

LET ME GO MR HILL

Chapter 2385

“When did you owe her?” Nathan wondered.

“Uncle, you forget that I changed Freya’s contraceptive pills in the first place, otherwise

she wouldn’t get pregnant, let alone enter our Snow family.”

Nathan was silent.

If Jessica didn’t mention it, Nathan almost forgot about it.

“Jessica, isn’t that like you?” His niece is remembered as a fierce, hard-hearted man who

even felt guilty.

If Nathan and Jessica were to face each other at this time, they would surely see the

person on the other side of the telephone with a sarcasm, “Uncle, did you and the Snow

family think that I was doing too many mean things in my hand, and I should be

insensitive, right? I would not feel guilty, there would be no pity, just like a robot.”

“That’s not what I mean”

“Don’t rush to deny that I’ve never called pain once in all these years, so you’re all used

to it, and I know, a woman, in a place like the Snow family, if there’s no absolute ability,

there’s only a fate at the mercy of others, and if you resist, you’ll be betraying the chains

the Snow family has carefully cultivated, as if without the Snow family, there’s no me

today.”

Nathan was silent and a bit hot.

Today, he’s been vilified.

Nathan was scolded first by his son, then wife and now by his niece.

Jessica said: “I also have to admit that the Snow family did spend a lot of energy on me.

I enjoy the position of eldest young lady. I live a care free life. The steps of my life are

higher than others from birth. So since I knew it, I have given back as much as I could.

After all these years, I have given back almost as much. Now, I have my own ideas, I

have no obligation and have no condition whatsoever.”

“All right, Jessica.”

“Then did you ever think that I wasn’t behind my back, that Snow family was so smooth in Australia?”

“Uncle, without Snow family, do you think you’ll be re-elected? Even the team elite will listen to you?”

“Sometimes money and things like that seem tacky, but a lot of things also depend on money. We cooperate with each other and never have anyone to rely on alone.”

“Oh, good, Jessica, I didn’t think of it.” Nathan said.

It has been a long time since Nathan took over the post.

“Uncle, I’m willing to help Ryan, not only for helping me get into the Snow Corporation, but for the whole Snow family, he understands me best. We are not only relatives, but also confidantes, and friends. That’s my attitude.”

Jessica hung up the phone.

Nathan immediately flapped his phone on the table, and the glass membrane of his phone was shattered.

Heidi came out of the shower and saw her husband with a black face.

Based on Jessica’s past experience, Nathan must be angry now, and she probably didn’t

talk to Nathan very well.

Sure enough, Nathan pointed to mobile phone and complained to her,

“The girl with the strong wings of Jessica did not put me in the eye at all, and even threatened me, I still haven’t resigned, but if I do, I will return.”

“Jessica is not a rude person.”

“Honey, sometimes you have to look at the beginning. The Prime minister post is not so comfortable, even the things that are tied up. have you ever thought that you can’t just cut Jessica’s face? you can’t even fall out with Australia’s top 10 major companies. Every

year, you have to constantly find ways to let them invest heavily in Australia, create more jobs, pay more taxes?"

Chapter 2386

Nathan was quite speechless.

"People, be nice. Don't change your identity or your temperament."

After Heidi finished speaking, she turned around and took care of her face.

"My wife, I feel the greatest happiness in my life is marrying you. My father is wrong

about something. There are many things about me that have always been our mutual

complement. I can only have today. Even I have a bad temper."

Heidi listened and looked at her husband. "Husband, don't look at our status. Many

people are scared before us, but after you retire, we're not just the same as the usual old

man and wife who occasionally wanders around the supermarket or park for a walk?

If you do it well, the posterity will always talk about you. You do it normally, you have

your name in the political and historical book. I tell you this, hoping you will always

remember your original heart."

Nathan nodded.

"Tomorrow I'm going to talk to Freya. Don't worry about it."

.....

The other side.

After Ryan went back, he turned on his mobile phone and received several Whatsapp

messages from Freya:[Rodney told his family about it, didn't you?]

Ryan: [How can I be? It's not ancient.]

Freya is relieved:[Is it convenient to pick up the phone now?]

Ryan called her just reply this message, "I just came back from my old house."

"They all scolded you?" Freya's body is tense. She can imagine the Scene. If it were her...

... They may not be able to hold back the look they despise.

"Other than Rodney, they didn't curse."

Ryan snorted, "It's a good thing my Mom taught Rodney a lesson."

“Mom?”

Freya was so surprised.

“Shouldn’t she be angry too?”

“My Mom was not confused. When Rodney was wearing a hat for us, My Mom said that

we were wearing a green hat for him. The nature of the word was different. My Mom

was very angry and said that he had nothing to say.”

“People don’t agree now, but they can’t help it,” Ryan said with a faint smile.

Far from being comforted, Freya chuckles: “Your parents will never agree that I’m a

second married lady”

“Freya”

“If you’re told you can forget it, how can you not have confidence in yourself? You know

how many words I said to praise you tonight for you. You have to have confidence in

yourself. Many old men can marry a married woman to be a wife, and on what basis

women can’t find a man who hasn’t married.”

“You, a man, still helps us women to talk, if you hear that from those macho men, you’ll

be scolded.”

“Freya, you’re the woman I love. I hope you have confidence in yourself.

I’m not as good

as you think and I have many faults.” Ryan said it seriously.
