stay today. Didn't you see his hatred for me? If I

stay, I will definitely be beaten to death by him."

"Then what should I do?" Garrett asked nervously.

"..."

Sarah scolded him for being stupid in her heart but said weakly, "Garrett, you help me

return the money to him first that he gave it before. I have spent a lot of money but don't

have that much money at this moment."

Garrett: [How much do you need?]

Sarah: [I don't remember the exact number, but it's about 300 million...]

Garrett: [That's so much]

Garrett's face was full of astonishment.

Sarah said with embarrassingly "I spent a lot of money on medical treatment when I was in a

bad condition.

Also spent on shopping and participated in some charity activities...

Aren't you rich? Garrett,

It should be just a small amount of money for you, right? "

300 hundred million was really small money for me.... Garrett gave a wry smile, "But I don't

have so much working capital for a while. My family is afraid that I will spend money

indiscriminately, so my money is handed over to my mother's professional team for financial

management and investment. Now I definitely can't get it out from my mother."

Sarah: [The 200 hundred million?]

Garrett: [Neither.]

Sarah: [Then how many do you have?]

Garrett: [I have cash of 20 million in hand only. There were 100 millions before but after

being with you, I spent a lot of money....]

Sarah almost went crazy. She knew that Garrett was really wearing the skin of a rich second-generation but he was also a poor guy even poorer than her.

Sarah: [Then couldn't you borrow it?]

Garrett: [Of course, a few 100 million. It is estimated that we have to borrow for a few days from my mother. Nowadays, people generally have so much money in their hands, either for investment or business, okay?]

Sarah's face was pale. she hadn't been sure that she used hypnotism on Garrett. She really suspected that Garrett was playing tricks on her.

But her hypnotism had succeeded in getting Shaun to work, so there's no reason to return to him. It will fail.

Garrett whispered: "If you don't, don't pay it back. Anyway, when you get out of this door, I will arrange someone to file a lawsuit for you and find someone to protect you. What are you afraid of? "

Sarah was startled and was moved by him. After all, she didn't want to give it at all.

"Have you said enough ?"

Rodney's impatient voice suddenly came over, "Sarah, is it so difficult to ask you to pay back money or is it that you are a woman who loves money at heart?"

Chapter 2309

Sarah was angry and didn't want to bear it anymore, "Rodney, Already you have said enough. I won't give you all the money that you gave me."

Sarah finally revealed her true face and Rodney could see her clearly. She was really for the money.

Rodney kicked the chair in front of him angrily and repeatedly forced her to ask: "Sarah, you

hurt me and cheated me. This is last time I ask you, Will you really won't pay back the money?"

Sarah didn't pretend, She said ruthlessly, "No, Rodney, the agreement clearly states that this is the alimony after the divorce. I'm a first-married, so if you get together with your second-married, it will be cheaper for you. And also I lost my qualifications to be a mother, so it is only right for you to compensate me."

"Did I make you lose your qualifications to be a mother? It's clearly..."
"Is it true? Didn't you make me conceive a child?" Sarah interrupted Rodney immediately.

Rodney laughed, "I don't know how many men you have played with and it's worth hundreds of millions, so shameless."

"Rodney, how can you say such crap." Sarah seemed to be greatly hurt.
"Sc*mbag?"

Rodney laughed like he heard a joke. His eyes were red and his throat was hoarse.

After a long time, after he finished laughing, he wiped the tears from the corners of his eyes and nodded, "Yes, I'm scmbag. Did you know I'm scmbag today but since you said, then I can't let you down."

His gaze became cold inch by inch, "Beat me, beat me and Garrett to the death."

After he finished speaking, he waved his finger towards the bodyguards and the tall bodyguards immediately surrounded him.

Sarah panicked, "You don't mean anything. didn't you say let us go if you give the answer and it's illegal for you to find someone to do it and Garrett is the second young master of Hamel's Corporation. If Garrett What kind of injuries have suffered in Australia, beware that the trouble will cause conflicts between the two countries."

"Yes, yes."

Garrett quickly showed a nervous look, "It was your country that invited our foreign

businessmen to invest here. If something happens here, my family will definitely not give up.

When the time comes, it will spread to the world. Who else will dare to invest in Australia in the future? Rodney, you are crazy, you have to think about your Snow family. “

Yes..

Sarah hugged Garrett’s arm tightly and begged bitterly, “Rodney, Please, let me go. I

promise you, I will leave Australia immediately and I will never contact you again.”

Let you go?”

Rodney was severely stimulated and his whole body became violent, “I was deceived so

badly by you. I have nothing to left, you are better and pat me on the butt.”

Rodney became angry and completely lost control.

Suddenly he got mad, rushed up and kicked Sarah hard.

Sarah fell to the ground, Garrett rushed over and wanted to help Sarah but several

bodyguards quickly stopped him and dragged him out.

“Garrett, save me...” Sarah was frightened and rushed towards Garrett desperately.

But Rodney didn’t give her a chance at all. He grabbed Sarah’s hair and dragged her

upstairs.

Garrett’s voice came from the door, “Rodney, hurry up and let her go.

Sarah, hold on. I will

come to rescue you. I will find someone to rescue you immediately.”

Chapter 2310

As his voice faded away, Garrett was taken out of the villa.

When he left, he also heard Sarah’s shrill screams from upstairs.

“Go away.” A bodyguard threw Garrett out of the door and warned viciously, “Our young

master saw the face of your family. It’s enough tolerable if you don’t kill you and don’t

touch his bottom line. After all, this is the Australia, I’m really Protecting him and no matter

who it is. It's okay to want someone to disappear."

After Garrett was thrown to the ground, he stood up cursing, "Wait, wait."

Garrett was not confident enough. After the warning, he ran away angrily.

Until Garrett couldn't see the bodyguards, the fear on his face was swept away and he took

out his mobile phone and called Catherine, "Miss Catherine, I am acting for you with family affection.

"You've worked hard, Mr. Garrett..."

Catherine held back her smile and asked curiously, "You're really hardworking, I've already heard about the performance this morning."

"Yes, I even betrayed my beauty in order to have a good relationship with Costner family."

Garrett said sadly, "Don't let my face show in those videos."

Catherine teased, "Don't worry, people will only see your body but not face. With the

technology on the bed, the face will have mosaics. This time you really helped me a lot and I

have already told Uncle Titus and then I will let the Costner family and Hamel Corporation

deepen their cooperation."

"Miss Catherine, Now I'm relieved with your words. By the way, can I go?"

Garrett said, "Rodney has already seen the true face of Sarah and just now I saw him

dragging Sarah. She went upstairs and when I ran out, Rodney should be beating her."

"Tsk tsk, I thought Rodney would be willing to beat your first love, I really want to see that

scene with my own eyes." Catherine said.

The corners of Garrett's mouth twitched, "What about the first love, it has become a green-haired turtle. No man can stand it. Sarah is too good at sucking blood. How long has she

been married, she spent 300 million dollars and just now Rodney asked her to compensate,

but she didn't want to pay a cent and she still wanted to encourage me to pay her back and

she still has 100 million in her pocket. Are all men in this world stupid? “
“She has always been such a person,” Catherine could imagine the scene,
the more she
thought about it, the better she felt, “Young Master Garrett, you can’t
leave for the time
being and you have to do two more scenes.”
“What scene?”
“Call the police.”
Catherine smiled softly, “Your beloved woman was beaten, so you have
to call the police to
save her.”
“Why save her?
Let Rodney beat her to death, I think he’s lost his mind because of his
anger and may be
he’ll kill her.”
“The Snow family won’t let Rodney kill her, at most half of her life. But
it’s boring, when I
have to let Sarah come out and continue to oppose Rodney, I’ll be
completely disgusted to
death.” Catherine sneered.
“Tsk, Miss Catherine, I really don’t dare to offend you in the future.”
Garrett sighed with emotion. After finishing the call, he hurriedly called
the police.
The police came very quickly but by the time they arrived at the scene.
Sarah had already
been beaten into a coma. Her face was swollen with wounds all over his
body and back.
Rodney stood beside Sarah with a grim expression on his face, his eyes
filled with mad
hatred.
