

Love So Sweet 303

303 Bai Qi's Plan

Zhang Li Xue went to look for Fang Su Jin's parents and told them that their daughter had left the banquet early. However, Zhang Li Xue did not mention Fang Su Jin's argument with Lin Fang.

Mother Fang was worried when she heard that her daughter had left. But hearing that Zhang Yi Hai would send her daughter back home, Mother Fang was finally at ease.

Zhang Li Xue was still speaking with Mother Fang when her mother walked over.

Li Qin Yao exchanged her greeting with Mother Fang before she pulled her daughter aside. "Li Xue, everyone is planning to have a meal at the restaurant after this. You should come as well with Bai Qi."

Zhang Li Xue glanced at her boyfriend who was standing not too far away from her. "Mmm... I will talk to him first."

"Have you seen your brother?" Li Qin Yao swept her gaze across the room and frowned when she could not see her son.

"Yi Hai had left a while ago." Zhang Li Xue then explained to her mother what her brother had told her earlier.

Li Qin Yao was surprised to hear that such a thing would happen to Fang Su Jin. However, hearing that her son was with Fang Su Jin gave her mixed feeling. She still remembered how they had misunderstood her son and Fang Su Jin together.

After speaking with her mother for a bit, Zhang Li Xue walked over to Bai Qi again and spoke, "My mom said, they are going to the restaurant for a proper dinner. Only my family will be around for dinner. Do you want to come as well?"

.....

Bai Qi still remembered that his girlfriend ate very little food earlier as she was busy following her father around. He wanted to accompany her to eat. Bai Qi glanced at his watch before nodding. "Alright."

His little sister was at Qi Zheng's place. He should not worry about her.

Moreover, he won't be having a morning shift tomorrow.

Zhang Li Xue flashed a smile at him. "You already met my uncles and my aunties. Most of the people who came to this dinner are the people that you have previously met. They are very close to my parents. So, you don't have to worry about it."

Bai Qi was touched, knowing that his girlfriend was worried that he would be uncomfortable.

The smile on his lips was faint, but the light in his eyes was especially bright. He had the urge to kiss his girlfriend, but Bai Qi was worried that he was going to make her family unhappy. Bai Qi knew well that her family was still observing him.

Bai Qi thought about their next trip to S Country.

He was going to return to that place again to settle some legal procedure. But since he was going with his girlfriend, Bai Qi planned to visit her family's tomb.

He wanted to tell his family that he and his sister were living well. Then, he wanted to tell them about the person he loved. He wanted to tell his grandmother that he had found his little fairy again.

If his grandmother was still alive, she would be happy to know that he had met Zhang Li Xue again.

In the past, he often talked about her with his grandmother.

Zhang Li Xue laughed, noticing that her boyfriend has been staring at her for a while. "What is it?"

"I just thought that it was fortunate to have met you again."

Zhang Li Xue looked at him in a daze. After a while, her expression gradually turned a little red. "I also think that it was fortunate to have met you again."

She could not imagine her life without having him around. Zhang Li Xue only knew that the person in front of her made her happy with his presence. She could feel his love for her even by looking into his eyes.

"Sister, are you coming?" Wei Zi Ming's sudden appearance broke the mood between the couple.

Zhang Li Xue heaved a sigh before turning around to look at her cousin.

Wei Zi Ming saw the look on his sister's face and wondered if he had made a mistake. Just now, his sister was still chatting with Bai Qi happily. But her mood had quickly changed.

"Un. I know." Zhang Li Xue nodded. "I'll head over in a while."

Wei Zi Ming turned around to leave. But his steps halted as he recalled something. "Sister, have you seen Brother Yi Hai?"

Zhang Li Xue narrowed her eyes at this third wheel. "He left early to send my friend back."

Wei Zi Ming saw that his sister was unhappy. Although he still had some questions to ask, his instinct told him that it was better for him to leave.

But... what happened? Why did his sister suddenly become unhappy?

Wei Zi Ming recalled that his sister became unhappy after he mentioned Zhang Yi Hai. Could it be that his sister was unhappy that Zhang Yi Hai left early?

He thought that this reason sounded possible. Thus, Wei Zi Ming stopped thinking about this matter.

Bai Qi smiled when he saw the look on his girlfriend's face. How can he not see that his girlfriend was unhappy that someone had disturbed them?

The look on Zhang Li Xue's face was too cute that he could not resist poking her cheek a few times.

Seeing that everyone else was not looking at them, Bai Qi grabbed his girlfriend's hand and planted a kiss on the back of her hand.

Zhang Li Xue raised her head again and this time, the unhappy feeling had quickly disappeared.

“Should we go and join the others as well?” Bai Qi asked.

...

Meanwhile... Zhang Yi Hai stopped the vehicle at the red light. He turned to the person in the passenger's seat and frowned.

After she entered the vehicle, Fang Su Jin has been especially quiet. Seeing this made him worry.

The light turned green again and Zhang Yi Hai continued to drive forward. As he turned to a corner, Fang Su Jin turned to him and called his name.

“Zhang Yi Hai.”

“What's the matter?”

Their gazes met briefly when Zhang Yi Hai glanced at her.

“I'm hungry,” Fang Su Jin said. “There's a fast food restaurant up ahead. Can we make a stop to buy something?”
