After pressing the answer button, Chester heard his father Hank's voice.

Hank: "I can't call you if I have nothing to do with you. You have such a leisurely mood but visit Eliza's mother in the countryside, but you don't have time to come back to see me and your mother. Chester, you are too chilling for me."

"If you only have these nonsense, then I'll hang up." Chester could actually hang up directly, but he wanted to figure out what his father and his mother wanted to do.

"Chester, you come back tonight, your mother misses you a lot." Hank said.

"I saw her yesterday." Chester said lightly.

Hank said fiercely: "Your mother really wants to see you. Chester, if you don't come back, don't think that the operation of that woman will be carried out on time tomorrow."

"It's just you?" Chester disagreed.

"If you don't believe me, just ask Dr. Walker." Hank sneered. "You want to please Eliza and her mother, so you invite Dr. Walker to perform the operation. Don't expect the attending doctor to enter the operating room when the operation is to be prepared tomorrow. Let's see how you can raise your head in front of Eliza and her mother."

After all, it was his own son, and Hank understood where his son's weakness was.

In the past, Chester was cold-blooded and ruthless, and he really had no weakness. Once people were emotional, it was easy to find weakness.

"You can figure it out yourself." Hank snorted coldly, "I just came back for dinner, we won't eat you again."

After hanging up, Chester's eyes were full of coldness.

After a while, Dean Edwards called and said vaguely: "Chester, why don't you go home, Dr. Walker's granddaughter was taken away while playing in the park..."

“Okay, you tell Dr. Walker that the operation will be carried out on time, I will go back to Jewell’s house tonight, and the child will be back.” Chester said, and checked the time, it was only half past one in the afternoon.

He called Kaiden over, “You find someone to find out where Dr. Walker’s granddaughter has been taken, and bring them out as soon as possible.”

“It’s shameless.” Kaiden said angrily, “In order to threaten you, even such a small child will not be spared.”

“Yeah, trying to force me to go back to Jewell’s house, I want to see what they want to do.” Chester was also very puzzled. Could it be that Hank and his wife didn’t have enough money? Or did they want to go back to Jewell Corporation?

“Mr. Jewell, do you want me to bring more people...?” Kaiden said uneasy.

Chester: “No, just go with me, they shouldn’t do anything to me, they must be trying to get something on me, either money or power.”

5 o’clock in the afternoon.

Chester got in the car and prepared to go back to Jewell’s house.

When the car drove out of the villa, Charity’s car just came back from the other side.

Chester opened the car window, and next to him, Charity also almost lowered the window on the driver’s seat.

Looking at each other, Charity’s eyes flashed unnaturally. After all, she scolded him like that in the morning, and she was a little embarrassed for a while.

It was Chester who spoke first, “I just came out of your house and slept in the afternoon for two hours.”

“Well, I heard what the nanny said.” Charity heard the nanny on the phone saying that Chester had been with the child for a day and feeding and coaxing the child to sleep and play with the child.

“I’m going out to do some errands and come back later.” Chester said.

“Well.” Charity nodded, “That...”

Chester looked at her with a deep gaze.

“Nothing, I’ll talk about it next time.” Charity waved her hand.

After the car drove away, Charity was still a little annoyed, how could she persuade Chester to let him get rid of that extreme thought.

Without a leg, if there is one less leg, it will be fine, She hopes it’s just an impulsive idea.

In the evening.

The Bentley slowly drove into Jewell’s old house.

Chester, who had not been back for almost two years, had an indescribable sense of strangeness.

“Young Master, you can be considered to be looking forward to your return.” The housekeeper enthusiastically stepped forward to open the door in person, wanting to help.

Chester’s eyes swept over with a light note, and the smile on the housekeeper’s face froze.

“I don’t need your help.” Chester stretched out his cane, first stretched out a healthy leg, and then took the chip leg out.

Mr. Jewell and Mrs. Jewell had come out. Just seeing Chester like this, Mr. Jewell’s eyes flashed with anger and disgust, but he quickly disappeared.

“Chester, your legs are really much better, like a normal person.” Mrs. Jewell greeted him with a smile, “Come in, Mom let the nanny cook a lot of your favorite dishes.”

Chester walked silently in the hall and entering the gate, two bodyguards nodded respectfully at him, and then smiled at Kaiden.

The bodyguard: “Brother Kaiden, I haven’t seen you for a long time. I miss you.”

“I know you miss Kaiden, so I prepared a few tables of wine and food for you, and went to the side to get together.” Hank waved his hand majestically.

“I only came here after dinner, so I don’t need to eat.” Kaiden straightened his back, “My responsibility is to protect Young master Jewell with every step of the way.”

“What do you mean, he’s in his own home. It’s impossible to hurt him.” Hank got angry when he heard it.

The bodyguard on the side persuaded: “Brother Kaiden, Mr. Jewell always really wants to ease the relationship with Young master Jewell, let’s go to the side to get together, don’t disturb their family reunion, besides we are outsiders, some words are not convenient for us to listen.”

“Kaiden is not an outsider.” Chester suddenly said lightly, “I’m a person with inconvenient legs and feet, and I’m used to him serving by my side.”

Hank’s face sank in dissatisfaction, and Mrs. Jewell quickly stopped him to persuade him, “Okay, okay, isn’t it just a bodyguard, let Kaiden come in, it’s been hard for Kaiden these two days.”

Kaiden immediately followed Chester after hearing this.

The kitchen dishes were not ready yet.

After Chester sat on the sofa, Mrs. Jewell inquired about his life in foreign countries during this period of time.

She should be concerned, Chester chatted with each other.

Later, Chester didn’t know how to get involved with Cindy.

Mrs. Jewell said, “Cindy is quite business-minded, your dad and I invested some money in her, but I didn’t expect her to successfully acquire KC Technology. I heard that yesterday KC Technology and FYG Videos cooperation agreement has also been reached. By the way, in order to cooperate with KC Technology, the shareholders of FYG Videos also gave 10% of the shares to Cindy. Cindy said that she would give us 5% of the shares. She’s so kind and righteous.”

Chester was stunned for a moment, then frowned. He remembered that Charity was the major shareholder of FYG Videos, and Cindy stepped in because of what he wanted.

“Mom, you paid all the money for the acquisition of KC Technology. How much is FYG Videos’s 5% shares worth?” Chester was really speechless.

“5% of FYG Videos’s shares are naturally not worth much, but when the market value of FYG Videos increases, the money will double.” Hank snorted coldly, “There is still a lot of big cake for FYG Videos. There is room for expansion.”

“Are you planning to intervene?” Chester raised his eyebrows.

“We’re going to help Cindy.” Hank said lightly, “Don’t you always look down on me as a father? Let me tell you, I still have a lot of resources, even if I can’t be a shareholder of Jewell corporation, without you, I can still make money elsewhere.”

Chester lost his interest in talking instantly. His father and mother were really stupid and rich.

It’s time to eat soon.

The nanny brought the dishes, and tonight’s meal was quite hearty.

Mrs. Jewell eagerly served her son’s dishes, and Chester didn’t know what Mr. Jewell and Mrs. Jewell wanted to do. In short, after the meal, they should be able to enter the theme.

Just after eating a few chopsticks, Chester frowned, “Is the dish a little salty?”

“Is it salty?” The nanny rubbed her hands nervously, “I usually do this. “

“I asked her to put more salt.” Hank Jewell said quickly, “the taste is important, it’s easy to eat, and besides, I don’t think it’s salty.”

Mrs. Jewell also agreed, “I often follow your dad to eat like this, I’m used to it, so I don’t think so.”

Chester’s mouth moved slightly, as a son, he really didn’t want to care about these things, but as a doctor’s professional ethics, he couldn’t help reminding: “Eating too much salt is not good for your health, especially when you are old, You need to eat lightly, otherwise it will easily lead to three highs. In addition, I

advise you to go to the hospital for a physical examination. Is your sense of taste a little out of balance?"

"Listen to you." Mrs. Jewell smiled and said to the nanny, "Come on. Put a little less salt next time, and eat lightly."

Chester was very uncomfortable eating that meal, the dishes were too salty, so he drank two glasses of water to quench his thirst.

After the meal, Chester rarely went around with them, "Since I've come here and I've eaten, Dr. Walker's granddaughter can be put back."

"It's been sent back long ago." Hank Jewell said, "You haven't come back for a long time, sleep at home tonight, I have the servants clean your room."

"What am I doing here? let you destroy my other leg." Chester was impatient, "What do you want to do when you called me here?"

Mr. Jewell and Mrs. Jewell looked at each other, and after a while, Mr. Jewell coughed lightly, "I recently took a fancy to a project, but I have short of money in my hand to invest, can you give me some first..."

"Impossible. If you are short of money, ask Cindy to ask for it. Didn't you fund her a lot." Chester said, picked up his cane, stood up and planned to leave.

"I just want you to give me two billion." Hank Jewell stood up angrily, "I am your father, if you hadn't taken over the property in my hands, would you have today?"

Seeing this, Kaiden immediately protected Chester before.

"For the rest of your life, take care of yourself and take good care of the money left in your hand for retirement. My money is not for you to spend casually on outsiders." After Chester said coldly, he turned around and walked away.

As soon as he walked out the door, the gardener who was watering the flowers with a hose at the door suddenly poured all the water on Chester.

"Sorry young master Jewell, I'm sorry, I didn't mean to." The gardener apologized in a panic, "I didn't expect you to come out suddenly."

"Son, why don't you go up to take a shower and change your clothes." Mrs. Jewell hurried up when she saw it.

“...Okay.” Chester took a deep look at his mother, and that eye looked at his mother as if her body had not penetrated.

When Chester walked upstairs and Kaiden wanted to follow but the bodyguard downstairs stopped him, “Brother Kaiden, Jewell’s family rules that we can’t go upstairs.”

Jewell’s family did have this rule, Kaiden was embarrassed to see with Chester.

“Wait downstairs.”

It wasn’t that Chester didn’t notice something was wrong.

Chester thought before that Mr. Jewell and Mrs. Jewell called him for money, but when the gardener drenched him with water just now, he suddenly felt that he might have guessed wrong.

As for the real reason, it might be known later.

Pushing aside the bedroom that Chester once lived in, the furnishings inside were exactly the same as before.

He hadn’t been back for so long, and there’s no dust.

When Chester went in, a cold and dry heat surged up from his body.

When he took out a set of clothes from the closet, took off his shirt, and exposed his skin, the heat was still not cut an inch, but it became more and more intense.

As a doctor, Chester knew what was wrong with him.

Obviously, when he came in, he was already very cautious.

It should be the water he drank....

No wonder the food was so busy today, Chester really thought that his parents were getting old, their taste disorders were disordered, and the more they ate, the saltier they became.

It's just that Chester thought about the thousands of reasons why his parents had tried everything to call him, but he didn't expect them to do it for him.

What was this for.

"Chester..." The door was suddenly pushed open, and Cindy, who was wearing a suspender, walked in sexy from the outside. She was barefoot and perfume on her body...

Chester only glanced at her, and felt that the flames on his body were burning more and more fiercely.

The Cindy in front of him was like a tempting fruit in his eyes, which made him want to rush to it irrationally.

"Chester, I finally waited until you came back. Do you know how much I have missed you over the past year..." Cindy walked over and rushed towards Chester.

But soon, Chester ducked to the side, leaving Cindy stunned.

She was not discouraged, but pulled down the shoulder straps one by one, and soon, there was no inch of it.

Chester's breathing suddenly became rapid, his eyes were red, "Is my parents arranging this play for you today?"

"I don't know what you're talking about. Chester, why are you hiding? I know you're suffering." Cindy rushed towards him again, "Did you sleep with few women before? You haven't slept with a woman for so long. I must have held it in for a long time, and I will take good care of you tonight."

"Get out." Chester pushed Cindy away roughly. Although his whole body was uncomfortable, but everything in his body was rejecting Cindy, "Cindy, I've been back to Australia for a while, and I haven't settled with you yet, so it's better for you to come to your door first."

This time, Chester was really offended, and he pointed at Cindy with his crutch, "I gave you everything today. It's yours, and I brought you to the capital. All these years, for the sake of my parents, I have made you smooth sailing and fueled your greedy ambitions. Cindy, I will take back everything you have now. "

After Chester finished speaking, he hurried to the door. However, he was still missing a leg, and Cindy soon caught up and entangled him.

“Chester, I’m not the Cindy you used to be, and you’re not the Chester I used to be.” Cindy snatched his crutch hard, threw it aside, and chuckled, “Actually, being with me won’t do you any harm. You can return to Jewell’s house again, and I will still transfuse your mother’s blood, what’s so good about that Eliza, she’s not an actress, she’s like me. When I’m pregnant with your child, I’ll be the justifiable Mrs. Jewell.”

After finishing speaking, Cindy didn’t care so much, and pulled Chester’s clothes hard.

But she ignored Chester’s leg, even though Chester was out of control, that leg was still made by machine, even when Chip’s leg was lifted up to kick someone, it was stronger than his other leg.

Cindy was caught off guard. She was kicked a few meters away and fell to the ground. She was so painful that she couldn’t get up even after a while.

“I’m not prepared, do you think I’ll come here?” Chester was furious, and he didn’t bother to use his crutches, and limped downstairs.

Downstairs.

Mr. Jewell and Mrs. Jewell saw Chester coming down so soon, their faces changed slightly, hoping that Cindy had succeeded and it was a little too fast....

“Young master Jewell....” Kaiden noticed that Chester didn’t have a cane and his clothes were messy, so he immediately wanted to rush up to meet him.

But the two bodyguards subconsciously wanted to stop him.

“Go away.” Kaiden immediately greeted them in the living room.

Chester struggled to support himself to the first floor, and asked in a heavy voice, “What are you doing?”

Mr. Jewell and Mrs. Jewell were taken aback.

What does this mean? Did Cindy make a move? If not, why did Chester come down in a hurry and his clothes were still so messy.

“Chester....” Mrs. Jewell bravely stepped forward and wanted to help Chester.

As a result, Chester pushed her away.

If it wasn't for Mr. Jewell's hands to support Mrs. Jewell, Mrs. Jewell would most likely be thrown to the ground.

“Chester, what are you doing? you dare to be rough with your mother.” Mr. Jewell said but he guessed that Cindy might not succeed. He quickly made a decision in his heart, grabbed the broom on the side and smashed it towards Chester..

“Be careful.” Kaiden rushed over to protect Chester and grabbed the falling broom.

“What are you doing? beat me up.” Mr. Jewell gritted his teeth. He had to keep this evil beast tonight, even if he didn't eat it softly, then if it was hard, he couldn't believe that he couldn't send Chester to Cindy's bed.

“You dare to move and try.” Kaiden suddenly drew his gun.

The house was silent.

None of the bodyguards in the house, including Mr. Jewell and Mrs. Jewell, dared to move.

Who didn't know that Kaiden used to mix in Southeast Asia, that area was full of drug lords. His hands were really bloody, and his marksmanship was extremely accurate.

Mr. Jewell trembled all over, “Chester, how dare you get someone to bring a gun? Why, do you want to kill me and your mother? Come on.”

“Bang.” Kaiden hit the floor with a shot, his eyes were scarlet, “Don't force me.”

“If he dares to take a step, he will be killed immediately.” Chester stared at Mr. jEWELL darkly, “Anyway, didn't you just say that I am cold-blooded? I am a person who can absorb all the nutrition of my twin brother when I am in my mother's womb. I am a person who can do anything. If you don't believe me, you can try it.”

Chester walked down slowly step by step .

Mr. Jewell and Mrs. Jewell were a little scared.

The older the person, the more powerful the person who was more afraid of death.

“I thought you guys called me here today because you wanted to get money from me, but I was wrong. I even...underestimated how disgusting you two are.” Chester’s cold eyes Sweeping over Mrs. Jewell, “From the moment I entered the door to the present, all your words of caring for me are all to make me lower my guard. I really don’t understand how there is such a vicious mother like you in the world.”

” I don’t, I just...” Mrs. Jewell trembled, “You are always so disobedient and disobedient to your parents, I want you to stay behind.”

“Haha, why leave behind? you just want to leave Cindy is firmly tied to your boat, you would rather trust a woman who only wants to suck blood from you, and never care about me.”

Chester sneered, “Since you are so ruthless, don’t blame me from now on, I will be merciless in doing things, and you should have lost the glory and wealth of today. Since you are so ignorant of cherishing it, then don’t blame me for taking everything back.”

After Chester finished speaking, he braced his body to go to the door.

Kaiden protected Chester step by step with a gun and retreated towards the door.

“Basta*d, what do you want to do?” Mr. Jewell was so angry that he couldn’t choose what to say, “Just because you are a useless person, you still want to deal with me, so beware of lightning strikes.”
