

## Chapter 2415

In fact, who can't write small articles?

I can, too.

I never considered divorce; yes, I was stupid and was duped by Sarah, but at the time I just saw Sarah as pitiful; I always knew I fell in love with Freya, but your two too frequent contact stimulated me. I was drunk at the time and was sent to Sarah by a friend in a confused manner, and I then had an unintentional relationship.

—

When I woke up that one time, my clothes were intact, and I had no idea what I had done to cause Sarah to become pregnant.

I pleaded with God not to divorce, not to lose my wife and children.

Ryan was the one who forced me to divorce, and Ryan, along with my sister, kicked me out of the Snow family, leaving me with nothing and unable to fight him. I could only watch myself being forced to divorce, as well as his wife and children, as they followed others.

Who would object to the child being my own flesh and blood?

However, some people kept preventing me from visiting my daughter at the ministerial palace, causing my relationship with Freya to deteriorate.

I just want to point out that some people don't place too much emphasis on their own identity.

—

In the past, I didn't say anything and thinking about enduring for the sake of my children, but now I've come to a dead end, and I don't want to endure any longer; anyway, I'm out of options.]

Ryan also posted a video and photos at the end.

Freya and Ryan can be seen hugging and walking out of the restaurant in the video. Ryan occasionally lowered his head and kissed the woman in his arms.

Another image shows Ryan and Freya standing together at a cocktail party, with Freya lowering her head and Ryan touching her head, her eyes as gentle as water.

Netizens who had been watching melons for a while noticed that another master had appeared and immediately cheered up.

Many netizens, however, hold opposing viewpoints.

[Is the video proof that Freya cheated on Ryan during their marriage? When viewed in this light, these two are truly repulsive.]

[The meaning of Rodney can be summarised as follows:

1. What Ryan said was false.  
During their marriage, Freya and Rodney were ambiguous and even cheated on Ryan.
2. Ryan impersonated the prime minister's son to rob his cousin's wife and collaborated with his cousin to suppress Rodney.
3. The prime minister's entire family forbids Rodney from seeing his daughter when he is present.
4. Rodney had no intention of divorcing Freya. He was fond of Freya. Divorce was compelled and unavoidable.]

[From this vantage point, Rodney appears pitiful. I heard he used to be the Snow family's iron-clad heir, but

was later kicked out for no apparent reason. It was revealed to be the ghost of Ryan. With rage, he vomited blood; the world of the wealthy is extremely complicated.]

[Please open your eyes upstairs and take a closer look; haven't you noticed that Freya in the video is very thin, her hair should be longer, and she's dyed, which is very similar to her recent photos? It was obviously taken recently, and Freya is a little fatter in the photo, with her hair reaching her shoulders, more like her appearance around the time of her divorce.]

[What I said upstairs is correct; Ryan also stated that they are in love, so it

is normal for couples to hug and kiss on occasion.]

[Even if the video was recently taken, the photo cannot be faked. The two are so ambiguous in the photo, especially Ryan's eyes, that they can't be hidden. There had to be some ambiguity.]

[Didn't you notice Freya bowing her head? How could she see Ryan's eyes, and Ryan also admitted directly that he liked Freya a long time ago, and his eyes are gentle when facing the person he loves. Is this normal?]

Chapter 2416

[Is it normal for you to touch your head? Anyway, I think it's very ambiguous, and what Ryan said isn't always true.]

[It's not surprising, isn't it, that Freya's husband cheated on her and Ryan comforted her by touching her head?]

-

[Touching her head can indicate that Ryan has feelings for Freya, but to say that the two had an affair last year is not necessarily true; think about it: if the two really had something before, why did Rodney leave? The recent video of the two of them kissing was posted alongside a head-touching photo from last year,

clearly intended to confuse our audience, and as you may have noticed, the video and photos are timeless, Rodney is ruthless.]

[I'm not sure what happened to Ryan and Freya, but Rodney is not a nice person. Do you really believe the Internet doesn't record it, or that netizens have no memory? If he truly felt responsible as a husband, he would not have taken in his ex-girlfriend and arranged for Sarah to live in a house.]

[That's right, he was drunk, and his friends didn't return him to his wife, but instead sent him to Sarah. What does that even mean? It means that all of his close friends are aware that he prefers Sarah.]

[You can't see where he's wrong  
throughout the article, indicating that  
Rodney's a very selfish person.]

“ ”  
...

Netizens discussed intensely.

—

Some chastised Ryan, some chastised  
Rodney, and some chastised Freya.

Freya and Ryan are no longer  
supported by the Internet as they  
once were.

.....

Ryan spent the night in the ministerial  
palace and didn't get much sleep.

When Ryan heard Rodney's voice, he  
immediately directed his secretary to

gather the latest news from the Internet.

"Master Ryan, we investigated the data, Rodney dispatched the navy, and while there are still many people on the Internet who remain rational and do not blindly believe in Rodney, some people are beginning to question what you said. When the day breaks and another wave of traffic arrives, many people may listen to the navy's words and turn to Rodney." Ryan was furious when the secretary said that "This Rodney is so brazen. Now, much of what he said above is simply slandering your and the ministerial Palace's reputation. The prime minister and his wife felt sorry for him when he came

over. He clearly did not want to accompany the children, but you were the one who blamed him."

Ryan put both hands on assistant's shoulder. Ryan crossed it on the table and looked at the phone photo of him touching Freya, and didn't say anything for a while.

Ryan had no idea Rodney had such a good memory.

Rodney captured the only time Ryan touched Freya's head in public.

When the assistant noticed this, she asked cautiously, "Should we look for the navy?"

"Of course we will, but we must provide evidence so that netizens can see how many lies Rodney told."

Ryan cocked his brow. "Didn't Rodney say that the ministerial Palace forbids him from seeing the child? Then you proceed to the ministerial Palace's surveillance. You take Dani to the garden every time you come, and there must be a lot left. There's also this photo of me from a dinner Freya and Rodney attended back then. Go ahead and remove the entire video and re-upload it for everyone to see. What was going on with Freya at the time? Rodney also shared this video. video....."

## Chapter 2417

"It was taken the day before yesterday when Freya and I went to this restaurant for dinner, and there must be surveillance cameras at the door." Ryan explained to the assistant. You go and completely copy it, the time and place must be available, and Rodney's crazy look, don't delete it, let the netizens and Rodney himself see how crazy he was the day before yesterday."

"I'll leave right now."

—

...

After an hour.

"Master, I just went to the restaurant, and the manager there said that someone came to him yesterday morning, saying that the person in the surveillance was famous, so he deleted it so as not to cause trouble for the restaurant." the assistant said, embarrassed.

Rodney should have expected it to be deleted in advance, and the monitoring of the dinner party was also deleted in the early morning."

"This time, it's smart." Ryan said softly.

"What should we do now, young master?" the assistant asked anxiously.

—  
"Forget it, come back; in fact, I expected to be unable to find it." "But I can't think of the things Rodney can think of, don't worry, those surveillance videos were made by me the day before yesterday," Ryan said casually. Simply copy everything, edit it, and upload it."

"You really, Master..." It piqued the assistant's interest.

Ryan's thin lips curled into a frown.

Don't blame Rodney for being rude because he was so ruthless.

Ryan has been thinking about it a lot since yesterday's decision to make it public. Whether he and Freya had any

unexpected ambiguous behaviours in public every time they met during the period when Freya was not divorced, which Rodney could discover. He pondered it for a long time, but the only thing he could think of was that touch.

As a result, after careful consideration, he admitted that he had always had a crush on Freya, rather than falling in love with him later.

Fortunately, he was correct once more.

Ryan walked to the restaurant in the morning, and as soon as he walked in, he saw Nathan furious with the phone, "Brother Jason, I don't want to get angry at you, but no one can save Rodney this time."

"Don't help this son any longer; a beast like him isn't worth your kindness."

"Didn't you see what Rodney said on the Internet, that the ministerial palace won't let him see his daughter?"  
Rodney is still alive. Personally, I only stopped him the last time I came, when he ran to harass Freya, and Heidi let him go."

Nathan became increasingly enraged.

"Tell me, am I that kind of person, I've sat upright and upright in Nathan's life, and am I not good enough for him?" How many times have I helped him inside and out over the years, I'm really disappointed, and I'm not going to know this thing anymore."

Nathan was still irritated after the angry rebuke and slammed the cup on the table on the ground.

"I won't be called Nathan if I don't kill this beast." When Ryan saw his father appear, he knew he didn't need to say anything else: "Dad, don't be angry, I have already found evidence to fight back, Rodney." It won't be much longer."

"I'm just irritated." "Yesterday you said that Rodney would betray, I really don't want to believe it, even though that child is not my own, but I had high hopes, but in the end, I stabbed my uncle with a knife instead." Nathan Tieqing expressed disappointment. What kind of crime did Rodney give

me, bullying others, abusing power for personal gain, covering the sky with one hand, these words, put it on my head, don't do it? Rodney stated that he did not want me to be re-elected, but rather that I step down now."

"I told you earlier, Dad, Rodney's changed." "Rodney's still hiding in Minister Judson's house, Snowden." Ryan said helplessly. It is difficult for intruders to gain access."

"Ryan, please end this matter as soon as possible. You can't afford to let Rodney cause a fuss."

Chapter 2418

Heidi sighed, "If the trouble continues like this, the people below will set up an investigation team to investigate into your father."

"I see, this is my letter of resignation."

-

Ryan handed over the resignation letter that he had arranged in the early hours of the morning. "Dad, you can arrange for someone to take over my job as soon as possible."

"...Well."

Nathan examined the resignation letter, his eyes heavy and tired.

.....

The other side.

Early in the morning, the Lynch family woke up and fell out of bed. They went to bed early and completely unaware that when they woke up, their daughter's relationship had been completely disclosed.

—  
Mrs. Lynch looked at the article written by Ryan. Her eyes had not yet recovered, and Rodney's words that slandered her daughter nearly gave her a heart attack on the other side.

"No matter how much Rodney cares about his daughter, Rodney doesn't have the right to slander our daughter like this, b\*stard."

"I can't do it any longer." Mrs. Lynch said angrily while pointing at Forrest. Let Rodney to slander your sister, and you immediately send him a lawyer's letter on behalf of the Lynch Corporation; I've lived for so long, and I've never seen such a shameless person."

"What does Rodney mean now, that if he dares to cheat, he is innocent?" It's unconscionable that so many people are speaking for him. Forrest, hurry up and contact the reporter; I'm going to be interviewed, and I'm going to scold Rodney."

Freya lowered her head. She was not saying anything. She was looking at her daughter in her arms.

Dani looked at the excited grandmother, not knowing why, she blinked for a moment and afraid to cry.

"Don't cry, Dani; I didn't mean you."  
Mrs. Lynch was startled and quickly coaxed in a low voice, but she couldn't stop crying, "Our poor Dani, your father, Forget it; that kind of person is unfit to be your father and even his children must be used for the purpose."

Freya was aware of her mother's state of mind.

She couldn't understand how Rodney had become so ruthless.

Her ex-husband is that type of person.

Now that Freya think about it, it's especially frightening and cold, like being stared at by a poisonous snake.

"Don't say these things in front of the child, because the father has no choice." "We just need to educate the child well, don't let Dani be like her father." Mr. Lynch sobbed as he touched Dani's little head.

Mrs. Lynch explained after a brief pause and another look. "The Ministerial Palace is the subject of this discussion. Ryan's family will undoubtedly stand, but as Freya's mother, I am unable to do so. We must speak up for our children, even if

we don't want to. It must be beneficial, but what must be done."

Mrs. Lynch gave a nod.

Regardless of the cost, he personally recorded the video and posted it on the Internet via a reporter known to Forrest.

Mrs. Lynch yelled angrily and said in front of the camera. "Rodney, do not be too shameless; when my daughter was with you, how did you despise her after they became engaged? You frequently hooked up with Sarah. You returned to my daughter after Sarah decided that she didn't want you. Freya made sacrifices for her child's sake. You didn't even organise a wedding, kid, and she was present. You

fought with her less than a month  
after giving birth, and she became so  
enraged that she was confined to her  
mother's house in Melbourne.
