

Love After Marriage, He Got A Free Wife

Chapter 51: Turning a Blind Eye?

This sentence instantly broke Fang Xiaonuan's defenses. She breathed in the fresh air in large gulps. 'Ridiculous, I don't feel wronged. It's best that you don't touch me for the rest of your life!'

Ji Lingchen's gaze moved down and he inadvertently saw Fang Xiaonuan's beautiful form. Fang Xiaonuan also lowered her head to follow his gaze. Her forehead actually collided with the man's forehead.

Fang Xiaonuan quickly raised her head. Coincidentally, Ji Lingchen also raised his head. 'D*mn it.' This time, their lips met. Fang Xiaonuan's heart pounded, and her mind went blank. She even forgot to dodge his kiss.

Ji Lingchen's Adam's apple bobbed. Looking at his little wife who was so close to him, he opened his mouth slightly and enveloped her lips. The moist heat on her lips instantly made Fang Xiaonuan come back to her senses. She raised her hands and placed them on the man's shoulders, forcefully pushing him away from her. Then, she rolled off the bed, ran barefoot to the sofa, and covered her head with a blanket.

Under the blanket, Fang Xiaonuan felt as if her heart was about to jump out of her body. She comforted herself in her heart, 'It's not like I've never been kissed before. Why did I have such a big reaction this time?'

A small voice suddenly popped up in Fang Xiaonuan's mind. The voice told her, "Last time, he drank too much and blacked out. Only you know that, so it's not awkward. But just now, the two of you were staring at each other. Hehehe, I'll turn a blind eye."

Fang Xiaonuan spoke freely to the little voice, "If anyone should feel awkward, it's him. I'm the one who knows we kissed that night."

The little voice did not seem to accept this. "This man has probably experienced being with many women and he is probably perfect. It won't be awkward."

"No, he and Lin Rou weren't even boyfriend and girlfriend." Fang Xiaonuan did not realize that she was already defending Ji Lingchen.

Fang Xiaonuan kept arguing with the little voice in her mind. The man on the bed unknowingly walked to the sofa. She felt the man's arrival and immediately curled up in

the blanket. After a short while, her body was once again suspended in the air. She was lifted along with the blanket.

Fang Xiaonuan was once again carried to the bed. Her heart was beating extremely fast. Ji Lingchen grabbed her blanket, wanting to pull it away, but she refused to let him. She did not want to see Ji Lingchen.

“Put this on the sofa and cover yourself with the blanket,” Ji Lingchen said.

Fang Xiaonuan stuck her head out and saw that Ji Lingchen was still calm and composed. His face was not red and his heart was not beating quickly. Sure enough, this man had experienced. He was not embarrassed at all. ‘Hmph, scumbag!’

“No.” Fang Xiaonuan refused decisively.

Ji Lingchen looked at his wife, who had wrapped herself up like a dumpling, and reached out to pull the blanket off her. “What are you doing?” Fang Xiaonuan, who had her blanket taken away, immediately bristled. She looked at Ji Lingchen angrily.

Ji Lingchen was not angry. Instead, he smiled. “Sleeping on the bed is much more comfortable than sleeping on the sofa.”

“I won’t!” Fang Xiaonuan rolled away and once again hopped to the ground, preparing to escape to the sofa.

“If you take one more step, I’ll buy the Fang family. Do you believe me?” Ji Lingchen threatened.

Fang Xiaonuan’s footsteps paused. She turned around and replied, “Hmph, you wouldn’t dare, and you won’t.” ‘Scumbag!’ Of course, she said the last part in her heart. After saying that, she even stuck out her tongue playfully at Ji Lingchen.

Ji Lingchen’s smile grew wider. Seeing his little wife’s mischievous expression made his eyes fill with affection. This young woman had completely revealed her true character. It was useless to threaten her.

This time, Ji Lingchen did not go down. Instead, he patted the space beside him. “If you don’t listen to me, I’ll be in a bad mood. If I’m in a bad mood, we’ll have to keep staying here.”

“Ahhhh!” Fang Xiaonuan let out a scream. “You villain!”

“I’m used to being a gentleman. I suddenly realized that it’s not bad to feel like a villain,” Ji Lingchen said slowly.

“You’re not a gentleman! Hmph! A gentleman always keeps his word. You’re not. You’re not a gentleman!” Fang Xiaonuan completely exploded.

“Think about it. When have I ever gone back on my word with you? Since we got here, when have I failed to do right by you? Or is this about moving out? I’ve already bought you a house. It’s your behavior that hasn’t been satisfactory,” Ji Lingchen argued.

Fang Xiaonuan said. “You’re not a gentleman. You think that I’m behaving badly if I don’t share a bed with you? If you were really a gentleman, you should have moved out with me much earlier!”

“Since I’m a villain to you, then I’ll be a villain to the end. We’ll keep living here. We won’t move out.” After saying that, Ji Lingchen lifted the blanket and laid down where Fang Xiaonuan had just been.

Chapter 52: Does Being Good-looking Mean Everything to You?

After a while, Ji Lingchen reached out and patted the space next to him. “Whether we leave tomorrow or not depends on your performance tonight.”

Fang Xiaonuan was very angry. She stood where she was and thought for a moment. In the end, for her freedom, she gave up and walked to the side of the bed. “Let me make it clear to you first. I don’t feel wronged because we haven’t slept together.”

After saying that, Fang Xiaonuan slowly climbed onto the bed for the sake of her lofty goal. It was her first time sleeping on Ji Lingchen’s bed in this room. God knew how nervous she was.

Ji Lingchen deliberately turned over, scaring Fang Xiaonuan so much that she immediately rolled over and wanted to get off the bed again. Ji Lingchen quickly grabbed her hand and put his weight on her. “Why are you running again?”

“You’re squishing me,” Fang Xiaonuan said aggrievedly when she failed to free herself.

“I’m turning off the table lamp.” After saying that, Ji Lingchen reached out and turned off the orange light. The room instantly fell into darkness. However, Ji Lingchen still did not get off Fang Xiaonuan.

Fang Xiaonuan said, “You could’ve told me to turn it off.”

Ji Lingchen replied, "I turned on the lamp, so I turned it off."

Fang Xiaonuan frowned and pouted. "Excuses. You were clearly trying to crush me."

Ji Lingchen smiled happily. He realized that the girl beneath him was even softer than the bed, and he did not want to get up right now.

Fang Xiaonuan pushed him away forcefully. "Ji Lingchen, you have to move out with me tomorrow."

It was late, and it was rare for Fang Xiaonuan to be lying in a comfortable bed. Not long after, the sound of her deep breathing could be heard.

The moonlight was brilliant, and the moon outside the window was bright and cold. It was quiet. The room looked slightly orange, like a soft halo was shining on their faces.

Ji Lingchen turned on another lamp after his wife fell asleep. He admired his lovely wife and thought back to the kiss just now. She did not know that the kiss just now had been executed on purpose. He had hidden it under the guise of coincidence.

Just now, when their foreheads collided and she raised her head, he also raised his head and deliberately moved his weight forward to kiss her. Last night, the fragrance of her lips was on his mind for a long time. Tonight, nothing happened, but she pushed him away, and then she ran away in fear.

What happened today was not his fault. After his nephew returned, his nephew had become very close with his wife. They had been disrespecting him. However, now, it was as if two things became clear to him. There was no reason to punish Ji Wen, and there was no reason to bully her.

Tonight, the starry sky was bright, and the flowers in the courtyard were especially delicate. The person in his arms was very soft.

The next day, Fang Xiaonuan woke up. She was still on the bed. She stretched comfortably. "It's been a long time since I've slept so comfortably. The bed is more comfortable." She turned her body to the right and accidentally rolled into the man's arms.

Fang Xiaonuan hesitated for a few seconds before rolling off the bed at the speed of lightning. She ran to the bathroom at a speed that was even faster than Ji Wen's escape yesterday.

The bathroom door slammed shut and the man's lips curled up slightly. His little wife was really very interesting. He got up and went to the bathroom door. "Quickly wash up, we're moving out early today."

Fang Xiaonuan looked at herself in the mirror, her face flushed. She patted her face, and said to herself, "Fang Xiaonuan, how can you be deceived by his beauty! Is being good-looking the biggest thing in the world? Well, he seems really great."

Ji Lingchen realized that she had not replied. He knocked on the door. "Ready? Once you've washed up, we'll leave right away. We won't eat breakfast here. I'll take you to a restaurant."

"Okay." Fang Xiaonuan turned on the faucet and splashed her face a few times. Then, she opened the door and walked out.

Ji Lingchen saw that Fang Xiaonuan's face was still wet. Then, he went into the bathroom, got a towel, and wiped her face dry.

Fang Xiaonuan was overwhelmed by his actions. She thought to herself, 'It's over, it's over. This Ji Lingchen must be a fake. The real Ji Lingchen must have been captured by a demon.'

Ji Lingchen had changed too much in the past two days. Fang Xiaonuan was somewhat caught off guard and she was unable to respond. Was this still the same husband who had been teasing her and making fun of her all this time?

Ji Lingchen looked at his wife's clean little face and said with satisfaction, "Perfect. Let's go!" When the husband and wife were about to reach the door, Old Master Ji's angry roar made them stop in their tracks.

"Ji Wen, get your *ss over here!"

Then, Fang Xiaonuan and Ji Lingchen felt someone move in front of them. The person seemed to be hiding behind the couple who were about to leave.

Chapter 53: Looked Rather Sturdy

Fang Xiaonuan was still in a daze, while Ji Lingchen's expression was already dark. Someone as smart as him could tell from this that they might not be able to leave today.

Then, Old Master Ji quickly appeared in the living room. He was holding his walking stick and chasing after Ji Wen, seeming like he wanted to beat him up. Thanks to his grandson, it appeared that his legs were still working fine.

Fang Xiaonuan felt that Old Master Ji was running toward her aggressively. She was afraid that he would accidentally hurt her, so she sought her husband's protection. She slowly approached her husband and said softly, "Husband, I'm afraid..."

Her whisper went right to his heart. Ji Lingchen's Adam's apple bobbed. He pulled his wife behind him to protect her from getting accidentally hurt.

Still, she was very curious about what was happening. Even though she hid behind her husband, she could not quell her curiosity. Fang Xiaonuan grabbed her husband's arms with both hands and poked her head out to see what was going on.

Old Master Ji walked in front of the two of them. He was so tired, and he was panting heavily. He pointed at Ji Wen, who was behind Ji Lingchen and said, "Get out of the way. I want to beat this b*tard grandson to death!"

Ji Lingchen held Fang Xiaonuan's hand and led her out of the way so that his father could beat up his nephew.

"Uncle, uncle." Ji Wen looked at his menacing grandfather. He wanted Ji Lingchen to help him. Unfortunately, Ji Lingchen was paying no attention to him. Thus, Ji Wen looked at Fang Xiaonuan, "Fang Xiaonuan, you're going to stand there and watch me get beaten up? You're too disloyal!"

Fang Xiaonuan peered around her husband, her eyes innocent. She had no idea what had happened this morning.

Old Master Ji would not really hit his grandson with the walking stick. He was just putting on an act to scare Ji Wen. He calmed down and explained what had happened to the confused crowd. Ji Wen had asked him for money early in the morning. He had asked for too much, so he did not give it to him. In the end, this unfilial grandson had used his favorite blue and white porcelain vase as a threat. Ji Wen had threatened to smash the vase if he did not get the money.

Old Master Ji could not bear to see his precious vase in the hands of his grandson. He was so frightened that he had agreed to Ji Wen's request with wide eyes. However, he had not expected Ji Wen to push his luck. He said shamelessly, "Grandpa, fifty million isn't enough. I want one hundred million."

This made Old Master Ji so angry that his blood pressure soared. He could not deal with his grandson, so he could only temporarily compromise. "I'll give it to you. Put the vase down."

"Impossible. I'll return it to you when I get the money. Let me play with it first." After saying that, Ji Wen turned the vase back and forth between his hands. After a short while, they heard a shattering sound. The grandfather and grandson looked at the blue and white porcelain vase that now lay on the ground. It had been smashed to pieces.

Old Master Ji was shocked. His beloved porcelain vase was gone just like that! “Ji Wen!” Old Master Ji gritted his teeth and shouted his grandson’s name.

Seeing that the situation was not good, Ji Wen immediately ran away. Old Master Ji chased after him with his walking stick, wanting to beat him up. This was what had happened just now.

After learning what had happened, before Ji Lingchen and his wife could say anything, another scream rang out. “Ahhhhh! Ji Wen!”

Fang Xiaonuan heard Feng Qi’s angry cry and her heart trembled. She looked at her friend who was in trouble and felt sorry for him. He was going to be in big trouble!

Ji Wen retreated to the door of the house, as if he was ready to escape at any moment. Feng Qi jogged down the stairs holding a necklace. She pointed at Ji Wen and asked angrily, “Ji Wen, where are the pearls on my pearl necklace?”

Fang Xiaonuan looked carefully at the necklace. The pearl necklace, which had once looked shiny and noble, was now bare. Only the chain was left. Everyone looked at the man at the door, and Ji Wen’s Adam’s apple bobbed. “Emmmm, I sold it for money.”

Mayor Ji also appeared with his broken cup. “Ji Wen, why is my cup broken?”

Ji Wen said, “Dad, let me explain this to you. I went to steal mom’s necklace and accidentally touched your award-winning Honorary Cup. I thought the cup looked rather sturdy, but it broke when I dropped it.”

D*mn it. Ji Wen had offended everyone in the house in just one morning. He did not dare to offend Ji Lingchen and Fang Xiaonuan because he was afraid. Ji Wen, who was closer to the door, wanted to run away. In just a few seconds, Ji Lingchen had caught him.

On the sofa, Old Master Ji, Mayor Ji, and Feng Qi were sitting in a row. They looked at Ji Wen, who was squatting on the ground with his hands on his head, while Ji Lingchen and his wife were sitting on the other sofa.

Old Master Ji said, “Lingchen, you better teach this b*stard a good lesson.”

Mayor Ji did not want to beat his son up, so he did not say anything. He also wanted his younger brother to beat Ji Wen up.

Chapter 54: Letting Go of Arrogance

Feng Qi said directly, "Lingchen, don't leave with Xiaonuan. Help me discipline Ji Wen!"

Hearing this, Fang Xiaonuan straightened her back. What? Not letting her leave? "No, sister-in-law, my husband has already bought our new house. We have to leave now." After saying this, Fang Xiaonuan naively held Ji Lingchen's hand. She did not want him to meddle in the family's affairs so that she could quickly move.

Ji Lingchen did not move at all, remaining seated on the sofa. He allowed the young woman to hold his big palm. No one knew what he was thinking.

Everyone in the Ji family knew that the person with the strongest desire to move away was Fang Xiaonuan. The reason she wanted to move away was that she did not get along with Feng Qi. And now, everyone in the family wanted Ji Lingchen to stay because Ji Lingchen was Ji Wen's nemesis. With him around, Ji Wen would not be able to cause trouble.

If this was in the past, Ji Wen would have jumped three feet in the air upon hearing that his uncle would be disciplining him. Today, he was unusually quiet, as if this was his ultimate goal.

In order to make Ji Lingchen and Fang Xiaonuan stay, Feng Qi even suggested to Fang Xiaonuan, "Xiaonuan, can I speak with you alone?"

Fang Xiaonuan refused her request without thinking. She stopped tugging at Ji Lingchen's hand and instead sat beside him, hugging his arm. "No, just say what you want to say. If there's a misunderstanding, my husband can still explain it to me."

Ji Lingchen had a smile on his face today. He was very satisfied with his new title.

Feng Qi knew that this was Fang Xiaonuan being sarcastic. She had indeed done something wrong, "Xiaonuan, stay at home with Lingchen! Help me discipline Ji Wen. What happened between us was my fault. I apologize to you. From now on, we'll get along well." As soon as she finished saying that, the entire living room fell into silence. Everyone's breathing became softer as well.

Fang Xiaonuan was completely dumbfounded. Feng Qi was such an arrogant person, and now she was apologizing to her?

Ji Lingchen had already weighed the pros and cons in his heart. His Adam's apple bobbed. "Sister-in-law, what about my in-laws?"

Fortunately for her husband's reminder, Fang Xiaonuan's eyes gradually regained their focus. She looked at Feng Qi with determined eyes, waiting for her reply.

Feng Qi swallowed. After thinking for a moment, she replied, "I will personally go to them and apologize." Some parents would do everything to create a good learning environment for their children. Some people were willing to do anything for their children. Feng Qi was also a mother. For her son, she was willing to lower her pride to apologize to her sister-in-law and her family.

Whether it was Ji Wen breaking the blue and white porcelain vase, stealing her pearls, or accidentally breaking her husband's cup, these minor matters did not matter to her. The major issue was that Ji Wen was short of money. As the only child of the Ji family, he naturally had access to the family's expenses. His monthly allowance was also in the hundreds of thousands or millions. Buying a car or a house could be done through the company's account, so he would not need to spend his own money at all.

But Ji Wen was still short of money. Why? Feng Qi had a terrifying thought. Perhaps, her son had a gambling addiction and had fallen into a high-interest loan. He could not afford to pay back the loan, so this was the only way. Thinking of this, Feng Qi was scared out of her wits. Someone had to take good care of Ji Wen. In the Ji family, apart from Ji Lingchen, no one had any hope of changing him.

Feng Qi was willing to sacrifice her pride to keep the couple under this roof for the sake of her son's future. She was also willing to put down her pride and apologize for her previous mistakes. She had changed so much. If Fang Xiaonuan refused again, it would seem that she was being unreasonable.

Fang Xiaonuan did not know what to do. She could only look at her husband, hoping that he would give her an idea.

Ji Lingchen took the opportunity to coax his wife. "Now that the conflict between you and sister-in-law has been resolved, and sister-in-law is willing to apologize to mom and dad, why don't we just stay at home?"

Fang Xiaonuan frowned slightly. She grabbed Ji Lingchen's arm. "But I still want to leave."

"Now, there is someone of your age to play with you. There are also servants who will take care of your meals three times a day. It's also more convenient to have a chauffeur. If we move out, you'll be the only one at home when I go on business trips." Ji Lingchen paused. He saw that Fang Xiaonuan was a little moved, so he continued to focus on the things she cared about the most. "Besides, if we move out, mom and dad will be worried that you're having a bad time in the Ji family. They know very well that you're a person who likes to report good news but doesn't report bad news. They will definitely be careful and make wild guesses."

Old Master Ji also said something to persuade her to stay. "If you don't want to live with us in the front yard, there's an empty loft in the backyard. You and Lingchen can move in there."

Now that everyone was persuading her to stay, Fang Xiaonuan's determination to move out wavered.

Ji Lingchen backpedaled, hoping to persuade his wife. "We can stay at home for a while. When we get bored, we can move out, okay?"

Chapter 55: Out of the Frying Pan and into the Fire

If that was the decision, then it was fine. Fang Xiaonuan nodded. Then, she thought of her husband's previous actions and asked worriedly, "Hubby, are you going to keep your word this time?"

Ji Lingchen was not angry at her question. Instead, he smiled and replied gently, "Of course, I'll keep my word. This time, I'll promise you in front of Dad and my big brother and sister-in-law. If you want to move out, I'll take you with me immediately."

Fang Xiaonuan gave up completely. She obediently put her luggage back into the bedroom. Just as she sat down and sighed, Ji Wen entered. "Fang Xiaonuan, quickly thank me! This young master has risked his life to keep you here."

Fang Xiaonuan narrowed her eyes. She did she not understand what he had said. "Ji Wen, please don't tell me that everything that happened today was because of you. Did you want to keep me from moving out?"

"What else? Do you think I'm stupid? Asking Grandpa for 100 million and taking away the pearls from my mother's expensive deep-sea pearl necklace. Don't tell me that you think I'm short on money." Ji Wen continued and Fang Xiaonuan's expression darkened.

Fang Xiaonuan clenched her fists. She gritted her teeth and said, "Ji Wen, can you repeat that for me?"

Ji Wen was a big-headed person. He had no foresight at all. In order to show his loyalty, he said, "I broke grandfather's vase on purpose for you. Grandfather chased after me and beat me up. Look at how much I've sacrificed to keep you here! If you stay here, my uncle will bully you and I can at least protect you..."

Fang Xiaonuan did not want to listen to this reckless brat in front of her anymore. She punched him in the face and then at the corner of Ji Wen's mouth. "D*mn you, you're such a fool. I'll thank you properly!"

Just because he wanted her to stay, he had not even ask her about it. Fang Xiaonuan was furious. Ji Wen saw that Fang Xiaonuan's expression was not right and he looked at her hands. He knew that he was in danger!

D*mn it, he had just jumped out of the frying pan and into the fire!

In the hall, Ji Lingchen got up and was about to go back to the bedroom to help Fang Xiaonuan tidy up. Feng Qi suddenly stopped him and brought him to his husband's study. Not only was Mayor Ji there, but Old Master Ji was there as well. Both of their expressions were gloomy, and Feng Qi's eyes were filled with worry. "Lingchen, let's have a family meeting."

Ji Lingchen looked around, but he did not see Fang Xiaonuan. He frowned. "Either sister-in-law leaves, or I leave." Either the three members of the Ji family had a meeting, or both of them left at the same time.

Feng Qi keenly sensed Ji Lingchen's dissatisfaction because he did not see Fang Xiaonuan here. She explained, "It's not that I didn't invite Xiaonuan, it's because she's still a child, just like Ji Wen. We can't let her know what we're saying today. It's a matter of life and death for Xiaowen. Please understand where I'm coming from."

Feng Qi's words were tactful, and her attitude was very humble. Ji Lingchen could not refuse. He finally gave up on the idea of letting his wife participate. If that troublemaker really talked about Ji Wen, she might really snitch on him.

When he thought about how they still stayed in the end, the corners of Ji Lingchen's mouth curled up slightly. Fang Xiaonuan was too soft. If he moved out, he definitely would not be able to hug her in the future. Furthermore, her scent was very lovely. Unlike those expensive perfumes, her fragrance seemed to spread from the inside out, mesmerizing his heart.

In addition, Ji Lingchen also wanted Fang Xiaonuan to get along well with his family. Now that they had been forced to stay, they could work on the family issue. It was better to solve the problems at home before moving out. During this period of time, they also needed to get used to each other.

Staying in the old residence could also avoid a lot of trouble, like Lin Rou. Due to all these reasons, Ji Lingchen had a lot of reasons to stay. And the only reason he did not want to stay was his nephew, Ji Wen. He did not expect that in the end, the circumstances would make him stay because of him.

Seeing that Ji Lingchen's attitude had become much friendlier, Feng Qi spoke her concerns. "Xiaowen has been traveling outside for a month. When he came back, he asked for money and stole jewelry. I just checked his records and found that he had stayed in Macau and Cambodia. I'm really worried that she has a huge debt." Feng Qi showed the three men the bank statements.

Ji Lingchen glanced at the list, then sat down calmly. Old Master Ji and Mayor Ji, on the other hand, were silent. The highest expenditure on the bill was 10 million, and the odd transactions were about 300,000 to 500,000. All of these transactions added up to tens of millions of dollars.

This was not a small expenditure for a twenty-something-year-old child.

Chapter 56: Dared Ji Wen

Old Master Ji felt that the situation was serious. Mayor Ji felt that his son had gone astray, while Feng Qi felt that his son had been led astray by the people around him. Only Ji Lingchen said indifferently, "It's normal."

Old Master Ji raised his head to look at him and asked in return, "Is this normal?"

Ji Lingchen had a long-term perspective. He saw things more broadly than everyone present. When the Ji family made decisions, they would usually make decisions based on his opinion. Although he was young, he had experienced no less than them.

What the Ji family valued was not money, but Ji Wen's education. If this child had gotten into gambling, it would become a big problem if he did not correct it as soon as possible. While everyone was worried about Ji Wen, Ji Lingchen was calm. He thought that all of this spending was reasonable.

Ji Lingchen said casually, "I dared Ji Wen. He definitely won't dare to indulge in gambling and even owe a loan shark. I took Ji Wen to gamble once. I gave him a billion but he wasn't interested. Do you think a few tens of millions can satisfy him?"

Everyone was shocked by Ji Lingchen's words. When did he take Ji Wen to gamble? When did he even gamble?

Actually, this was the result of Ji Lingchen's effort in educating his nephew. When Ji Wen was in junior high school, he already had his own ideas and he had a new understanding of money. In order to educate his nephew, Ji Lingchen took his nephew with him on a business trip. He brought him to Las Vegas.

That night, Ji Wen was so scared that he had followed behind his uncle the entire time, tightly clutching the corner of his shirt.

Ji Lingchen waved his hand and booked the entire place. When the pile of money was on the table and everything was ready to go, Ji Wen had forcefully pulled his uncle

away. That was the first time he was not afraid of his uncle's righteous lecture. It was clear to him that gambling was not a good behavior.

Later, Ji Lingchen left the casino with his nephew. After that, no matter what, Ji Wen did not care about gambling. He was not interested in it at all.

After Ji Lingchen finished telling the story, the three of them were left shocked. Ji Lingchen stood up and said, "Brother and sister-in-law, the problem of Xiaowen's education cannot always be my responsibility. I will have my own children in the future. Let's take care of our own children!" Ji Lingchen left the study room without looking back.

When Old Master Ji heard Ji Lingchen's words, his glassy eyes seemed to become bright and alert. He looked at his eldest son and daughter-in-law with great joy. "Did he just say... that he will have his own children?"

Feng Qi was somewhat embarrassed to be talking about her brother-in-law's married life with her husband and father-in-law. "If their marriage goes well, in another two to three months, Fang Xiaonuan should have some good news to share."

Old Master Ji already had a smile on his face, as if those three months had already passed. He smiled with satisfaction and said, "He is indeed a master. With just one sentence, the prosperity of our family is clear!"

"Dad, what are you saying?" Feng Qi did not quite understand. Old Master Ji smiled and waved his hand, then left the study as well.

When Ji Lingchen returned to the bedroom, he found his nephew in his room. Ji Wen shrugged and squatted on the floor with his hands covering his head, not daring to get up.

Fang Xiaonuan sat angrily on the sofa where she usually slept. When she saw Ji Lingchen return, she pointed at Ji Wen and complained to him, "Ji Lingchen, hurry up and control your nephew. He did all of this on purpose today."

Ji Lingchen said, "What did you call me just now?"

Fang Xiaonuan replied, "Ji Lingchen!"

Ji Wen, who had his head lowered, muttered softly, "My uncle wants you to call him husband." As soon as he said that, Fang Xiaonuan hit the back of his head.

She did not care if Ji Lingchen was present. "Shut up. If it wasn't for you, I would have been far away from here by now!"

Ji Lingchen raised his eyebrows. Who would have thought that he had married a violent wife! She was really merciless when it came to beating people up. As he walked in, Fang Xiaonuan's little hand reached out for his. "Hubby, he deliberately broke Grandpa's vase and stole his mother's things just to stop us from moving."

Ji Lingchen had guessed his nephew's intentions early in the morning, but he did not understand why his nephew would not let him leave. He looked at his petite wife who was holding his hand and suddenly understood. This was not because he did not want him to leave. This was because it did not matter if he left or stayed. Fang Xiaonuan had to stay. Thinking of this, Ji Lingchen was a little angry. "Go to my study!"

Ji Wen got up and left the bedroom with his tail between his legs. He felt very wronged. This Fang Xiaonuan really did not know what was good for her. He had risked his life to keep her here, but she did not appreciate it.

Chapter 57: I Won't Sleep With You

The most horrible thing was not that Fang Xiaonuan had hit him, but that she had actually complained to his uncle. Ahhhhh!

After Ji Wen left, only the husband and wife were left in the room. One was in a good mood because of the benefits he would receive tonight, while the other was so angry that her mouth was puffy. Ji Lingchen looked at his wife's angry expression and raised his hand to pinch her face. "Go and unpack the clothes in the cloakroom. We might have to stay here for a while. I'll go out for a while. When I come back, I'll help you tidy up. If I come back late, go to bed first. There's no need to wait for me."

Fang Xiaonuan frowned slightly. She asked her husband in a soft voice, "Do I still have to sleep in the bed tonight?" Since they were not moving, she did not need to be threatened.

Ji Lingchen said, "You don't want to sleep with me? Or is the big bed less comfortable than the sofa?"

Fang Xiaonuan nodded honestly. "No, I don't feel comfortable sleeping with you."

"I saw that you slept quite well last night. I didn't feel that you were uncomfortable at all." After saying that, Ji Lingchen went to his study. Fang Xiaonuan stuck out her tongue at his back. "Hmph, I won't sleep with you!"

Ji Lingchen's study was dark gray. The moment he entered, he gave off a strong aura of oppression.

"I need a perfect explanation for what your aunt said just now." Ji Lingchen sat at the head of the table and spoke in a low voice.

Ji Wen raised his head and met his uncle's gaze. Ji Lingchen saw the wound at the corner of his mouth and was a little surprised. So, the reason why he had kept his head down was that his face had been injured. The culprit was his wife. Judging from his eyes, his little wife did not go easy on him.

"Explain. If your explanation is reasonable, I won't punish you." Ji Lingchen was a little moved deep down. In a way, Ji Wen was also helping him. Otherwise, it would be a little difficult for him to ask Fang Xiaonuan to stay.

"Uncle, I don't want you to move out. Here, if you bully Fang Xiaonuan, at least I can protect her. If you were to move out and force yourself on her, she might shut you out every day." However, Ji Wen did not dare to lie to Ji Lingchen. He told him everything.

Ji Lingchen suppressed the anger he felt and asked, "Why do you think I would bully your aunt?"

"Last night, in front of me, she wasn't willing to... She definitely refused. You insisted on that..." In fact, Ji Wen was very embarrassed about last night. After he left last night, the more he thought about it, the more he felt sorry for his deskmate. His uncle told him to get lost, so he did. He let his deskmate suffer from his uncle's torture on the bed. He felt that he had been too disloyal. Why didn't he save his deskmate? Therefore, in order to keep Fang Xiaonuan and his uncle here, he came up with this plan and risked his life. He did not expect to be beaten up.

Ji Lingchen's tone became more serious. "Your aunt and I are husband and wife. It's perfectly normal for something like this to happen. I won't bully her, I'll only protect her."

"You know the situation of your marriage with Fang Xiaonuan. Only people like my parents are called husband and wife. This might be disrespectful but between the two of us, she could've even married me instead of you." Ji Wen regretted saying this. He did not know what came over him. He had become bolder when it came to Fang Xiaonuan and dared to be stubborn with Ji Lingchen.

Ji Wen had completely ignited Ji Lingchen's anger. He slapped the table with a deafening sound. Ji Wen was so scared that he stepped back. "Uncle, you can't even listen to the truth now. I'm telling the truth."

Ji Lingchen said, "Where did you get that sense of superiority? What makes you think you can compare yourself to me? Do you think your naivety and your constant trouble-making will catch Fang Xiaonuan's eye? How do you think you got the title of the rich

young master of the Ji family? At your age, I was already the president of the company. You're still spending the money I earned. What makes you think you deserve her interest?"

Ji Wen was rendered speechless. His uncle was right! Ji Lingchen had already entered the company and had the decision-making power at his age, but he had not earned a single cent so far. He was only squandering money and enjoying himself. Compared to his uncle, he was neither handsome nor capable. He could not be compared to him.

"But there's one thing. I've known Fang Xiaonuan since primary school. We've been deskmates for eleven years. I know her better than you do and know how to make her happy. Also, I understand her personality. If she had the right to choose, she would definitely not choose to marry you. "The most important thing is that I'm younger than you." Ji Wen's voice became even softer. He even clung to the door of the study so that it would be easier for him to escape.

Chapter 58: The Heartless Tigress, Fang Xiaonuan

Ji Lingchen also had no way to refute Ji Wen's words. He was a simple person but he clearly knew that what he was saying was true. It was all his fault for not investigating clearly beforehand. His wife actually had a close relationship with his nephew.

Ji Lingchen said, "Ji Wen, no matter what you think, and no matter what you say, the truth is right in front of you. Fang Xiaonuan is now my wife and your aunt. If I hear you talk about your relationship with her again, I'll cut off your source of income!"

"Uncle! You're practically our landlord now!" Ji Wen was now a spoiled child. Without his source of income, he had absolutely nothing and could only twiddle his thumbs.

Ji Lingchen looked at his own nephew teasingly. "How long has it been since I taught you a good lesson? You dare to argue with me now."

When Ji Wen looked at his uncle who had always taken care of him, he did not dare to refute his words. He could only hold back what he wanted to say.

Since Ji Lingchen had already understood everything, he let his nephew leave. Ji Wen was about to push the door open and go out, feeling wronged, when Ji Lingchen called out to him. "Wait, no matter who asks you about your injuries, just tell them that I hit you."

Ji Wen subconsciously touched the corner of his mouth and hissed in pain. Fang Xiaonuan was indeed a heartless tigress. He did it for her own good, but she had hit him with all her might.

The heartless tigress, Fang Xiaonuan, was busy working in the cloakroom in the bedroom. The originally spacious cloakroom instantly became crowded from the addition of her clothes.

Ji Lingchen's clothes were mostly dark in color. The sudden addition of a girl's light-colored clothes formed a stark contrast. It was as if an uncle and a little girl's lives had suddenly collided.

Ji Lingchen's glass drawer was once filled with branded watches. It now held Fang Xiaonuan's dazzling array of items: necklaces, bracelets, and earrings.

Fang Xiaonuan looked at her work and nodded in satisfaction. The colorful clothes matched perfectly with the dark-colored clothes. Ji Lingchen's cloakroom used to give off a solemn and uptight feeling. Now, the cloakroom was full of vitality and gave off a brand new feeling.

"Perfect, go to sleep!" Fang Xiaonuan took the blanket to the sofa. Only the orange wall lamp was left on, and she began to feel sleepy.

When Ji Lingchen returned and saw the mound on the sofa, he felt a little uncomfortable, and his nephew's words echoed in his ears. Hmph! Would she choose him, the man who had accomplished nothing? His nephew had actually become arrogant after going on his long trip. He walked over and directly lifted the blanket on his wife. He bent down and carried the young girl, who was still in shock, to the side of the bed.

"Ji Lingchen, it's not appropriate for the two of us to share a bed!" Fang Xiaonuan tried to negotiate with her husband.

"It's not appropriate to share a bed with your husband? Who should you share a bed with then?" Ji Lingchen tucked his wife into bed, then, he picked up his phone and called the housekeeper at home. "Get a few people to come to my bedroom and move the sofa away."

The housekeeper asked, "Second young master, why?"

Ji Lingchen looked at his wife who was trying to escape on the bed and his Adam's apple bobbed. "It's in the way."

When Fang Xiaonuan heard that her 'bed' was about to be removed, she angrily punched Ji Lingchen in the stomach. "No, where am I going to sleep if you carry my sofa away?"

Ji Lingchen did not reply. Not long after, the housekeeper asked someone to move the sofa away as Fang Xiaonuan watched. Ji Wen also saw that the sofa was being moved out of his uncle's room. He said, "D*mn, my uncle is inhuman."

In the bedroom, Fang Xiaonuan's eyes were red. She sat by the bed aggrievedly, tears welling up in her eyes.

Ji Lingchen realized that he might have been too impulsive just now. He patiently communicated with Fang Xiaonuan. "Nuannuan, we are already husband and wife now. There are some things that you need to get used to as soon as possible."

Fang Xiaonuan pouted. "I don't want to get used to sleeping with you. Can't I get used to something else?"

Ji Lingchen could no longer hold back his anger. Why did he marry such an infuriating troublemaker? Didn't she know that what she said was infuriating?

Ji Lingchen took a deep breath and tried his best to soften his voice. "No. Not only do you have to get used to sleeping with me, but you also have to get used to living with me. We have already become husband and wife. You have to become one with me. Some things will not happen now, but don't think about hiding. I will give you time to adjust."

Chapter 59: Don't Slap His Face

Fang Xiaonuan did not have anything to say to refute Ji Lingchen's words. Previously, she could say that his relationship with Lin Rou was ambiguous, and she could criticize Ji Lingchen as a scumbag from a moral point of view. But now that the misunderstanding had been resolved, Fang Xiaonuan felt that although Ji Lingchen was not a good person, his private life was still very scandal-free. She was his wife, and they had already received their marriage certificate. It was normal for her husband to have such needs.

Sigh! Did she really want to spend the rest of her life with him?

"Ji Lingchen, we have an agreement. You... If you really can't control yourself in that aspect, I'll give you... Don't hit me!" Fang Xiaonuan had not finished her words when she received a critical blow.

Fang Xiaonuan covered the spot on her forehead that he had flicked. Her eyes were filled with protest as she looked at the man who was approaching her.

Ji Lingchen's deep and magnetic voice rang out. "Don't worry, I'm not someone who can't endure a little hunger and thirst. Now, I'm officially informing you that the previous agreement is void."

"How can you do this?" If some things happened on the wedding night, she could still accept it, because, at that time, she was already mentally prepared to be a wife.

But now, after she had gradually gotten to know Ji Lingchen, she still wanted to keep her old identity as the only daughter of her family. This way, after the marriage was over, she could leave at any time.

"In the future, distance yourself from Ji Wen. Remember that he is your nephew," Ji Lingchen said as he approached Fang Xiaonuan. He was about to kiss her.

"Okay, I..." When she said "I," Fang Xiaonuan pouted and happened to touch the man's lips.

Ji Lingchen saw that his plan had succeeded, so he did not give his wife any time to run away shyly. He put his arm around her back, grabbed the back of her head, and took the initiative to kiss her soft lips. At this moment, it was as if he had found peace in a fickle world.

Fang Xiaonuan, who was in love, even forgot to push the man in front of her away.

Knock. Knock. Knock. There was a knock on the bedroom door. Fang Xiaonuan shuddered and immediately pushed the man in front of her away.

Feng Qi's greeting came through the door. "Xiaonuan, are you asleep?" Fang Xiaonuan was extremely grateful for Feng Qi's arrival. If she had not come, she was not sure what might have happened tonight.

Some people were happy and some were sad, but Ji Lingchen had never been so annoyed with Feng Qi today.

"Not yet, I'm here." Fang Xiaonuan did not dare to look Ji Lingchen in the eye. She lowered her head and got off the bed. She ran to open the door barefooted.

"Sister-in-law, why are you looking for me?" Fang Xiaonuan was very grateful to Feng Qi. Even when she called her sister-in-law, the gratitude was clear in her voice.

Feng Qi was going to visit the Fang family tomorrow to apologize. To show her sincerity, she wanted ask Fang Xiaonuan about her parents' hobbies. "Xiaonuan, what do your parents like? Or is there anything they don't like?"

Fang Xiaonuan was already grateful to Feng Qi. Seeing her sincerity, the unhappiness in her heart caused by the misunderstanding instantly disappeared. “My parents like everything. I’m sure they’re already very happy to receive you as their guest.”

Feng Qi added, “Why don’t you and Lingchen accompany me and your big brother tomorrow! You can also pay your parents a visit.”

Fang Xiaonuan did not dare to agree on behalf of Ji Lingchen. “He might have something to do tomorrow.”

Feng Qi said, “Lingchen isn’t out here. Why don’t you go and ask him? If there’s nothing important going on tomorrow, I’ll come with you to see your parents.”

Fang Xiaonuan was too embarrassed to speak to the man. Ji Lingchen had also heard it clearly. He deliberately did not say anything. He wanted to wait for his wife to take the initiative to ask him.

“Sister-in-law, come in first.” Fang Xiaonuan invited Feng Qi into the bedroom. She glanced at the man who was already sitting on the sofa. After hesitating for a moment, she still did not speak to Ji Lingchen. “Sister-in-law, you can ask him!”

They were both experienced people, and Feng Qi saw the uneasiness between the two of them. She smiled and said, “The husband and wife are too embarrassed to talk!” Feng Qi did not make things difficult for Fang Xiaonuan, she asked Ji Lingchen directly, “Lingchen, are you free tomorrow?”

Ji Lingchen said, “If Xiaonuan goes back to her mother’s house tomorrow, I can push back my obligations.”

Fang Xiaonuan’s face flushed red. She thought to herself, ‘D*mn it, Ji Lingchen must have been replaced.’

“Alright, then we’ll go to the Fang family’s house tomorrow morning.” After Feng Qi finished speaking, she could not help but give her brother-in-law a small suggestion. “Lingchen, can I ask you for a favor? Although Ji Wen did something wrong, can you be gentler when you punish him? My point is, don’t hit his face. He has an injury at the corner of his mouth. How is he supposed to show his face now?”

Chapter 60: Fang Xiaonuan is Going to Kill Someone

Fang Xiaonuan was confused. "I think I'm the one who injured Ji Wen's face." She tugged Feng Qi closer to verify. "Sister-in-law, who do you think injured Ji Wen's face?"

Feng Qi said, "Who else could it be other than Lingchen? He didn't hit him lightly either. His face is swollen. My heart aches so much."

Fang Xiaonuan suddenly remembered that after she had beaten up Ji Wen, her husband had called Ji Wen into the study. So, it was her husband who was bearing the blame. She looked at Ji Lingchen, but Ji Lingchen did not look at her.

"Sister-in-law, since you want me to discipline Ji Wen, don't interfere with my methods. Everything I did was for his own good," the man sitting on the sofa said seriously.

"But you hit him too hard. Can you try not to hit his face in the future?" Feng Qi said kindly.

Fang Xiaonuan lowered her head guiltily. She quietly retreated to Ji Lingchen's side and then to his back.

Ji Lingchen was in a good mood. When he was in a good mood, he would accept the advice others gave him. "Then I'll be careful next time. I'll try not to hit him in the face."

Feng Qi said, "I know how hard it's been to educate Xiaowen. Your brother and I only have one son. Lingchen, when you hit him, think twice. Don't hurt him too much." Feng Qi secretly added in her heart, 'If you want to hit your own son in the future, hit him in the face.'

1

Ji Lingchen said, "I understand."

After sending Feng Qi off, the culprit in the bedroom stayed quiet. Ji Lingchen looked down at his little wife. "Next time, when you beat Ji Wen up, be gentle and try not to hit his face. Got it?"

Fang Xiaonuan obediently answered, "Got it." Ji Lingchen took the blame for her, which made her favor him even more.

Ji Lingchen knew that his wife was embarrassed about what had happened just now, so he did not mention it again. He went to the cloakroom. When he picked up his pajamas, he saw the girl's things in the closet. He smiled. "No wonder there are so many luggage boxes. There are quite a lot of clothes."

He found his pajamas in the crowded cloakroom and walked back out. When he saw that Fang Xiaonuan was still sitting on the sofa, he said, "Go and sleep on the bed first."

The larger sofa in the bedroom had been moved away, leaving only the spacious and soft bed. Fang Xiaonuan did not argue anymore. She went to the bed. By the time Ji Lingchen finished washing up and came out, the little mound on the bed had already fallen asleep.

Ji Lingchen sat on the side of the bed, lifted the blanket, and lay down on the other side. He lifted her head and put his arm under her neck, letting her sleep on his arm. He smiled as he moved closer to Fang Xiaonuan and breathed in her faint fragrance. "That's weird. You smell completely different than your toothpaste and body wash. Why do you still smell so good?"

He had never been so close to Fang Xiaonuan before, so he did not notice her natural scent. The first kiss was their closest contact, which also allowed him to discover the unique scent she had. He was obsessed with her scent. It was as if everyone spent their entire lives searching for a unique scent that belonged to them, and he had found a scent that belonged to him, but it was coming from her.

The next day, Fang Xiaonuan was woken up from a beautiful dream by her husband. "Get up early and wash up. We're going back to visit Mom and Dad today. You should call them first and ask if they have anything to do today. Also, tell them that we're going to visit."

Fang Xiaonuan sat up from the bed in a daze for quite a while.

Ji Lingchen was already dressed neatly. He looked at his wife's condition and said, "Wake up and wake up. I'm going to the company to make some work arrangements. I'll come back to pick you up later."

1

Fang Xiaonuan yawned and nodded repeatedly. Ji Lingchen went to the cloakroom. When he came out, a certain girl was still lying on the bed. He placed his hands on his hips, feeling a little helpless. "Are you that sleepy?" After saying that, he patted his wife's little face. "Don't forget to contact your parents."

The woman on the bed still had her eyes closed. Her attitude was obviously perfunctory as she nodded. Ji Lingchen saw her sleepy face and could not bear to wake his wife up. Anyway, he still had time. He could also contact his in-laws on the way to the company.

Thus, Ji Lingchen left the house and instructed the servants, "Make sure to wake second young madam up in another hour." On the way, Ji Lingchen contacted his in-laws and agreed on a time for the visit.

Fang Xiaonuan hugged the blanket and continued to sleep. One had to know how blissful it was to stay in bed early in the morning! However, things did not go according to her wishes. Not long after she lazed around in bed, she was woken up by Ji Wen. She was so angry that she wanted to smash Ji Wen's head with a hammer. "Your uncle couldn't bear to wake me up in the morning. What are you showing off for? Didn't he beat you up enough last night?"

Fang Xiaonuan chased after Ji Wen and tried to beat him up while Ji Wen ran toward the front of the house. As he ran, he shouted, "Help! Fang Xiaonuan is going to kill someone."
