

## Love After Marriage, He Got A Free Wife

### Chapter 201: CEO Ji's Wife Was Missing Again

"Lingchen, these kids aren't answering their phones. Why don't we call the police?"

Ji Lingchen frowned. After hanging up on his father-in-law, he called Ye Mubai. "Help me look for her. My wife is missing again."

Ye Mubai was speechless.

Soon, their group chat became active again. Murong was crazily tagging Ji Lingchen in the group chat. "CEO Ji, is your relationship alright? Why is she always missing? Didn't she show her affection before?"

Wang Yubo also learned that his friend's wife was missing again.

"Lingchen, it's not that I want to criticize you, but you can manage such a big company in such an orderly manner. So, why do you keep losing your wife? How are you living your life? If you really think highly of this woman, leash her up and make her follow you at all times."

Ji Lingchen wanted to sew up Ye Mubai's mouth. If he did not need his help to find her now, he would have definitely taken action.

Yao Qian also tagged Ji Lingchen in the group and asked, "Is your sex life not harmonious, or does she have a gigolo?"

Ye Mubai instantly exploded. "Yao Qian, are you saying that Fang Xiaonuan cheated on him?"

Ji Lingchen looked at the group messages and sent one word: "Scram!"

It was simple and crude, but it reflected his current mood.

After that, his friends sensibly shut their mouths. They did not want to make him upset anymore.

Not long after, Ye Mubai returned Ji Lingchen's call. "I have some good news and some bad news. Which do you want to hear first?"

“Ye Mubai, don’t court death.” Ji Lingchen was in no mood to listen to nonsense.

Ye Mubai hurriedly said, “The good news is that your wife has been found. She’s at the Triumph Hotel. The bad news is that the man who booked a room with your wife has also been found. It’s your nephew...”

When Ji Lingchen heard about the hotel, he immediately narrowed his eyes. What was she doing there? After hanging up the phone, he immediately drove to the hotel. When he reached the place, he found that there were no more parking spaces in the parking lot. He simply parked his car at the entrance of the hotel, got out of the car, and walked in.

“I’m looking for three people. They look like students. Their names are Fang Xiaonuan, Ji Wen, and Liu Siyu,” Ji Lingchen said directly to the front desk.

The lady at the front desk asked with a puzzled face, “Sir, may I ask who you are?”

Ji Lingchen’s expression was gloomy. He said coldly, “I am Fang Xiaonuan’s husband.”

The front desk felt that the man’s identity was questionable and needed to be verified.

Ji Lingchen directly threw a stack of money onto the desk. “Hurry up.”

The receptionist was stunned upon seeing so much money. She immediately put the money away and quickly searched their system. “I didn’t find the name Liu Siyu. The other two people are in Room 365.”

Hearing this, Ji Lingchen walked into the elevator and went up to the third floor. When he reached the third floor, he found room 365. He knocked on the door, but there was no response.

Ji Lingchen obviously knew that nothing would happen between his wife and nephew, but the sudden booking of a room still made him feel annoyed. He knocked on the door again. “Xiaonuan, Xiaowen, open the door!”

There was still no response. Perhaps he was making too much noise because the cleaning lady in charge of the section came over to speak to him. “Sir, did you get the wrong room? No one is staying here.”

Hearing this, Ji Lingchen frowned. No one was staying here?

Seeing Ji Lingchen’s look of disbelief, the lady swiped her card to open the door and let go inside to take a look. Ji Lingchen went in to take a look, and there was indeed no one inside. Then, where did his wife go? As he walked into the elevator again, his mind was filled with questions. The receptionist at the front desk should not be wrong, unless...

Ji Lingchen's gaze was fixed on the swipe card area on the elevator. He took out an inconspicuous card from his wallet and pressed it to the sensor. The elevator descended quickly and reached the fourth underground floor. The elevator door opened. His eyes were sharp as he strode out of the elevator.

If he really found his little wife here, he would spank her butt!

Ji Lingchen's eyes were filled with viciousness as he walked into a place that he had not been to for many years.

"Come on, come on!"

The people in the stadium shouted crazily. The competition had just ended and eight out of the last sixteen people had advanced. According to the system's analysis of the combat strength points in the competition just now, the opponents would be redistributed.

Liu Siyu asked, "Xiaonuan, can you guess who your opponent will be?"

Fang Xiaonuan said calmly, "I'm more worried about fighting that foreigner."

"What? There's another foreigner?" Ji Wen and Liu Siyu were stunned.

Ji Wen asked, "Which one of them is a foreigner?"

Fang Xiaonuan said the foreigner's code name, "T"

"Is he the one who knows Muay Thai?" Ji Wen asked.

Fang Xiaonuan nodded and said, "Muay Thai, the king of combat styles. If he beats me, I really won't be able to stand up."

## **Chapter 202: Evenly Matched**

At this moment, the broadcast announced the name list of the upcoming matches. Among them was "Nan Nan versus T".

The audience immediately cheered. This would be a fight worth watching.

The three of them were shocked, but after they reacted, they immediately gathered together to analyze T's weakness.

The two of them had watched the matches with Fang Xiaonuan for five years, so they had some understanding of this.

Ji Wen expressed his opinion. "Muay Thai is fast, accurate, and fierce, but it consumes a lot of energy. Can you slow him down?"

Fang Xiaonuan shook her head. "I can't do that. There should be some other way. Muay Thai doesn't have much in the way of defense. It mainly relies on elbow and knee strikes. As long as I don't get hit by him, my chances of winning will be higher."

Soon, the venue announced the order of the matches. Fang Xiaonuan was the first to go up on stage.

She took a deep breath and calmed down. "Going early is good. I don't want to go home late. If my husband gets suspicious again, I won't be able to explain myself."

1

Ji Wen said worriedly, "Ancestors, I beg you. Please end the battle quickly. It's best if you don't get injured."

Fang Xiaonuan nodded. She got up and ran her hands through some water to cool them down before going up on stage.

On the opposite side, 'T' had not said a single word.

After Fang Xiaonuan entered the ring, she saw his stance and guessed that he had received Muay Thai training since he was young.

'T' was very polite. Whenever he was faced with an opponent, he would put his hands together to express his respect. However, his opponents were very arrogant, so he had never received a response.

Fang Xiaonuan returned his respect with cupped hands.

Her response surprised and delighted T. he had not expected that the first person to respond and respect him would be Nan Nan. He felt that he had met a worthy opponent this time.

Outside the battle, the two of them admired each other. On the platform, the two of them instantly entered a state of preparation.

The system's countdown began, and an intense battle started.

Ji Lingchen walked to a glass door. Inside was an extremely large space, with hundreds of people sitting inside.

This door could not be opened manually. He needed a card to get in.

Ji Lingchen once again stuck his card into the swiping area. The door automatically opened, and he walked in.

“Xiaowen, I’m going to the bathroom. Watch over Xiaonuan. If anything goes wrong, immediately throw in the towel. Don’t let her fight as hard as she did last time,” Liu Siyu instructed.

Ji Wen nodded. “Don’t worry, I will. If she gets injured this time, not only will my uncle destroy this place, but he will also destroy the two of us.”

The match on the stage had entered its climax. Fang Xiaonuan had used all of her abilities against T, using all the moves she could. If she missed, she would immediately turn around and move away from T to avoid being hit.

T was good at Muay Thai, and the fatal point was a heavy blow. If he landed a hit, she would lose without a doubt. He tried to hit Fang Xiaonuan a few times, but Fang Xiaonuan was like a fish, extremely slippery. Every time he was about to land a hit, she dodged quickly.

At this time, Fang Xiaonuan seized the opportunity to move behind T and kicked his calf, causing T to fall to the ground. However, he grabbed Fang Xiaonuan’s calf and threw her to the ground as well.

Fang Xiaonuan had a bad feeling! Lying on the ground meant she was like a piece of fish on a chopping board. Her movements were immediately limited. Her neck was pushed down, and her face was flushed red.

Everyone’s attention was focused on the stage. This battle would last for a long time, and it would be difficult to determine the winner.

Fang Xiaonuan reacted quickly. Even though she could not breathe, she made a judgment in the face of impending danger. She gave up on breaking free. Instead, she clenched her fist and hit T’s temple with all her strength.

T groaned in pain, and the force that was pressing Fang Xiaonuan down weakened a lot.

She took the opportunity to swing her fist again. She hit T’s neck, knocking T off her body. Then, she quickly rolled away from T and half-squatted on the ground, breathing heavily and calming her heart rate.

Time passed. The two of them were evenly matched, and neither of them gained any advantage.

At this time, Liu Siyu came out of the bathroom. She washed her hands, rolled up her sleeves, and walked past the glass door, preparing to walk toward the arena. Suddenly, she saw a person without face paint out of the corner of her eye. Just as she was about to warn someone, this person happened to turn around and see her.

He would notice her because she was wearing the same clothes as his wife.

Their eyes met. Ji Lingchen saw the panic in the girl's eyes. Was she afraid of him?

Ji Lingchen narrowed his eyes and sized up the girl's facial features. She had a similar body shape to his wife, and she was also wearing the same clothes. Ji Lingchen subconsciously wondered if she was his little kitten that deserved a beating. However, this girl seemed different. Her hair was not as soft as that of his wife.

1

## Chapter 203: Desertion

Ji Lingchen was about to look away when he suddenly saw a strange scar on the girl's arm.

This scar...suddenly triggered a memory for Ji Lingchen. That year, he had searched for that lost little girl for a whole fifteen years!

Ji Lingchen's breathing quickened. He looked at the girl who was dressed like a Native American and strode forward to grab the girl's arm. He asked, "Who are you?"

Liu Siyu's eyes widened in shock. 'Oh my God, isn't this the despicable man from Xiaonuan's house?!' She hurriedly turned to look at Fang Xiaonuan, who was still fighting in the arena.

"Oh my God!" Liu Siyu struggled free of Ji Lingchen's grip and quickly ran into the crowd.

"Xiaoyu!" Ji Lingchen shouted as he looked at the fleeing girl.

He had originally come to look for his wife, but when he saw this girl, he completely lost sight of his wife. It was as if there was only a girl named "Xiaoyu" in his world right now. He chased after that figure.

Liu Siyu turned around and saw him chasing after her. She was extremely vexed. "I'm done for. I'm completely done for!"

She squeezed through the crowd and ran to the side of the arena. "Xiaowen, this is bad. This is bad. Ji Lingchen is here!"

Ji Wen thought he had heard wrongly.

Liu Siyu pointed behind her. "I'm not lying to you. Your uncle is here. I saw it with my own eyes."

When Ji Wen heard that his uncle was here, his legs went weak. "F\*ck! Siyu, don't scare me. How could my uncle know about this place? He doesn't have a card either. How did he get in?"

Liu Siyu turned around and saw Ji Lingchen again.

Ji Wen looked behind her and indeed saw his uncle without any face paint! At this moment, he even thought he might have to pick out his own coffin.

Liu Siyu thought that at this time, she would be able to run as fast as she could. She said, "Xiaowen, don't blame me for being disloyal. Now that disaster is approaching, we can only run separately. Good luck to you and Xiaonuan. I'll leave first. See you another day!"

After saying that, she turned around and ran away, leaving Ji Wen there. His knees were already trembling. His uncle was glaring daggers in his direction.

Ji Lingchen could still recognize his nephew no matter how well Ji Wen disguised himself.

He slowly walked towards Ji Wen, his expression gloomy. With every step he took, Ji Wen felt as if his life had been shortened by a second. His heartbeat quickened. He was about to be frightened to death by his uncle's powerful aura.

As for the woman in the arena, just as she was about to win, she suddenly saw a special man in the crowd. She opened her mouth in shock and had already forgotten to take advantage of the situation to pursue her opponent.

That... that person was... was her husband. How did he find this place? The competition was no longer important, nor was it important to advance. She directly jumped down from the stage.

T and the audience were very puzzled. What was 'Nan Nan' doing?

Fang Xiaonuan could not care less and directly expressed with her actions that she wanted to desert the fight! If she did not run now, she might lose her life if she continued to fight. She could not care less. It was impossible for her to grab Ji Wen and run away with him. It was better to save her own life first. She quickly fled the scene.

This caused quite a commotion in the arena. On the stage, they began to speak Thai.

Ji Lingchen had already walked in front of his nephew. Ji Wen immediately raised his hands and made a surrender gesture.

“Where is your aunt?” Ji Wen subconsciously looked for the woman in the ring and was stunned. ‘F\*ck, where is she?’

Only then did Ji Wen realize that Fang Xiaonuan and Liu Siyu teammates had tricked him. They each ran for their lives. Only he was unlucky enough to be caught.

When Fang Xiaonuan ran out, she was only wearing a vest. She put her hands on her hips and gasped for air. She had almost run out of breath.

“You ran out too?” A voice suddenly came from behind her.

Fang Xiaonuan was shocked. She turned around and saw that it was her best friend, Liu Siyu. Due to the same lack of loyalty, the two of them met outside.

“Xiaoyu, f\*ck you! Why didn’t you inform me when you ran out? I was still enjoying the fight on the stage when I suddenly saw my husband walking over.”

“My mind went blank and I immediately jumped off the stage and ran out. Right now, it’s probably a mess inside. There’s no hope for me to advance today.”

Liu Siyu stood at the side and quibbled, “You still dare to talk about me? I looked into your husband’s eyes and even spoke to him. He wanted to catch me. If I didn’t run, I would’ve died! Was I supposed to wait for that?”

“That’s my husband. What are you afraid of? Why would he kill you?” Fang Xiaonuan said.

## Chapter 204: Little Princess

Liu Siyu said, "D\*mn it! It's because it's your husband. If he finds out that Ji Wen and I accompanied you to the underground casino, the two of us will be considered accomplices. The three of us will be done for!"

The two sisters stood at the door and chatted with each other, while the face paint still made them look like Native Americans.

"Let's not talk about it anymore. Hurry up and find a place to change. I'm going to seek my brother's protection," Liu Siyu said.

The two of them found a public restroom and went in to change.

Liu Siyu said, "Xiaonuan, your husband almost recognized me. He even called me Xiaoyu, but I didn't react. Let me tell you, when we go back, you can't tell him about us switching clothes. Otherwise, he will know that I was there."

Fang Xiaonuan agreed. The two of them changed their clothes and washed the paint off their faces.

Then, Liu Siyu, who was wearing a tank top, reached out to hail a taxi. "Sir, let's go to the Public Security Bureau."

Liu Siyan was busy with work when a girl wearing a tank top and face paint suddenly came in. He lifted the girl's chin and looked at the girl's face. "Liu Siyu, tell me the truth. What did you do?" Liu Siyan was instantly enraged.

Liu Siyu shrunk in fear. "Brother, I'm sorry. I know I was wrong."

Liu Siyan saw that she was only wearing a small tank top, so he quickly took off his jacket and put it on Liu Siyu, then, he brought Liu Siyu to the bathroom mirror. "Quickly wash your face and tell me honestly where you went and what you did."

Liu Siyu obediently hung her head, turned on the tap, and washed her face seriously. "Brother, I accidentally wet your sleeve."

Liu Siyan was furious. He even felt that his breathing was hot, but no matter how angry he was, what could he do? She was his sister!

Liu Siyan rolled up his shirt sleeve and ordered Liu Siyu, "Lower your head."

Liu Siyu obediently lowered her head and closed her eyes. After a while, he started scrubbing her face with his big hands. The paint on both sides of the girl's cheeks had not been washed off. Liu Siyan carefully washed her face.

At this moment, a subordinate who came out of the bathroom saw this. He was very surprised and asked in disbelief, "Captain, whose face are you washing?"

"This is my family's little princess, of course. Who else?" Liu Siyan said, a little angry.

Hearing her brother doting on her and calling her "little princess" made Liu Siyu smile.

After washing her face, Liu Siyan helped her wipe her face. "Liu Siyu, go back to my office and immediately tell me what you did today. If I find out, it won't be good for you. Our parents called me. They won't be back for a week. When they come back, they will tell us."

In other words, Liu Siyu would have to live under her brother's nose for the next week. If her parents did not come back, she would have to follow her brother's orders. If she did not perform well, he might punish her by making her wash dirty socks or clean the kitchen.

Liu Siyu walked into the office and sat opposite Liu Siyan. She lowered her head and tugged at the corner of his police uniform. She whispered, "I, I went there."

Bang! Liu Siyan slammed the table angrily.

Liu Siyu was so scared that she quickly explained, "I, I just went to take a look. No, I didn't participate in the competition. I don't have the qualifications."

Liu Siyan pointed angrily at his disobedient sister. "Since you like fighting so much, when you go home, do a hundred squats, a hundred push-ups, and a hundred sit-ups."

"Ah? Brother, I was wrong. I can't do it!" Liu Siyu cried out bitterly.

...

At the Ji family home.

It was very quiet at this moment, like the eve of a storm.

Ji Wen had returned. He was limping as he was dragged into the study.

Fang Xiaonuan was curled up in the living room, sitting next to Old Master Ji.

"Xiaonuan, why did you come home so late today? Lingchen came back early to wait for you. I haven't been able to find you."

Fang Xiaonuan was very upset. She must have gone out today without looking at his schedule. What bad luck!

In the study, Ji Lingchen stared at Ji Wen with an imposing manner and asked coldly, "Tell me, what's her code name?"

"Fang Xiaonuan doesn't have a code name, and she wasn't there either," Ji Wen said stubbornly.

Ji Lingchen's eyes turned colder, and his voice was filled with a sense of oppression. "It seems that I was a little too lenient!"

Ji Wen raised his head to look at his overbearing uncle. He still said stubbornly, "Fang Xiaonuan didn't go today. She doesn't know that place at all."

"Ji Wen, why don't you try telling another lie?" Ji Lingchen threatened.

## Chapter 205: First Rebellion

Ji Wen faced his uncle's oppression. "I've already said that Fang Xiaonuan didn't go with me today. I was the only one who went there to play."

Taking the risk of being beaten and punished, Ji Wen bore the brunt of Ji Lingchen's fury alone.

Ji Lingchen had not settled one thing, but another had come. He walked out of the study and came to the railing. He shouted at the guilty Fang Xiaonuan downstairs, "Come up now!"

Fang Xiaonuan knew he was calling her, but she did not dare to move and could only pretend to be deaf.

"Must I keep calling your name before you come up? Or should I go down and ask you to come up?" Ji Lingchen said.

Fang Xiaonuan was speechless.

She slowly got up, lowered her head, and slowly walked upstairs to report to her husband. Upstairs, Fang Xiaonuan was leaning against the wall, not getting close to Ji Lingchen. Her small hands were awkwardly pressed against the wall as if she wanted to make a hole in the wall.

Ji Lingchen's eyes were fixed on her. Suddenly, he stepped forward and grabbed Fang Xiaonuan's arm, pulling her into the study.

Ji Wen saw that Fang Xiaonuan was also being dragged in, and immediately said loudly, "Uncle, I already said that Fang Xiaonuan didn't go today. I went alone to play there. Why did you catch her?"

Fang Xiaonuan looked at Ji Wen, surprised that he had taken the blame for her. She opened her mouth, wanting to defend herself. "No..."

"I just thought it was fun, so I went. Besides, you were able to go in, which means that you've been there before. If you can go, why can't I go?" This was the first time Ji Wen had said such rebellious words to Ji Lingchen.

Ji Wen had stopped Fang Xiaonuan from speaking.

Ji Lingchen looked at his nephew. He would rather incriminate himself and defend his aunt. Ji Lingchen was frustrated. "Get lost!"

Ji Wen turned around and left bravely. Before he left, he shook his head slightly to remind Fang Xiaonuan not to come clean.

After Ji Wen left, only the husband and wife were left in the study.

"Who did you switch clothes with today?" Ji Lingchen closed his eyes. He kept thinking about the marks on the girl's arm.

Although the girl's clothes were the same as his wife's, she was definitely not her wife.

Ji Lingchen saw Fang Xiaonuan's arm every day. How could he not have known if it was her? Therefore, the most likely possibility was that she had switched clothes with someone else today.

Fang Xiaonuan gritted her teeth and shook her head. Liu Siyu did not allow her to come clean, and neither did Ji Wen.

Ji Lingchen slammed the table hard and asked anxiously, "Xiaonuan, who exactly did you lend the clothes to? Tell me!"

Fang Xiaonuan still shook her head slightly.

"Fang Xiaonuan, tell me immediately!" Ji Lingchen was furious and shouted at his little wife, whom he usually treated as a treasure.

Other than the fact that they did not get along well when they were newlyweds, Fang Xiaonuan had always been doted on by Ji Lingchen as if she was precious to him. Now, he was suddenly yelling at her. She stood rooted to the spot and started crying. Her tears kept flowing, and she could not stop them no matter how hard she tried. She was just like a child who could only stand there and cry after being criticized by her parents.

Fang Xiaonuan raised her arm and wiped her tears with her sleeve.

Ji Lingchen became even more agitated. He clenched his fists and rushed to his wife. He pressed his hands on her shoulders and said, "Xiaonuan, quickly tell me who you switched clothes with. This matter is very important to me."

Fang Xiaonuan was crying her eyes out. On one hand, she was not allowed to say anything because that was her best friend. On the other hand, her best friend was taking the blame for her. Now that her husband was still questioning her, she really did not know how to answer him. She could only cry like a child.

Ji Lingchen also realized that he had been a little impulsive. He forced himself to calm down. His little wife had been scared to tears by him. He should not have lost his composure like this.

Ji Lingchen closed his eyes and took a few deep breaths. Looking at his tearful wife, he reached out and pulled her into his arms. "I'm sorry. I shouldn't have yelled at you."

Fang Xiaonuan choked and said, "I'm... I'm sorry. I'm sorry, hubby."

"No, don't be," Ji Lingchen comforted his little wife in his arms.

At this moment, Ji Lingchen suddenly received a call. He put on his jacket and prepared to go out.

Fang Xiaonuan chased after him with tears in her eyes. "Hubby, where are you going?"

Ji Lingchen said, "I have some matters to attend to. I'm going out for a while. You should go back to the room first. It's cold outside, so I won't be coming back tonight."

1

With that, he drove away. He did not even know that his little wife was standing there in tears.

Feng Qi heard the commotion outside and went downstairs to take a look. She happened to see her sister-in-law standing at the door in her thin pajamas. She immediately brought her into the house. "Xiaonuan, tell me what happened?"

Fang Xiaonuan hugged Feng Qi and cried, "Sister-in-law, my husband is ignoring me."

## Chapter 206: Getting Beaten Up

“Don’t cry, be good. I’ll talk to Lingchen tomorrow. He must be too busy with work. Otherwise, why would he ignore you?” Feng Qi comforted her.

Fang Xiaonuan shook her head slightly. “No, he already hates me because I lied to him.”

Feng Qi could only comfort her.

At Blue Water Luxury Court.

Ji Lingchen arrived and there was a thick stack of documents in front of him. There were at least fifty pages there. He picked up one of the documents and glanced at it. Then, he threw it to the side. Then, he picked up another one and threw it to the side.

“CEO, here is the information about those who participated in the competition tonight. There’s no difference between any of them. They’re all here,” Assistant Liu said.

Ji Lingchen continued to look through the information. He could not find what he wanted and threw most of them on the ground. Finally, he saw Ji Wen’s information. His code name was “Master Ji”.

This included Ji Wen’s combat strength analysis. Ji Lingchen glanced at it with disdain. Then, he threw Ji Wen’s file into Assistant Liu’s hands. “He’s not allowed to enter the competition in the future.”

“Yes. Go back and remove Young Master Ji Wen’s information from their system,” Assistant Liu said.

Ji Lingchen continued to flip through the documents. “What about Madam’s information?”

“Ah?” Assistant Liu asked, confused.

Ji Lingchen asked again, “What about Madam’s information?”

Assistant Liu immediately became terrified. “CEO, her information isn’t here.”

Ji Lingchen frowned and looked at Assistant Liu. “Did her information just disappear?”

Assistant Liu said, “There really isn’t anything about her here, unless she is a contestant from the advanced field. In that case, all her information will be sealed and kept confidential.”

Ji Lingchen was at a loss for words.

The delicate girl in his house was so harmless that her attempts at clawing someone were like scratching an itch. He did not expect her to be a contestant from the advanced tier in Silver Field.

Ji Lingchen said, "Go and investigate immediately."

Assistant Liu immediately nodded and said, "CEO, I need the highest order."

Ji Lingchen immediately took out a piece of A4 paper from the table, wrote down a few numbers, and handed it to Assistant Liu.

...

Jiangnan residence.

"27,28, continue. Don't you like competitions? I'll help you train now. When you're almost done, you can participate in the competitions." Liu Siyan stood to the side and let Liu Siyu continue the squatting exercises.

Liu Siyu was doing squats in the living room with her hands on her head. She wanted to cry but had no more tears. "Brother, my legs are numb. I can't do it anymore."

Liu Siyan said, "Don't stop. Continue."

Liu Siyu stood up with difficulty, then squat again. In the end, she really could not do it anymore. Liu Siyan lifted her up by her collar.

"My good brother, the best brother in the world. Please spare me this time. I won't dare to do it again in the future," Liu Siyu pleaded.

"Liu Siyu, cut the cr\*p. Didn't you swear last time?"

Liu Siyu hugged Liu Siyan's arm and leaned on him. "Brother, I didn't keep my word, but I'm serious this time."

Liu Siyan did not believe her at all. "29, continue."

Liu Siyu could only lie on the ground and act like a scoundrel. She did not want to do it. Anyway, Liu Siyan could not do anything to her.

Suddenly, her brother hit her thigh. She was wearing thin pajama pants. It hurt so much that Liu Siyu inhaled sharply. "Brother! You actually hit me!"

Liu Siyan said, "Stand up and continue, or else I'll hit you again."

Liu Siyu was so angry that she wanted to break free from her restraints. However, her brother was holding her legs tightly, so she had no hope of escaping.

“Liu Siyan, I’ll tell our parents. Do you think I won’t?” Liu Siyu was lying on the ground. She picked up the phone and was about to make the call.

Liu Siyan lurched forward and snatched the phone. Liu Siyu could move her legs a little, so she quickly got up. She hopped around and wanted to snatch the phone back. “Give me back the phone. I want to call and tell them how you’re bullying me.”

Liu Siyan’s face was gloomy. Bullying her? He suddenly no longer felt that she was his little princess! He asked plainly, “Are you really going to call?”

Liu Siyu nodded angrily.

Since she wanted to make the call, Liu Siyan took Liu Siyu’s phone and found their parents’ number. “Perfect. I’ll also tell them what you did today.”

Liu Siyu immediately panicked. This was not possible. If her parents found out that she went to a place like that, all three of them would punish her.

“Brother, my good brother, don’t hit me.” Liu Siyu hurriedly stopped him. She wrapped her arms around Liu Siyan’s neck and made him bend down. She took the opportunity to snatch her phone.

“Brother, we are even on this matter. Don’t complain. I won’t tell them you hit me. How about it?”

## **Chapter 207: A Woman in His Previous Life**

Liu Siyan did not listen at all. At this moment, the call was connected.

“Hello, Xiaoyu, do you miss me?” Mrs. Liu’s gentle voice came from the phone.

Liu Siyan said, “Mother, it’s me. I have something to tell you.”

Liu Siyu became even more flustered. She tiptoed and kissed Liu Siyan’s face a few times.

Liu Siyan was at a loss for words.

Feeling the wetness on his face, he turned to look at the girl beside him in surprise. “Liu Siyu, you have no shame.”

Liu Siyu pleaded softly, “My good brother, I’m begging you. I know my mistake. Don’t tell Mom. I’ll definitely listen to you.”

She did not know why she had kissed Liu Siyan on the cheek, but there was a vague memory in her mind. When she was young, whenever she had done something wrong, she would kiss her family member and be spared from punishment.

“Hey, Xiaoyu, son, what happened? Did you get into a fight again? Xiaoyu is a girl, and she is your sister. Why are you bullying her?”

Liu Siyu cautiously put her hands together and begged Liu Siyan not to tell her parents.

Liu Siyan could do nothing about her. He simply threw the phone to Liu Siyu and turned to go back to his room.

Liu Siyu held the phone and immediately put it to her ear. “Mom, it’s nothing. I just miss you. How long will it take for you and Dad to come back? Liu Siyan always bullies me when you’re not around.”

Liu Siyan, who had not gone far, was speechless

Sure enough, women were good at lying. He could not believe it at all!

The mother and daughter chatted for a while. They actually talked on the phone for half an hour. Liu Siyan entered the room again. “Let’s talk.”

“Brother, Mom said that if you dare to bully me at home, she’ll definitely teach you a lesson when she gets back,” Liu Siyu threatened.

“That’s not what I want to talk about. I want to talk about your boundaries,” Liu Siyan said seriously. “Although I’m your brother, we’re already adults. If you kiss me like that, people will laugh at you.”

“What’s there to laugh about? You’re my biological brother, so what if I kiss you? Didn’t I kiss you when we were kids? I’d kiss Dad too.”

Liu Siyan pointed at her and continued his lecture. “Liu Siyu, you have to be more careful about this in the future.”

“Okay, I got it. You’re so long-winded. I even suspect that you were a woman in your previous life.” Liu Siyu pursed her lips.

Liu Siyan was burning with anger. He really wanted to teach his sister a lesson. He said angrily, "Grandfather is now in the hospital in his hometown. Father and Mother are accompanying grandfather. I'm going to pay him a visit in the next two days. Since you don't want me to interfere in your life, you can stay at home by yourself this week."

"No, brother. I want to go with you too." Liu Siyu instantly came to Liu Siyan's side and spoke coquettishly.

Liu Siyan glanced at her. "Don't you want to be free? You're free now. I won't care about you in the future."

"Mm, no. Brother, you should still care about me. Don't be angry!" As she said this, Liu Siyu pretended to be obedient. She casually pinched Liu Siyan's shoulder a few times. "Although I always say that you're not good, I know in my heart that you're the best brother in the world. No one treats me better than you. I love you."

Seeing that Liu Siyan was indifferent, Liu Siyu could only continue to coax him and say nice things. He even refused to let Liu Siyan sleep and kept insisting that he bring her on the trip back to their hometown. When Liu Siyan did not agree, she grabbed his blanket and insisted on sleeping next to him. She kept nagging him in his ear.

In the end, Liu Siyan could not take it anymore and he hit his sister again.

Liu Siyu cried after she got hit again. Liu Siyan tried to coax her for a long time but to no avail. He could only say helplessly, "Okay, I'll bring you with me."

She instantly stopped crying. Since he had agreed, Liu Siyu took her blanket and left his room.

Liu Siyan watched his sister leave and felt that he had been deceived. However, he had no evidence.

Liu Siyu's crisis was averted because she had acted coquettishly. She was so thick-skinned. However, her best friend, Fang Xiaonuan, could not sleep at all. She kept the lights on and sat by the bed, staring at the door as she waited for Ji Lingchen to come home.

However, Ji Lingchen did not come back. Fang Xiaonuan called her husband and Ji Lingchen picked up the phone. "It's so late, why aren't you sleeping?"

Fang Xiaonuan cried, "If you don't come back, I won't be able to sleep."

Ji Lingchen said, "Go to sleep, I still have things to do."

"Hubby, can you come back and do them?" Fang Xiaonuan asked tentatively.

She did not know why, but when she saw her hubby so angry, she felt very uncomfortable. He had yelled at her. She still remembered that feeling. It felt like there was a huge weight on her heart. She could not move it, she could not break it, and she could not even breathe smoothly.

## Chapter 208: Friendship of the Three

Ji Lingchen held a single page in his hand. As he read, he tried his best to speak in a gentle tone so as not to scare his little wife. "Assistant Liu and I are busy with work. I'm not meeting another woman. Don't let your imagination run wild. Go to sleep."

After coaxing Fang Xiaonuan to hang up the phone, Ji Lingchen held the single page in his hand and read it more than ten times!

Assistant Liu said somewhat anxiously, "CEO, we also didn't expect that Madam's petite body would have such explosive power, right?"

The information on the single page told him that his petite wife really packed a punch.

As expected, Ji Lingchen did not return home for the entire night.

The next day, the three friends met in the classroom.

Liu Siyu said happily, "I'm so happy that the three of us are still alive."

Ji Wen sighed and said, "Wrong. The two of you are still alive. I'm dead."

Fang Xiaonuan lay on the table without saying a word. She even closed her eyes as she listened to the lecture.

Liu Siyu patted Ji Wen and asked softly, "What happened to Xiaonuan?"

"My uncle must have taught her a lesson," Ji Wen replied.

Liu Siyu immediately went to Fang Xiaonuan's side and asked, "Did Ji Lingchen beat you up last night?"

Fang Xiaonuan did not even open her eyes. She just shook her head.

Liu Siyu asked, "Then did he scold you?"

Fang Xiaonuan kept shaking her head.

Liu Siyu continued to guess. "Do you think she's upset about forfeiting the competition yesterday?"

"Xiaoyu, my husband is ignoring me."

Fang Xiaonuan's voice was hoarse. She leaned on the table and cried, "Last night, he went back to the office to work overtime instead of staying home with me. I made a mistake and I admitted it, but he just wouldn't listen."

1

"This morning, I called him, and he answered and said he was busy. Why are relationships so hard? If only I were single. Then, I wouldn't care about his feelings."

Ji Wen said, "How did you admit your mistake? Did you admit that you are 'Nan Nan', or did you just admit to being a contestant in the competition? You would also have to explain how you found that place, who told you about it, and why you participated in the competition. Have you thought about how to explain all this?"

Liu Siyu frowned. She looked at her best friend who was in so much pain. "Xiaonuan, if this is too much, just tell CEO Ji that I brought you there. If your husband comes looking for me, I'll tell him that my brother brought me there. My brother definitely won't ignore me."

Fang Xiaonuan shook her head again. "No need. If I continue to lie to him, I'll only feel worse."

Ji Wen said, "Then don't say anything. I've already been beaten up. I don't want that to be in vain. Just pretend that you didn't go yesterday. I'm the only one who went."

Fang Xiaonuan turned. "Ji Wen, why are you taking the blame for me?"

Ji Wen said, "You didn't even tell your parents about this, but you told me and Siyu. Since you trust me so much, I'll take the blame for you."

Fang Xiaonuan looked at the righteous Ji Wen and said guiltily, "Xiaowen, I'm sorry for leaving you behind yesterday."

It would have been better if she had not mentioned it. However, Ji Wen was furious when she mentioned it!

However, if it were him, he would have made the same choice. After all, he was Ji Lingchen's nephew. He would only be beaten up!

...

In the afternoon, Ji Lingchen returned home. Fang Xiaonuan and Ji Wen were already at home.

Seeing Ji Lingchen return, Fang Xiaonuan immediately ran to him. "Hubby, you're back."

Ji Lingchen saw the wariness in her eyes. He reached out to hug his wife, but quickly let go. "Be good. I still have things to do. Go entertain yourself for a while."

Then, he pointed at Ji Wen and said loudly, "Get your \*ss up here right now."

Ji Wen sat on the sofa, leisurely playing on the phone. When he heard his uncle call him, he immediately got up and followed Ji Lingchen upstairs to the study.

"Uncle, if you want to teach me a lesson, you should have said so earlier. Don't make me worry." Ji Wen was just short of entering the small dark room to receive his punishment.

Ji Lingchen said, "I don't know what you are doing, but I'm warning you. If anything happens to your aunt, I'll settle the score with you. Don't even think about going to that place again."

Ji Wen thought of his uncle's valiant wife. Would she listen to him?

If Fang Xiaonuan listened to him, she would have turned over a new leaf long ago. She would not have exploited him for so many years.

"Do you understand?" Ji Lingchen asked coldly.

Ji Wen did not dare to agree. If he did and did not keep to his word, his uncle would only punish him even more harshly. He might as well not agree from the start.

At this moment, someone knocked on the study door. A soft voice probed, "Hubby, can I come in?"

Ji Wen said, "Uncle, she was waiting for you all night last night. Today, she was crying on the table at school."

Ji Lingchen frowned when he heard this. Had he not told her to sleep first last night?

However, how could she fall asleep so easily when she was thinking about someone?

## Chapter 209: Admitting Mistakes

Ji Wen continued, "Uncle, we've known each other for so many years. You're the only person I know who can affect the way she feels. Your emotions affect her emotions, and she remembers everything you say. Whenever we talk about you, she'll always smile and won't let us speak ill of you. Only she can talk about you like that.

"Only she can tyrannically place you in her world. We're all outsiders. She loves you so much. You should be able to feel it."

Hearing these words, Ji Lingchen was clearly stunned.

Although he knew that his little wife loved him, hearing these words from his nephew left him extremely shocked. After the shock wore off, he was overjoyed. Perhaps this was what it felt like when two people shared feelings for each other.

Ji Wen said affirmatively, "You are her first love. She has never been in a relationship before, so she doesn't know this is love at all. But people outside the relationship like us can see that she has never cared this much about someone else before. Ever since you started ignoring her yesterday, she has been extremely sad. When she woke up in the morning, the first thing she did was ask you when you would be back. In the afternoon, she kept looking at her phone. She didn't even eat her favorite snacks. When she came home, she spent time watching the door. When you came back, she was very careful, afraid that she would make you unhappy again."

"If you hug her, she'll be happy. If you ignore her, she'll be sad again. Uncle, in a relationship, a partner will only be this cautious if they love the other person very much. You like her too. Why can't you treat her well?"

Ji Wen was not a fool. He could tell how much his uncle felt for his aunt.

A man who had sworn to never marry suddenly changed into a man who hugged his wife and doted on her very much. Usually, he would always caress her, and occasionally, he would even give her a few kisses.

In order to comfort her, he would do everything he could to make her happy. He even personally taught her how to drive. He even played with dirt with her even though he was a neat freak.

...

There were too many instances that proved Ji Lingchen's love for Xiaonuan. Both of them clearly cared so much about each other.

“I didn’t ignore her.” Ji Lingchen spoke after a moment of silence.

He did not remember the girl he saw yesterday. He only remembered the bite marks on her arm. However, who would be filled with love if the person they had been searching for, for more than ten years, suddenly appeared in front of them?

Ji Lingchen was not very emotional in love. His feelings for his wife would not stand in the way of what he wanted to do.

Now, there were more important things for him to investigate. If he missed this opportunity, there was no telling when he would get another chance. Therefore, he had ignored his wife first.

Fang Xiaonuan stood at the door with a glass of water and waited for a long time. In the end, she hung her head in low spirits. She guessed that her husband was still unwilling to forgive her. She turned around and was about to leave when the door opened.

Ji Lingchen looked at her. “In the past, when you entered my study, you were never polite. Why did you learn to knock and ask if you can come in today?”

Fang Xiaonuan said softly, “Husband, I didn’t make mistakes in the past. I didn’t feel guilty then.”

Therefore, every time she came, she would casually say something and walk in. But now that she had done something wrong, she was here to admit her mistake. Of course, she had to correct her attitude.

Ji Lingchen looked at the cup in her hand. It was still steaming. He was afraid that it would burn her hand, so he immediately took it with one hand. With the other hand, he pulled her into the study.

Ji Lingchen glanced at Ji Wen and said impatiently, “Hurry up and get lost.”

Ji Wen said, “Uncle, if you’re not punishing me, I will...”

“I will supervise you for a day in the small dark room,” Ji Lingchen said indifferently.

Ji Wen was so annoyed that he wanted to pull out his tongue and throw it into the trash can. He could have just left, but he had to ask for a punishment. He had a big mouth.

After Ji Wen left, Ji Lingchen put down the cup and sat down on the sofa with his little wife. Her eyes were teary and she was being evasive. She did not dare to look at him.

“Hubby, don’t punish Xiaowen,” Fang Xiaonuan pleaded on behalf of Ji Wen.

Ji Lingchen kissed her the moment she finished speaking. He was so familiar with her soft lips. He hugged her and kissed her for a long time before he was willing to part with her.

“I heard that my kitten cried because she missed me?”

Fang Xiaonuan heard this doting tone and immediately felt mistreated. She whimpered coquettishly and said, “Yes, she cried for a long time.”

Ji Lingchen’s lips curled into a smile. “Why didn’t you sleep?”

Fang Xiaonuan said with a sobbing tone, “You didn’t come back. My thoughts ran wild and I couldn’t sleep.”

Ji Lingchen stroked his wife’s hair. “Didn’t I say that I was only with Assistant Liu? There was no one else with me, much less a woman.”

Fang Xiaonuan said in a sobbing voice, “But you yelled at me yesterday…”

Ji Lingchen quickly pulled his wife into his arms. “I’m sorry. I will never do that again.”

Fang Xiaonuan successfully turned the tables once again. She was clearly here to apologize to her husband, but she vented out her grievances. In the end, it was Ji Lingchen who apologized to her.

She looked at her husband’s lips. For the first time, she took the initiative to kiss him. “Husband, let’s move past this.”

She was no longer angry at Ji Lingchen for using a woman to trick her into being jealous. Ji Lingchen also wanted to forget about her participating in the Silver Field competition.

It was the best of both worlds! Fang Xiaonuan felt that this idea was especially good. Unfortunately, it was already too late.

Ji Lingchen had already found out about everything his little wife had done behind her back last night. He looked at the mischievous little girl. She was clearly so soft and lazy, his cute little kitten. How did she become a high-level boxer in Silver Field? And she was quite famous in there!

Ji Wen had asked him before, “Uncle, how do you know about Silver Field?”

Liu Siyu knew that her brother was very controlling and would find out where she had been and what she had been doing. Therefore, she had used fake information to prevent her brother from finding out.

The fact that they had gone to the hotel to get a room was actually a cover. Even if her uncle had really found out about his and Fang Xiaonuan's room records, he should have gone to the hotel room first. But why had he gone directly to the underground arena?

Plus, it was Silver Field. Anyone who was not participating in some way would not know about it. There was only one possibility. Ji Lingchen was at least an expert at the intermediate stage in Silver Field! Otherwise, it was impossible for Ji Lingchen to have the qualifications to enter such a high-level competition.

Everyone who was at the arena had to swipe a card to enter. If they did not have the qualifications, the door would not open.

"Uncle, do you have a diamond card?" Ji Wen felt that only a diamond card was worthy of his uncle's status.

Ji Lingchen was speechless.

How could a person like him be bound by the rules set by others?

According to the rules, those who made it to the first place would get the diamond card.

He was one of the people who set the rules. How could he be interested in a mere diamond card? He was the one who issued the diamond card! He was the behind-the-scenes boss of Silver Field!

If the person who held the diamond card was the king of the silver field, then he was the god who created the king!

Ji Lingchen glanced at his nephew, who had no vision, and told him to get out immediately. He wanted to speak to his wife alone.

...

Back to the present, facing his little wife who was acting coquettishly, Ji Lingchen said softly, "Xiaonuan, you can't go to places like that again in the future."

Fang Xiaonuan pursed her lips and did not say a word.

Ji Lingchen said, "If you don't want to see Silver Field disappear, stay home obediently from now on."

Fang Xiaonuan was speechless.

Easily? He could make Silver Field disappear? There were nine levels and thousands of contestants. They had taken decades to grow to their current scale. How could her husband make them disappear just like that? Men were too arrogant!

Lingchen said, "I'm serious."

Silver Field affected his kitten. It did not matter to him if it disappeared.

He did not say a word. He was silent.

Inside, Ji Lingchen and his wife talked for a long time. They talked about boxing a lot.

She listened with a serious expression, but in her heart, she was complaining, 'I'm not listening, I'm not listening. Son of a b\*tch.'

"Xiaonuan, what did I say?" Ji Lingchen suddenly asked.

She was stunned. 'D\*mn it, he didn't say that there would be a test!' She had not been listening at all!

CEO Ji looked at his wife's expression and understood. What he had been saying was probably going in one ear and out the other. This was completely pointless.

...

Now that Ji Lingchen had returned home, it was time to settle the score. The first person to stand up for Fang Xiaonuan would always be Old Master Ji.

Old Master Ji pointed angrily at Ji Lingchen and said, "You heartless person. Xiaonuan is so good, yet you yelled at her until she cried. If you anger my daughter-in-law and make her run away, you can get out of this house!"

Ji Lingchen frowned and said coldly, "I've already comforted her."

Old Master Ji had prepared a long lecture, but before he could start, he was forced to swallow his words.

"So quickly? It wouldn't be settled this fast, right?" Old Master Ji had a doubtful look on his face.

He turned to Fang Xiaonuan, who was standing beside Ji Lingchen. She nodded and said, "Dad, it's really settled."

Old Master Ji was instantly a little disappointed. He had clearly prepared a ton of curses for his son, but before he could say anything, they had already made up. Wasn't it too fast? They had made up in less than a day! He pursed his lips and was very unhappy. But when he thought about it, he did not believe that Ji Lingchen would not make mistakes in the future. Sooner or later, he would have the opportunity to curse at him again.

Not long after Old Master Ji left, Feng Qi also came over.

Fang Xiaonuan even pleaded for Ji Wen's freedom on behalf of her sister-in-law. She wanted to help get Ji Wen out of the dark room.

## Chapter 210: Arrogant Man

Fang Xiaonuan said in a sobbing voice, "But you yelled at me yesterday..."

Ji Lingchen quickly pulled his wife into his arms. "I'm sorry. I will never do that again."
