

Love So Sweet 146

146 Wanting to Give Up on Everything

Bai Qi left the director's office with a dark look on his face.

In the past, he had never paid that much attention to Xiao Wan Zi.

When he had first moved to Y City hospital, he only wanted to work hard to give his little sister a better life. At the same time, he wanted to be somewhere closer to his little fairy.

Therefore, he had never realized how Xiao Wan Zi has been keeping her eyes on him.

The girl might have sent him a few hints and the others around him might have teased them together. However, he was not interested in Xiao Wan Zi and had never responded each time someone said something about them.

Who would have thought that Xiao Wan Zi's mind worked differently?

The way she had liked someone was too strange.

After he had rejected her and told her that he was not interested in her, Xiao Wan Zi tried to threaten him so that he would pay attention to her.

When that too did not work, the girl had complained to her father, one of the directors in Y City Hospital, to mess up with him.

.....

A few days ago, Bai Qi found out that Director Xiao had given an order to let him work for a long hour at the hospital. He was also not allowed to take a day off from work.

Bai Qi was planning to bear with this unfair treatment. He figured that sooner or later, Xiao Wan Zi would be tired after seeing his determination.

Who would have thought that after he had made a round to check on a few of his patients, someone would come to notify him that Director Xiao wanted to see him in his office?

Director Xiao had become a director at the hospital after working hard for a long time. Bai Qi had heard his story and respected that old man.

Although he had heard that it was Director Xiao who had given the order to make it difficult for him at the hospital, Bai Qi would never think that the old man would go overboard.

As he entered the director's office, Director Xiao quickly spoke a few words to him.

The old man began by praising his skills. Then, Director Xiao began to tell him that he wanted him to marry his daughter, Xiao Wan Zi.

When Bai Qi declined, Director Xiao threatened that he would make it so that he would never be able to continue working in any hospital in Y City.

Before Bai Qi left the director's office, the old man told him that he will give him a week to think of the proposal.

Bai Qi could not hide his annoyance.

However, for someone without any power like him, there was really nothing that he could do.

He only wanted to come to the hospital and do his best to save a life. But what was going on now?

His shoulder slumped and a heavy breath escaped him. Bai Qi could not help but think of how difficult his life has been since his parents had passed away.

There are times when he felt as if he wanted to give up on everything.

However, each time that he thinks of his little sister, Bai Qi knew that he has to continue to fight and keep on going.

Bai Xi Xi's life was not easy as well.

The little girl grew up without feeling the love of her parents. He could not let her grow up without a family as well.

"Doctor Bai, have you thought of it yet?"

Bai Qi was walking over to the elevator when he heard the familiar voice.

He raised his head and instantly, his expression grew uglier when he saw that the person was no other than Xiao Wan Zi. Bai Qi clenched his hand into a fist as he tried to suppress his anger.

If Xiao Wan Zi was a man, he won't hesitate to hit her hard.

He took a deep breath and spoke, "Doctor Xiao, why are you doing this?"

Xiao Wan Zi gave Bai Qi a look over. She walked closer until she reached his side and smiled brightly.

"Doctor Bai, I like you. Isn't it clear enough? I wanted to be with you. Since you are not willing to give me a chance, there is nothing else that I can do but this. What should I do? I really like you very much."

Hearing her words made him want to laugh. "But I don't like you. Doctor Xiao, it is impossible between us."

Xiao Wan Zi giggled. "It's alright. I don't mind marrying you even if you might not love me yet. I believe that if I work hard, sooner or later, I'm sure that you will develop a feeling for me."

Bai Qi thought that he had already developed a feeling for Xiao Wan Zi. But it was not the feeling that Xiao Wan Zi wanted from him.

It was the first time that he had hated someone very much.

"I already have someone that I love."

The smile on Xiao Wan Zi's face quickly disappeared. She stared at Bai Qi for a long time, as if trying to figure out whether he was telling her the truth.

“Then, I won’t allow it,” Xiao Wan Zi said. “I already had my eyes on you. You can’t be with someone else.” She looked at him with a curious gaze. “Are not afraid that I will ruin you and that person you love?”

Bai Qi laughed. He knew that it won’t be difficult for Xiao Wan Zi to ruin his life. However, his little fairy was someone that Xiao Wan Zi could not afford to touch.

At this time, Bai Qi was glad that Zhang Li Xue was someone from a reputable family. At least, no one could use her to threaten him. But, Bai Qi was not planning to tell Xiao Wan Zi all this.

His eyes narrowed. “Then, you can try.”

Without waiting for her reply, Bai Qi turned to leave using the emergency staircase instead.

He did not believe that someone like Director Xiao could get away with this. If he reported the injustice to the association, surely, Director Xiao and his daughter would not be able to bully him like this, right?
