

Love So Sweet 309

309 Her Privilege as His Girlfriend

Zhang Li Xue woke up after an hour of napping. She opened her eyes slowly and stayed still. Her body felt warm and the familiar scent made her relaxed.

It took her a few seconds to realize that she was still leaning on Bai Qi's chest.

Her head moved to get into a comfortable position.

A while later, Zhang Li Xue quickly stayed still. She realized that Bai Qi was sleeping soundly and did not want to disturb the sleeping man.

Seeing that Bai Qi did not wake up, Zhang Li Xue finally exhaled in relief.

After a few minutes of silence, Zhang Li Xue gathered her courage to look up. She moved very carefully and silently.

Bai Qi continued to sleep. His breathing was soft and even.

It was a rare chance to look at a sleeping Bai Qi and Zhang Li Xue was planning to watch his face for a while longer. A few minutes later, her courage grew again.

Stretching her hand, Zhang Li Xue then touched Bai Qi's face with her fingers.

.....

She then stopped abruptly as Bai Qi made a slight movement.

Zhang Li Xue waited for a few seconds before she continued to touch his face. Her fingers traced the shape of his face carefully. From his brows, down to his nose and lips.

It was as if she wanted to imprint his face in her mind for a long time.

Thinking of the story that Bai Qi had told her earlier that day made her heart ache.

She really could not imagine just how Bai Qi had suffered after his family had lost everything. Surely, it would not be easy for him to adjust himself to a new lifestyle.

But this man had no other choice but to stay strong.

After all, his little sister was only a baby.

Zhang Li Xue could not help but pity Bai Qi. At the same time, she really looked up at this man. To be able to endure the hardship for years and get to where he was now was not easy.

Years have passed and this man finally became a doctor while raising his little sister.

His life had gradually turned better. He was more stable than he was before.

Zhang Li Xue could see that Bai Qi had worked very hard to get to where he was now.

Her boyfriend was such an amazing person. She was really proud of him.

As the thought came to her mind, Zhang Li Xue pushed her body up and pressed her lips against Bai Qi into a peck.

She realized what she was doing and quickly pulled away. She lowered her head and bite her lips. Her cheek turned a little pink.

Stealing a kiss from a sleeping person was exciting. Her heart was pounding really hard.

Zhang Li Xue took a few deep breaths to calm down.

When she looked up again, she could not help but notice that there was a pair of eyes watching her. The smile on her face stiffened and her cheek turned redder.

“Bai Qi, you... you’re awake.”

Zhang Li Xue did not know when Bai Qi had woken up. However, she hoped that this man was not awake when she kissed his lips.

“Li Xue...”

“Un?”

The corner of his lips tilted up. Looking at this smile gave her a feeling as if Bai Qi was teasing her.

“You don’t want to kiss me again?” Because he had only woken up, Bai Qi’s voice sounded a bit husky.

His voice gave her a shiver. Heat crept over her body. Zhang Li Xue quickly lowered her head again.

It turned out that Bai Qi knew that she was stealing a kiss from him.

Zhang Li Xue wanted to find a hole for her to hide.

Meanwhile, Bai Qi was watching his girlfriend, amused. The two of them has been dating for a while but Zhang Li Xue’s shy look would always make his heart tremble.

“If you have woken up, you should have said something,” Zhang Li Xue said.

“Mmm... I didn’t want to disturb you watching me,” Bai Qi said. He grabbed her hand and placed it on his face. “You can continue to touch my face if you want to. I promise I won’t say anything about it.”

The corner of her lips began to twitch.

It seemed that Bai Qi had woken up earlier than she had thought. He even knew that she has been touching his face quietly.

It was a little embarrassing to be caught like this.

It was fine if he did not say a word about it, but it seemed that Bai Qi wanted to continue to tease her.

No. This is not right. Why did she have to be embarrassed? She can kiss him whenever she feels like it. This is her privilege as his girlfriend, right?

Bai Qi laughed when he saw that his girlfriend was hiding again. “Li Xue, what were you thinking about when you touched my face?”

Zhang Li Xue decided not to tell him about it.

Taking a deep breath, Zhang Li Xue composed her thoughts quickly.

She had already touched his face and kissed his lips. This was her boyfriend. There should be nothing for her to be ashamed of. It wasn't as if she was committing a crime.

Zhang Li Xue looked up again.

Bai Qi raised a brow when he noticed that the shyness on her face had disappeared.

All of the sudden, Zhang Li Xue sat up straight and cupped his face with her hands.

Before Bai Qi could figure out what his girlfriend wanted to do, the girl had already leaned over to press her lips into his. This time, Zhang Li Xue did not quickly pull away.

Her lips began to move against his, as she deepened their kisses.

Zhang Li Xue's sudden attack surprised him. It seemed that she was upset that a certain someone was teasing her and this was her way to punish him.

It was not until Zhang Li Xue had started biting his lips that he snapped out of his trance.

His lips curled into a faint smile.

Bai Qi tugged at his girlfriend's arms and pulled her closer. He let her sit on his lap as she continued to kiss his lips.

The two of them kissed for a long time and finally ended their kiss once Zhang Li Xue was having trouble catching up her breath.

When she looked at Bai Qi again, Zhang Li Xue did not miss the satisfied look on his face.

Suddenly, Zhang Li Xue had a feeling as if she has been tricked.
