

Love So Sweet 242

242 Pretty Sister and I are Dating

The night was cold and silent but the atmosphere in the living room was a little heated up. At this time, the only sound that Zhang Li Xue could hear was the sounds of their intermingled breath as well as their kisses.

The couple was too immersed in each other that they failed to notice that little movement on the side.

It was only when Bai Xi Xi let out a loud gasp that the two of them parted. Their heads turned to the side where Bai Xi Xi was seen standing in front of her room.

There was a long silence and the three of them continued to stare at each other.

Bai Xi Xi had only woken up from sleep and was a little confused at what was going on.

She still remembered that she was with her Pretty Sister in the living room when she fell asleep. Finding that she was in her room, Bai Xi Xi quickly figured out that it should be her brother who would carry her back to her room.

Bai Xi Xi stepped out of her room, wanting to see her brother. But, she did not expect to see that her Pretty Sister was together with her brother.

Moreover, they were kissing!

Bai Xi Xi's head went blank and she did not know how to react to this finding.

.....

Meanwhile, Zhang Li Xue was panicking.

Last time, Zhang Li Xue had told Bai Qi that they should keep their relationship a secret from Bai Xi Xi a little longer.

Although Bai Xi Xi liked her and always called her 'Pretty Sister', Zhang Li Xue worry that the girl would react differently once she knew about their relationship.

The little girl only had her brother as her family and Zhang Li Xue was worried that Bai Xi Xi would think that she was here to steal her brother away.

Zhang Li Xue did not expect that Bai Xi Xi would see what she and her brother did just now.

Zhang Li Xue was too embarrassed with Bai Xi Xi. All she wanted was to find herself a hiding place. She did not know how she should be facing Bai Xi Xi.

Bai Qi was the first to react.

He held Zhang Li Xue's hand tightly, not allowing her to escape. Then, he turned to his little sister and called her name, "Xi Xi?"

"Huh?" Bai Xi Xi snapped out from her trance. Seeing the look on her brother's face made her wonder if perhaps she was seeing things. However, her Pretty Sister's face was too red.

“Why did you wake up?” Bai Qi asked.

“I wanted to check if you already come home,” Bai Xi Xi said.

Although she was used to staying alone at home, Bai Xi Xi would feel more at ease to know that her brother was at home.

Bai Qi waved his hand at his sister. “Xi Xi, come here. I have something to say to you.”

Hearing his words, Zhang Li Xue turned to Bai Qi with worry. However, the man only gave her an assuring smile.

Bai Xi Xi walked slowly until she arrived at the couch. Her eyes were looking at Zhang Li Xue a little strangely.

Seeing the way Bai Xi Xi was looking at her only heightened her worry.

Zhang Li Xue was wondering what she would do if Bai Xi Xi opposed her relationship with Bai Qi.

She loved Bai Qi. But she also did not want to make Bai Xi Xi unhappy. The little girl had already become an important person in her heart.

“Brother Bai Qi, what do you want to say?” Bai Xi Xi asked. She lowered her gaze and saw that her brother was holding her Pretty Sister’s hand tightly.

A light flashed in her mind as a thought came to her mind.

“Have a seat first.” Bai Qi motioned to the empty spot in front of him.

Bai Xi Xi sat down across the couple. Then, Bai Xi Xi spoke before her brother could start, “Brother Bai Qi, are you and Pretty Sister seeing each other?”

The question startled the couple.

Bai Qi and Zhang Li Xue exchanged a glance. Then, Bai Qi turned at his sister again and nodded. “Un.” He held Zhang Li Xue’s hand tighter as if to tell her that everything would be alright. “Your Pretty Sister and I are dating.” His lips turned into a smile as he finally told his little sister this secret.

Bai Xi Xi’s gaze alternated between the two adults in front of her.

Although she had already guessed their relationship, hearing her brother’s confirmation was another matter. For a while, Bai Xi Xi did not know how she should react.

“Xi Xi.” Bai Qi used his free hand to reach for his sister’s hand. “You’re an important person to me. I want to know what you think of this. Do you mind if I’m dating Sister Li Xue?” Bai Qi was already prepared to convince his little sister if she minded.

Zhang Li Xue subconsciously tightened her fist as she waited for the little girl’s answer.

Bai Xi Xi looked at the couple and spoke, “Of course, not. Brother Bai Qi, I don’t mind. I like Pretty Sister. Of course, I also hope that she would often stay around. Now that the two of you are dating, Pretty Sister will have an excuse to find me.”

She had once thought that it would be good if the two of them were together. Now that her wish had come true, of course, Bai Xi Xi would not reject their relationship.

Zhang Li Xue let out a breath. Noticing the way Bai Xi Xi was staring at her made her smile. It seemed that she was worrying for nothing.

However, Bai Qi quickly thought that there was something wrong with Bai Xi Xi's words.

His little fairy was dating him, so, why would she go and find his little sister? Shouldn't she be looking for her boyfriend?

That thought quickly disappeared once Bai Qi saw the relief look on Zhang Li Xue's face. Thinking of the girl's previous worry made Bai Qi think chuckle. However, Bai Qi knew that his little fairy cared too much about Xi Xi.

"Xi Xi, come here." Zhang Li Xue stretched her hand and pulled the girl over to her side and hugged her tightly.

Bai Xi Xi wrapped her arms around Zhang Li Xue's neck and buried her face in her neck. Thinking that she would have her Pretty Sister by her side made her happy. There would be one more person who would love and care about her.
