Chapter 2321

“Not only that, when Thomas suddenly broke into Freya’s house at night to force violence and beat people, it was also instigated by Sarah.”

Speaking of these past events, Shaun’s cheeks clenched in anger, “Sarah Said that she was

dating me and no matter how bad Thomas did, as long as she begged, I would also help

and was deceived by her and thinking it was Thomas himself.”

Rodney’s body trembled and he suddenly remembered one thing, “Then Thomas gave Freya

a drug at dinner of Osher Corporation’s new product...”

Shaun said, “It was encouraged by Sarah and she originally wanted to destroy Freya but it

turned out to be a mistake. So that you and Freya got together and that night happened.”

“...”

At the beginning, Rodney actually believed what Sarah said. She said that she did not know

that Thomas would do such a thing. If she had known, she would have stopped it.

And that time Freya was beaten violently.

What did Rodney do at that time? He protected Sarah with all his life and even scolded

Freya for being disrespectful. He put all the faults on Catherine and Freya.

As if anyone who hurts Sarah is his enemy. It seems that Sarah is the kindest in the world.

The results of it.

That person regarded him as a sharp weapon in his hand and let him hurt others

unscrupulously.

He was blind.

Shaun, Catherine, Freya and Chester was not wrong...

No wonder he has nothing now.

“Shaun, Catherine, I’m sorry, I’m really sorry.” Rodney apologized with a pale face and

hoarseness.

Catherine held Shaun's hand tightly, and said lightly, "Don't feel sorry. The friendship between you and Shaun ended long ago when you ran into Hill's family for Sarah and made a fuss. That's it."

Rodney's body stiffened.

Looking back on that moment, it was an unbearable night.

Catherine stared at him indifferently, "Rodney, I hated you from the beginning for Freya and

Shaun, I thought about the past and let him go but later I found out that you haven't

changed at all and you are still as selfish as before."

"I still remember how you attacked me from behind for Sarah when I was pregnant with

twins. It's really disgusting to sow discord with Shaun. As a man, it's really disgusting. We

accuse Sarah of being a murderer today. You are no better than her. If it weren't for you, we

might have killed Sarah long ago. Save it from the law."

"You are the accomplice who has always protected Sarah."

"To this day, it's all your fault."

"You can love Sarah but you can't love Sarah to the point of right and wrong. Treat the

ruined Neeson family as a pedal."

The more Catherine spoke, the angrier she became and she even slapped Rodney directly,

"This is what you owe us all."

Beside, Eliza, who had been silent with lowered her eyes and longed for a long time. The

eyelashes covered the tears. However, only she knew that her heart was shaking to the point

of pain. She didn't even dare to take a deep breath for fear of revealing her emotions.

"I'm sorry, I'm sorry." Rodney remained motionless.

Catherine's words made him unable to refute.

Chapter 2322

Rodney was even ashamed. If he could go back in time, he wanted to strangle to death the stupid self.

“The most useless thing in this world is to be sorry. Fortunately, the sky is full and the bad guys will eventually get their revenge.”

Catherine glanced at Shaun and Eliza, “Since the confession has been recorded, let’s go.”

Shaun and Eliza walked out of the police station without saying a word. A black car drove over and Eliza finally raised her head and turned around then hugged

Catherine, and said in a trembling voice, “Thank you, thank you.” Thank you very much.

Taking revenge in this way may be the best ending.

Once, she thought of taking revenge on Sarah in the cruelest way and make her life better than death.

But the price of that was dragging herself into the abyss.

Eliza especially thanked Catherine not only for herself but also for her dead parents and Charity.

No one understands Eliza’s pain. Because everyone didn’t know that she was Charity, her parents died so wrongly.

Catherine said softly, “No need to say thank you, we are all Charity’s friends.”

Eliza nodded and got into the car without looking back. She didn’t dare to look back, for fear that she would burst into tears.

It wasn’t until the white car slowly left that Shaun hugged Catherine, bowed her head and said apologetically, “Cathy, I’m sorry when you scolded Rodney just now. In fact, I wasn’t much better.”

“It didn’t get any better, but...” Catherine squinted at Shaun, “For the sake of finding

Thomas, I would completely forgive you and if it wasn’t for you After finding a relationship and thinking of a way, the police may not re-investigate Aunty Jennifer’s death.”

Shaun said, "This is what I should do. Thomas used to be the most important pawn in Sarah and he knew too many things now. But Thomas seems to have offended people. When my people found him abroad, he had a miserable life and he was a little confused. I thought I would let him. It takes a bit of work to testify in court but I didn't expect that he would rather go to jail than stay outside."

Catherine was a little surprised, "Shaun, You mean that Thomas has a mental problem?" "Will that affect the testifying in court?"

"No, although Thomas's brain was a little stimulated. He kept saying that Sarah had harmed him. If it wasn't for Sarah, he wouldn't have had nothing. He hated Sarah very much."

Shaun said to Catherine with looked at the direction Eliza who was in the car, "Didn't Eliza kidnap Sarah before?"

"You suspect it was Eliza?" Catherine was stunned, "It's not impossible."

"Shaun, Forget it, it doesn't matter and as long as our goal is achieved. If the case is

sentenced, I believe that Sarah's crime should be the death penalty.

After Shaun finished speaking, he suddenly grabbed Catherine's little hand and knelt down

on one knee near the police station where people came and went.

Catherine was startled and quickly looked around. There were many people here and also in

the parking lot. When they saw this scene, they all stopped to watch.

Catherine didn't want to be the focus so she quickly said, "What are you doing? Shaun, get up quickly."

"Catherine, listen to me." Shaun raised his chin slightly and his starry eyes affectionate,

"Would you like to give me another chance? I don't want me to remain anonymous with you

all the time. I'm quite insecure. Now, I want to formally propose to you.

Can you remarry me?"
