

## Love So Sweet 160

160 Zhang Li Xue's Aunt

Bai Qi walked past Xiao Wan Zi and followed his mentor back to his office. When he entered the office, Bai Qi was surprised to find that the beautiful elderly woman from the last time was in his office.

Noticing that the woman was looking at him, Bai Qi greeted her with a slight nod before turning to his mentor with his straightened pose.

"You don't have to worry," Qi Zheng said. "Next time, the Xiao father and daughter won't be able to make trouble for you."

A light flickered in his eyes. Bai Qi looked at the man before him and spoke, "Doctor Qi, did you do something to them?"

"Otherwise, who do you think would help you?"

Bai Qi stared at his mentor in disbelief. He knew of Director Xiao's status and did not think that it would be easy for his mentor to do anything.

What happened?

Qi Zheng seemed to have guessed what was going on in Bai Qi's mind. He shot him a displeased look and spoke, "What is it? You don't think that I would be able to do anything to protect you?"

"That's not it." Bai Qi lowered his head.

.....

The other day, he merely came to his mentor for advice. Bai Qi was not expecting that in just a short time, his mentor would help him to deal with his problem.

Qi Zheng became unhappy when he recalled what Director Xiao had tried to do to Bai Qi yesterday.

That evil man changed the patient's report and almost made Bai Qi conduct an unnecessary operation. If the procedure goes through, Bai Qi would be doomed. That mistake would make him unable to practice as a doctor anymore.

Qi Zheng wanted to vent his anger at someone, but he knew that he could not vent it to his student. After all, Bai Qi was too innocent and clueless.

"Then, Doctor Qi, thank you for your help," Bai Qi spoke. "If there's anything I can do to help, then..."

Qi Zheng waved his hand before Bai Qi could finish his words. "I don't need you to do anything. It's enough that you work hard in the hospital. You must remember that you are my student. Don't do anything that would shame my name."

Bai Qi stood up straight. "Yes. Doctor Qi, I will work hard to become a good doctor."

A sigh escaped him. "Being a good doctor is not enough. Bai Qi, you have to remember to be careful and never let anyone scheme against you."

Although he did not understand why would his mentor remind him in such a way, Bai Qi could only agree with his mentor's advice. "Doctor Qi, I will be very careful."

Zhang Yu Ying was watching the mentor and student's conversation at the side. She could not help but chuckle as she saw how obedient Bai Qi was around Qi Zheng.

The faint sound made Qi Zheng turn to Zhang Yu Ying. Qi Zheng recalled the matter that Zhang Yu Ying had told him a few days ago. He looked at Bai Qi again and leaned over. "Bai Qi, are you really the grandson of Uncle Bai Yu and Auntie Chi Ning?"

Bai Qi stared back at his mentor in surprise. Bai Yu was his late grandfather and Chi Ning was his late grandmother. It felt as if it has been a long time since he had heard their name. However, he doesn't think that he had ever told his mentor about his grandparents before.

"Yes." Bai Qi nodded. "Doctor Qi, how did you know?"

The only person who knew about his background should be his little fairy.

Could it be that she had told his mentor about it?

Bai Qi followed his mentor's gaze and looked at the pretty woman at the side.

Just now, he had only given that woman a quick look. The last time he saw this woman in his mentor's office, Bai Qi's mind was too preoccupied with his problem. Now that he had looked at her properly, Bai Qi finally realized who she was.

The light in his eyes flickered. Bai Qi quickly recognized that the woman was Zhang Li Xue's aunt!

"Hello." Zhang Yu Ying walked over and flashed him an amiable smile. "Do you remember me? We've met before."

"You..." Bai Qi stuttered. He had not prepared himself and was not expecting to meet Zhang Li Xue's aunt at this place. "You're Zhang Li Xue's aunt."

Zhang Yu Ying's eyes lit up. "You remember me!" She could not hide her excitement. "This is great."

Bai Qi would always appreciate that this aunt had taken Zhang Li Xue to visit him one last time before he and his family moved away to S Country. That was the only reason he get to meet his little fairy and said his goodbye.

Therefore, he would always remember her.

This was the reason that he had recognized her when he ran into her at the airport.

Zhang Yu Ying stepped forward and gave him a look over. Now that she was standing closer, she realized that she had seen him before.

That little boy might have grown handsome and taller, but Zhang Yu Ying could recognize his eyes and nose that was similar to the other member of the Bai family.

“Last time, Li Xue came to me and ask about her childhood friend,” Zhang Yu Ying said. “Fortunately, I still kept the photo of you and Li Xue before you moved away. I heard that you are now working at this hospital as Qi Zheng’s student. I decided to come over to look at you. Bai Qi, I hope you don’t mind.”

Bai Qi quickly shook his head. “I don’t mind.”

“Director Xiao was fired because he had done something wrong,” Qi Zheng said. He watched as Bai Qi turned to him and continued, “As for Doctor Xiao’s transfer, it was this person’s help.”

Bai Qi spun his head to look at Zhang Yu Ying again. It was not hard for him to figure out that she had helped him with his matter.

“Aunt...” Bai Qi lowered his head, too embarrassed to respond. Bai Qi did not expect that this aunt would know about how he was bullied.

“In the past, my grandfather and your grandparents were friends,” Zhang Yu Ying said. “Since you ran into trouble, I can’t let it off and let someone bully you.” Her expression turned softer when she recalled what Bai Qi had gone through. “In the future, if you need any help, you can come over to see me. Bai Qi, I would do whatever I can to help you.”

A warm feeling spread from his heart.

After he had moved back to Y City, it seemed that he had met a lot of people who were very good to him. Everything began again because of his little fairy.

Bai Qi felt a lump in his throat. Suddenly, he felt as if he wanted to cry.
