

Love So Sweet 292

292 Who was He?

Zhang Li Xue chatted with her aunt and uncle for a while before she decided to take her boyfriend away.

Seeing that there were a lot of people in the ballroom, Zhang Li Xue pulled Bai Qi to a quiet corner to talk. He gave him a lookover and smiled. "Are you alright?" She liked seeing Bai Qi all dressed up. But she was worried that the man would find it uncomfortable.

"It's alright. It's not like I have never worn anything like this before."

Once upon a time, he would wear formal clothes to accompany his parents to a party such as this. However, it has been a long time since he had come. Bai Qi could not deny that he was feeling awkward attending this celebration in the beginning.

After all, Zhang Li Xue was someone from the upper class, while he was just a doctor with no impressive background.

However, he still remembered what this little fairy had told him previously: she did not look down on him.

In the beginning, he almost lost her just because of his thinking. He was so worried about what society would say about them and had tried to keep his distance from her. Later, he was scolded because of it.

His little fairy had never cared about his background or identity.

He met her family members and they had never brought out his background. They were only concerned about how he was going to treat Zhang Li Xue. As long as he had good character and would love her, they would not mind him around.

.....

Her younger aunt had even offered to help him figure out what had happened to his father in S Country.

Everyone around her made him feel more at ease.

Bai Qi loved Zhang Li Xue very much. In the future perhaps he will have to accompany her a lot more. He might be a little uncomfortable, knowing that society would gossip about their status. However, he will endure everything just to be with his little fairy.

Zhang Li Xue did not mind spending her time in his small apartment in the past. Therefore, he should also work hard to be in her world. He wanted to work harder for her.

"Just tell me if you are feeling uncomfortable later," Zhang Li Xue said. "My brothers are also around. You don't have to feel awkward."

"Li Xue."

"Ah?"

His throat rolled as he continued to look at his girlfriend. "You look beautiful today."

Zhang Li Xue could feel the heat creeping on her face. She was shy and happy at the same time. "Su Jin helped me with my makeup." She raised her head to look at him expectantly. "Does it look good?"

"Un." Bai Qi nodded. His gaze fell on her red lips. Then, he quietly looked away. "Very good. I like it."

The smile on her face widened. She took her time to calm down before she looked at Bai Qi again. "You... Bai Qi, you look handsome as well." A tinge of pink appeared on her ears. "I think you look good in your suit as well."

Bai Qi could see his own reflection in her eyes. It was as if, there was nothing else in her eyes other than him. He could see how much she loved him.

Indescribable happiness filled his heart and his gaze on her face became tender.

Zhang Li Xue stretched her hand to hold his arm. "Come on. Let's go and meet my parents. My mom... she has been asking if you would come."

Bai Qi nodded. Then, he let his little fairy lead him away. His gaze fell on their linked arms and he lowered his eyes to hide his smile.

Before the two of them could find her parents, there were a few other people who came over to see them.

Wei Zi Ming stood by Bai Qi's side with his brothers beside him. The brothers' expression was very fierce. However, when they noticed the way their sister was looking at them, the Wei brothers quickly put out the look on their faces.

"Brother Bai Qi," the three of them greeted him amiably.

They wanted to intimidate the person that their sister was dating. However, their sister's warning gaze was too terrifying.

"You should remember the triplets," Zhang Li Xue said. She smiled sweetly at Bai Qi.

Bai Qi nodded. He remembered the triplets. But he was still having trouble differentiating them as they shared the same face. Perhaps, after interacting with them for a while, he might be able to recognize them.

Zhang Li Xue turned to the brothers again. "Later, you should help me to look after my boyfriend, alright?"

"Sister, we understand." The triplets nodded obediently.

When Zhang Li Xue was not looking, the three of them started to exchange a glance. They were planning to talk to Bai Qi again when their sister was not present.

Just like this, Zhang Li Xue and Bai Qi were escorted through the group of people by the triplets. With the three tall men around, most of the people were not able to look at Zhang Li Xue well.

Mu Zhen Yu saw them from a distance.

This was the scene that he often witness in the past.

Zhang Li Xue was always surrounded by her brothers.

Bai Qi's height was almost the same as Zhang Yi Hai's. Therefore, Mu Zhen Yu mistakenly thought that the siblings were walking together.

Zhang Yi Hai and the triplets were quite troublesome and Mu Zhen Yu knew that this was not the time for him to get close to her. Mu Zhen Yu could only watch them from a distance.

Soon, the girl gradually disappeared from his sight. Someone he recognized walked over to his side and the two of them started to chat.

Suddenly, his eyes caught the sight of someone familiar.

Mu Zhen Yu frowned as he looked at Zhang Yi Hai and Fang Su Jin together.

He was very sure that he had seen Zhang Yi Hai and his sister together. The siblings were heading to the front together.

But... if that man was not Zhang Yi Hai, then... who was he?
