

Love So Sweet 235

235 Raging Fire

Time seemed to have stopped between them.

Zhang Li Xue continued to look into Bai Qi's eyes. Her arms that were circling around his neck began to tremble. His gaze on her was too fierce that it was making her anxious.

She did not dare to look into his eyes for a long time. She had a feeling that if she did not look away quickly, she would burn.

Before she could pull away, his lips had found hers once again.

His sudden movement drew a gasp from her.

Feeling his breath on her face and his warm lips against hers, Zhang Li Xue began to close her eyes and held him tightly as she responded to his kisses.

Her response was like a silent encouragement. His lips were moving in such passion. It was as if he wanted to let her know just what her words had made him feel.

He nibbled on her lips. Then, his tongue probed between her lips and teeth as he deepened their kisses.

Standing in the middle of the room, the couple continued to kiss each other deeply as though they were lovers that had finally reunited after years of parting.

.....

Zhang Li Xue barely had time to breathe and calm down before Bai Qi kissed her again.

"Bai Qi..." She managed to utter his name between their kisses.

However, her voice sounded so soft and sweet. Listening to her voice speaking his name only made the fire inside him raging. The feeling was too much. It was as if he was about to lose his rationality.

He was not willing to pull away from her.

Suddenly Zhang Li Xue could feel something cold behind her.

She had not realized that he had pushed her until her back was leaning against the cold window. She arched her back, drawing her body closer to him.

Her legs had long turned weak. At this time, Zhang Li Xue could only lean into his body for support.

Breaking the kiss, his lips started to trail to her cheek, her ears and then, it went down to her neck.

Her eyes snapped open as the sensation became too much. Her body trembled as his lips touched her skin.

Zhang Li Xue had never known that her neck was too sensitive.

Her body became heated and soft. Her rationality told her to push him away. But something else was clouding her brain, making her dizzy.

She felt as if she was going to go crazy.

Just as she was about to lose her mind, Bai Qi finally pulled away.

He took a deep breath and buried his face in the crook of her neck.

Bai Qi took a few deep breaths as he tried to suppress the fire. This woman was testing him and he was unable to resist the temptation.

However, he loved this woman too much and he was unwilling to hurt her.

Now was not the time or place for them to go overboard. There were a lot of things that he had to consider.

After a while, Bai Qi drew back to look at her.

Zhang Li Xue's slightly disheveled look almost restarted the fire inside of him.

Bai Qi could only lower his eyes as he helped to adjust her hair and clothes.

Taking a deep breath, Bai Qi dared himself to look her in the eyes again. Looking at her flushed cheek and misty eyes made his throat bob. Then, his lips turned into a faint and helpless smile. "Zhang Li Xue, I love you too." He leaned over to peck at the corner of her lips.

Her bright eyes were staring straight into his. Hearing those words made her heart swell with happiness.

At this time, there was only Bai Qi's reflection in her eyes.

Her hand grasped at the front of his shirt tightly.

Bai Qi raised his hand and closed her eyes with his palm. "Don't seduce me like that. I'm not Otherwise, I wouldn't know what to do."

Zhang Li Xue bit her lips. She only wanted to look at him. When did she seduce him?

After staying for a while in the empty apartment, the two of them finally left.

Her car was parked around his apartment.

Zhang Li Xue looked at their intertwined hands, feeling reluctant to watch him leave. However, because she was living with her parents, it would be impossible for her to stay out all night.

The most important thing was that Zhang Li Xue was still not ready to explain a certain thing to her father.

"You should go back," Zhang Li Xue said after a long silence between them. "Otherwise, Xi Xi would be alone."

Bai Qi chuckled. He appreciated that his girlfriend was always worrying about his little sister. However, he also hoped that she would act coquettishly and ask him to spend more time with him.

But, this was also one of the reasons that he loved her.

“Alright.” Bai Qi brought her hand closer and pressed a kiss on the back of her hand. He looked at her again and noticed the tiny red spot on her neck.

He touched the spot and felt a little guilty that he had left such a mark.

Zhang Li Xue pouted her lips, knowing just what he was looking at. She tugged at her collar, hoping that it would hide it away. Her eyes were looking at him fiercely.

“I’m sorry.” Bai Qi knew that Zhang Li Xue would be in trouble if someone had seen this mark. But at that moment, he could not control himself. He watched as she took out some cosmetics and applied a layer of makeup on her neck to cover the spot. “I’ll be careful next time.”

Her movement halted. Then, her face turned red very quickly.

Zhang Li Xue took a deep breath to compose herself and tossed the concealer back into her purse. She looked at Bai Qi again and recalled her aunt’s invitation.

“That’s right. My Aunt Yu Ying called earlier,” Zhang Li Xue said.

“Your aunt?”

Zhang Li Xue nodded. “She wanted to know when will you be free. She wanted to invite you to her place for a meal. It seemed that she had something to say to you. It’s about what happened in S Country.”
