

## Love So Sweet 310

### 310 Play Around the City

In the morning, Zhang Li Xue went out with Bai Qi and headed to the coffee house together.

When they arrived, Zhang Li Xue quickly noticed that her aunt and uncle were already seated at a table. Seeing her aunt waving at her, Zhang Li Xue then led Bai Qi to her table.

“Li Xue, Bai Qi, let’s sit together,” Zhang Yu Ying said. “We can discuss what we’re going to do as well.”

The two of them naturally did not have an objection.

Zhang Li Xue put her purse on the chair. Then, she went with Bai Qi to choose a few foods from the buffet table.

As they sat down, the server walked to their table and poured them some coffee.

Zhang Yu Ying leaned over to her niece and spoke, “Where did the two of you go out for dinner?” She glanced at Bai Qi and smiled. “Did he take you somewhere fun?”

“We only go somewhere nearby,” Zhang Li Xue said. “I’m too tired after the flight.”

Zhang Yu Ying watched her niece helplessly. “It was not easy for you to come here. Go ahead and walk around the city when you can.”

.....

“Mmm... I know. We still have time,” Zhang Li Xue turned to Bai Qi and smiled.

Instead of visiting S Country attraction in a rush, Zhang Li Xue thought that it was better to take things slow. Anyway, the most important thing was to spend time with Bai Qi.

While the aunt and niece were chatting, Wei Jun Hao turned to Bai Qi and told him about what was going to happen later.

“You’re going to meet a few officials and signed a few documents,” Wei Jun Hao said. “Then, it will take two days for them to process the documents. Only then will we be able to find out what really happened on that year.”

Bai Qi was listening to Wei Jun Hao’s words attentively. He guessed that it should take time for them to deal with the procedure.

However, with Wei Jun Hao’s help, they were able to complete the procedure a little quicker.

Bai Qi was really grateful for their help.

Initially, he knew nothing about his father’s company. Just like everyone else, he thought that something might go wrong and his father lost a lot of money. He never expected that there would be other stories.

Now that he had grown up, he wanted to learn about what really happened. If his father was wronged, then, he wanted to get him justice.

“Uncle Wei, thank you,” Bai Qi spoke. He wanted to tell them that he would repay their help, but Bai Qi knew that there was nothing that he could offer.

Wei Jun Hao smiled. He saw the look on Bai Qi’s face and knew that the boy was a little hesitant to receive his help. Bai Qi was someone with pride.

“Let’s just speak again after the procedure is done,” Wei Jun Hao spoke. “If you wanted to thank us, how about treating us to a meal?”

Bai Qi quickly agreed.

After getting to know Zhang Li Xue, Bai Qi began to learn about her uncles as well.

Usually, it would be really expensive to hire Lawyer Wei Jun Hao and get his legal advice. However, this man was willing to do it in exchange for a meal.

He knew that the couple was willing to help him because of his relationship with Zhang Li Xue. But, Bai Qi was truly thankful for everything.

After having their breakfast together, the four of them took the MPV that Wei Jun Hao had sent to pick them up. The car drove over to the city and stopped in front of a building.

Wei Jun Hao led the group inside the building and was greeted by his friend.

They were led into an office where they started to discuss what will happen next.

On the side, Wei Jun Hao continued to give Bai Qi his legal advice. The law in S Country was a little different. Wei Jun Hao wanted to let Bai Qi know his right.

After listening to their advice, Bai Qi was handed a few documents. He read everything carefully before putting down his signature.

A breath of relief escaped him. From then, he will need to wait for a couple of days before he would be able to get access to a few important documents.

He looked up and met Zhang Li Xue’s encouraging eyes. The corner of his lips turned up. Bai Qi had to admit that he was a little worried to come to S Country again. But Bai Qi felt a lot better with his little fairy by his side.

Wei Jun Hao discussed a few matters with his friends for a while. His friends promised to help and settle this matter as quickly as he can. Then, the group left the building together.

“Alright.” Zhang Yu Ying turned to her niece as they reached the entrance. “The two of you should go and play around the city on your own.” She held Wei Jun Hao’s hand and smiled. “Your uncle and I are going on a date.”

Wei Jun Hao turned to his wife and raised a brow. The slight smile on his face failed to hide his excitement. In the beginning, it was really hard for him to woo his wife. Naturally, Wei Jun Hao doted on his wife a lot. Since she wanted to go on a date, Wei Jun Hao was willing to do whatever she wanted.

However, Zhang Yu Ying ignored the look on her husband’s face, pretending that she did not know anything.

Zhang Li Xue laughed. After exchanging a few words with them, she then left with Bai Qi.

It was nearing the lunch hour, but as they were still full from breakfast, Bai Qi decided to take Zhang Li Xue around the city.

Zhang Lu Xue admired S Country's architecture as well as the friendly people.

As they were walking around for a while, Zhang Li Xue turned to Bai Qi and stopped in front of him.

Bai Qi chuckled, noticing the way his girlfriend was looking at him. "What is it?"

Zhang Li Xue hesitated for a few seconds before she spoke, "Bai Qi, I wanted to see the place where you grow up, can I?"

She was always curious to know more about Bai Qi after he moved away with his family. Zhang Li Xue hoped that she could understand Bai Qi a bit more.

Bai Qi naturally did not have any rejection to this request. "Alright."
