

Let me go, Mr. Hill Chapter 2761

Chapter 2761

“Because Monte came in with you.” Chester smiled wildly. “Only I can touch your shoulders.”

“Chester, you’re drinking too much.” Charity said, with a headache.

“I drank far too much.” Chester bent over, lowered her head, and the breath from her thin lips sprayed into her ears, “When I heard Monte brought you to the top floor for dinner, if I hadn’t drunk it myself, I came up and chopped Monte. That son of a b*tch.”

Charity tilted her head to the side without a trace, exposing her neck A luxurious diamond necklace.

Chester noticed the necklace when he looked down her neck.

He stroked the diamond pendant with his fingers, and asked hoarsely, “Monte gave it?”

Charity: “...”

“Or Miguel?”

Chester: “What is your business?”

Charity is far too lazy to get involved with a drunk.

The diamond necklace was yanked off by Chester’s fingers.

Charity was strangled on the back of her neck in a red circle. She was enraged and pushed him hard, but she didn’t move. She was obviously drunk, but her body was like a copper wall.

“It hurts you.” Chester’s hand gently touched the back of her neck. Her eyes were glazed over, but her voice was soft enough to drown people out. “I didn’t mean to do it, but I couldn’t stop myself. It’s very close to Monte and Miguel.”

“Chester, you’re not finished. Is it not clear enough between me and you? If you really feel guilty about me, please don’t bother me again. You are a man, please keep your word.” Charity said coldly.

Chester remained silent.

He was Just looking at the woman who was surrounded by her.

Those familiar eyes, those endearing red lips, that endearing scent...

Chester could only feel pain, unspeakable pain.

“What if I say I’m sorry?” Chester abruptly whispered.

“What’s the point of regretting?” Charity said, “Then I also regret coming to the capital, I regret knowing you and Shaun, I regret falling in love with you. but there is no regret medicine in this world. If you feel uncomfortable and feel unwilling, please bear with it. Okay!”

“Forbearance?” Chester suddenly clenched his fists, “I tried to bear it but I was afraid I would go insane if I did.”

Charity laughed and said, “Back then When I love you, you are in love with other women, you get off the bed of other women, and I can’t do anything. I can handle it. I could only endure it when I was in prison, facing the despair and powerlessness of being wronged. I could only endure it when my parents died. when I wanted to die, I have endured so much. Why can’t you endure it when it comes to you?”

Chester was taken aback, his Adam’s apple throbbing in pain.

–Yes, Charity was capable of enduring it in the first place.

–Why shouldn’t he?

–It turned out to be a very painful experience.

“I’m sorry, I’m sorry, Charity. I know I hurt you too much and caused you too much suffering. Please give me a chance. Don’t you want to strengthen the Neeson family? I will help you. If you want Jewell’s family, I will give it to you, and my life can also be given to you.”

“Chester, even without you, I can bring back the Neeson family. Furthermore, if the Neeson family is truly dead, I will not force it. I take over the Neeson family because I need to find something to do for myself.”

Charity paused then continued, “Now that I’m wealthy, why do I need so much money?”

“You can resist me.” Chester exclaimed eagerly. “I’m such a sc*mbag, I’ve done so many things to hurt you. If you’re going to let me go like this, you should make me have nothing, so that you can feel happy.”

Charity said helplessly, “If I seek revenge from you, our grievance will grow deeper. Whether you understand or not, I just want to avoid you.”

Let me go, Mr. Hill Chapter 2762

Chapter 2762

“Get out of the way, this is the corridor, it will be difficult if someone comes over later.” Charity pushed him.

If Charity stays here any longer, her plan will be disrupted if the waiter runs into her.

Chester remained motionless.

Charity couldn't help but grab a hand on his chest.

Chester hissed, grabbed her wrist, and led her behind the door into the fire escape.

“No one will see it here.” Chester shoved her behind the closed door.

His beautiful eyes glowed with deep confusion.

“Let go of me, I'm going back.” Charity didn't want to be involved with him any longer. “Chester, as I stated clearly the last time, everyone is safe, Okay, I believe you can do it. You see, when you broke up with me, you had a lot of fun playing for so many years and there were plenty of women around you, so you can do it again in the future.”

It was quiet for a while in the dark passage before Chester said, “But now when I close or open my eyes, it's all you.”

Charity said, “That's because you loved me before and felt guilty about me, so I became The pimple in your heart. I ask you, have you ever thought about me when you slept with other women all these years?”

“ . . . ”

Chester's thin lips moved slightly, as if he was at a loss for words.

“I believe that if you truly love someone in your heart, you will be unable to tolerate your body being with other people. Maybe men and women are different, but... I can't accept it.”

“Chester, in my heart, you are already a very dirty and dirty man, so even if you give me everything, I don't want it.” Charity said.

.....

There was silence on the quiet and empty corridor. Only moonlight entered through the window.

Charity had no idea how long she'd been gone.

Chester sat on the stairs, smoking a cigarette.

When he swallowed the smoke, his throat hurt like he was stuck by a fishbone.

It hurts, it really hurts.

The former Chester was in good spirits and considered women to be toys. But he probably never imagined falling into the hands of a woman. Everything in the past became black history, which he couldn't erase.

Chester held his head up with his hands.

If the light is bright enough, anyone can clearly see his dark red eyes.

"Mr. Jewell, I tracked you down, so you're here. If I hadn't met Miss Eliza, I definitely wouldn't have found it." Kaiden said as he walked up the stairs out of breath.

"Is she left?" Chester inquired.

"Yes." Kaiden sighed as he looked at the piles of cigarettes on the ground, Mr. Jewell's smoking addiction growing stronger by the day. "Mr. Jewell, I'll take you back to rest. The doctor said you have stomach bleeding and should rest. You continue to drink today. After consuming so much alcohol and smoking once more, this body..."

"Kaiden, have you ever requested something that you couldn't get?" Chester abruptly interrupted him and inquired.

Let me go, Mr. Hill Chapter 2763

Chapter 2763

Kaiden was taken aback and later said, "There must be, there are many things in this world that I don't want, so I can have them."

"Please tell me." Chester handed him with a cigarette.

Kaiden took the cigarette and said, "You know, my parents divorced when I was five years old. I was actually very happy before the age of five, but it only took a moment for the sky to fall. No matter how much I pleaded with my father, don't divorce my mother, don't leave me, I knelt on the ground and begged him not to go, but he left because he had another woman outside, and that woman was pregnant."

Kaiden smiled and continued, "I'm asking for a complete family, and I'm begging the people I love not to leave me but that's just what I want, everyone is an independent individual, and there's no need for others to satisfy me."

"Yeah, there is no need for her to satisfy me." Chester murmured.

Some people are looking for love, while others are not. But, in reality, this is the most uncontrollable thing.

Kaiden paused before opening his mouth.

Chester stated, "Whatever you want to say, go ahead."

"Then I told you, Mr. Jewell, don't be angry." Kaiden coughed lightly.

"I'm not angry." Chester made a shaky motion with his head.

"Actually, it's not my idea, including the secretaries, assistants, and employees around you. Everyone wants to have your brain, handsome, and prominent identity, but no one has it, can only work silently and work from 9 to 5, and repay the mortgage silently, but everyone still wants something, so they burn incense and worship the God." Kaiden said loudly.

"They were born in Rome, like some people, and some people never get to visit Rome in their entire lives."

He aspired to be a professional bodyguard, and he would be required to carry a life book when in danger.

He didn't want it. But no way.

In order to survive, to make money, there is no other choice.

This is not a kind of request.

"Listening to you, it seems that I have quite a lot of things, and I don't seem to be a bit of a figure, and I just want more." Chester said, stunned for a moment.

Kaiden shuddered and quickly stated, "I didn't mean that, but feelings are the most uncontrollable of all things because people's hearts grow in others."

After a brief pause, Kaiden murmured, "Boss, you said you shouldn't be angry."

"I'm not angry." Chester inhaled some smoke and exhaled it.

The hazy smoke obscured his attractive face.

“Charity said she can handle it, but can’t I? I still a man.” Chester said slowly, “Let’s go, go back.”

–Charity was right.

–Didn’t he always come here when he was broken up with?

–Why can’t it be done right now?

–Isn’t she a woman?

–Charity is not the only person in the world.

–Women are the most important thing in the world.

“By the way, Mr. Soucy just said at the dinner that the next time you play golf and bring a few girls over, remind him that I’ll wait.” Chester said.

He walked downstairs, shaking his drunken body. He was no longer qualified to be with the woman he loves. He continued to let him fall in the dark night.

Anyway, Charity said that Chester and she will not be able to live forever.

Let me go, Mr. Hill Chapter 2764

Chapter 2764

Chester said to Kaiden as they were getting into the car. “Remind the bosses who were having dinner tonight. Tonight, no one has seen Eliza and Monte go upstairs to eat together. Yes, the surveillance upstairs, if not deleted, will be handled properly for me.”

Kaiden was taken aback and nodded. But he was perplexed, not knowing what kind of magic this Eliza had performed on Chester.

This has been rejected numerous times, and Mr. Jewell, despite his selfishness, continues to assist others.

What the h-e-l-l happened?

...

After returning home, Charity received a phone call from Gage “Miss Eliza, that woman has been arranged to enter Monte’s room, and as for hotel security... Someone deleted it ahead of time, and the waiter in the restaurant that night appears to have been blocked ahead of time... Do you need me to look into this? It appears that someone is secretly assisting you.”

“No need to check, I know who did it.” Charity said, recalling Chester.

Surprisingly, after Charity rejected Chester again, Chester would take the initiative to assist Charity.

It doesn't matter, though.

Anyway, Chester owed himself so much that it was only natural for him to assist her once.

“After it's recorded, it'll be released to me.” Charity reminded everyone.

“Okay.”

...

At this moment.

Monte only felt dazed, and his brain was still very hot, as if he was drunk. He had the impression that a woman was sticking up in the haze. He recognized the woman as Eliza and turned around to press his back against her.

Monte didn't sure how long the fight lasted, but Monte hugged the woman and said, “Eliza, we've been together like this. Don't leave me. I miss you.”

“Did you say the same to your fiancée?” Eliza hummed softly.

“You mean Sophie, right? How can she possibly be half as good as you? How would I marry her if it weren't for her Thompson family background? She has to be tall and beautiful, and she looks like a dead fish on the bed.”

“Really. But you bought her a lot of things.”

“What? I'm jealous. I'll buy it for you tomorrow. You can have whatever you want but don't be like Sophie. it's all about the money.”

“...”

Monte didn't know how much he said, but he took Eliza in his arms and said a few nice words.

The battle would not be over until the tired eyelids were unable to open.

A video quietly spread on the Internet while Monte was sleeping deeply.

Despite the presence of mosaics in strategic locations, Monte's face was clearly magnified in front of everyone's eyes.

[Hey, this man has a familiar face, looks like a dog. Isn't it Eliza's ex-boyfriend?]

[I know, the son of Jesmong Hotel's chairman is said to be engaged to the daughter of the Thompson family, this is a cheating.]

[He didn't say that about his fiancée, okay? People who spend a lot of money are still his fiancée. Don't get involved with them if you have the ability.]

[The last sc*mbag was Chester, this time it was Monte. I'm rubbing it. Are the rich so stupid now?]

[I suddenly have the impression that Eliza is a sc*mbag harvester.]

[Previously, Eliza stated that the breakup was peaceful, but I no longer believe her. This is definitely Monte's cheating.]

[I believe it is obvious that Chester is a *scmbag*, and Monte is a *scmbag* in his bones, as well as affectionate.]

[I sympathize with Monte's fiancée, but I sympathize even more with Eliza, and I will never stay at Jesmong Hotel again.]

[I'm not going either. It's disgusting.]

Let me go, Mr. Hill Chapter 2765

Chapter 2765

Monte had no idea what was going on outside.

Until there was a heavy object banging on the door.

"Who's making a noise?" In a fit of rage, Monte sat up and noticed a strange woman lying beside him whom he had never met before.

The woman had messy hair, no clothes, and smelled like cheap perfume.

"Who exactly are you?" Monte jumped out of bed, terrified.

A "bang" was heard at the same time. Sophie and the two elder brothers dashed in.

"Monte, you b*stard." Sophie rushed over and slapped him. She was enraged.

After all, Sophie was a daughter who had been cared for by her family since she was a child.

As a result, her fiancé is now known to be outside behind her back.

It's all nonsense, and she even stated that she wants to have no appearance, no figure, and that she is like a dead fish on the bed.

Sophie was not only betrayed emotionally, but also humiliated.

"Sophie, listen to my explanation." Monte said, his face covered and his scalp numb.

"There's nothing to explain. Monte, our Thompson family is aware of what you said. Sophie is a member of our Thompson family. If you humiliate her, you humiliate our Thompson family."

Brother Thompson and Second Brother Thompson rolled up their sleeves and punched and kicked Monte in the face.

Monte fought valiantly at first, but he was not the two men's opponent. Furthermore, he was physically exhausted the night before, and his body was weak. He was quickly pushed to the ground and his face bruised.

While these people were fighting, the woman on the bed quietly prepared to put on clothes and leave.

"Where would you like to go?" Sophie's rage was about to erupt.

"You better not touch me, I have AIDS," the woman screamed.

The entire room fell silent for a brief moment.

Brother Thompson and Second Brother Thompson took two steps back in fear as they looked at Monte, who looked like a rag on the ground.

Monte was even worse. He wiped the blood from the corners of his mouth, his eyes were scarlet, "Don't talk nonsense."

"You should stay away from me because I have AIDS." The woman said.

Sophie was terrified and staggered back two steps, muttering, "Get out, get out quickly."

Monte got up and tried to catch up to the woman, but his legs hurt and he fell to the ground again.

Sophie didn't know if the woman was telling the truth, but the better the family, the more afraid of death they were. "Brother, let's go. I don't want to marry him. I'm breaking the engagement and I'm going to the hospital for a checkup."

If this woman has known Monte for a while, she might even be her.

"Monte, I'm not sure where you got offended by this woman, but you were clearly jumped by an immortal. The video of your derailment is now available to everyone at night, and our Thompson family cannot marry your Patterson family. Not only that, but the both family will have nothing to do with each other from now on, and you better hope my sister is healthy, because otherwise, I will make your life worse than death."

Brother Thompson gave a stern warning before fleeing with his sister.

Monte clenched his fists as he lay on the ground.

At this point, no matter how slow he was, he knew it had something to do with Eliza.

It was obvious that he and Eliza had dinner last night, and it was also the room where she assisted her in arriving.

Later.....

Monte shook his back shoulder violently. His pupils constricting coldly.
