

Love After Marriage, He Got A Free Wife

Chapter 211: It's Done

Unexpectedly, Feng Qi walked up to the two of them and said, "Lingchen, Xiaonuan is still young. How could you just drive away last night and leave her crying at the door?"

Ji Lingchen frowned and looked at his wife. "You cried after I left last night?"

She grabbed the corner of her husband's shirt and nodded. "I was sad. I thought you didn't want to talk to me anymore."

Ji Lingchen had no idea that something like that happened last night. If he had known, how could he have left?

"You're her man. You have to treat her better. Don't make her cry every now and then. To make your relationship last, you need to lead a peaceful marriage." Feng Qi said earnestly.

Feng Qi mistakenly thought that Ji Lingchen had bullied Fang Xiaonuan last night and made her cry. She continued, "You have to pamper Xiaonuan in the future. If she gets angry and runs away, you won't easily find another good wife like her."

CEO Ji glanced at his "good wife".

His wife lowered her head guiltily. She knew that she had started it this time, but she did not know how to explain it.

"Sister-in-law, my husband and I have already reconciled," Fang Xiaonuan said.

Feng Qi looked at her sister-in-law who was leaning against Ji Lingchen as if he was looking at a poor little girl who had been bullied. Only Fang Xiaonuan knew that she was pretending to be pitiful.

Even if she was wrong, as long as she was crying, she would seem like the victim to everyone.

"Hubby just kissed me, and he even hugged me," Fang Xiaonuan said shyly.

CEO Ji stayed silent.

Feng Qi thought to herself, 'Young people nowadays are really passionate.' Feng Qi smiled and shook her head, then turned around and left.

Fang Xiaonuan was a little confused. Didn't her sister-in-law come to plead for Ji Wen's freedom? Why did she leave just like that?

After a while, Mayor Ji also came to the door of the study. He opened the door slightly and was about to enter when he saw the large "decoration" on his younger brother's leg.

Fang Xiaonuan immediately stood up and shyly moved away from her husband.

"Are we good?" Mayor Ji asked directly.

Ji Lingchen nodded. "It's done."

"Done" meant that there had been a conflict initially. "Done" meant that he had bullied Xiaonuan previously.

Hearing Ji Lingchen's words, Mayor Ji did not say anything more. He turned around and closed the door. Before he left, he even locked the door behind him. In that case, no matter how hard the two of them struggled inside, no one would disturb them.

Mayor Ji even deliberately instructed the maids at home, "Don't go to the study room to disturb the young master's 'work'."

In the study.

Fang Xiaonuan sat on her husband's lap again. She wrapped her arms around Ji Lingchen's neck. "Hubby, they're going to misunderstand..."

Ji Lingchen said, "That's normal."

The kitten in his arms stuck out her tongue. She said, "Hubby, I realized something. The maids were right. I am clingy. I like to cling to you. When you're not at home, I want to look for you. When I can't find you, I want to go where you are. Am I annoying?"

CEO Ji was overjoyed. How could he be annoyed?

He lowered his head and kissed his wife. He could only pacify his desire this way after all.

After the passionate kiss, Ji Lingchen did not leave her lips. The hot air he exhaled hit Fang Xiaonuan's lips. "Xiaonuan, for the rest of your life, you have to cling to me, understand?" With that, he kissed her again.

Fang Xiaonuan complained, "If you kiss me again, my lips will tear."

Hearing this, CEO Ji could only start to attack her little tongue.

This time, Fang Xiaonuan's complaining turned into moaning.

Her little tongue could not escape him. Not long after, she was kissed into a daze. Even when two large hands closed around her waist, she did not notice it at all.

The two hands continued to feel her up until her chest felt warm. Only then did Fang Xiaonuan realize that something was wrong. She immediately pushed her husband's hands away. "Hubby, you're acting like a hooligan!"

CEO Ji was so engrossed in the kiss that he wished he could carry his wife to the sofa, lie on top of her and bully her.

The couple had reconciled, but because of a kiss, they almost went off the rails.

After returning to the bedroom, Ji Lingchen immediately went to the bathroom to take a cold shower. Fang Xiaonuan covered herself with the blanket and muttered to herself, "You can't blame me for this. You're the one who was too excited about the kiss!"

Ji Lingchen, who was taking a shower, closed his eyes. In the past, he had no intention of having a relationship and was quite comfortable with it. However, ever since he got married, that sense of comfort was gone!

In the past, he did not have such desires. Now, he craved her body every day. However, even with her body in her arms, he was not allowed to have her! Were the heavens testing his control?

Chapter 212: The Capabilities of a Good Wife

Ji Lingchen finished showering and walked out with a towel wrapped around his body.

Actually, Fang Xiaonuan also coveted her husband's body. She silently glanced at her husband's chest muscles and lecherously counted how many pecs he had. However, she did not dare to be too presumptuous.

Ji Lingchen deliberately walked around the bedroom in a towel.

Fang Xiaonuan was a little displeased. "Hubby, put on some clothes. You shouldn't tempt me like that."

CEO Ji glanced at his little wife on the bed. After he had comforted her, she immediately became sharp-tongued again.

“I’m exercising my control every night now. Shouldn’t you be training as well?” Ji Lingchen said indifferently.

Fang Xiaonuan said, “Shameless b*stard.”

CEO Ji raised his eyebrows and smiled.

At this moment, his phone rang. CEO Ji picked up the call. “Hello.”

Fang Xiaonuan jumped off the bed and ran to him out of curiosity. She crawled off the bed very quickly and approached her husband, who was now on the phone.

Ji Lingchen saw his wife getting closer and closer. He immediately said to the person on the other end of the phone, “I’ll go over tomorrow. I just coaxed my kitten to sleep today. I still have to coax it a little more tonight. Let’s calm down first.”

Fang Xiaonuan frowned and protested softly, “Hubby, who are you talking? You’re calling me your kitten again?”

With her hubby showing off like that, it would not be long before everyone knew that the king of the business world, Ji Lingchen, had married a kitten.

Fang Xiaonuan continued to listen to his side of the conversation.

Ji Lingchen ignored her and continued, “I didn’t go home last night. The one at home missed me all night and her eyes were swollen from crying. If I leave home tonight, I don’t think her eyes will survive.”

The woman in question was at a loss for words.

“If she’s not in a good mood, I won’t be in the mood to work on anything. I’ll just be thinking about her.”

The kitten that her husband missed took the initiative to wrap her arms around his waist. She did not care whether her husband was dressed or not. At this moment, she only wanted to hug her husband and look at him.

Ji Lingchen chatted for a while more before hanging up.

Fang Xiaonuan looked at the man’s handsome face and asked with a smile, “Husband, where are you going?”

“I’m going on a business trip.”

Ji Lingchen did not say anything. He removed her soft hands from his waist. "Go back and keep the bed warm. I'll pack my luggage first."

"I'll help you pack," Fang Xiaonuan took the initiative to say. She became clingy and followed her husband.

"You'll help me?" Ji Lingchen asked.

Fang Xiaonuan immediately nodded. "Hubby, just you wait. As your good wife, I have to be capable."

After saying that, Fang Xiaonuan dragged the suitcase into the cloakroom. She picked a few shirts and jackets of different thicknesses and stacked them neatly into the suitcase, then, she took out socks and underwear from a drawer at the side. "Hubby, how many days will you be gone?"

"About five days," Ji Lingchen said.

Fang Xiaonuan immediately took out six pairs of socks and six pairs of underwear and put them in a smaller storage bag. Then, she put them into the suitcase.

After working for more than twenty minutes, Fang Xiaonuan clapped her hands. "Hubby, it's all packed. Let's see how it goes."

Ji Lingchen watched the whole process from the door and was quite satisfied.

"You must have helped someone else pack their luggage in the past. Otherwise, how could you be so skilled?" Ji Lingchen asked tentatively.

Fang Xiaonuan did not dare to let her husband misunderstand. "I saw my mother do this for my father all the time. I picked it up from her."

CEO Ji was very satisfied with this answer. His wife had packed his luggage for him the first time.

"Hubby, I've never been in love before, and I've never liked anyone else. You're my first love."

Ji Lingchen was even more satisfied when he heard this.

"Then, am I also your first love?"

The cunning Xiaonuan had also learned how to trick her hubby. "If you've ever had a secret love, then so be it."

Ji Lingchen was speechless. This little fool. He could not bring himself to admit that she was his first love at thirty years old.

CEO Ji did not say a word. He turned around and walked out.

Fang Xiaonuan immediately chased after him. "Hubby, be fair. You have to tell me too!"

Ji Lingchen said, "Don't you already know how I'm feeling?"

Of course, Fang Xiaonuan knew how much her hubby loved her, but in her heart, she also wondered if her hubby had loved other girls in the past.

"Apart from me, have you doted on anyone else?"

Ji Lingchen looked lovingly at the kitten that belonged to him. "Xiaonuan, I fall in love for a reason."

"A reason? What reason?" Fang Xiaonuan asked.

Ji Lingchen confessed tactfully, "Of course, I want her to stay by my side."

Fang Xiaonuan suddenly understood what her husband meant. "Okay, husband. As long as you love me, I will always be by your side."

Ji Lingchen went to change into his pajamas and got into bed.

Fang Xiaonuan saw that her husband was already in bed. She seemed to have suddenly remembered something and quickly ran to the bedside. She took a book from under her pillow, she stuffed it into her husband's suitcase. "I almost forgot about it. Without it, my husband wouldn't be able to sleep well at night!"

Ji Lingchen smiled. He tidied up his pillow and patted his side. "Come over and sleep. I didn't sleep last night. I can't stay up late tonight."

Fang Xiaonuan hopped into bed. After turning off the lights, she rested her head on her husband's arm, then she said softly, "Hubby, I'm your wife. Don't yell at me anymore. If you yell at me again, I won't bear your child!"

Ji Lingchen chuckled. "Did I scare you?"

Fang Xiaonuan nodded, feeling wronged. "Yes."

Fang Xiaonuan had not slept for more than thirty hours. When she returned to her husband's arms, she fell asleep in less than a minute.

Ji Lingchen hugged her for more than half an hour before he gently pulled himself out from the blankets. He stuffed the pillow under his wife's head and tucked her in before he quietly walked out of the bedroom.

...

In Old Master Ji's room.

"1v5, play your cards! This person is too stupid. He doesn't even know how to cooperate with his teammates!" Old Master Ji was playing another game that his daughter-in-law had recommended to him. It was called Fight the Landlord. He had played a lot of online games. He had finally won hundreds of thousands of gaming currency, but he had lost all of it in one go!

He planned to win it back. "He's so stupid. If he played 1v5, he would have won! What horrible teammates! Pui! I'm going to play at another table!"

At this moment, Ji Lingchen knocked on the door. "Dad, come out for a while."

Old Mater Ji was in a rage. "Your dad is asleep!"

Ji Lingchen was speechless. He said, "Come to my study in five minutes." After saying that, Ji Lingchen left.

Hearing this, Old Master Ji scolded, "Brat, you still want to treat me like this? In your dreams!"

Then, five minutes later, Old Master Ji went to his son's study with a reluctant expression. "Eh? You're here too?"

Mayor Ji was sitting in his brother's study as well.

After Old Master Ji entered the room, Ji Lingchen closed the study door. He sat opposite the two of them and asked solemnly, "Dad, brother, I ran into Xiaoyu."

Hearing this, Old Master Ji also understood the importance of this matter. No wonder his son asked the two of them to come to the study.

At the mention of the name that had always been taboo in the Ji family, the atmosphere in the room instantly turned extremely cold.

Old Master Ji remained silent and did not say anything.

Mayor Ji spoke first. "Lingchen, could you have made a mistake? It has already been fifteen years. Even if Xiaoyu was standing in front of you, you might not be able to recognize her."

Ji Lingchen shook his head. "I definitely wouldn't be able to recognize her face. However, I wouldn't forget the scar on her arm that she got from the bite mark."

Ji Lingchen looked at his father and brother and said solemnly, "I definitely was not mistaken. I even grabbed her hand. Dad, big brother, Xiaoyu has been waiting for us!"

Old Master Ji's expression became serious. The mischievous look from before had disappeared. At the mention of the girl, his hand trembled. "Lingchen, I think you should let this go." This was the love a father had for his child.

Ji Lingchen looked at his father in disappointment. "Dad, have you forgotten? Back then, you traded information about Xiaoyu for my agreeing to marry Xiaonuan. You know very well whether the information is true or not."

After the marriage, Old Master Ji gave him a copy of the information. He had studied it carefully. The information looked very real, but it was all fake. However, at that time, Xiaonuan had already become his little kitten, so he did not care about this matter. Even though he had been deceived by his father, his father had helped him find his little wife. He pretended that this had never happened.

However, this did not mean that he had given up on finding Xiaoyu. That day, he met Xiaoyu at Silver Field. He had already grabbed her arm, but she had still escaped.

"Dad, I'm going to another city for a few days to look for her," Ji Lingchen suddenly said.

Ji Lingchen continued to sift through the financial records. In the end, he reduced the number of people to 42. These people were all in different cities, so he decided to look for them personally.

Old Master Ji knew that Ji Lingchen had found out that the information he was given was falsified. "Lingchen, haven't you considered that Xiaoyu might not be here anymore?"

Ji Lingchen had just said that he had seen Ji Xiaoyu. How could he believe that his sister was no longer alive!

Ji Lingchen said, "Dad, she is your daughter!"

It was one thing that his father was not willing to search for her. However, why did he have to tell him that Xiaoyu was no longer alive?

Chapter 214: The Ji Family's Misfortunes

When Old Master Ji thought of that tiny figure, tears welled up in his eyes. Yes, that was his daughter, his own daughter who had been gone for fifteen years. He really wanted to find her. Just like before, he would hug her after work, play with her, and listen to her laugh.

Thinking of this, Old Master Ji wiped the tears from the corners of his eyes.

Xiaoyu's full name was Ji Xiaoyu, the youngest daughter of the Ji family. She was very loved by everyone. She was the younger sister of Mayor Ji and Ji Lingchen. They lost her when they were young. In fact, their mother had missed her so much that she became ill and passed away from heartache. This caused unending pain for Ji Lingchen.

He hung his head, and what happened so many years ago now replayed in his mind.

That year, he had just turned thirteen and graduated from junior high school. He was holding his five-year-old sister in a dilapidated building. He was bleeding and his body was covered in wounds. The two of them were surrounded by messy bricks and scattered ropes.

Ji Xiaoyu was so scared that she kept crying. She reached out and pushed her unconscious second brother, she tried to wake him up. "Brother, Daddy and our eldest brother will definitely find us. Open your eyes and check on me. Brother, I'm scared."

Xiaoyu's body was covered in blood too, but it was Ji Lingchen's blood. In order to protect his sister, he was beaten up by the kidnappers.

"Xiaoyu, be good. Don't cry. I'll protect you without a doubt. I won't let the bad guys take you away," Ji Lingchen replied in a delirious state. Although he was very weak, he held his sister tightly. He would not let his sister be taken away by the kidnappers.

Ji Xiaoyu cried and said, "Brother, if they take me away, Mom Dad, big brother and you must find me. Otherwise, I'll be afraid."

Ji Lingchen said, "You... you won't be taken away. I won't let them take you away."

Ji Xiaoyu was very smart. A child's intuition was always very accurate. She had a premonition that she would not be able to find her way home, so she kept crying. She searched her body, but she could not find a single mark. She cried even louder. She was afraid that she would change when she grew up. Then, her family would not even recognize her. So, after thinking for a long time, she deliberately bit her little arm. Even

though she had already lost all her strength from crying, she still bit her arm hard, wanting to mark herself.

1

Ji Lingchen used all his strength to pull her little arm away. "Xiaoyu, you can't bite yourself."

Ji Xiaoyu refused to let go. She only stopped when her arm was bleeding. Then, she started to cry. "Brother, it hurts."

Ji Lingchen hugged his sister and his heart ached for her. Tears were streaming down his face. "I won't lose you. Even if I lose myself, I won't lose you, Xiaoyu."

However, the bad guys still found them. One of them picked up something hard and smashed it on Ji Lingchen's head.

Before he lost consciousness, Ji Lingchen's ears were filled with his sister's cries. In his heart, he silently said, "I will protect you."

Then, he completely lost consciousness. When he woke up again, his family told him that Xiaoyu had disappeared.

Ji Lingchen wailed. He ran out of the house to look for his sister, but he could not find her at all.

During that period of time, the entire Ji family was shrouded in darkness.

The eldest brother of the Ji family vomited blood and fainted while driving around to look for his sister. He almost died in the car crash. That was because he had not slept well for more than a month. Madam Ji was also sick and had been in the hospital. Ji Lingchen also went missing from time to time. When he returned, he would go to the hospital to visit his mother and promise his mother that he would find his sister.

Not long after, his mother passed away. Ji Lingchen completely collapsed. That was the darkest year of his life. That year, he lost his sister and his mother.

On the night his wife passed away, a lot of Old Master Ji's hair became grey. It was as if he had aged ten years in one night.

Ji Lingchen had never given up on searching for his sister. He had been searching for fifteen years. He had never stopped. Therefore, when he saw the child with a bite mark on her arm, he had to confirm it no matter what. Even if there was a small possibility, even if it was just a false joy, he had to go.

“Dad, brother, this will keep bothering me until the day I die. I need to find Xiaoyu,” Ji Lingchen said.

When he was young, he was a gentle and cheerful young master from a wealthy family. But after that year’s events, his personality changed dramatically, and he became how he was now. This was because he had always felt that it was his fault that his younger sister had gone missing. If he had been stronger, he would have been able to protect her. Around that time, he also established Silver Field.

Afterward, he took over Ji Corporation, and then continued to expand it. He strengthened it and continued to search for his younger sister. But even with such power, finding a child who had been missing for fifteen years was still too difficult. In addition, in such a hopeless situation, it was even harder to persevere.

Chapter 215: Truth

As the mayor, didn’t his big brother want to find his sister? He did, but he did not continue the search.

Old Master Ji also doted on his daughter, but he gave up in the end. Only Ji Lingchen persisted, and swore that he would never marry. He did not want his family to hold him back and stop him from finding his sister.

Then, Fang Xiaonuan’s intrusion brought a ray of light into his life, melting his frozen heart after fifteen years. Since he had fallen in love with her, he could only try his best to balance his family and his search for her.

Hearing Ji Lingchen’s words, Mayor Ji also shed some tears. The three pairs of eyes in the room were red.

Ji Lingchen quickly swallowed his grief. He said to the two of them, “In a few days, I’m going to go look for her. While I’m not here, please take care of Xiaonuan. Don’t let her do anything dangerous. If she doesn’t listen to you, give me a call.”

He was constantly worried about his kitten. Whenever he left, he did not feel at ease. That was why he had to ask this of his family.

Mayor Ji nodded and agreed to his brother’s request.

Old Master Ji asked, “Where are you going?”

“A total of three provinces and ten cities. I’m checking all of them,” Ji Lingchen said.

The three of them sat quietly for a long time before they got up and left.

Ji Lingchen also returned to the bedroom. When he saw the soft and cuddly little woman on the bed, his heart softened as well. He felt close to her and she gave him warmth.

He returned to his side of the bed, took the pillow away, and placed his arm under the girl’s head.

Fang Xiaonuan slept very soundly. She did not even know that she had been kissed. She dreamt that there was a huge piece of jelly at the side of her mouth. Without thinking, she pounced on it and took a bite. “Mmm... So delicious.”

Ji Lingchen, who had been bitten, said, “What are you eating in your dream? You just bit your husband’s mouth.”

Fang Xiaonuan mumbled in a daze, “Hubby, mmm, delicious, hubby.”

Ji Lingchen could not help but laugh. “So, in your dream, you’re eating me.”

Ji Lingchen turned off the wall lamp and tucked his wife under the blanket. He hugged the soft and sweet-smelling woman to sleep.

Mayor Ji did not return to the bedroom. Instead, he returned to his father’s room. “Dad, I know that you must be hiding something from Lingchen. Please tell me the truth. Do you know where Xiaoyu is?”

Old Master Ji’s tears immediately ran down his face. He could not even wipe them away. Mayor Ji understood his father. He did not give up easily. However, why did his father give up on searching for Xiaoyu?

“Where is Xiaoyu?” Mayor Ji asked.

Old Master Ji was sobbing uncontrollably. After a long while, he said, “Xiaoyu is with your mother.”

Tears immediately welled up in Mayor Ji’s eyes. “Father! Don’t talk nonsense!” He could not accept this answer.

Old Master Ji wiped away his tears and asked his son, “Son, how long have you been an official?”

Mayor Ji thought for a moment. “More than 25 years.”

Old Master Ji asked again, "Is it too much to say that Lingchen's wealth is comparable to that of a country?"

Mayor Ji fell silent.

His younger brother's annual tax payment was comparable to the annual income of many countries. It would not be a stretch to say that his wealth was comparable to that of a country.

"So, you have power, and your brother is wealthy. Does our family have no connections? How come we haven't found any clues after so many years?"

Old Master Ji's words made Mayor Ji realize something. He was already middle-aged and rarely had any emotional outbursts. However, right now, he was crying in front of his father like a child.

"When did you find out?" Mayor Ji asked.

Old Master Ji said in pain, "Your mother did not fall seriously ill because your sister was missing. She fell ill because she saw Xiaoyu's body. She couldn't take it and passed away the next day."

"Your mother just died. How could I tell you and Lingchen about Xiaoyu?" After saying that, Old Master Ji's tears flowed uncontrollably.

"During that time, you didn't sleep for a few days and looked everywhere for Xiaoyu everywhere. Lingchen was also about to collapse. I was afraid that if I told you the truth, you wouldn't be able to accept it."

At that time, the Ji family's eldest son already had a family, so it was slightly better. However, their youngest son seemed to have gone crazy. He was afraid that his youngest son would not be able to accept what happened, and that he might do something stupid. His wife had died because she had lost hope and her will to live.

Therefore, Old Master Ji did not even dare to hold his daughter's funeral. This was for the sake of his sons. On the day his daughter was buried, only he and the butler were present. That day, he sat by his wife and daughter's tombstones for the entire day and the night that followed.

Chapter 216: Promiscuity After Drinking

Every time Ji Lingchen went to look for Xiaoyu, he would always have hope. However, in the end, he was always disappointed.

As more time passed, Old Master Ji said less and less about the matter. He would rather his second son think that his sister was still alive, so that his mental state would remain somewhat intact. If he lost his mental stability, then he would be like a walking corpse.

Old Master Ji had been enduring this for the sake of his sons. He had given his son hope, and taken on the despair himself.

This was also one of the reasons why he wanted his youngest son to start his own family. That way, once he was gone, his youngest son would not be alone. He would have a home. His eldest son was already a middle-aged man. It was time for him to learn the truth about these things. After he passed, his eldest son would be tasked with taking care of the graves of his wife and daughter.

Old Master Ji and Mayor Ji talked until late at night. Mayor Ji finally understood his father's good intentions. He went back to his room with red eyes.

Feng Qi had been waiting for him, but she had fallen asleep. Her posture had not changed. She was holding a book, but she was asleep now.

Mayor Ji walked over, lifted the quilt, and carried his wife to the bed. He looked at the woman in front of him who had been with him for many years and given him a family. He leaned over and kissed her on the forehead.

Feng Qi woke up immediately and looked at her husband, whose eyes were red and swollen. "Honey, why are you crying?" she asked, immediately getting up.

Mayor Ji shook his head. "No. An insect bit the area under my eyes. The swelling will go down tomorrow. Go to sleep."

Feng Qi knew that her husband did not want to say anything, so she did not ask any more questions. She got up and went to get an ice pack to help his swelling go down.

Mayor Ji lay on his wife's lap. He could not fight the tears that welled up and fell into his wife's lap. Feng Qi was heartbroken, but she still did not say anything. She just bent down and kissed her husband. She comforted her husband in her own way.

The next day, at dawn, Ji Lingchen went for an early morning jog. He even went to Ji Wen's bedroom on the way and pulled his nephew out of bed.

Ji Wen had just escaped punishment in the dark room last night. He asked with a confused expression, "Uncle, what are you doing?"

Ji Lingchen said, "Come with me on a morning jog."

Ji Wen immediately understood that his uncle would give him trouble again. He could only obediently put on his clothes and go out with his uncle.

The two of them ran around the courtyard of their home.

Ji Lingchen warned, "I won't be at home for the next few days. Take care of your school affairs. Also, don't go to Silver Field. If you dare to go there again, I'll come home and break your legs!"

Ji Wen stayed silent.

Ji Lingchen continued, "Also, remember to report Fang Xiaonuan's whereabouts and actions to me every day."

"That won't do. Then wouldn't I be a traitor?" Ji Wen refused.

As soon as he finished speaking, his uncle smacked the back of his head. "I asked you to protect her well."

Ji Wen clutched the back of his head and grimaced in pain. "She doesn't need me to protect her. It's more like she's protecting me."

Ji Lingchen said, "Can you be useful? When I come back, I'll find you a teacher. Learn to master Sanda."

Ji Wen said shamelessly, "Even if I learn it, I won't be able to beat her."

Ji Lingchen stopped and turned to look at Ji Wen. "Do you want to be a good-for-nothing?"

Ji Wen shook his head.

Ji Lingchen stayed silent. He already was pretty useless, but he was his nephew. He could not really beat him to death.

After that, Ji Lingchen dragged Ji Wen on a few more laps before they went back inside.

In the villa, Fang Xiaonuan woke up. The first thing she did when she woke up was to look for her husband. She wore her pajamas downstairs and asked everyone she ran into. "Where's my husband?"

The maid replied, "He's standing right behind you."

Fang Xiaonuan turned around and saw her husband, who was all smiles. He was dressed in sportswear, and his eyes were filled with affection. "My clingy wife is looking everywhere for me again, is she?"

Ji Lingchen realized that every nickname he had given his wife thus far was especially appropriate!

Fang Xiaonuan pouted and threw herself into her husband's arms. "I thought you left for the business trip without saying goodbye to me. I wanted to see you off at the airport!"

"You can say goodbye to me after breakfast," Ji Lingchen said.

"Then, I'm going to see you off!" Fang Xiaonuan said.

Ji Lingchen smiled briefly and said, "Okay, then you have to eat quickly. After you send me off, you still have to go to class."

After eating, Ji Wen ended up being the driver again. The lovebirds were cuddling in the backseat.

Fang Xiaonuan said, "Hubby, you have to call me every day. You can only be around men!"

Ji Lingchen hugged the young woman in his arms. "Okay."

Fang Xiaonuan said worriedly, "If a woman asks for your contact information, you can tell her that your wife won't let her have it!"

Ji Lingchen said, "No problem!"

Fang Xiaonuan reminded him, "Also, when I'm not by your side, don't drink too much. Men are prone to initiating sex after drinking. If you drink too much, make sure you kiss me!"

Ji Lingchen was speechless. He immediately recalled the scene from that day. That was the first time he had kissed his little wife. He had been drunk and felt that she was too noisy, so he started kissing her. After kissing her, he got addicted to the feeling.

Ji Lingchen's gaze was profound. He looked into his little wife's eyes and solemnly promised, "I won't drink."

Fang Xiaonuan said, "You said it yourself. I'll check in on you randomly!"

Ji Lingchen nodded.

Ji Wen, who was driving, felt out of place. "What bad things did I do in my past life? How did I end up being your nephew in this life?"

They reached the airport and Ji Lingchen was about to go through security.

Fang Xiaonuan hugged her husband's arm tightly, unwilling to let him go. "Hubby, hug me again!"

Ji Lingchen pulled his wife into his arms. "I'll be back in a few days. Be good at home."

Fang Xiaonuan pouted. "Hubby, goodbye kiss."

Ji Lingchen smiled and bent down to kiss his wife. After all, they were in a public place, so he could only kiss her briefly. "Go home. I'll save up all the kisses I want to give you for the next few days and deliver them when I come back."

Fang Xiaonuan was becoming more and more like a kitten. She was extremely clingy, as if she wished that Ji Lingchen would always be by her side.

Ji Wen could not stand it anymore. These two people were really clingy. Married couples were really annoying!

He pulled Fang Xiaonuan away. "Don't be so clingy. He's going to miss his flight. And you'll be late for class!"

Only then did Fang Xiaonuan reluctantly bid farewell to her husband.

Back in the car, Fang Xiaonuan defended herself. "Ah, your uncle and I are newlyweds. It's only right that I can't bear to part with him."

Ji Wen said, "Xiaonuan, the two of you have only been apart for a day. Can you not part with him at all now?"

Fang Xiaonuan said, "It's normal that I can't be without my husband, right?"

Ji Wen shook his head. Love had turned Fang Xiaonuan into an idiot. However, she was still as hot-tempered as she was before.

On the way to school, Fang Xiaonuan opened the car window and felt the cool breeze blowing against her face. She watched the scenery race by and smiled for a long time as she thought about her true love.

She suddenly smiled and said, "Xiaowen, I want to prepare a surprise for my husband."

Ji Wen said, "But under normal circumstances, the surprise you give is usually a shock."

1

Fang Xiaonuan said, "Seriously, I will definitely make my husband look at me in a new light and make him proud of me!"

When they reached school, Fang Xiaonuan told Liu Siyu her ideas.

"Ah? You want to learn how to drive?" Liu Siyu asked in surprise.

Fang Xiaonuan nodded seriously. "My husband has always wanted to buy a car for me. That's why I want to learn how to drive. In the future, I can drive the car he bought for me to pick him up from work."

Liu Siyu touched Fang Xiaonuan's forehead. "You don't have a fever. Why are you talking nonsense?"

Ji Wen also said, "You should try learning something else. Cars aren't good for you. You can't stop overthinking!"

Fang Xiaonuan was very determined. Since she said that she wanted to learn how to drive, she was now determined to accomplish that. No one could stop her!

Fang Xiaonuan was good at everything, but she was a little short-tempered. This made her good at fighting, but it gave her problems when it came to driving. After she failed to pick it up, everyone advised her not to drive anymore. She had to be responsible for herself, but she kept thinking about the pedestrians.

At first, only one person advised her to give up driving, then a few others. After a while, everyone around her started saying the same thing. Fang Xiaonuan slowly realized that she could not drive. It was dangerous for her to drive. As time passed, she began to fear driving.

Fang Xiaonuan was good at fighting, but in terms of driving, Ji Wen was still better than her.

Fang Xiaonuan did as she was told. When she got home, she expressed that she wanted to learn how to drive.

Old Master Ji expressed his support, and Ji Wen reminded him in a low voice, "Grandfather, you have to think it over carefully. Don't regret it when the time comes."

Old Master Ji was a little confused. He did not know what his grandson meant.

Ji Wen said, "It's just..."

Fang Xiaonuan quickly cut him off. "Dad, after I learn how to drive, I'll take you out for kebabs!"

Old Master Ji said, "You can pick any car in the garage!" He had been craving for kebabs for a long time.

Needless to say, Feng Qi naturally supported Fang Xiaonuan.

After dinner, Ji Wen made his debut as a coach.

Fang Xiaonuan said, "Don't worry. If you don't scold me, I won't hit you!"

Ji Wen was speechless. "That doesn't sound right. You should say it without the word 'don't!'"

Fang Xiaonuan mumbled to herself, "If you scold me, I won't hit you?"

Realizing that he was teasing her, Fang Xiaonuan raised her hand and was about to hit Ji Wen. Ji Wen quickly ran away and Fang Xiaonuan chased after him.

Fang Xiaonuan said, "If you think you can take it, don't run!"

Ji Wen said, "I don't think I can."

Fang Xiaonuan called, "Ji Wen, you deserve a beating!"

Ji Wen said, "Fang Xiaonuan, you've revealed your true nature!"

The people in the house could hear the noise in the courtyard.

Old Master Ji was not in a good mood today because he had been thinking of his daughter. When he heard the noise in the courtyard, he walked to the window and saw the two kids chasing each other and laughing.

The butler stood beside him and explained, "Xiaowen was the one who started the argument."

Old Master Ji quietly watched for a while and said faintly, "This child, Xiaonuan, does have a little tiger in her!"

The butler said, "If she didn't, how could she end up marrying the young master?"

One had a tiger-like personality, and the other was nicknamed "Big Tiger." They were made for each other. People often said that there was no room for two tigers on the same mountain, unless one was male and the other was female.

Old Master Ji watched them for a long time. He watched his grandson get beaten to the ground by his daughter-in-law. His grandson had stopped running and was waving his hands in surrender.

Feng Qi also saw her son getting beaten up. She only took a glance, then went to do other things.

After getting beaten up, Ji Wen could only obediently bring Fang Xiaonuan to choose another car. "Choose your husband's car, not ours."

Fang Xiaonuan snorted disdainfully. She was going to choose her husband's car anyway. "That black car doesn't look expensive. Drive it out for me."

Ji Wen looked in the direction Fang Xiaonuan was pointing in and turned to look at Fang Xiaonuan. "Do you know anything about this car?"

Fang Xiaonuan was stunned for a moment and shook her head. If the question had been about boxing, she would have had no problem providing an answer. However, she did not know much about cars.

Fang Xiaonuan said, "There are two W's. What brand is that?"

Ji Wen was on the verge of breaking down. He pulled Fang Xiaonuan to the front of the car. "Take a good look."

Fang Xiaonuan lowered her head and looked at the car logo. "Eh, there's a 'V' on the top, a 'W' on the bottom, and then a row of letters. What is it?"

Ji Wen expression was exasperated. "Do you not know this brand at all?"

Fang Xiaonuan nodded and said, "I've seen many cars on the streets with this logo before. It shouldn't be very expensive."

Ji Wen said, "Xiaonuan, remember this logo. This car is Phaeton!"

Fang Xiaonuan nodded as if she understood. "Is this car more expensive than my husband's Maybach?"

Ji Wen said, "No. This car is only about 1 million yuan."

Fang Xiaonuan immediately sized up the car in front of her. "Xiaowen, did your uncle get cheated by someone when he bought this car?"

Ji Wen said, "You're really hopeless."

Ji Wen looked at the cars in the garage and finally said with a sigh, "However, you have good taste. Considering the cars' price points, this is the most suitable car in our garage for you to practice with."

After finding the car keys, Ji Wen said, "Okay, it's decided. Work hard. By the time my uncle comes back, this car should have a lot of scratches."

In the evening, Mayor Ji came home from work. When he saw the crushed flowers by the pond, he asked the maid in confusion, "How did the flowers become like this?"

The maid said, "The young madam was learning how to drive today. She ran over them."

Mayor Ji fell silent. Then, he saw that the fountain in the courtyard was surrounded by guardrails. "Why are there guardrails here?"

The maid said, "The young madam is learning to drive. The young master asked for these."

Mayor Ji walked into the house and asked again, "Where did everyone go?"

The maid said, "The young madam is still having her driving lesson. Everyone is teaching her in the backyard."

Mayor Ji: "..."

Not long after, he also went to the backyard.

The backyard, which was usually used for leisure and entertainment, was now full of people.

Old Master Ji, the butler, and his wife were all there, while his son was sitting in the front passenger seat.

There were also some maids standing off to one side and laughing. Mayor Ji asked curiously, "What happened?"

The maids immediately smiled and told him about what Fang Xiaonuan had done while he was gone.

Ji Wen had told her that she could not handle driving on the road. She was unable to keep to one lane. To her, driving was almost a taboo.

Fang Xiaonuan did not feel very good in the car. In addition, she was a little nervous. The more nervous she was, the easier it was for her to make mistakes. Whatever she was afraid of would happen.

Just like in school, if she was afraid the teacher would ask her questions, the teacher always ended up asking her questions. It was a vicious cycle.

After driving the car into the flower bed, Fang Xiaonuan quickly admitted her mistake. Not long after, she almost hit the fountain again and came to a sudden stop.

Old Master Ji was scared out of his wits. The fountain was a Feng Shui fountain that he had hired an expert to build long ago. It was to ensure that the Ji family would prosper for generations and grow. If it was damaged, their legacy would be ruined.

As he watched his daughter-in-law drive, Old Master Ji shouted anxiously, "Xiaonuan, give up on learning how to drive. Come inside and play Fight the Landlord with me. Be good!"

However, Fang Xiaonuan wanted to give her husband a surprise, and nothing could stop her. "Dad, just play by yourself for a while. You can play Happy Bean with my account. My phone is on the sofa."

How could Old Master Ji be in the mood to play? He was scared out of his wits.

At that moment, Fang Xiaonuan succeeded in cheering him up. He was not thinking about his daughter, and was only focused on the fountain now.

Ji Wen was the most reliable. He immediately asked the maids to surround the fountain. Then, he instructed Fang Xiaonuan to drive the car to the playground in the backyard.

Fortunately, there was enough space for Fang Xiaonuan to do so.

Old Master Ji also followed them to the playground to watch over his daughter-in-law. If she got hurt while driving, his son would definitely hold it against him!

Feng Qi heard that her sister-in-law was practicing driving, so she stopped what she was doing and quickly went to take a look.

“Xiaonuan, don’t be nervous. Listen to me. Just look ahead. Turn the steering wheel slowly.”

Fang Xiaonuan understood. She understood the words but her hands did not react.

Old Master Ji was also directing her from the side, and Ji Wen spoke up from time to time.

Mayor Ji looked at the lively field some distance away from him and sighed. This was his cohesive family. They were working together to accomplish something seriously.

The more he watched his sister-in-law, the more he liked her. She was just as eccentric as he was at that age.

Mayor Ji walked over. Fang Xiaonuan was stunned when she realized how many people were around. When she saw that Mayor Ji had come, she hurriedly called out, “Big brother.”

Only then did everyone realize that he had come as well.

Mayor Ji said, “Why did you suddenly think of learning how to drive?”

Fang Xiaonuan said, “I just wanted to give my husband a surprise. Once I learn how to drive, I can pick him up from work.”

Mayor Ji was all smiles. He looked into Fang Xiaonuan’s clear eyes. He believed that his sister-in-law would definitely be able to help his brother.

“Do you need me to teach you?” Mayor Ji asked.

Fang Xiaonuan thought for a moment and shook her head. She did not spend much time with her brother-in-law. If he were to sit in the passenger seat and instruct her, she would only be more nervous. She might even hit the wall.

Ji Wen was the person she was closest to in this house. With Ji Wen by her side, she could relax a little.

“Big brother, you’ve already spent all day working. You’re too tired. You should go back and rest.” Fang Xiaonuan called out to Feng Qi. “Sister-in-law, you should go and accompany big brother too. I’m fine. You can all go back inside.”

Mayor Ji and Feng Qi did not leave. They were worried about their sister-in-law’s driving.

Then, Fang Xiaonuan continued driving to get a feel for the car. Behind the car were the other members of the Ji family.

Ji Lingchen called his wife, but no one picked up. Fang Xiaonuan’s phone was in the living room.

Then, he called his nephew.

Ji Wen saw that it was his uncle, so he picked it up and put it to his ear. “Hello, Uncle.” He raised his hand to signal that Fang Xiaonuan should turn around.

Ji Lingchen asked, “Where did your aunt go? She’s not answering her phone.”

“Ah, your wife is preparing a surprise for you,” Ji Wen replied.

Fang Xiaonuan nodded in satisfaction. He was a really reliable friend.

When Ji Lingchen heard his nephew say this, he smiled. Then, he began to look forward to the surprise his wife was preparing. “Tell her to call me back tonight.”

Ji Wen agreed. He hung up the phone and continued coaching her.

He was afraid of being beaten, so he chose his words carefully.

If he wanted to curse, he rethought it and spoke in a reserved tone instead. “Some people’s hands are like pig’s feet.”

Fang Xiaonuan was at a loss for words.

Ji Wen saw Fang Xiaonuan quickly turn the steering wheel. He thought carefully about his next words again. “Xiaonuan, what you’re holding is called the steering wheel, not the engine.”

When Fang Xiaonuan turned the steering wheel again, it was much slower.

Not long after, Ji Wen could not help but speak up again. "You're going so slow. The ants on the road are probably being crushed. Stop the car in a while and go down to collect the corpses of the ants."

Hearing this, Fang Xiaonuan immediately sped up the car.

Slowly, Ji Wen began to feel more comfortable. He completely forgot that there was a female tiger sitting next to him. He did not realize that her expression was getting more and more sour. He kept mocking her. "This is a car, not a spaceship. You're just making a turn, not going to space."

Fang Xiaonuan took a deep breath, looked at the road ahead, and slammed on the brakes.

Ji Wen said, "Why are you stopping? If you do this, it will make the back... Ouch, f*ck! Why are you hitting me again?"

Fang Xiaonuan punched Ji Wen. She grabbed a fistful of Ji Wen's hair. "When your uncle taught me how to drive, he always coaxed me gently. Am I giving you too much leeway? You're talking so much."

"Let go of me. If you want me to teach you, can't I say a few words to you?" Ji Wen grabbed Fang Xiaonuan's wrist, wanting her to let go of her hair.

Fang Xiaonuan's tiger-like temper flared up. No matter how she looked at it, she felt that Ji Wen was just looking for trouble. "If I'm too slow, say I'm too slow. If I'm too fast, say I'm too fast! You need to be taught a lesson!"

At this moment, the small crowd that had been strolling after them came over.

Old Master Ji watched his son get hit again. The corner of his mouth twitched. He said to the butler, "I ever realized that Xiaonuan is so violent."

Chapter 220: It Was Obvious That She Was the Daughter-In-Law of the Ji Family

After seeing this a few times, Old Master Ji no longer believed that his daughter-in-law was gentle and obedient. That was all a sham.

The butler said, "Master, when I wanted to investigate further, you said that Xiaonuan's eyes were clear, pure, so gentle, and cute. It was obvious that she would be the daughter-in-law of the Ji family. There was no need to investigate further."

Old Master Ji was a little embarrassed. He said, "Did I say that?"

The butler nodded.

Old Master Ji remembered the first time he saw Fang Xiaonuan's photo. He patted his chest and said with emotion, "Ah, I'm old. I can't remember some things. I can't even remember what I said."

The butler watched as Old Master Ji pretended to have forgotten it.

Feng Qi and Mayor Ji also saw their son get beaten up by their sister-in-law.

Feng Qi said, "Hubby, did Lingchen lead Xiaonuan astray? Did she suddenly become violent?"

Mayor Ji said, "Don't blame Lingchen. Lingchen isn't that violent. He's just a little more ruthless."

Feng Qi said, "So, you're saying that Xiaonuan is violent?"

Mayor Ji said, "I'm saying that maybe Xiaowen said something mean and that made Xiaonuan angry. That's probably why she's beating him up."

1

Ji Wen was speechless.

'I want to leave this place. It's h*ll at home. I can't stay here any longer.'

It was a little late. They all went back into the house.

At the end of the first day, Fang Xiaonuan felt grateful. "Luckily, I didn't hit the wall."

That feeling only lasted for two days. Then, one of the Ji family's maids rushed into the house and shouted, "Master, Master, something happened. Young madam got into a car accident."

"What!"

Everyone quickly got up to see what was going on.

“At the scene of the car accident.” Fang Xiaonuan stood awkwardly at the side, scratching her head with a guilty look.

Ji Wen was doing the same thing. He looked guilty too.

“Is everyone okay?” Old Master Ji looked at the two with concern.

The two immediately shook their heads.

Feng Qi looked at the small black room that had been damaged by the car, then looked at the two embarrassed kids and asked, “How did it become like this?”

Fang Xiaonuan’s eyes flashed to Ji Wen. They were both too embarrassed to say it. He was afraid that if he said it out loud, he would be lectured by his family.

It turned out that Ji Wen had brought it up first. He had urged Fang Xiaonuan to drive the car into the dark room, but Fang Xiaonuan had not listened. “No, my husband built it specially to punish you.”

Ji Wen immediately said, “Didn’t he also punish you? Now that my uncle is not at home, we can just crash into it. In the future, if we make a mistake, he won’t punish us by throwing us in there anymore. You are also a newbie. Everyone knows that you are learning. Even if you crash into it, no one will say anything.”

Fang Xiaonuan looked at the small dark room that she had been locked in before.

She shook her head firmly. “Don’t even think about affecting my relationship with my husband. We just got back together not too long ago. What if he gets angry when he comes back?”

Ji Wen said, “No. Out of everyone, my uncle dotes on you the most. You’re learning how to drive. He definitely won’t get angry over a little car crash.”

Fang Xiaonuan shook her head. “No, I won’t crash into it. If you want to, you can do it. I know that you just want to destroy the small dark room and make me take the blame.”

Ji Wen said, “Then I’ll crash it, but you have to share the responsibility with me.”

Fang Xiaonuan said, “I don’t think you really dare to crash into it.”

Ji Wen said, “Watch me.”

Then the car accident happened.

Back in the house, Fang Xiaonuan hung her head.

Ji Wen was usually the talkative one, but now he was quiet. The impact of the car crash gave him a fright, especially when the bricks flew over. He had been terrified.

Feng Qi said, "Xiaowen, I was always comfortable with letting you drive. What happened today?"

Ji Wen said, "I, that..."

Fang Xiaonuan immediately apologized, "Sister-in-law, I'm sorry. I was nervous and I couldn't control the car."

1

"As long as you're okay." Feng Qi looked at the two of them and said, "I'm not blaming you. If anything happens to you, we won't be able to answer to Lingchen when he comes back."

She had just said that when Ji Lingchen's call came in.

Fang Xiaonuan looked at the number and did not dare to answer.

The phone stopped ringing. Then, Ji Wen's phone rang.

Ji Wen saw that it was his uncle calling and was so scared that he immediately handed the phone to Fang Xiaonuan. "My uncle's calling. It must be for you."

Fang Xiaonuan guiltily pushed the phone back to Ji Wen. "It's for you, so you should pick up the call."

The two of them pushed and pushed, and in the end, Fang Xiaonuan helplessly took the phone and walked to a quieter space. "Hello, hubby."

Ji Lingchen said, "Why did it take you so long to answer the phone?"

Fang Xiaonuan pursed her lips and gently knocked her head against the wall. "Oh, it took a while to connect."

Ji Lingchen said, "What happened?"

Fang Xiaonuan did not want to lie. She admitted her mistake and said, "I crashed a car into the small dark punishment room."
