His lips curled into a helpless smile.

Seeing the way his little fairy was staring at him shyly made him wonder just what it is that makes her like him.

Bai Qi ruffled Zhang Li Xue's hair a little bit, enjoying how soft it felt against his palm. And this made a certain someone unhappy.

Zhang Li Xue had seen how Bai Qi had treated his little sister like this and the thought made her feel as if Bai Qi was treating her like a small girl.

"Bai Qi..."

Before she could voice her dissatisfaction, the man had already leaned forward to peck her lips again. Then, he pulled away and chuckled at his little fairy's expression.

Zhang Li Xue continued to look at the man unhappily.

It made her realize that Bai Qi liked to steal a kiss from her when she was not paying attention. A thought came to her mind when she saw the mischievous smile on his lips.

Swiftly, Zhang Li Xue stood on tiptoe and pressed her lips against his.

.....

This time, their lips met for a few seconds longer before Zhang Li Xue pulled away. When she took a step back, there was a satisfied look on her face.

A low laugh escaped him.

He could not help thinking that his girlfriend was too adorable like this.

Zhang Li Xue is definitely the kind of girl who would do what she wanted to achieve.

It made him remember how he became her first basketball teammate.

Although he was the first to approach her, it was Zhang Li Xue who convinced him that basketball can be quite fun. In the end, he would show up at the practice every morning. Half of the reason was to see her and another half was because he started to think that the sport was fun.

Bai Qi stretched his hand and pulled his little fairy in his embrace. He put his head on her while hugging her tightly.

Her scent wafted to his nose.

Bai Qi felt as if his heart was going to explode with contentment.

He did not doubt that his little fairy was doing her magic on him again.

It was not the first time that they have hugged each other, but this was the first time that they have hugged after they decided to give this relationship a try.

The longer he held her in his arms, the tighter he would hug her.

Bai Qi had always dreamed of the day that he could hold her like this. Until now, he could not believe that the two of them would be together.

Now that he was holding her, he would never want to let her go.

He was the one who warned her that dating him would be hard because of his job, but Bai Qi knew that he will work hard so that Zhang Li Xue will have no reason to leave.

As seconds passed by, Bai Qi could feel Zhang Li Xue's hand around his waist. He lowered his head only to see her burying her face in his chest, just like a lazy kitten.

A faint sigh escaped him. Then, Bai Qi kissed the top of her head a few times.

When Zhang Li Xue finally looked up, Bai Qi lowered his head to kiss her lips again.

She had thought that Bai Qi was going to peck at her lips before pulling away again. Therefore, she was a little surprised when he started to move his lips against hers.

Her eyes widened and her body stiffened. Zhang Li Xue's mind went blank and she was unable to react.

In the beginning, Bai Qi's kiss was a little awkward. His teeth bumped into her lips, causing her to frown in pain.

However, he was quick to adapt. His hand that was playing with her hair earlier was now holding the back of her head as if to keep her in place. Then, he began to suck at her lips gently.

"Li Xue..." The man murmured her name before he continued to kiss her again.

His soft lips continued to massage against hers, silently coaxing her to return his kiss.

Something inside her was stimulated. Then, Zhang Li Xue parted her lips to kiss him back.

Zhang Li Xue could feel the way Bai Qi's body stiffened before he deepened their kiss.

His body heat as well as the sound of their kissing made her blush. Zhang Li Xue allowed him to kiss her for a long time until she became breathless. Her body became weak and she could only lean on him to stabilize her body.

When he finally let her go, Zhang Li Xue leaned her forehead on his chest while she catch up her breath. She was still having a hard time figuring out what just happened.

Earlier, she was a bit unhappy that his kiss did not last for long. But now, Bai Qi had kissed her until everything around her became blurred.

Her heart was beating loudly and her mouth felt a bit numb.

Zhang Li Xue had never thought that kissing would make her feel this way.

Bai Qi held her tighter again while playing with her long hair. Then, he lowered his head and whispered, "Like this?" His voice sounded a little hoarse and deep. But there was also a hint of teasing in them.

Her body trembled as his breath tickled her ears.

It did not take her a long time to understand what his words meant. This man was teasing her!

Zhang Li Xue wanted to argue with him. However, the moment she opened her mouth, she began to feel as if her lips were no longer hers. They felt swollen and numb. The feel was a little similar to that numbing feeling after she had eaten a spicy hot pot.

She could only hope that her lips would not be too swollen. Otherwise, she would not know how to explain if she ran into her parents at home later.

Her face turned into a deeper shade of red. Zhang Li Xue seemed to realize that she shouldn't be playing with fire next time.

The two of them stayed in each other's embrace for a long time.

Fortunately, this time, his phone did not ring to disturb their moment together.
