

## Love So Sweet 129

### 129 I Don't Believe You

Fang Su Jin continued to stare at Zhang Yi Hai with a perplexed look in her eyes.

She had thought that it was a kind stranger. However, the person who came to help her turned out to be someone that she knew.

Fang Su Jin had always thought that Zhang Yi Hai was a little scary and weird. After all, this boy has always been following his sister around from a very young age. Moreover, Fang Su Jin seemed to recall that recently, the way Zhang Yi Hai looked at her was a little strange.

"Your girlfriend?" One of the boys spoke. "Sorry. I don't believe you."

He saw the way the girl looked at the tall boy and thought that they don't look like a couple at all.

Moreover, he and his friend has been following the girl from the moment she walked into the art supply store.

As someone who has been harassing girls on the street, the boy naturally knew how to spot girls who came to this street alone.

Where would this boyfriend come from?

"Boy, we are warning you not to meddle in our business," another spoke. "Don't try to act like a hero." He touched the corner of his lips before he turned to spit on the ground.

.....

Zhang Yi Hai narrowed his eyes as he watched the two boys approaching. He caught the boys exchanging glances and was quick to figure out what they were planning to do.

Subconsciously, Zhang Yi Hai pushed Fang Su Jin behind him to shield her. "Stand back."

Fang Su Jin stared at Zhang Yi Hai's tall back with a dumbfounded look in her eyes. It took her a few seconds to understand what Zhang Yi Hai was trying to do.

She watched as Zhang Yi Hai turned to block one of the boy's punches and yelped. Fang Su Jin took a few steps back as she watched Zhang Yi Hai fight against the two harassers.

The troublemakers had probably thought that it was very easy to beat the tall boy. But they were very mistaken.

Even when they were attacking Zhang Yi Hai at the same time, the troublemakers were unable to lay their hand on him.

They did not think that the tall boy would know how to fight!

Of course, fighting against the two amateurs was quite an easy task for Zhang Yi Hai. After all, he has been learning to fight from his father from a young age.

Later, when he was older enough, his father sent him over to his Uncle Qi Ming Wei to learn more. His uncle was someone from the military and his training was naturally tougher. He was forced to follow his fellow soldiers to train.

At this time, the troublemakers were attacking him alternately. However, seeing how he managed to block their moves, the troublemakers decided to change their tactic.

They lurched forward, wanting to attack Zhang Yi Hai at the same time.

With his swift movement, Zhang Yi Hai managed to block the troublemakers' attack. Then, he spun around and kicked one of them farther.

A few passersby began to stop from a safe distance to watch. Then, they began to cheer when they saw how Zhang Yi Hai had quickly defeated the two troublemakers.

Zhang Yi Hai turned and shot the other boy with a warning gaze. "Are you leaving or not?"

The boy looked at his friend who was sprawled on the floor before running away. Seeing that his friend had flown, the other struggled to get up and escaped as well.

Zhang Yi Hai watched as the two boys ran farther before he turned to Fang Su Jin again. "Sister Fang, are you alright?" He gave her a look over and finally breathed in relief when he could not see any injury on her body.

This is good.

At least, this time, she did not cry.

He wouldn't know how to coax her if she started to cry.

It took her a while to recover from her shock. Fang Su Jin shook her head and uttered, "I'm fine." She recalled the way Zhang Yi Hai has been fighting against the two men and looked at him in worry. "But you... are you alright? Did they hit you?"

Fang Su Jin looked at the man anxiously.

Just now, Zhang Yi Hai stepped forward to help her.

If something were to happen to him, then how should she answer her friend?

"It's alright." Zhang Yi Hai flashed a smile. "They didn't get to touch me."

Fang Su Jin was stunned to see the smile on his face. She seemed to recall that this boy often had a serious look on his face.

"But... Sister Fang, what are you doing here?" Zhang Yi Hai glanced at the pool club across the street. It doesn't seem like this was the place where a girl like her should be visiting.

"I came to buy a few art supplies," Fang Su Jin said. "The art supply store at the end of the street is cheaper than the other."

Studying art is definitely not that easy or cheap. The art supplies are usually expensive, especially if she wanted to look for something of good quality.

The store she visited just now was close to the university. As their customers were mostly students, the store was selling its goods at an affordable price.

Fang Su Jin pursed her lips into a thin line. "Zhang Yi Hai, thank you for your help. I wouldn't know what to do if you didn't show up. Those guys were very persistent. They wouldn't leave no matter what I say." She looked around and realized that Zhang Yi Hai was alone. "Your sister is not with you?"

"My sister went to practice basketball with her friends." His phone buzzed at this time. Zhang Yi Hai looked at the notification and saw that his friend, Qian Ji was asking about his whereabouts.

Zhang Yi Hai was about to reply when he realized that Fang Su Jin was still with him. After a brief hesitation, he then spoke, "Sister Fang, where are you heading to after this?"

"I was planning to grab something to eat before the guys started to disturb me."

This should be the time for them to part and head to their own ways. However, Zhang Yi Hai was worried that those two men would come back the moment he leave.

"Then, do you want to come with me for a while?" Zhang Yi Hai asked. He glanced at his wristwatch and continued, "I'm just going over to meet a few friends. Once I'm done, I will send you home."
