### Chapter 2901

Charity's lips twitched. She'd love to say that Chester didn't mind her, but a good doctor could indeed save many desperate patients.

"If you want me to go, I'll go." Chester stared at her without blinking, her shadow reflected in his pupils.

Charity: "..."

For some reason, Charity felt a little difficult to breathe.

Might be it's too stuffy in the car.

Charity opened the car window and glared at him, "I didn't want you to go, it was Dean Edwards who asked me to persuade you to go."

Chester said "oh" and didn't say anything.

The car drove all the way to the door of the villa, and Charity couldn't hold back and said, "I think you can go to the hospital to work. You are still so young. It's a waste to learn medical skills and not save people."

"So... You want me to go?" Chester just opened the car door, and when he heard her words, he turned around again with burning eyes.

Charity became irritated, "Why do you have to want me to go, is it possible that I will let you go, so you will go?"

"Well." Chester nodded, "If you let me go, I will go."

"Then I let you eat s-h-i-t, are you going to eat?" Charity couldn't help asking sarcastically.

Chester did not hesitate, "Okay, I'll eat it."

Charity sneered, "Then go eat, don't think I'm satisfied if there is no s-h-i-t on your mouth."

Chester walked out of the car without saying a word.

Charity saw his stern smile on his face, and finally got scared, “Stop, I’m joking.”

“I’m joking too.” Chester’s eyes showed a teasing smile, “How could I eat s-h-i-t?”

Charity, who suddenly felt that she was thinking too much, became angry, but before she had time to lose her temper, Chester said again: “But the previous sentence is true, if you ask me to become a doctor, I will go, and I will say anything in this world. If you don’t listen, I will listen to you.”

The air suddenly accelerated.

Charity suddenly felt her heart beat faster, “Then I want you to go, okay, a sc\*mbag like you who has done many immoral things before, I think you should do something good and use your medical skills to atone for your sins.”

Chester raised his eyebrows, “Charity, I only admit that I have been a *scmbag to you before, but I have never been a scmbag to other women. They approach me only for money and money. They want me to atone for hurting you.*”

“Your legs have paid for everything.” Charity frowned, not wanting to bring up the past.

“That won’t work, your life is priceless, but if you want me to go, I’ll go.” Chester said, holding his cane and slowly walked towards his villa.

After Charity watched Chester enter, she drove the car into the yard.

Mrs. Robbins was still in the hospital, and she still had a lot of things to do.

...

After Chester entered the house, he called Dean Edwards.

Chester: “Did you ask Eliza to persuade me to go back to the hospital?”

Dean Edwards: “Yeah.”

Dean Edwards was about to persuade, but before he could say anything, Chester suddenly said, “Then prepare my office and after Mrs. Robbins’s surgery, I’ll go back to the hospital.”

“Really.” Dean Edwards was a little dumbfounded and couldn’t believe it, “Why are you suddenly willing?”

Chester: “Charity wants me to come, so I will listen to her and of course come. It’s gone.”

Somehow, Dean Edwards seemed to hear a feeling similar to sprinkling dog food and showing affection from his low voice.

No, this was still the young master Jewell who once lived in the midst of thousands of flowers, with no leaves attached to his body.

“It’s an eye-opener for me.” Dean Edwards sighed, “I have persuaded you so many times before, and my saliva has dried up. It’s not as good as a word from other girls.”

“Nonsense.” Chester showed no mercy and chuckled lightly, “Don’t look at yourself, how many wrinkles on your face, can you compare with others?”

Dean Edwards thought: “Do you think I think, it’s not the hospital that worries so much. “

“But let me tell you, I can’t work the night shift, and my body can’t bear it.” Chester said lightly, “I can’t do the surgery for the time being, and my legs can’t stand for that long now. “

That’s fine. Even if you sit, you can help us a lot.” Dean Edwards breathed a sigh of relief, “By the way, after you left this afternoon, your mother asked someone from the hospital to inquire about Mrs. Robbins’s condition. “

“What does My mother want to do?” Chester narrowed his eyes.

“I don’t know, but the security guard said that your mother and Cindy didn’t go up to disturb Mrs. Robbins.” Dean Edwards was also a little uneasy in his heart, “I don’t want to interfere in your family’s affairs, don’t get me involved in this matter. I can’t afford to offend you and your father... We have known each other for more than ten years. ah, alas. “

“I see.” Chester was not in a hurry. The soldiers came to cover the water with the soil, but he wanted to see what Hank Jewell and his wife wanted to do.

...

The next day, Charity fed Lisa and rushed to the hospital.

Today Mrs. Robbins's had surgery. Charity stayed in the hospital for an hour. Due to work problems, she had to go to the office address of FYG Videos headquarters.

In the conference room over there, several major shareholders of FYG Videos and Cindy were also there.

"Sorry to keep you waiting for a long time, I have something to delay." Charity walked in quickly and put her bag on the chair.

"It doesn't matter." Cindy turned the leather seat gently and laughed lightly, "Ms. Eliza's mother is in the hospital. She must have just come from the hospital. It's hard for Ms. Eliza to rush over to sign the contract."

"Ms. Eliza, Is your mother sick?" FYG Videos's President Jones asked with concern.

"Well, it's a minor operation." Charity glanced at Cindy, "Ms. Turner is well-informed. Could it be that she met me in the hospital yesterday, so she can ask the people in the hospital when she turn around."

"I care about Ms. Eliza, after all, we will become close partners soon." Cindy replied with a blushing face and a heartbeat.

Charity didn't bother to talk to her anymore, "Since it's signed, let's take a look at the contract. I still have a lot of things to deal with today."

The lawyers of the two companies have carefully discussed the contract before, and Charity brought After her personal lawyer saw it, she quickly signed it.

After the signing, President Jones took the lead in applauding and stood up to welcome Cindy.

When Cindy stood up to speak, she did not hide her ambitions at all: "I hope my participation can make FYG Videos develop better. In fact, I usually watch FYG Videos's small videos. I think FYG Videos still has a lot of content."

Next, Cindy spoke by herself for half an hour.

Hugo Cheever leaned into Charity's ear and whispered, "She came here after she was fully prepared, and her strategic plan is better than that made by President Jones, and her ambition is clear. Her plan is good, but there are some things. It will touch the interests of other companies."

Charity chuckled, but it wasn't.

After the meeting, Charity and Hugo left together.

Cindy then stopped Charity, "Ms. Eliza, what do you think of what I just said?"

Charity: "It's good."

Charity had already decided to sell the shares anyway. She didn't bother to comment on what Cindy thought.

If those shareholders could be persuaded by Cindy, that was also Cindy's ability.

Hearing her approval, Cindy smiled, and her face with delicate makeup couldn't hide her pride, "I also think it's good. Of course, I didn't think of FYG Videos's problem alone, I also spent time and spent a lot of money to hire a team to study FYG Videos and the future market, and I am very optimistic."

"So you just wanted to intervene?" Charity narrowed her eyes.

"It's not about meddling, it's to make FYG Videos develop better." Cindy said with a light smile, "You see that although you are a major shareholder of FYG Videos and you have never done anything for FYG Videos. They're all in Neeson's small company, and your mother is going to have an operation recently, so why do you care so much about FYG Videos, I think it's safest to enjoy dividends every year."

Hugo frowned, a little unable to listen and couldn't bear it. He was about to speak, but Charity gave him a beckoning glance.

Hugo had to purse his lips.

"Cindy, don't be too lofty and down-to-earth." Charity reminded.

“I think my feet are good now.” Cindy said mockingly, “it’s you, I really don’t understand what you’re thinking. There are no men in the world, and I forgot what Chester was like back then. Forcing you to be her woman, treating you like an object and sacrificing if you want to sacrifice. You won’t really think that Chester loves you just because Chester saved your life, hahaha... You’re too naive. That person Chester, I know him much longer than you, you sent him to prison, and you played a beautiful turnaround battle, ruining his reputation and you just attracted his desire to conquer.”

Hugo couldn’t control his mouth any longer, “If Mr. Jewell was not in true love, how could he try so hard to save Eliza? Not only did he almost kill himself, but also his legs.”

Cindy smiled and slowed down. He walked slowly to Charity’s side and started her red lips, “Others may sacrifice their lives to save because of love, but Chester is such an unscrupulous person, it is very likely that he wants to conquer, but if you really move your heart and fall in love with him, then you will have to toss.”

Charity’s dark pupils slowly looked at her.

Cindy smiled tenderly and said softly: “He is a person who pursues freshness. He has changed his mind and slept with a woman all his life. It is possible for others, but impossible for him. You know how powerful and brave he is in bed when he is with me. You probably won’t understand this kind of taste, because he will only say that you are like a dead fish.”

Charity didn’t look at her, but she didn’t know when, her eyes were deep like a black hole, and it seemed to be able to suck people in.

“Of course, when I was with him, he was not single-minded.” Cindy continued, “because I can’t satisfy him alone, even if he promised to get engaged to me before, he still can’t help but go out to steal food. Besides me, he has other women outside, the youngest is a college student, but don’t look at them as college students, Chester likes that youthful energy the most.”

Charity: “Sometimes, I really envy men. Chester can sleep with so many women, and our women sleep too much, they are called sassy, do you think so?”

Cindy raised her red lips, “Look at you, you have also slept with Monte before, Chester’s parents are discussing behind your back, saying that you are not prudent, a second-hand product, not worthy of his son at all.”

What Cindy said, Hugo didn't want to listen those words anymore.

"Ms. Turner, Ms. Eliza has no interest in Chester at all, and she has no interest in the things between you. You can talk about work. I don't think it is necessary to mention these private matters."

In Hugo's opinion, Chester had long gone abroad to treat his legs, and Eliza usually didn't mention Chester at all. How could she like Chester.

"Really?" Cindy smiled playfully, "I only saw Young Master Jewell and President Eliza together yesterday. Maybe I misunderstood, but I don't mean anything else. I really persuade President Eliza. After all, Ms. Eliza, you committed suicide because of your last relationship. As a woman, I don't want you to be bruised and bruised emotionally and then you will die again."

"Thank you for your concern." Charity said calmly.

"You're welcome." The corners of Cindy's lips curved, stepping on high heels and leaving gracefully.

Hugo looked at Charity uneasy, "Don't listen to Cindy's nonsense, she..."

"I'm going to find a buyer and sell the shares in the next few days." Charity interrupted him, "Whether you want to sell or not, you will decide early."

"Sell it, I was hesitant before, but I see Cindy's attitude, forget it..." Hugo shook his head. He was content, and was able to invest in FYG Videos at the beginning. It was also Charity who helped him.

Hugo had made a lot of money over the past year, and now he just wanted to manage his entertainment company well.

Under his leadership, the company was almost suppressed by Chester and could not survive. Hugo knew very well that it was not easy to be in the market, and he also knew how much he weighed.

In the parking lot, Charity got into her car and closed the door.

At this moment, when she was the only one left, her little face became frosty.

It was said that hitting a snake hits seven inches, Cindy's words were deeply disgusting to her.

Cindy couldn't satisfy Chester alone?

The youngest was a female college student?

Charity sneered.

At this time, the phone rang, but someone made a video call.

"Charity, look at Lisa smiling so happy."

In the video, Lisa's bright smile and Chester's pleasing voice appeared, "Lisa just drank the milk you left behind. She is fine. She doesn't cry much, Go and do your business, don't worry about her."

Charity was in a bad mood, and said, "It's not your daughter, why are you worrying so much."

Chester was stunned, "She belongs to you. Baby, of course I have to care, and you have to accompany Auntie Robbins. I will definitely help you take good care of Lisa."

"Don't worry about it. There are babysitters and confinement sisters at home, you can go home." Charity said coldly, "Don't stay with my daughter for a long time, I don't want her to infect you with bad diseases."

"Sister Lane doesn't care Lisa." Chester wondered, yesterday Sister Lane was still not very worried about Nanny and the nanny take care of Lisa alone. After all, there are too many confinement sisters who abuse their children, so why has it changed so much now.

"That's none of your business." Charity said it so coldly that she even felt annoyed when she saw Chester's face and hung up the phone.

Less than two minutes later, Chester called again, "Charity, I know that I had a lot of bad things in the past, but I have changed them. If you are not satisfied with anything, point it out and I will change it."

"I'm not satisfied with you from head to toe." Charity was angry when she heard Chester's voice, "Especially you, you are dirty and disgusting from the inside out."

Dear reader, i did a mistake that Charity gave birth to a baby boy, named Levi not Lisa. Please continue it with her son name Levi.. Thank You..

Chester had not heard such mean words from Charity's mouth for a long time.

As if a basin of cold water was poured down on the spot, it was completely cool.

He didn't say a word for a long time until Charity hung up the phone in anger.

Chester sighed and looked at his lower body.

Why was one leg disabled at that time, it would be better if it was the third leg.

He would rather be punished and be a eunuch for the rest of his life than be disliked by the woman he likes.

Chester wanted to light a cigarette in melancholy, but considering the children in the room, he held back.

On the other hand, after Charity hung up the phone, she regretted it.

She wanted to slap herself.

It's none of her business whether Chester was dirty or not. Why was she so cheap and impulsive? Wasn't she disgusted and irritated by Cindy's words?

It was said that when she hit a snake and hit three inches, Cindy was amazing. She didn't say that she was not worthy of Chester, and she didn't say that Hank Jewell and his wife hated her, so she disgusted herself with Chester's past.

It stands to reason that Charity should be calm as if it has nothing to do with herself.

But somehow...it's going to be irritating and irritating.

It seemed that those past events that were reluctant to go to remember had been turned over again.

But she also knew that Chester couldn't be blamed entirely. If Sarah hadn't provoked it when they were dating, Chester misunderstood that he had betrayed her, and his character would not have become what it was later.

It's just...Charity really didn't feel clean.

She wanted to forget it but what if it's not clean. She and Chester were just neighbors now, she helped Mrs. Robbins, and she owed him favor.

The way Charity scolded Chester just now was with an undeserved emotion.

After thinking about it, Charity finally picked up the phone and sent Chester a message: [Sorry, I was too aggressive just now, don't take it to heart.]

Could Chester not take it to heart? Charity's impulsiveness meant that she still cared.

If Charity calmed down, she would consider herself a friend and a neighbor of Chester.

Chester: [Charity, how can I make you not feel dirty.]

Charity: [It's all over. ]

Chester: [Does it mean that if I don't have that thing, it will be clean. ]

Charity: [? ? ?]

Was that what Charity thought.

Charity shuddered: [Don't be nervous.]

Chester: [Don't worry, you are busy with Auntie Robbins's affairs now, I won't hold you back at this time. ]

Charity was not well. Did it mean that Chester would not be able to do it now, Was it possible that when Mrs. Robbins recovered, he would go crazy?

Chester: [Go ahead, I won't disturb you, lest you see me and make you angry. Charity, I really don't have any other delusions about you, I just want to be able to see you often in a nearby place. If you don't even want to do this and think I'm dirty, I can only completely destroy the things that have betrayed you. ]

Charity: [.....]

She regreted it now and wanted to take back what she said before.

...

Afternoon.

After Chester coaxed Levi to fall asleep, Nanny came over and said embarrassingly, "Mr. Jewell, give me the child, you can go back and rest for a while."

After being a nanny for half her life, she has never seen a man against her. The child who is not related to him is so attentive, and it is also very strange. Levi actually likes Chester very much. Every time he sees Chester, he smiles very brightly.

Chester wanted to hug his son for a while, but the phone rang, and when he saw the call, he frowned, afraid of disturbing the child, so he quickly pressed the mute, and handed Levi gently into Nanny's hand.
