

## Love So Sweet 140

140 I Don't Regret. I Won't Regret

After their meal, Bai Qi walked Zhang Li Xue to the door to send her off.

As they walked into the lobby, the two of them ran into someone familiar.

The moment Bai Qi saw Xiao Wan Zi in front of him, his expression turned uglier.

If he did not guess wrongly, the person who wanted to create trouble for him was no other than Xiao Wan Zi. His anger rose as he thought of what she would do to suppress him and force him to do something he did not want.

Zhang Li Xue naturally did not notice the look in Bai Qi's eyes. She looked at the woman who was walking over in their direction and thought that her face was somewhat familiar.

It took her a while to remember that this was the doctor she had met on the night she came to look for Bai Qi.

Last time, she was too anxious to meet Bai Qi and confirm whether he was the boy from her childhood. Zhang Li Xue was not paying too much attention to Xiao Wan Zi or how she had acted.

Xiao Wan Zi gave Zhang Li Xue a lookover before she shifted her gaze to Bai Qi.

Seeing the female doctor's gaze on her made Zhang Li Xue frown. She barely knows this female doctor. Therefore, Zhang Li Xue could not understand the doctor's unfriendly gaze on her.

.....

Bai Qi held Zhang Li Xue's wrist, wanting to pull her away from Xiao Wan Zi.

After what she had done, Bai Qi did not think that he could respect Xiao Wan Zi as a doctor. Naturally, he did not want anything to do with this woman. He had decided that it was better not to interact with her.

However, before he could take another step, Xiao Wan Zi had blocked his path again.

It seemed that she liked to do this a lot.

"Doctor Bai..." Xiao Wan Zi was unhappy that Bai Qi had tried to avoid her.

She had thought that the moment Bai Qi saw the new schedule, he would be upset and come to see her. Xiao Wan Zi had long decided to give him another chance if he come to beg her.

However, the man did not come over to look for her.

She waited for a long time for him.

Later, it was another doctor who informed her that Bai Qi was in the cafeteria, having his meal with another woman.

Xiao Wan Zi was about to look for him when she stumbled into him here.

“If you tell me that you regret it, then I can make the change.” Xiao Wan Zi flashed an amiable smile at him.

Her words only heightened his anger.

Noticing that his little fairy was still with him, Bai Qi decided to suppress that feeling. He gritted his teeth and spoke, “I don’t regret it. I won’t regret it.”

Xiao Wan Zi’s expression began to change.

She knew Bai Qi’s background as an orphan. She had thought that with a little pressure, Bai Qi was going to succumb to her wishes. After all, he was someone without a backer.

It was unexpected that he would continue to be stubborn.

“Doctor Xiao, I am not interested in your offer,” Bai Qi said. He walked around her as he pulled Zhang Li Xue away.

Xiao Wan Zi’s eyes narrowed.

She wondered if Bai Qi no longer want to continue working as a doctor in Y City Hospital. If that was what he wanted, then, she would not mind fulfilling his wishes.

As for his mentor, Doctor Qi... that man should be easy to handle. Wasn’t he merely a senior surgeon in the hospital? So what if Bai Qi no longer works in the hospital? He could take another student, right?

She only heard that Doctor Qi was one of the best surgeons. She was sure that the doctor did not have any power in the hospital.

Xiao Wan Zi watched Bai Qi’s retreating figure. It was then that she realized that Bai Qi was holding hands with Doctor Qi’s niece.

Her eyes grew darker. Xiao Wan Zi continued to watch them for a while before she turned around to leave. Since Bai Qi said he won’t regret it, then he shouldn’t blame her for being ruthless.

...

Meanwhile, Zhang Li Xue was aware that Bai Qi was upset after running into that female doctor. Seeing that his mood was not that good, Zhang Li Xue decided not to make a sound as Bai Qi continued to pull her towards the exit.

After a while, the two of them finally reached the small garden in front of the hospital building and stopped.

Zhang Li Xue glanced at their intertwined hand before turning to Bai Qi again. There was a hint of worry in her eyes. “Doctor Bai, are you alright?”

Her voice snapped him out of his thought. Bai Qi turned around and was surprised to find that his little fairy was still with him. It seemed that when he had left angrily from Xiao Wan Zi, his little fairy had followed him around.

Then, he realized that there was something wrong.

Bai Qi lowered his gaze and saw that he was holding her hand.

Quickly, he released her from his grip. "Sorry." His face turned redder. "I didn't mean it."

Bai Qi realized that his little fairy did not follow him around. It was him who had pulled her with him. He did not realize that he has been holding her hand for too long.

"It's alright." Zhang Li Xue shook her head. She took a step forward to study Bai Qi's expression.

The way she was looking at him made him flustered. Bai Qi did not know where he should look or where should he put his hand.

"Doctor Bai, are you alright?" Zhang Li Xue asked.

"I'm fine." He forced a smile.

"You look upset." Zhang Li Xue pointed out.

"I'll be fine." His tone softened as he wanted to convince her. Bai Qi realized that Zhang Li Xue had watched his exchange with Xiao Wan Zi and knew that he had to come up with something before she would worry. "Doctor Xiao and I had a little argument about work."

Hearing that it was something about work, Zhang Li Xue quickly retracted her gaze.

She did not understand much about his work and decided that it should be something that she could not meddle in.

However, she still could not help but worry about him.
