

Love After Marriage, He Got A Free Wife

Chapter 181: Something Wrong with His Brain

Liu Siyu politely said hello, while Fang Xiaonuan announced loudly, “Dad, Mom, I’m staying here tonight. I want to chat with Liu Siyu for the whole night.” After saying that, she pulled Liu Siyu into her room.

“Siyu, pick out a set of pajamas yourself. There’s a new toothbrush in the sink cabinet,” said Fang Xiaonuan.

Liu Siyu knew her way around Fang Xiaonuan’s room. She had been here many times. After the two washed up, they both put on their pajamas and laid down. They started to talk.

Liu Siyu smiled evilly and asked, “Xiaonuan, you and Ji Lingchen have been married for quite some time. How many times have you two had sex?”

Fang Xiaonuan pouted and said, “Not even once, but I feel like it’s going to happen soon. Recently, he’s been asking me to get pregnant, so I had to find an excuse. I said that we should fall in love for a little longer. We should get to know each other better.”

1

“Xiaonuan, you’ve been sleeping on the same bed with him for so long, but you still haven’t…” Liu Siyu trailed off in shock.

Didn’t everyone say that men were animals that thought with what was below their abdomens? Especially when they were lying together with a woman, their testosterone levels would skyrocket.

Fang Xiaonuan actually knew that her husband sometimes had trouble controlling himself. When she mentioned this, she felt very fortunate. “Yes, my husband is quite a gentleman. He knows that I’m not ready yet and has always respected my wishes.”

Liu Siyu said, “That’s very rare.”

Fang Xiaonuan nodded in agreement. Ji Lingchen was indeed a good husband. “He listens to me all the time. It’s just that he went too far this time. He actually said those things to anger me on purpose. Do you think there’s something wrong with his brain?”

“Xiaonuan, do you think it’s possible that he used your jealousy to make you feel alarmed? Maybe he felt that you might be afraid of losing him then, take the initiative to sacrifice your abstinence? That way, he would have achieved his goal?” Liu Siyu deduced.

1

Hearing that, Fang Xiaonuan considered it. Then she said, “Siyu, I think what you said makes sense.”

Liu Siyu said, “It doesn’t make sense. It makes sense. Let me tell you, this man has a character problem. Don’t be impulsive. Don’t let him succeed so easily.”

Fang Xiaonuan asked again, “Siyu, you’ve never been in a relationship, let alone married. How do you know so much?”

Liu Siyu replied, “My brother taught me everything.”

Liu Siyan often came across teenage boys and girls at work. Every time he met girls who fell in love and put their studies off, he would educate his sister when he returned home. As time passed, Liu Siyu got to know more and more similar cases.

Fang Xiaonuan turned and said to Liu Siyu, “Tell me about some interesting cases.”

Liu Siyu said, “Alright, I’ll tell you about a rich man’s case first...”

That night, Liu Siyu told Fang Xiaonuan about a case. Fang Xiaonuan listened with interest at first, but her mind slowly drifted away. She began to miss her husband who was alone at home. She did not know what her husband would do if she had been at home? Did he miss her?

...

It was late at night in the Ji family’s residence. Everyone had fallen asleep, and the room was quiet.

Ji Lingchen could not fall asleep. He was not used to the absence of a warm and cuddly little person beside him. He seemed to have gotten used to the noise in the room when he was reading, the sound of the hair dryer, the sound of someone walking around in their slippers, and even the sound of a young woman interrupting him while he was reading. But now, the room was unusually quiet, and he was alone. For the first time, he was tired of reading, so he went to the study and worked until late at night.

...

The next morning, before Ji Wen went to school, he looked for Ji Lingchen. "Uncle, your wife asked me to bring the books for today's class to school."

Fang Xiaonuan had sent him a message yesterday, asking him to bring her books for her.

Ji Lingchen returned to his bedroom and found a few books on his wife's dressing table. He handed them to Ji Wen. "Bring your aunt home after school today. Don't let her go back to her mother's house."

Ji Wen said, "I'll try my best... I really can't beat her." Normally, when a boy said that he could not beat a girl, he would feel very ashamed. However, Ji Wen said it confidently, as if this was very normal. He said it like it was as normal as the sun rising in the east and setting in the west.

Ji Lingchen did not make things too difficult for his nephew. After handing the books to him, he went to the office himself. When he arrived at the CEO's office, everyone saw him and said to him with smiles on their faces, "Congratulations, CEO Ji."

Ji Lingchen frowned. His wife had returned to her mother's house. What was the congratulations for? But soon he realized something was wrong. Even Secretary Song was congratulating him.

"Why are you congratulating me?" he asked doubtfully.

Chapter 182: Becoming a Father Again

Secretary Song asked in surprise, "Madam hasn't told you yet?" Could it be that Madam was planning to surprise him?

Ji Lingchen asked in return, "Tell me what?"

Secretary Song saw that those in the CEO's office seemed to already know. Therefore, it was not a secret. She told Ji Lingchen the truth. "Madam is pregnant."

"Ahem..." Ji Lingchen cleared his throat in shock. After a while, he asked, "Xiaonuan? Pregnant?"

Secretary Song nodded. "Yes, we found out the day before yesterday, Madam called me and asked me where you usually go. She said that she was pregnant and wanted to surprise you."

Ji Lingchen was speechless. His wife was “pregnant” again. He had inexplicably become a “father” again. His wife was really...

“Leave. Don’t keep spreading this information. She is not pregnant. She was just playing hide-and-seek with me,” Ji Lingchen explained.

Secretary Song had a look of disbelief on her face, but she did not ask any more questions. She turned to leave.

However, Ji Lingchen suddenly stopped her. “Wait a moment.”

Secretary Song stopped in her tracks and turned to look at the CEO. “CEO Ji, do you have any other instructions?”

Ji Lingchen said, “Secretary Song, tell me, how do you usually coax children when they’re angry?”

Secretary Song was speechless. Why was this CEO always making his wife angry? She asked, “Madam is angry? What made her angry this time?”

Ji Lingchen said, “Jealousy.” Seeing Secretary Song’s confused expression, he had no choice but to tell her how he had deliberately made his wife jealous, how he had vented his anger, and how she had not come home last night.

After hearing this, Secretary Song thought for a moment and said to Ji Lingchen, “CEO Ji, if my husband treats me like this, I will beat him to death.”

Ji Lingchen was at a loss for words. It was too late to be sorry for what he had done.

1

“So, how long will it take for them to stop being angry?” Ji Lingchen asked guiltily.

Secretary Song said, “It takes two hands to clap. Knowing Madam’s temper, I personally think that she’ll remain angry for a little under two weeks.”

Ji Lingchen was filled with regret once again. “I understand. Dismissed.” He suddenly felt that asking Secretary Song had yielded him nothing. It was better for him to figure this out himself.

...

Meanwhile, Fang Xiaonuan had just finished her morning class and was eating lunch in the canteen. At this moment, she felt that there were people around her spying on her. After listening carefully, she realized that they were discussing her marriage.

“Stinky husband, scumbag Ji Lingchen, so annoying!” Fang Xiaonuan suddenly exclaimed.

Ji Wen turned around and asked, “What’s wrong with my uncle?”

Fang Xiaonuan stabbed a piece of braised meat with her chopsticks and stuffed it into her mouth. “It’s fine if he’s just good-looking, but why is he still so amazing?”

1

Liu Siyu asked, “Xiaonuan, are you boasting about your husband?”

1

Fang Xiaonuan said, “Ugh! I’m mad at him!” However, the words that came out of her mouth inexplicably turned into praise. Fang Xiaonuan felt that she had been poisoned.

“Fang Xiaonuan, your husband told me to bring you home today. Have you calmed down? If you’re still angry, just tell me. I won’t force you to go back,” Ji Wen said. In fact, he could not force Fang Xiaonuan to go home either. Otherwise, he would definitely get beaten up.

Fang Xiaonuan shouted angrily, “I’m still angry! Why did he ask you to bring me back? Am I your wife or his wife? Why doesn’t he bring me back himself!”

Fang Xiaonuan started eating another bowl of rice in anger. Her stomach was about to burst. After returning to the classroom, she looked at her round stomach and became even more depressed.

“My relationship isn’t going well, and my body is also against me!”

Liu Siyu glanced at Fang Xiaonuan’s belly and said, “Xiaonuan, forget men. Food will always be there for you.” After saying that, she opened a packet of spicy snacks. She handed it to Fang Xiaonuan. “Have some of these and cheer up. If one doesn’t work, then eat two. If two don’t work, then eat the whole packet!”

Fang Xiaonuan could not resist the temptation. She reached out and took one. “Xiaowen, I still want to eat Wang Wang Ice Cream.”

Liu Siyu said, “Ji Wen, bring me more pudding.”

The two best friends ordered Ji Wen around. This was the most fundamental reason why Ji Wen did not want to be in the same class as them. If they did not steal his food, they would always make him run errands.

Ji Wen said helplessly, “What else do you want? Say it all.”

Fang Xiaonuan said, "And a packet of potato chips, honey and butter flavored."

Liu Siyu said, "And a bag of jelly, orange flavored."

Then, Ji Wen went to the supermarket. Taking advantage of this opportunity, he quickly called his uncle to report the situation.

"Uncle, you'd better come and pick up your wife yourself." Ji Wen repeated Fang Xiaonuan's words.

Chapter 183: Watching a Movie

Ji Lingchen asked in surprise, "Did she really say that?"

Ji Wen said, "That's exactly what she said."

Ji Lingchen said, "Yeah, I got it." This time, he finally had thought of a way to coax his little wife. He had never been in a relationship before, and his friends were all adults. Money could solve everything. No matter how big the issue was, using money to make a woman happy again was definitely the right thing to do. However, this method was useless against his little wife. Moreover, money was usually used to pacify lovers. He wanted to coax his wife.

...

After an entire day of classes, school was finally about to end.

Liu Siyu was discussing with Fang Xiaonuan about where they should hang out when her brother arrived.

Liu Siyan did not even have time to change out of his police uniform before he appeared at the classroom door.

Liu Siyu saw her brother at the classroom door and pouted in annoyance. "Xiaonuan, looks like I won't be able to accompany you today."

Fang Xiaonuan also saw the person at the door and said helplessly, "Okay, got it."

The bell rang and the teacher left the classroom. Liu Siyan walked straight into the classroom.

Liu Siyu cupped her chin in her hand as she watched her brother approach. She tried a last-resort idea. "Brother, I have an appointment with Xiaonuan today..."

As she was speaking, Liu Siyan had already walked to his sister's desk. He was about to help his sister pack her bag when he suddenly realized that her desk was clean. Not even a pen was left behind.

"Are you listening to the Tomes of Arcane at school?" Liu Siyan asked.

Liu Siyu quickly picked up Fang Xiaonuan's book and showed it to his brother. "Didn't I go to Xiaonuan's place yesterday? I didn't bring any books with me. We shared the book during class. I took notes in her book. She was listening to Tomes of Arcane."

Fang Xiaonuan complained, "Liu Siyu, that's too much..."

Liu Siyu said in a low voice, "No one cares what you do. My brother is controlling of me."

"What do you mean no one cares about me? Who is my husband then?" Fang Xiaonuan retorted.

Liu Siyu said, "Ah, your husband is just worrying about how to coax you. He cares about you, doesn't he?"

"Yes, what you said makes sense." Fang Xiaonuan nodded in agreement.

At this moment, Liu Siyan picked up Fang Xiaonuan's book and examined it carefully. He even flipped through it. There was a picture in the book. The person in the picture was Ji Lingchen. Ji Lingchen's face was defaced with a doodle of a pair of glasses. On his forehead, there was the word 'king'. A pig's nose was drawn onto his nose and his chin had a goatee. On his suit, there were the words 'bad guy'. This notebook was indeed not his sister's. Fang Xiaonuan must have drawn it. Liu Siyan did not care about this and continued to flip through it. There was indeed his sister's handwriting in it, but there was not much to look at. The notes were very brief. Based on this, it could not be determined whether his sister had been paying attention to the lesson.

"Siyu, someone is looking for you," shouted a classmate.

Everyone looked towards the door. There was a man standing outside.

"Senior?" Liu Siyu stood up and was about to speak to the man, but her brother pushed her back into the chair.

The man at the door had already entered the classroom. Liu Siyu asked, "Senior, you're looking for me?"

The man's expression was a little frivolous. He raised his eyebrows at Liu Siyu and said, "Siyu, I've asked your classmates. You don't have any classes today. There's a new romance movie called 'You Are My World'. How about it? Do you want to check it out with me?"

Hearing this, Ji Wen and Fang Xiaonuan raised their eyebrows. Fang Xiaonuan smiled evilly and whispered, "Someone is courting our Siyu."

"But this senior looks so scummy," said Ji Wen.

Fang Xiaonuan looked at the man in the police uniform who had a gloomy expression. "Don't worry. This senior will definitely disappear in three minutes." After saying that, she took out her phone and started a three-minute timer.

Liu Siyan's face was gloomy as he closed the book with force. Due to the nature of his work, he gave off a sense of confidence. Ordinary criminals were afraid of him. When the university student saw his expression, he was so nervous that he did not dare to look him in the eye.

The senior asked with a trembling voice, "Who are you?"

Liu Siyan reached out and placed his hand on the man's shoulder. Then, he inconspicuously exerted some force and asked, "What did you say? You want to go on a movie date with my sister?"

The pain in his shoulder quickly spread throughout his body. However, in front of the girl he liked, he could not cry out in pain. He could only endure it. However, he could not resist the immense strength on his shoulder at all. Both of his legs began to tremble.

The man could not hold on any longer. He begged, "Bro, no, I won't go. I'm not going to the movies."

"What did you call me?" Liu Siyan became even angrier. He immediately pressed down on his shoulder with all his strength. He almost pushed the man to the ground.

Chapter 184: Monkey of Mount Emei

Fang Xiaonuan was not afraid when she saw this. On the contrary, she was envious of men's natural strength. When she was young, she lost to her master often because she was weak. Every time her husband straddled her, she could not break free. This was the difference in the physiology of men and women.

When Liu Siyu saw that her brother was using force on her senior, she silently sympathized with his senior for a minute. Then, she said, "Senior, I'm not going to the movies with you. I'm going home to study with my brother later."

Hearing this, Fang Xiaonuan and Ji Wen moved to stand next to each other.

Fang Xiaonuan said, "Listen, what a perfunctory excuse."

The man was already in so much pain, that he could not bear it. Even if Liu Siyu did not refuse, he had long wanted to escape.

Liu Siyu's brother was a police officer, and he was an ordinary student from another city. He could not afford to offend him. Moreover, his brother doted on his sister so much that he had already given up the idea of pursuing Liu Siyu.

"Okay, see you another day. See you another day." After he finished speaking, he looked at Liu Siyan with pleading eyes.

At this moment, he suddenly realized something and hurriedly said, "Officer Liu, can I leave now?"

Liu Siyan said unhappily, "Get lost. Don't let me see you with my sister again."

The man was scared to death. As soon as the force on his shoulder disappeared, he ran away without looking back, as if there was a monster chasing him.

"How long has it been? Has it been three minutes?" Ji Wen asked.

Fang Xiaonuan took out her phone and looked at it. "Two minutes and fifty-six seconds."

Liu Siyu was taken away by her brother in a huff. After getting into the car, Liu Siyan asked, "Which school was that man from? Which class? What's his name?"

Liu Siyu said, "He's a senior in business school. He's in class one. I think his name is Qian Tao."

Liu Siyan was about to drive away. However, when he heard this, he immediately turned off the engine and asked, "How do you know so much about him? Are you already in a relationship? Did you fall in love with him just because he chased after you? Liu Siyu, the living expenses your family gave you are not for dating!"

Liu Siyu was speechless.

She clenched her small fists and hit her brother's arm, feeling wronged. She roared, "Brother, why do you always make malicious assumptions about me? What right do you

have to say that I like him and that I've fallen in love with him? Don't you know? I like your protégé!"

"He looks like a monkey from Mount Emei. What is there to like about him?" Liu Siyan said angrily.

A while ago, his sister went to the police station to pick him up from work. He happened to be busy with a case and did not have time to accompany her, so he sent his protégé to entertain his sister. Turns out, the two of them saw eye to eye and exchanged contact information behind his back. They had been chatting for so long. When he found out, the two of them were already talking about their feelings. He was so angry that he did not even eat dinner. He rushed to his sister's bedroom and forced her to delete his protégé's contact details.

1

The next day, when he arrived at the police station, he pulled his protégé along for a good training session. He took his cell phone and deleted his sister's contact information as well. He even threatened, "Seeing that you're a good cop who can benefit society, I've shown you mercy. Otherwise, it wouldn't be this simple."

His protégé, who was exhausted and lying on the ground, had almost been smashed to pieces. He could not get up at all. When faced with his master's threats, he could only nod and did not dare to refute them.

From then on, the connection between the two of them was broken. Liu Siyu also went to the police station to try to find him, but her brother was always there. If she showed up there, her brother would immediately bring her home.

"So what if I like him?" Liu Siyu was very upset. Why was having feelings for someone so difficult?

Liu Siyan's face was dark. He said angrily, "Liu Siyu, if you dare to like Jiang Zhisheng, I will transfer him to the ravine."

"Brother, how can you be more annoying than Xiaonuan's husband!" Liu Siyu shouted.

...

Meanwhile, CEO Ji, who had been scolded, had also rushed to Jing University. He was here to pick up his little wife. He thought for a moment, parked the car in a hidden place, and then got out of the car and walked into the campus.

Fang Xiaonuan was currently stuck in the classroom and did not want to leave. She lay on the table. She was bored and in a daze.

Ji Lingchen had not even reached the classroom door when he saw a little girl lying on the table. Just by looking at the back of her head, he could confirm that it was his little wife.

Ji Wen saw his uncle standing at the door and quietly retreated to the side.

Because the class had just ended, there were still many students in the classroom discussing the main points of the class. When Ji Lingchen appeared, everyone was shocked. Some people directly opened their books and compared the pictures in the books to the man in the classroom. It was actually the real Ji Lingchen in the flesh! Some students cried out in excitement. Many of them took out their phones and kept taking pictures of the man.

Chapter 185: The King of the Business World Appears

Ji Lingchen turned a blind eye to everything around him. His gaze was completely focused on one person. In the lecture theatre, Ji Lingchen deliberately avoided his wife's gaze. He slowly walked to the middle of the lecture theatre and stopped.

Fang Xiaonuan was facing the window, while Ji Lingchen was in her blind spot. Then, the figure of the man gradually appeared in her line of sight.

Fang Xiaonuan jumped up from the table in shock and looked up at the man in front of her. She suspected that she was hallucinating. She reached out to rub her eyes, but when she opened them again, the man was still there. Then, the man bent down and sat beside her.

"Hubby... Ah, no, Ji Lingchen, what are you doing here!" Fang Xiaonuan panicked and called him hubby immediately, but got angry again when she saw his face. She then called him by his full name.

Ji Lingchen said, "I'm here to pick up my wife from school."

Fang Xiaonuan crossed her arms and said, "Who's your wife? Didn't you ask Ji Wen to..."

"Ugh, me? Uncle, Aunt, this has nothing to do with me. I don't know anything. I'm going home first. Don't worry about me." Ji Wen was afraid that Fang Xiaonuan would say something that implicated him, making his uncle angry at him again. So, he quickly made his escape.

Fang Xiaonuan said unhappily, "Why did Xiaowen run away? I didn't beat him up."

Ji Lingchen said, "He was afraid that I would beat him up."

Fang Xiaonuan turned and rolled her eyes at Ji Lingchen.

In the classroom, the king of the business world of Jing City, the man who stood at the top of the food chain in the business world, was smiling and staring at the young woman in front of him. "Xiaonuan, do you want to go to the company building with your husband?"

Fang Xiaonuan snorted coldly. "Hmph! No. You know so many women, go invite them instead."

Ji Lingchen said, "Be good, don't be angry. I know I made a mistake. I won't do it again, okay?"

Fang Xiaonuan shook her head. "No! You made me so angry. Do you think that all that anger will just disappear? Didn't you want to see me jealous? Here it is!"

Ji Lingchen reached out and stroked his wife's back, afraid that she would anger him to death.

The students in the classroom were already recording this. Some had already posted it to the school's forum page. Once the video was posted, it got a huge buzz.

"Which classroom are you in? I want to watch!"

"Please let us watch."

That comment was seconded by a like.

...

Soon there were over 999 likes.

The location of the classroom Fang Xiaonuan and the others were in was quickly posted on the forum. After a while, the classroom that was originally empty was instantly filled with people. Everyone was pretending to study, but their eyes and ears were focused on the couple in the middle of the classroom. There were also some people who came in late. When they saw that there was no more space in the classroom, they took the initiative to clean the blackboard which was already very clean. When more people came and they noticed that the blackboard had been cleaned, they picked up a broom instead. They started sweeping the floor. Not long after, someone even started mopping the floor.

...

Ji Lingchen noticed all of this. He patiently coaxed his little wife, "Xiaonuan, can we go to the office to get angry? Our being here will affect everyone's studies."

When the nearby students heard this, their jaws almost dropped. Such a flattering tone... Did the king of the business world really say that?

Fang Xiaonuan also noticed that the crowd was growing. Even though they knew that the classroom was full, there were still people trying to come in. There were also people peering from the doorway. She pouted angrily and picked up her handbag. Then, she reached out to pick up the books.

Ji Lingchen took his wife's handbag and picked up her books. He took his wife's hand with his free hand.

The two walked towards the door. Suddenly, a bold student opened his arms and blocked their way. She said, "CEO Ji, can I have your autograph? I really admire you. I'm a freshman. I got into economics because of you. I really like you."

Fang Xiaonuan looked at the little student who had no idea of her place. She actually dared to say that she liked her husband in front of her! That pushed her over the edge and her temper exploded!

"Autograph? You're here to go to school, not to chase after celebrities!" Fang Xiaonuan said with the air of a principal.

The student heard Fang Xiaonuan's words and was so scared that she was about to cry.

Ji Lingchen, on the other hand, gazed at his little kitten happily.

"Senior, I'm just admiring your husband," the girl explained in a low voice.

Fang Xiaonuan said domineeringly, "He is my husband. I admire him, and that is enough. It's not your place. Don't you have a husband?"

The girl said, "No."

Fang Xiaonuan said, "Do you have a boyfriend?"

The girl shook her head. "No."

Chapter 186: Our School Supports Dating

Fang Xiaonuan said, "If you don't have a boyfriend, quickly find one. Don't worship my husband. You're already in university. If you don't quickly find a partner and fall in love, how are you going to survive four years in university? Our school supports students falling in love."

The girl was at a loss for words. In the end, Fang Xiaonuan scared her to tears.

Ji Lingchen hugged his angry wife and comforted her, "Be good. Don't be jealous. I won't give her an autograph. In the future, I'll only give you autographs, okay?"

Fang Xiaonuan said stubbornly, "Bah! Who's jealous!"

"Okay, okay, okay. You're not jealous. I'm the one who's jealous. Let's go to the office," Ji Lingchen comforted her. In the end, he did not provide the autograph. Instead, he embraced his wife and they left.

After returning to the car, he put his wife's books in the backseat and opened the passenger door for her. He even fastened her seatbelt before sitting in the driver's seat.

"Be good. Let's go home today, okay?" Ji Lingchen leaned closer to his wife and asked gently.

Fang Xiaonuan pouted. "I'll go home with you because I miss Dad. It doesn't mean that I forgive you. You can sleep in the study tonight."

Ji Lingchen said, "But there's no bed in the study."

Fang Xiaonuan thought of the big sofa that had been moved away. "Didn't you ask the butler to move my big sofa to the storage room? Later, when we get home, ask the butler to move it to the study for you."

Ji Lingchen patiently said, "The bedroom is big. I can sleep on the floor."

Fang Xiaonuan narrowed her eyes and pretended to smile. Then, she said, "In your dreams!" Although the bedroom was big, she would rather fill it with stuff than let her husband sleep there.

Ji Lingchen sighed and stared at his wife's infuriating mouth. He kissed her.

"Oh, Ji Lingchen, we're fighting. Why are you kissing me?" Fang Xiaonuan struggled to say.

Ji Lingchen was very engrossed in the kiss. He did not kiss her too hard. Instead, he gently brushed his wife's soft lips and sucked on them.

Fang Xiaonuan pushed her husband with all her might, but her husband did not move at all. The man's strength was indeed remarkable. It was truly infuriating!

Only when Ji Lingchen was satisfied did he finally let go of his wife. Just now, his wife had pushed him and hit him repeatedly. In his eyes, she was like a little kitten throwing a tantrum. She thrashed and scratched at him, looking extremely cute.

"Ji Lingchen, do you know anything about romance?" Fang Xiaonuan said angrily.

Ji Lingchen replied righteously, "No, I've never fallen in love before."

Fang Xiaonuan said, "I don't believe it. Don't you have an ex-girlfriend?"

Ji Lingchen started the car and drove away from the school. "If I had an ex-girlfriend, I wouldn't have married you."

Fang Xiaonuan was irritated. She felt that her husband was implying that his ex-girlfriend would have made him happier. At the same time, she felt that he was looking down on her. Therefore, she took advantage of the time when the man was driving to take revenge.

When they arrived at the company, Ji Lingchen held his wife's hand and went directly to the CEO's private elevator. In the elevator, Ji Lingchen said, "Xiaonuan, I heard from others that I'm going to be a 'father'."

Fang Xiaonuan suddenly recalled what she had said at the company the day before yesterday and suddenly felt a little guilty.

Ji Lingchen asked, "Xiaonuan, are you pregnant with a son or a daughter this time?"

Fang Xiaonuan replied, "I'm pregnant with anger!"

Ji Lingchen looked at his wife. She hung her head but was still fuming with anger. He said teasingly, "I'm really amazing. I can even start a fire in a kitten's belly!"

The elevator doors opened, and everyone in the CEO's office looked at the couple. Fang Xiaonuan looked into everyone's eyes and thought of her husband's words just now. Could it be that everyone knew that she was pregnant? She panicked. She involuntarily pulled her husband's hand and hid behind him.

She said guiltily, "Hubby, you know everything?"

Ji Lingchen said, "Yes, I know everything."

Fang Xiaonuan was filled with regret. She had never thought that this information would spread so quickly. At that time, she had just blurted out a lie on a whim.

“Then, then what should I do? I’m not actually pregnant,” Fang Xiaonuan said softly.

Ji Lingchen said, “Inform them. After they get their anger off their chests, it’ll be fine.”

Fang Xiaonuan buried her head in her husband’s back. “Ugh, what should I say, hubby?”

Seeing that the situation had slipped from her control, Fang Xiaonuan subconsciously acted coquettishly to her husband. “Hubby, what should we do?”

Ji Lingchen was all smiles as he held his wife’s hand and entered the office. The employees in the CEO’s office only took a glance at them before burying their heads in their work, as if they were not curious about them.

Upon entering the office, Fang Xiaonuan felt even more annoyed. “Hubby, I should go out and explain.”

Ji Lingchen said indifferently, “They won’t believe you.”

Chapter 187: The Plan Succeeds

Fang Xiaonuan paced back and forth anxiously. She simply took the document her husband was holding and stopped him from working. “Why don’t I just confess and say that I lied before?”

Ji Lingchen said, “It’s useless.” As he spoke, he took the document from her and opened it.

Fang Xiaonuan took the document again, closed it, and threw it to the side. Then, she cupped her husband’s face with both hands and made him look at her. “If this news continues to spread, it won’t be good for everyone.”

“I do have a way to help you resolve this matter, but there’s something you have to promise me. Promise you’ll let me sleep in the bedroom tonight,” Ji Lingchen said.

“Alright, I promise,” Fang Xiaonuan agreed readily.

Ji Lingchen had succeeded. He got up and left the office. He first went to the pantry to choose a drink for his wife.

At this moment, Secretary Song came to the pantry. “CEO Ji, did you manage to comfort her?”

Ji Lingchen said, “Yes and no.”

Actually, he had already thought of this plan when they were in the elevator. That was why he had deliberately brought up the matter of him becoming a “father” in the elevator, in order to make his little wife feel guilty. As expected, when his wife walked out of the elevator and faced everyone’s gazes, she immediately panicked. Once she panicked, she lost her focus. She became consumed with how to explain herself. After that, she naturally fell into his trap. He would not have to sleep in the study!

“Other than peach-flavored drinks, what other flavors are good?” Ji Lingchen asked.

“Why don’t we let Madam drink a cup of green apple-flavored soda?” Secretary Song suggested.

“Is there anything else?” Ji Lingchen asked. If he let his kitten drink a refreshing drink, she might come to her senses and realize his plan.

Secretary Song chose another grapefruit-flavored soda and handed it to Ji Lingchen. “CEO Ji, this one tastes pretty good too.”

“Yes, this will be fine.” Ji Lingchen took the drink and deliberately walked around outside. He took his time. Then, he returned to the office with two drinks.

When Fang Xiaonuan saw her husband return, she quickly went up to him and asked, “Hubby, how did it go? Have you explained everything clearly?”

Ji Lingchen’s face was calm. “I’ve explained everything clearly.”

Fang Xiaonuan let out a long sigh of relief. The huge burden on her chest was finally lifted. “That’s good.”

Ji Lingchen opened the drink and handed it to his wife. “Wait for me on the sofa. I need to work for a while. Then, I’ll bring you out for a meal.”

Fang Xiaonuan took the drink, took a sip, and happily went to the sofa.

Looking at his little wife’s cute demeanor, Ji Lingchen’s lips unconsciously curled up. As he perused his documents, he kept looking back at his wife.

While Fang Xiaonuan was waiting for her husband, she wandered around the room out of boredom. She casually picked up the documents in the bookcase and looked at them. She realized that they were all in foreign languages, and she could not understand a single word. She put them back in their original positions with a look of

disgust. Then, she went to the window and looked out casually like a child waiting for school to end. After a while, she ran back to the sofa, sat down, and looked up at the ceiling. How boring! She had finished the first drink. She picked up the second bottle and twisted the cap, but after trying for a long time, she could not open it. She pouted and twisted it again with all her strength.

Ji Lingchen happened to see this. He snickered. A moment later, he knocked on the table.

Fang Xiaonuan heard the sound and looked over. "What's wrong, hubby?"

Ji Lingchen waved at her and opened his palm. Fang Xiaonuan walked over and handed the drink to her husband. Ji Lingchen easily opened the bottle and handed it back to his wife.

Fang Xiaonuan saw that her husband had opened the bottle so easily. She pouted and asked aggrievedly, "Hubby, how many cows did you have to eat before you became so strong?"

Ji Lingchen was speechless.

Fang Xiaonuan stuck out her tongue mischievously. By the time Ji Lingchen reacted, she had already skipped away with the drink in her hand. She returned to the sofa and played with her phone for a while. Then, she was in a daze. Suddenly, she thought of something and turned to ask her husband, "Hubby, I'm the CEO's wife, right?"

Ji Lingchen said, "Yes, is there a need to ask?"

Fang Xiaonuan frowned and pursed her lips. She mumbled, "That's not right. Since I'm the CEO's wife, whether I'm pregnant or not, how dare the employees gossip about me?"

The employees of the CEO's office were always under her husband's nose. How dare they talk about the CEO's wife?

"Hubby, were you trying to trick me just now?" Fang Xiaonuan said, narrowing her eyes.

Obviously, Ji Lingchen could not come clean. He asked, "How did I trick you?"

Chapter 188: Poisoning

Fang Xiaonuan frowned. Was she overthinking? If her husband had really fooled her, he would have said, "No." instead of "How did I trick you?".

But she felt that something was wrong, so she continued to probe him. "Then, how did you explain to them that I'm not pregnant?"

Ji Lingchen said, "I didn't need to explain anything. I just told them the truth. They can only believe it."

The more she thought about it, the more Fang Xiaonuan felt that something was off. She felt as if she had fallen into a trap, but she still could not figure out how she had fallen into it.

Ji Lingchen saw that his wife was coming to her senses. He quickly put down his work and said, "Xiaonuan, a few days ago, I attended a social gathering and went to a nice restaurant. Do you want to try it?"

Fang Xiaonuan immediately stopped thinking and smacked her lips, indicating that she wanted to eat.

Seeing this, Ji Lingchen immediately put down his work and held his wife's hand as they walked out.

"Hubby, can you get me another drink? I still want the peach-flavored one. That one's delicious."

Ji Lingchen brought his wife to the pantry and picked up three bottles. "Is this enough?"

Fang Xiaonuan also took two bottles and mumbled softly, "One bottle later, one bottle tomorrow, one for Ji Wen, and one for Siyu. Dad would like this too. I also want to bring one back for sister-in-law..."

From the looks of it, it was definitely not enough! She took another bottle. "123456, now that's enough!"

Ji Lingchen listened to his wife's mumbling and did not comment. It turned out that she had included all her family and friends. He took the drinks she was holding and placed them back.

"Oh? Hubby, you're not letting me take any more drinks?" Fang Xiaonuan asked aggrievedly.

Ji Lingchen did not answer. Instead, he walked straight out of the pantry and instructed Secretary Song, "Send two boxes of these drinks to my house. Choose the peach-flavored ones."

Secretary Song asked, "CEO Ji, should I send it to the Ji family's mansion or Spirit Creek Villa?"

Ji Lingchen replied, "Send it to the Ji family's mansion."

Hearing this, Fang Xiaonuan was so happy that she could not close her mouth. She wanted to praise her husband, but they were in the office, so she had to endure it!

From now on, every time Fang Xiaonuan came to the office, she would pick a drink. If she found one she liked, she would put it on her husband's table, and her husband would have it delivered to the mansion.

Apart from Fang Xiaonuan, Old Master Ji also felt very happy about this. He felt that Xiaonuan was really great. Whatever she picked out was always delicious, and they were never the same. He would often give some to his friends.

"Mr. Zhou, come, try this drink. My daughter-in-law recommended it to me. It tastes really good!"

"Xiaoqian, have you tried the drink that my friends posted? It tastes amazing!"

"Mr. Wang, come to my house for a while. I have a very delicious drink at my house. Please come try it."

...

Of course, this all happened later.

Before that, the cold war between Fang Xiaonuan and her husband was not over yet.

During dinner, Fang Xiaonuan felt that her husband's performance was not bad, so she temporarily behaved herself. The problem was she could not pretend to be angry. Her expressions were all spontaneous. When she was angry, her anger was explosive, and she could practically burn the whole house down. However, after yesterday's carefree days, today's blow up, and her husband's dotting, she was actually not that angry anymore. Fang Xiaonuan felt that she was very well-behaved. She had such a good temperment, and she was also so nice. Her character was even better. Ji Lingchen was definitely lucky to have married her. After dinner, Fang Xiaonuan returned home, feeling a little narcissistic.

Old Master Ji warmly welcomed his daughter-in-law home. He was glad that she had calmed down.

“Xiaonuan, you went out to have fun yesterday. Why didn’t you ask me to come with you? I really want to go to the night market with you,” Old Master Ji said.

Fang Xiaonuan said honestly, “Dad, I was angry yesterday, wasn’t I? If I brought you along, I would have to take care of you. I wouldn’t be able to vent my anger.”

Old Master Ji asked, “Have you calmed down now?”

Fang Xiaonuan replied, “There’s still a little bit of anger left.”

Old Master Ji rolled his eyes at his second son, his eyes filled with disdain. He always felt that his second son was not worthy of such a good wife as Xiaonuan.

Hearing this, Ji Lingchen simply stood up and said, “I’m going back to my room.”

At this moment, Feng Qi happened to come down the stairs. When she saw the couple, she asked, “Is Xiaonuan still angry?”

Ji Lingchen nodded helplessly. “Yes, I’m still thinking of ways to comfort her.”

Yesterday, Fang Xiaonuan had been out the whole day. Everyone felt like it had been a long time since they last saw her. They were asking her a lot of questions now. She sat in the middle, responding to everyone.

Ji Wen also came out. When he saw the treasured daughter-in-law of the family, he shook his head. He felt that Fang Xiaonuan must have poisoned everyone in the family. It was the kind of poison that could not be cured.

Chapter 189: The Wonderful Girl

Feng Qi did not have a daughter to begin with, and they were very different. She often treated her sister-in-law as a stepdaughter. She would tell Fang Xiaonuan some things that she could not tell her husband. Ever since their relationship became better, she rarely went out with her friends. She only went once in a long time, and even if she did, her friends would always want her to bring Fang Xiaonuan along. Feng Qi had been living in a wealthy family for many years. She could easily tell what her so-called friends were thinking. Her husband was the mayor of Jing City, and many people wanted to get along well with her to gain personal benefits. The purpose of inviting Fang Xiaonuan was even more obvious. They were worried that they had no way to curry favor with Ji Lingchen. Previously, Fang Xiaonuan had become the focus of attention of the wealthy families in Jing city. Many people had secretly investigated her, and many people

wanted to get to know Fang Xiaonuan through various opportunities. There were even some people who said they wanted to visit her, but Feng Qi turned them all down. Fang Xiaonuan had no idea about this. She had no idea what could have happened, and she was still living normally.

One time, when Feng Qi had successfully turned down another eager person on behalf of her sister-in-law, Mayor Ji asked, "Doesn't helping Xiaonuan like this make you tired?"

Feng Qi replied, "I'm tired, but Xiaonuan is still young. She definitely doesn't know how to deal with those people who have ulterior motives. If she gets upset, she might just react. That would only make things worse. Our mother left early. If I, as her sister-in-law, don't help her, who else can help her?"

Feng Qi did not want to let these adult complications disturb Xiaonuan's peaceful life.

Mayor Ji said, "Xiaonuan has to grow up eventually. She will have a lot of social engagements in the future if she stays with Ji Lingchen."

"When that time comes, your brother will handle it." Feng Qi took on the role of a mother and worried. "Actually, I also want Xiaonuan to see the true face of society as soon as possible."

Mayor Ji was a little surprised. He looked at his wife and waited for her to continue.

Feng Qi said, "She was protected by her parents since she was young. She looked at everything through rose-colored glasses. If something didn't go her way, she would use aggression to solve it. She always lived as she pleased, so she had a bad temper and a vicious mouth. In fact, she does not have enough experience.

"There are all kinds of people in society. People have different intentions. So many people wear masks and live their lives that way. Xiaonuan has an innocent personality. What if she is used by others?"

Feng Qi recalled how she was once used by Lin Rou. She had always been traumatized by this matter. It was too easy to be deceived through blind trust in others.

"So, I hope that Xiaonuan can learn how to understand people. She needs to distinguish between good and evil, loyal and devious. Then, she can still be as kind as she is. I'd like her to understand the world, without being as worldly as most. She needs to be tactful, but still maintain her naivety."

Mayor Ji smiled and said, "You are such a busybody. How do you know that Fang Xiaonuan doesn't already know these things?"

Feng Qi felt that Fang Xiaonuan was too naive, but Mayor Ji did not think so. He felt that Fang Xiaonuan was only showing her most sincere self at home. But to outsiders, she would not be like this. She was so smart and eccentric. How could she be deceived by others or used?

...

When it came to Old Master Ji, he did not think much about Fang Xiaonuan's personality. He only cared about night market snacks.

Ji Lingchen, on the other hand, would never think about these things. He knew that his little wife's personality was volatile. One second, she would sweetly call him "Hubby", and in the next second, she would be so angry that she would call him by his full name. She was such a wonderful girl. You could never guess what was going on in her little head.

Back in the bedroom, Ji Lingchen lay on the bed and started reading. The familiar sound of a hairdryer came from the bathroom again, and his wife's voice rang in his ears. She talked about how angry she was, and then she brought up the interesting things that had happened today.

"Honey, ever since Siyu became the school belle, there have been a lot of people chasing after her. You know, today, a senior chased her to class and invited her out on a movie date!"

"But that senior wasn't very lucky. He ran into Siyu's brother. No one could take her anywhere while her brother was there."

As he listened to his wife, Ji Lingchen finally relaxed. "So, that person asked Siyu out in the end?"

Fang Xiaonuan finished applying her skincare products, took off her shoes, and jumped onto the bed. She wriggled to the headboard like a big bug.

Ji Lingchen lifted the blanket and she crawled under it. Lying next to her husband, she continued, "Of course not. Her brother is so strict. That senior was scared to death. How could he still be brave enough to ask her out?"

Under the blanket, Ji Lingchen suddenly felt something cold touch his leg. Her small foot had touched him. He turned his head to look at his little wife beside him.

Chapter 190: Dancing on an Ancestral Grave

Fang Xiaonuan quickly apologized, "Hubby, I'm sorry. I accidentally kicked you."

Ji Lingchen did not say anything, but he suddenly stretched his leg toward his wife, deliberately touching her.

"Huh?" Fang Xiaonuan looked at her husband in confusion.

Ji Lingchen frowned and asked, "Why are your feet so cold?"

Fang Xiaonuan was at a loss for words. Was her husband warming her feet with his legs?

Ji Lingchen put the book on the bedside table and reached out to grab his wife's hand. Her hand was fine, but her feet were cold. He had heard that those with cold skin would need to visit a traditional Chinese doctor. His wife had just taken a hot bath and yet, her feet were so cold. Fortunately, the temperature of her hands was normal. Otherwise, she would need to visit the doctor tomorrow. After warming his wife's feet for a while, the temperature of her feet finally returned to normal. Ji Lingchen retracted his legs and picked up his book to start reading again.

Fang Xiaonuan leaned in closer. "Hubby, you read books every day. What books do you read?" She glanced at it and realized that she couldn't read the words.

Ji Lingchen said, "Journey to the West."

Fang Xiaonuan said, "Then where is Sun Wukong?" She felt that her husband was being perfunctory.

Ji Lingchen said, "He's in the books."

Fang Xiaonuan leaned closer again. Sun Wukong's shadow was nowhere to be seen. "Translate for me if you can."

Ji Lingchen said, "I can translate for you, but how will you reward me?"

After saying that, his gaze fell on his little wife's lips. "I don't think I've received any rewards today."

"Yes, you did. Did you forget that you kissed me in the car? I still remember that. I clearly didn't agree to it!" Fang Xiaonuan said excitedly.

But even so, Ji Lingchen still kissed her. Fang Xiaonuan failed to struggle and could only give up. In the end, she did not get to hear the story, and he had taken advantage of her. She was so angry that she scolded him a few times.

That night, with his beautiful wife in his arms, a certain someone did not even step into the study.

After Fang Xiaonuan fell asleep, Ji Lingchen looked at her lovely sleeping face and secretly kissed her on the lips. He was not done kissing her, so he kissed her on the neck. He wanted to secretly kiss her like this, but he had been a bit too forceful. He accidentally left a hickey on her neck. He looked at the evidence of his actions on his wife's delicate neck and thought, 'Oh no, this will cause a scene tomorrow.'

Sure enough, early the next morning, Fang Xiaonuan saw the obvious marks on her neck while she was washing up. At first, she thought it was a mosquito bite, but when she saw her husband's evasive gaze, she came to a sudden realization. She picked up the pillow and threw it at her husband. "You stinky hooligan!"

...

At the dining table, Ji Wen asked in confusion, "Fang Xiaonuan, what's wrong with you? If you wear high-collared clothes today, you'll die from the heat."

Fang Xiaonuan gritted her teeth and threatened, "Do you want to die?"

Ji Wen was at a loss for words. Then, he said, "Why are you being so arrogant? This is my house!"

"This is also your aunt's house," Ji Lingchen said.

Ji Wen obediently shut his mouth. Indeed, they were the same.

"You shut your mouth too!" Fang Xiaonuan roared angrily.

Ji Lingchen also obediently shut his mouth. He was originally at the top of the food chain of the Ji family. After marrying this girl, his status in the family sank a little lower.

Ji Wen was stunned. His unrivaled uncle had actually been subdued by his wife? When he looked at Fang Xiaonuan again, he felt an inexplicable panic in his heart. She did not attack him, did she?

After eating, Ji Lingchen originally wanted to send his little wife to school, but he was mercilessly rejected.

Fang Xiaonuan picked up her bag, took her book, and sat in the passenger seat of Ji Wen's car.

"Xiaonuan, did you fight with my uncle?" Ji Wen asked curiously.

Fang Xiaonuan said, "Yes, I did."

“Why isn’t he injured?” Ji Wen continued to ask. He had seen Fang Xiaonuan fight too many times. She used both her fists and legs. He would not be completely uninjured.

Fang Xiaonuan wore sunglasses and elegantly opened the hood. She basked in the sunlight and said proudly, “It’s all internal injuries!”

Ji Wen was speechless. He gave Fang Xiaonuan a thumbs up. External injuries depended on fighting, internal injuries depended on qi, and she was able to inflict both. She was indeed an expert!

When they arrived at school, Liu Siyu was in low spirits. When she saw her good friends, she forced herself to stay awake. She greeted them and then went back to her drowsy state.

Fang Xiaonuan and Ji Wen looked at each other. Ji Wen quickly asked, “Siyu, did you go out to rob a grave last night?”

Fang Xiaonuan echoed, “Tell me, whose grave did you rob?”

Liu Siyu, who was lying on the table, closed her eyes and said, “I danced on the graves of the Liu family ancestors!”

“Yo, Siyu is really amazing. She would dance on her own ancestors’ grave!” Ji Wen said while clapping.

Fang Xiaonuan asked, “Which generation of ancestors did you dance on?”
