

## Chapter 2407

"Stop arguing."

Heidi had been reading the comments on her phone when she noticed them almost arguing. She raised her head and said, "Ryan's idea is correct, and what he wrote... It's also a genuine feeling. I just finished watching it. The current wind direction is excellent, and the majority of them have been moved."

—

"Really?"

Nathan was taken aback and rushed over, saying, "I'll take a look."

Heidi, please hand me the phone, I want to look it up. Nathan remembered to bring his own glasses.

Nathan Started reading the comments:

[Woo, no, I was moved to death, how could such a beautiful love exist?]

[I suddenly feel that Ryan is a good man, and Freya is also pitiful, but fortunately, she came

through hardships and met Ryan,  
so be bold and love, I support  
you.]

—

[If you had met me earlier, I  
would not have allowed you to  
become a second marriage. This  
is the most touching love story  
I've ever heard.]

[My God, it's no surprise that  
everyone said Ryan liked men  
privately last year; I thought he  
really... Everyone is doing it to  
show Freya, and I don't know  
what to say about it. He is too

cruel to himself. In order to pursue a woman, a man does not hesitate to label himself a homosexual in front of the entire country. He is madly in love with Freya.]

[I, too, am divorced. During my confinement, my husband cheated on me. I wanted to divorce, but my husband refused and claiming that it would leave the children orphaned, so I understand Freya's mood, Rodney's type of man. There are many people but not everyone has the opportunity to meet Ryan.]

[It's unthinkable that the prime minister's son is secretly in love with his ex-sister-in-law, but I like it. What became of the ex-sister-in-law? They are now divorced and have no blood relation. Freya is also very attractive, so it is natural for her to like Ryan.]

[I am a man too, and I have a crush on a girl with a boyfriend. I completely understand how you feel. If I can't be with her, I'm willing to stand guard silently; however, her boyfriend can't bring her happiness, so I'm willing

to stand guard. Come out to  
make her happy, and sometimes  
I'm irritated that I can't show up  
earlier, but Ms. Freya has a good  
relationship with her boyfriend,  
and I can't break up the family.]

[Looking at my sister-in-law is  
disgusting, and the richer the  
person, the more perverted and  
disgusting it is.]

[Are you ill upstairs? Have you  
thoroughly read Ryan's writing?  
He likes it, but during Freya and  
Rodney's marriage, Ryan kept his  
love silently in his heart and even

wanted to let it go. Rodney was nice to Freya, but he didn't know how to appreciate it.]

[Do you believe what Ryan writes about a pack of licking dogs?

Freya and Rodney divorced a long time ago. Perhaps they already had an affair but didn't tell you.]

[I believe that writing such a touching article is impossible if the feelings are not genuine.

People who have never loved do not understand the feeling of

crushing someone, and as you

say, Rodney married Sarah when

he divorced, and now he's divorced again. A single divorce is insignificant, but two divorces are extremely problematic. Rodney not only has poor vision, but also a personality flaw.]

[Wasn't it a big deal when Rodney and Freya divorced before? Freya did not appear to have given birth to a child for more than two months. She was previously pregnant and married into the Snow family. Yes, how can a woman cheat while pregnant and shortly after giving birth?]

[Actually, if it wasn't truly deep love, someone with a bright future like Ryan wouldn't stand up and accept responsibility, especially since they are only in love. I believe the Snow family is strongly opposed to it at the moment, but he supports Freya. I'm not interested in my job any longer. To be honest, I admire it and therefore support it.]

[Let's establish a good relationship. When it comes to women, Ryan is very scheming, but the more he looks at these scheming, the more he likes

them. They are extremely appealing. If a man is willing to treat me this way, I will marry him, regardless of who he is?]

[Ryan rose and spoke; why hasn't Freya said anything yet?]

## Chapter 2408

[Freya said something, she just stood up and admitted her relationship, go see what she said.]

[As you can see, Catherine,  
Eliza, and others all spoke up.]

-

After "...", there are tens of  
thousands of comments.

Nathan didn't bother to read it.  
He returned to Freya's and the  
others' Facebook after leaving  
the comments. His face improved  
significantly, and the large stone  
he had been pressing on became  
lighter.

but.....

"Let's take a look tomorrow, I hope the wind review will continue to be like this tomorrow, but my opponents should also ask the sailors to discredit us." Nathan frowned, snorted coldly, and handed the phone back to Heidi.

"If they want to invite the navy, why can't we?" "Besides, what Ryan said was the truth, he didn't hide it." Heidi said with a smile, "under this premise, the people are supportive, and others will ask for more." No one will believe the water army's smear."

"Are you certain there are no flaws in your Post?" Nathan looked nervously at his son.

—

"Don't worry about my work, Dad, unless Freya and I really deviated during her marriage, which we didn't do." At the time, Freya didn't like me. We've only been dating for a year." Ryan raised his hand and nearly yelled.

"You are so proud of yourself now that you want to be with Freya." Nathan exclaimed.

Ryan said solemnly. "Dad, have you thoroughly read the post I wrote? I admire Freya not only on the outside, but also on the inside. If Freya is not good, how could you and your mother agree to her living in the prime ministerial Palace and let alone treat her as a half-daughter? I've become more involved in this relationship, and I've invested more and deeper. I can't live without her; please don't make it impossible for us to be together."

"You..."

"Aren't you sick of fighting? "It's late, I'm tired, go to bed." Heidi stood up, "there's more work to be done tomorrow." I won't be able to face it if I don't rest."

"Can I sleep?" Nathan snorted.

"You can't sleep, so I must."

Ryan was about to leave, but as he approached the door, he turned around and said, "By the way, Dad, I'll give you the letter of resignation tomorrow."

"What?"

"Are you sure you're going to resign?"

"Dad, I have to do it because I said it, so people don't think I lied."

"In this way, your opponents will also find I don't have any chance to smear you, you see, regardless of whether the people support or not, for this matter, your own son will be resigned." Ryan said solemnly, "People will say you are a selfless prime minister, so the reputation will completely shift in our favour. I can't think of anything wrong with me."

Nathan knew Ryan was correct,  
but as a father, he was still sad.  
"But..."

## Chapter 2409

"Dad, I know you're not used to  
not having me as your right hand,  
but you can hire me as a special  
adviser, and you can still find me  
for some things you don't trust  
others to do. Furthermore, I  
intend to take advantage of this.  
For a while, I took the doctoral  
degree examination. I'm still

young, and I'd like to spend more time immersing myself in things. To be honest, I'm only 26 years old. I'm too showy. Many people will be envious and feel excluded as a result of it. I occasionally take a step back in order to move forward."

Nathan had nothing to say this time.

—

Everything was so well planned by the son that Nathan couldn't even refute it.

Nathan should be relieved as well; after all, Ryan was still so young, but he was wise enough to be on his own.

"Just do what Ryan said."

Heidi smiled and nodded "Young man, don't pursue power and status blindly; what is present now may not be present in the future; the knowledge in your head and the certificate in your hand, the future is the most important support. Learn the languages of other countries if you still have time. I hope you

are fluent in more than five languages."

"I'll do it."

Ryan returned to himself with a nod. When he got home, he checked his phone and saw that there were many missed calls, two of which were from Freya.

—

His fingers are slightly tense and his gaze was drawn to the line of phones, and after a while, he sent a Whatsapp message: [Did you sleep?]

Freya called directly a minute later.

Ryan rubbed his brows nervously, pressed the answer button, and the phone connected, but there was no voice on the other end.

Ryan coughed unnaturally, "I know you must be very angry now, if you want to scold."  
thinking the two were still arguing, Ryan officially announced their love without saying a word.

"... Did you miss what I posted on Facebook?" Freya abruptly inquired in hushed tones.

"Huh?" "No, I've been dealing with things just now, what did you say?" Ryan was taken aback.

Freya hummed and bit her lip, "You can't watch it yourself."

She simply hung up after speaking.

I'm sorry, but I'm also nervous and shy.

This is how it feels when two people decide to fall in love for the first time.

Freya was obviously excited and had a lot to say to Ryan when he

didn't answer the phone, but  
after she got through, she  
seemed to be mute.

Ryan was taken aback for a  
moment before opening an app  
and seeing her repost [We are in  
love, I was not brave enough in  
the past, and I will work hard  
for you in the future.]

There aren't many words.

However, it was exactly what  
Ryan desired to see.

Ryan raised one of his lips and  
stated that he was willing to take  
a hundred and ninety-nine steps

towards her, and that as long as she took one step, he would be very happy.

Ryan is openly in love with her, and Ryan can agree with him, so he is very happy.

In addition, Freya stated that she would work hard for herself.

This is sufficient.

Ryan opened Whatsapp and asked her: [Are you really not angry? I'm a little concerned.]

Freya: [Hmph, I'm afraid that you're going to start your

relationship without saying anything, it's too much, don't tell me anything.]

Ryan: [I'm afraid you'll pause, you're too timid, and... I see you've backed off a little in the morning. I'm afraid you'll leave, and it'll be public. Anyway, it's not easy for you to leave me for now.]

Freya: [Villains, villains, villains.]

Ryan: [I agree.]

Chapter 2410

Freya: [But I like you a lot, a despicable villain and a big villain, and I love you very much.]

Ryan was stunned by the short line of words, and his heart began to beat violently and rapidly.

—

Freya: [Do you think you'd want to kiss me right now if I was in front of you?]

Ryan: [You guessed it, I really want to kiss and hold you in my arms.]

Freya:[Come and see me tomorrow and I'll give you enough kisses.]

She also sent several blowing kisses after speaking.

Ryan's energy and blood surged violently in the evening. He really wanted to run to her side if he hadn't had to write a letter of resignation later.

"Little goblin, are you trying to make me lose sleep tonight?"  
Ryan asked with a wry smile.

—

Freya: [Anyway, I'm having trouble sleeping. Who told you to write so tenderly while in a public relationship? I was deeply moved by your words. Ryan, I command you to treat me and love me in this manner for the rest of your life. I take it seriously, because I fell madly in love with you. If you dare to betray me again, I will not make you feel any better. I will undoubtedly annoy you to death and ruin your reputation. I will undoubtedly suffer if you no longer love me. No, it doesn't.

Freya: [I've never loved anyone more.]

Ryan exhaled deeply and took a screenshot of what Freya said. Ryan will treasure it for the rest of his life. He can take it out and look at it again and again when he gets old. [ No, I'll always be waiting for you. When you're going to marry me.]

Freya: [All right, then you wait.]

Ryan: [go to bed; I'll see you tomorrow.]

Freya: [When will you arrive? I'd like to see you in the morning.]

Ryan: [Not in the morning,  
because our affairs are public,  
and there are follow-up matters  
to be addressed.]

Freya: [All right, good night.]

Ryan: [Good night, I love you.]

Freya: [I love you too!]

Ryan lay on the bed and hands  
behind his head, staring up at  
the ceiling with a deep smile on  
the corner of his mouth.

His heart is like a hairy boy right  
now.

Have a long-term vision for the future.

Until the abrupt sound of the phone broke the silence once more.

"I haven't answered my call, I'm quite busy," it was Jessica who called and said this time.

"Yes, I was just talking to my parents." Ryan sat up quickly, only to remember that he had just received a call from Jessica and had forgotten to return it.

"It's incredible, the romance was announced unexpectedly, and now

the entire Snow family is shaken,  
and many relatives have called to  
ask me.” Jessica smiled bitterly.  
She admired Ryan’s bravery, and  
if she were on the road of love,  
she would always have Ryan by  
her side. A pinch of bravery will  
not suffice...

“You know me well, Sister  
Jessica, and I’ve always been  
serious about my feelings.”

“Besides, Freya didn’t blame me,  
and she was very happy.” Ryan  
smiled.

"It's impossible for any woman to be angry after reading what you wrote." "You kid, I've never seen you fall in love before, but it's quite tricky to chase women." Jessica teased Ryan.

"Haha, would you like me to teach you?"

Jessica stated that low "Forget it, I'm not a man," she laughed, "let's get down to business, I found Rodney's whereabouts."

"...Of course." Jessica's face was cold but her smile had faded.

"Fortunately, I shot ahead."

Jessica said.

Jessica refused to admit it, but she said: "They appear to have invited a media executive over for dinner at night, and the boss is most likely still there. I'm instructing the people below to announce your relationship with Freya tomorrow, but your small post probably caught them off guard."
