

Let me go, Mr. Hill Chapter 2696

Chapter 2696

Charity's eyes shifted, "Since you can't let go of me, why were you unconcerned when I committed suicide? Oh, by the way, you still ran over and said I was going to die. What did you have to do with other women? If you want to die in the future, don't bother me, you won't be soft-hearted."

Monte wanted to kill his former self, "I'm sorry, Eliza, I thought you were pretending to commit suicide at the time. The harsh words I used were intended to make you give up on me, to be with me, because it is difficult to gain family support, and... you are so beautiful that I feel unworthy of you."

"Is it now worthy?" Charity inquired, surprised.

Monte quickly held her hand and said affectionately, "Eliza, I can't forget you really. Do you remember how happy we were together before?"

"I heard you have a fiancée, Young Master Patterson. It's not good for you to be holding my best friend's hand like this. Do you believe my best friend is your lover, eh?" Freya appeared beside the two with a half-smile and aggressive eyes.

"Not to mention, Freya had been with Ryan for a long time, and the aura on his body had grown increasingly dense.

Monte was not afraid of Freya but he did not dare to disobey Ryan's face.

“How could it be?” Monte not only refused to let go but also squeezed Charity’s hand even tighter, “I’ve never had a crush on Eliza. She was also my real girlfriend when we were dating.”

—

“But you already have a girlfriend. Since you have it, don’t come to bother Eliza.” Freya said coldly.

“My engagement with Sophie was only forced upon me by the family elders, and engagement is also a means of postponement. I’m currently working very hard. My vision is to inherit the Patterson family as soon as possible so that I can choose my own spouse.”

“I love Eliza, I used to be too cowardly. Now I want to do it for her effort.” Monte said firmly.

Catherine said, “OK, since you adore Eliza so much, you should end your relationship with Sophie right away. Stop bothering my friend. If you don’t break up with Sophie, you’ll be with me. Do it right.”

“And also with me.” Freya arched her brow.

Monte was not irritated but a smile appeared on his lips.

Freya and Catherine’s relationship improved as they worked harder to protect Eliza.

When Monte reunites with Eliza in the future, maybe he will be able to get in touch with the forces behind Catherine and Freya.

“I was the one who was abrupt. I will handle the situation between myself and Sophie. Eliza, if I broke up with Sophie, would you like to get back with me?” Monte asked affectionately of Charity.

“If what you said is true, I will take it into consideration. But...I’m afraid your family will reject me because of my relationship with Chester.” Charity’s eyes were filled with helplessness, upset, unbearable, hesitant, and other emotions, displaying the full range of love and hate.

Monte interrupted her then stated, “You’re compelled and you’re a victim. Besides, you showed me your best side. I always remember that I’m not the type of person who cares about such things because you are a unique being in my heart.”

Monte’s face was filled with tenderness.

Catherine and Freya exchanged glances.

God can be very unjust at times. He gave Monte a handsome face, a good voice that can impress women, and emotional intelligence that is second nature to him.

Many women really can’t resist Monte.

“Monte, I think Eliza is pretty good. Ms. Eliza’s boldness, bravery, and wisdom are well known to everyone and she is much stronger than your fiancée.” Karter said.

“Eliza is also very good in my opinion.” Monte’s lips pursed, his eyes wide with admiration.

...

A group of people entertained themselves until nearly 11 o’clock.

At that time, Ryan called Freya.

“My boyfriend has come to pick me up, I’ll be leaving tonight.” Freya stood up and said goodbye to everyone.

Karter’s eyes flashed, quickly he stood up and said, “All right, let’s take you downstairs.”

Just kidding, Freya’s boyfriend, Ryan is the Prime minister’s son. If he can meet people in the capital and add them on Whatsapp or something, he will be able to save face when he returns to his city.

“No need...” Catherine declined.

“Send it off, I’m afraid there will be some drunkards in the clubhouse.”

Monte escorted the three people downstairs with great concern.

Downstairs, Ryan and Miguel were leaning against the Audi car.

For a brief moment, Freya, Catherine and Karter were frozen.

·—

They had no idea Miguel would be present.

However, Karter had already said hello before the three of them could
“Isn’t this Young master Snow? He is indeed a talented person. Standing next to Ms. Lynch, he appears to be a talented man.”

Ryan remained silent.

“These two are Young master Jamieson from Desbiens Corporation and Young Master Patterson from Jesmong Corporation.” Freya introduced Ryan.

“Oh.” Ryan stopped Freya’s waist after a light nod and said, “Get in the car.”

Young master Snow, since we met, could you add me in your whatsapp?” Karter spoke quickly.

“I’m sorry, but I’m not fond of adding people to whatsapp.”

“You give Eliza, and I give them both.” Ryan said to Miguel as he opened the co-door pilot’s and let Freya sit in.

“Okay.”

The car key turned on the white Prado parked in the back after Miguel glanced at Monte, and he turned to Charity slightly, “Get in the car.”

“Eliza, if Young master Snow is inconvenient, why don’t I take you back?” Monte frowned.

Catherine, who was about to get in the car, turned around and said, “Monte, You have a fiancée. Please send Eliza back, if anyone is photographed, our friend Eliza can’t explain clearly.”

“Oh, it appears you already have a fiancée.” Miguel snorted, taking Charity’s shoulder, “Get in the car, I’ll take you off.”

Monte clenched his fists and looked at Miguel with contempt in his eyes.

Even a man could see that Miguel was Eliza's potential suitor.

It's just that this person can appear alongside Ryan, he must have a good relationship with her, and his identity is unusual.

"Thank you for your hospitality tonight, Young Master Patterson and Young Master Jamieson." Catherine got into the car, and the two vehicles drove away together.

Monte fixed his gaze on the white Prado.

With a cigarette in his mouth, Karter followed his gaze, "The car costs between % 400,000 and % 500,000 but the license plate number is not simple. It should be the property of the same person as Ryan."

Monte said coldly, "It is not possible for someone of this status to marry Eliza. It will affect the career, at most it's just for fun."

Karter asked. "Indeed. What about you, do you want to use her or do you just want to have fun and don't plan to marry?"
