

## Love So Sweet 304

304 This was All Zhang Li Xue's Fault

Zhang Yi Hai pulled over his car and saw that this was the fast food restaurant that his sister would often visit to eat chicken wings during high school.

He watched as Fang Su Jin alighted and followed after her.

The girl stood in front of the counter, waiting in line.

She was still dressed in a pretty dress, attracting the other patronage's attention.

A while ago, this person was still worrying about her appearance in front of others. But now, she did not seem to mind others' gazes. Fang Su Jin was too busy looking at the menu on the board.

Zhang Yi Hai walked over to her side and spoke, "Sister Fang, why don't you go and sit down? What do you want to eat? I'll order for you."

"It's fine. I can queue and order."

"Sister Fang, the others are looking at you. Aren't you worried about your appearance?"

Fang Su Jin stiffened. She turned to Zhang Yi Hai and looked at him in displeasure. She had started to forget about how ridiculous she looked, but why was this person reminding her about it?

.....

She swept her gaze around the room and finally noticed that the people were looking at her. However, the reason they were looking at her was not because of her messy look. They were just curious to see why would someone dress prettily as she appeared in the fast food joint.

Fang Su Jin looked at Zhang Yi Hai again and reported what she wanted to eat. Then, she pointed to a quiet corner and told him that she would be waiting for him.

Zhang Yi Hai watched as the girl sit down at the table. Then, he turned around and continued to queue. When it was time for him to order, Zhang Yi Hai repeated what Fang Su Jin wanted to eat. He did not forget to order his sister's favorite chicken wings for her.

Fang Su Jin sat up straight as the young man approached him.

The moment Zhang Yi Hai put down the tray, Fang Su Jin quickly took the food and ate quietly. Her movement halted upon noticing that the young man was staring at her. "You... why don't you eat as well? Would you like some fries?" She pushed the box of fries to him.

Zhang Yi Hai lowered his head to sip his drinks.

Fang Su Jin heaved a breath when the young man looked away.

Zhang Yi Hai's eyes were too intense and it always frightened her a little bit.

"Sister Fang."

"Ah?" Fang Su Jin looked up while munching some chicken tenders.

Zhang Yi Hai thought of what happened again and spoke, "That man just now... Young Master Lin Fang... Why did he come to look for you?"

Fang Su Jin put down the food in her hand. There was a glint of anger in her eyes as she thought of Lin Fang again.

Seeing that Fang Su Jin had not answered him, Zhang Yi Hai spoke again. "I heard you that you went on a blind date with him."

"Did your sister tell you?"

"Sister Fang, you mentioned this during your argument with Lin Fang."

Fang Su Jin thought about this matter and remembered that she might have mentioned it during her argument with Lin Fang.

She bit her lips and spoke, "Let's not mention this unhappy thing anymore. It's not like I went to the blind date willingly." She thought about her mother and told him the reason she had to attend the blind date with Lin Fang.

After a while, she looked at Zhang Yi Hai again with a serious look on her expression. "Zhang Yi Hai, do you think that I'm too old?"

"You're the same age as my sister," Zhang Yi Hai said. If he says that Fang Su Jin was too old, then, doesn't that mean that he was calling his sister old as well?

"Do you think of me as an old maid?"

"Of course, not." Zhang Yi Hai frowned. He imagined his sister getting married and this made him a bit unhappy. "Sister Fang, you are still young and pretty."

Fang Su Jin was suddenly praised and this made her happy a little bit. A smile bloomed on her face.

Zhang Yi Hai thought that Fang Su Jin's change of expression was definitely fun to look at. She was expressive. She could cry and smile when she wanted to. She's a carefree person. One could see that Fang Su Jin was really pampered by her family.

Fang Su Jin lowered her head to eat again. Once in a while, she could not help but steal a look at the young man in front of her.

Today was not the first time that Zhang Yi Hai had helped her.

Recently, she began to notice that Zhang Yi Hai would always present each time that she ran into trouble. Fang Su Jin knew that everything was just a coincidence, but at this time, her mind was going wild.

It seemed that Zhang Yi Hai was not as scary as she had thought.

Each time she ran out into trouble, Zhang Yi Hai would always take care of her. Moreover, his fierce look was quite useful to scare other people.

He was younger than her, but he seemed more mature and responsible. Now that he was beside her... Once again, Fang Su Jin had a feeling as if she was the younger sister...

Fang Su Jin stuffed a few more foods into her mouth before stealing another look at Zhang Yi Hai.

The young boy who always followed his big sister wherever she goes had now grown up to be a reliable young man.

His arms are strong and warm. Last time, didn't he carry her back to the hotel?

As the thought came to her mind, Fang Su Jin began to stare at the person in front of her for a long time.

Suddenly, Zhang Li Xue's words about not minding having her as the sister-in-law came to her mind.

Her heart skipped a beat.

"Sister Fang, why are you looking at me like that?" Zhang Yi Hai naturally noticed that Fang Su Jin has been looking at him. He did not mind if she wanted to steal a few glances, but now that she was looking at him openly, Zhang Yi Hai was uncomfortable.

"Nothing." Fang Su Jin quickly retracted her gaze and forced herself to stop thinking.

This was all Zhang Li Xue's fault. Why would she say something like that and made her thoughts go wild?
