

Love Me in the Dark - Chapter 26. Addiction

KREW

My mind was with River the whole time I was in the meeting. She had those surprised and excited
look on
her face when she looked at me. I could get used to seeing those big eyes every time I arrived at my
penthouse.

I always wanted her, and the anticipation she showed me made my dick even harder, and it had
been
throbbing in my pants, demanding release. While she yanked her clothes off, I was already undoing
my
own.

Fuck yeah, I'm going to fuck her on my couch. The moment the last thing hit the floor, I cupped her
head
and claimed her mouth. Damn, she kissed me back with the same urge and intensity. She hooked
her
arms around my neck, straddling herself on my lap.

I trailed my way to her breast, rolling her little nub between my fingers. I knew she liked it as she
moaned
against our mouths. Then I did the same to the other while she threaded her fingers through my hair,
pushing my head down.

“Do you want me to suck your nipple?”

She answered me with a moan.

‘I need a word, River. Remember communication.’

“Yes. Yes, I want you to suck my nipple. But screw communication. I can’t think straight while you’re
doing
this to me.”

“Good girl.” I chuckled before I captured her nipple with my mouth, nipping the tiny bud between my
teeth,
then licking around her pink areola in circles. She rocked her hips towards my cock, rubbed her core
against my length, and coated it with her wetness.

I moved to the other to give the same attention, nipping it until she squirmed like crazy.

“Oh, my god. God, I want you now.”

“Whatever you want, baby.” I moved my hand downward, tracing my fingers between her thighs. She
was
dripping wet, her wetness all over her folds down to her anus. I entered my finger into her swollen
slit,
finger-fucking her.

I wanted her more than anything. My cock was throbbing to feel her clamping around me, but I
enjoyed
more watching her lose herself in her own ecstasy.

She let go of a long moan. Her throat bubbled. “Please, don’t stop. Don’t stop.”

I added another finger, thumb pressed against her clit. She contracted around my fingers, her juice dripping down. I kissed her again, thrusting my tongue in her mouth as I continued finger-fucking her.

When I felt she was close to flying, I broke the kiss with a loud smack.

“Come around my fingers, baby.” That was her only cue. She let go a broken cry, shuddered, clenched her walls, and milked all over my fingers as she reached her climax.

I pulled my fingers out, coating my shaft with her milk, and positioned my cock into her swollen folds.

Then

I licked my fingers dry while she was watching me. It took me by surprise when she took my hand, tasting herself. I thought I came right here right now before I could take her. That was the hottest thing she ever did to me.

I lifted her and set her down my thick cock.

“Jesus, River.” I threw my head back. My eyes rolled back. “Fuck. You’re squeezing me.” I could feel every

ridge inside her. She felt so tight, hot, and wet, and so fucking amazing.

“God, so good.” She started rocking her hips to me. I held her tight and dragged myself down so that

I

could fuck her well. I met her hips, and I was all deep inside her, reaching her end. She screamed.

‘Kiss me, baby. Bite me, suck me, I need to feel you in my senses.’ She did as I said, kissing me,

licking

me, sucking me, biting my lip, my neck that I could feel it drew blood.

I’d never been so hungry for a woman in my life that I wanted her to brand me, to claim me, but here

I

was, asking her to mark me while I fucked her on the couch.

“Krew, I’m—”

‘I know, baby. I know. I’m close too.’ I gripped her ass, holding it still as I bucked my hips, thrusting

deep

into her. My balls were slapping against her ass.

That didn’t take long. She shuddered, gasping as her climax shot through her. It took me by surprise

as

she clamped around me, slumping her body down.

“Ah!” I jerked inside her, filling her. And for the second time, we did not use condoms.

Last night, I ended up joining her in her bed while she was coiling herself in a fetal position. The

moment

she felt it was me, she turned to me and fell asleep in my arms. That was one of the best things I

had in

my life.

I could probably have anything I wanted in this world, but what I had right now was more than what I

had

in my bank accounts. Money couldn’t buy my happiness. River was precious and priceless.

We woke up and shared a shower. Then there was a walk-in closet fucking. I fucked her there,
spread her
on the island, and feasted her before I went to work.

Sadly, I couldn't join her for lunch. I informed my sister to meet River early, and she was beyond
happy to
see her again.

Later on, I received a text from my woman informing me that she was going out. I knew Conner
would
protect her with his life, so I was able to work all day knowing that River was in good hands.

At five, Journey sent me a picture with a caption, thanks for sharing your girls with me. Something
strange
just happened. I was grinning like an idiot in front of my brother.

Before I shut my grin off, Kai snatched my phone from my grip. "What the fuck?"

He hummed as he looked at the picture on my phone. "Who's the other girl?"

'Journey. River's friend.'

Kai looked amused and surprised at the same time. "They've grown so close already."

"What were you expecting then?"

"Enough of this chitchat." He shut my laptop close. "We're joining them for dinner. Call your sister
about
the restaurant."

'I'm not doing it.' I scowled. River would not appreciate an ambush dinner with my brother."

He rose from his seat. "Please? I'm looking forward to meeting her all week, Krew. If she won't be comfortable with me around, I'll leave. I promise."

I didn't know exactly what he was up to, but I could protect River just fine. If Kai would do something that would upset her, I was not going to wait until she walked out.

"Fine."

"We ride in one car."

'I'm not gonna ditch you, brother. I'm a man of my word. But fine by me.'

I texted Krys on our way. She replied with the details. River had no problem paying the bills because she had my card, but I was not sure if she would use it.

I then received a text from River, and I found my brother gazing down at my phone. "Privacy, bro."

"You two are not sexting, right?"

"None of your business." I typed my reply. River was asking me about my dinner plan.

"Since when did you become secretive?"

"Since my brother wanted to mind my personal life. You should try not to be a manwhore all the time, brother. It's good to have someone who looks at you more than just a dollar bill sign on your forehead.

Trust me."

'I'm happy for you, but I'm busy. I have a billion-dollar enterprise to run—'

'Than to give a little time to the woman you care about? I was only with River for a short period of
time,
and so far, she had not gotten in between my work. She had not asked anything from me,
demanded
something, and didn't make me forget that I also ran a billion-dollar company. In fact, she reminds
me to
work hard because I have to show her that I'm not just a billionaire by birthright who fucks around,
throws
a party, showers her with gifts, and travels around because that's what money can buy. I want her to
see
me and accept me for who I really am."

"Nice speech, brother."

We arrived at the restaurant. The manager knew my brother, and he welcomed us and took us to
our
sister's table. I had not told River that Kai was joining us tonight, and I felt terrible for keeping it from
her.

Her eye twinkled the moment she spotted me. She was smiling from ear to ear as we approached,
then it
all vanished when she noticed that I did not come alone.

I left Kai behind as soon as River stood up. I kissed her on her forehead and squeezed her hands so
cold
as ice. I'm gonna punch my brother for doing this to her.

“He begged to join. I don’t wanna make you feel uncomfortable around him. We can leave right now

if you

want to. That would be fine by me.”

‘It’s alright.” She squeezed my hands back.

“Are you sure?” I looked at her. The pain was there in her eyes, but so was the excitement.

“Yeah. I’m not gonna break down in front of your brother. Aaren thought me a few tricks. Maybe I

could

give a little demonstration to your brother if he’s not gonna behave.”

‘Hey, bro.” Krys pulled me into a hug. “Good jab.”

‘Hi, sis. Nice to see you again, Journey.” I shook her hand.

“Me too, Krew. You don’t mind me calling you Krew, right?”

‘Please. It’s my pleasure.” I gave my attention back to River.

“Glad you could join us, Mr. Selik.” It was my woman, shaking hands with my brother.

‘Just Kai, please. And I’d love to call you River if you wouldn’t mind.”

‘The last time I checked, that was my first name. You even asked me the first time we met if where

my

name came from. But I doubt if you still remember that moment when you threatened me. Where

was

that? Oh, in the cafeteria.”

“What the fuck?”
