

Love So Sweet 195

195 Come with Me

Turning around, Fang Su Jin found that Mika was still behind her. The nonchalant smile on his face made her furious.

Fang Su Jin stopped on her track and turned around. "What are you doing?"

"I've decided to take a walk around as well," Mika said with a shrug and a playful smile on his face. "Miss Fang, don't be angry. I only wanted to talk to you for a bit."

Her arms crossed in front of her chest. "You can talk now. I'll listen."

A chuckle escaped him.

Mika found that the girl in front of him was very interesting.

"If this is about the exhibition in F Country, I have to tell you again that I will have to think about it first," Fang Su Jin said. "However, if you continue to pester me like this, I will not hesitate to reject that offer no matter how beneficial it would be for me."

Mika raised both his hands up to his chest level. He almost could not believe that this woman would threaten him with their possible cooperation.

"Miss Fang, I don't mean anything. I just thought that it would be interesting to get to know you. Is it wrong if I wanted to befriend you?"

.....

Fang Su Jin pursed her lips.

She wanted to say that she was not interested in making new friends. However, would that makes her sound arrogant?

Fang Su Jin inhaled deeply to calm down and lowered her gaze. "It's not wrong. But this really was not the time." When she looked up again, Fang Su Jin flashed him an apologetic smile. "I'm sorry. But I have another appointment."

"An appointment? Boyfriend?"

"My personal matters are none of your matters."

Mika laughed happily. The more that he looked at Fang Su Jin, the more that he became interested in her.

While having their meeting and discussing their possible cooperation, Fang Su Jin would sit beside her mentor obediently. She seemed like a beautiful, but harmless woman.

However, now that she was alone, she was not afraid to let out her claws.

She's really adorable.

Mika raised both his hands a few centimeters higher before taking a few steps back. "Alright. Miss Fang, I will not disturb you."

Now that he became interested in Fang Su Jin, Mika decided that he needed to step back. His pursuit would only become difficult if this girl started to loath him. He needed to retreat to advance.

"But Miss Fang, I am really interested in becoming your friends." He flashed her a smile. "I hope that you can think about this carefully. I hope to hear your answer when we meet again during your exhibition."

Fang Su Jin watched as Mika turned around and leave in his car.

Her brow furrowed. Fang Su Jin did not expect that the man would back off easily. And then, she remembered that saying... It was said that the men from F Country are really gentlemen. Although they might be very good at flirting, they were someone who knew their limits.

Once a woman says no, they will not try to force it.

She wondered if it was true.

Seeing that Mika had disappeared in his vehicle, Fang Su Jin walked towards the ice cream shop again.

At this time, it would be best to eat something refreshing and sweet to calm her mind. She was too lazy to think of what Mika might have in plan.

Just as she arrived at the ice cream shop, Fang Su Jin noticed a long line of people in front of the shop. Seeing this dampened her mood a little bit.

Fang Su Jin wondered if she should just cancel her plan to eat her ice cream.

Her gaze fell on a couple who walked out of the shop with their ice creams. The ice cream looked very tempting, especially in this weather. Looking at the long line in front of her, the ice cream here should be quite delicious, right? Otherwise, these people would not bother lining up just to get some ice cream

"Sister Fang?"

Fang Su Jin was still deciding whether lining up to buy some ice cream would be worth it when she heard a familiar voice.

When she turned, Fang Su Jin was surprised to find that Zhang Yi Hai was standing a distance away from her. The look on his face eased up when he saw her.

Fang Su Jin watched as the tall young man walked over to her and blinked. Seeing that Zhang Yi Hai was standing in front of her, Fang Su Jin finally believed that there was nothing wrong with her eyesight.

"Zhang Yi Hai? Why are you here?"

"My university is somewhere near here."

Now that Zhang Yi Hai had mentioned it, Fang Su Jin seemed to realize that the people who were lining up to buy ice creams were probably university students.

No wonder there were a lot of youngsters around this street.

"Sister Fang, why are you in Capital City?" Zhang Yi Hai asked.

"I have an exhibition coming up in a few days." Fang Su Jin flashed him a smile. "I came earlier to make some preparation."

Zhang Yi Hai nodded. He looked at the line of people before turning to Fang Su Jin again. "Are you here to get some ice cream?"

"Uh-huh. But, looking at the long line, I should probably go and buy from somewhere else." Fang Su Jin figured that she should come out with an excuse to avoid Zhang Yi Hai.

This person was too scary and unpredictable. Fang Su Jin really did not want to get close to him.

"Come with me."

"Huh?" Fang Su Jin looked up to meet Zhang Yi Hai's gaze. She wondered if she had misheard things.

"Sister Fang, come with me," Zhang Yi Hai repeated. He gave Fang Su Jin a look. Then, he turned around, heading to the shop, bypassing the line of people.

Sensing that the woman continued to stand rooted on the ground, Zhang Yi Hai turned around and gave her a look.

The look in his eyes scared Fang Su Jin a little bit. Subconsciously, her legs began to move towards Zhang Yi Hai. Then, she followed him quietly.

"Sister Fang, what flavor of ice cream would you like to have?"

"Huh?" Fang Su Jin looked at Zhang Yi Hai in puzzlement. "Double chocolate and butterscotch," she answered absentmindedly.

Zhang Yi Hai stopped to look at her for a few seconds. Then, he turned and walk until they were nearing the counter.

Fang Su Jin began to worry that Zhang Yi Hai was trying to cut the queue. However, instead of heading straight to the counter, Zhang Yi Hai stopped at a boy who was queuing in line. He slapped the boy on the shoulder and spoke, "Tang Yin, help me to get another serving of ice cream. Double chocolate and butterscotch, you remember?"
