

Love So Sweet 331

331 Spend Time with His Daughter

A few days later, Zhang Li Xue packed her bags and was ready to follow her father on their work trip.

When she came downstairs, her father's assistant was already waiting for them outside.

The family of three had their breakfast together.

After saying a few words with her mother, Zhang Li Xue then walked out and decided to wait for her father in the car.

Looking at her parents, she guessed that the two of them should have a lot to say.

Zhang Li Xue could remember it so well. Back then, she was still a kindergartener. Her father was involved in an accident and had gone into a coma for a few days.

After that accident, her mother would always follow her father whenever he went on a trip. It was only occasionally that she chose to stay at home.

Just like this time.

Her mother said, her best friend, Han Yue Xiu would be visiting Y City for a few days and the girls planned to have fun. Therefore, this time, she chose not to come with them on this trip.

.....

From a distance away, Zhang Li Xue could see her parents whispering to each other. Seeing this scene made her miss her Doctor Bai.

Unfortunately, her boyfriend was too busy to send her off.

While her parents were still talking, Zhang Li Xue took out her phone and send a few texts to her boyfriend.

"Are you sure that you are not coming with us this time?" Zhang Yu Han asked as he looked at his wife. He was too used to having his wife accompanying him. Being without her would feel strange. He was not used to it. "I will miss you."

"It's alright. I told you that Yue Xiu is coming over. It has been a while since we both met and had fun. Besides..." Li Qin Yao flashed him a smile. "This is the chance for you to bond with Li Xue."

Zhang Yu Han chuckled.

It seemed that his wife thought that he was still upset about his meeting with Bai Qi.

But... thinking about it, Zhang Yu Han also thought that this would be a good chance for him to spend more time with his daughter.

Who knows when will the girl leave home and start a new life with the person she loves?

After exchanging a few more words, Zhang Yu Han finally walked over to the vehicle.

Li Qin Yao looked at her daughter and spoke, “Li Xue, look after your dad. Remind him to eat his medicine on time, alright?”

Zhang Li Xue smiled. “Mommy, I know.” She glanced at her father and chuckled. “I won’t let him skip eating his medicine.”

After listening to her mother’s reminder, the vehicle finally left the residence and headed to the airport.

Before it was time for her to board the plane, Zhang Li Xue did not forget to send a message to both Bai Qi and her mother to let them know their whereabouts.

Then, she followed her father and the two of them boarded the plane together.

During their flight, the father and daughter were discussing a few things regarding their itinerary in H City. The two of them planned to stay in H City for a few days. Her father wanted to introduce her to a few people and let her familiarize herself with the business.

Zhang Group Worldwide was purchasing an abandoned hotel building. The building was still in the middle of construction when the owner went bankrupt.

The higher-ups saw this place was in a good location and had good potential and decided to buy this land. With some renovation, they planned to turn this place into a beautiful hotel.

This time, Zhang Yu Han planned to personally teach his daughter about their industry.

Their flight arrived in H City after four hours.

As they arrived, someone came to pick them up and brought them over to the hotel.

Seeing that his daughter was tired after the flight, Zhang Yu Han let her return to her room first. They had their lunch on the flight and planned to meet again for dinner.

Zhang Li Xue put her stuff in her room and slammed her body on the mattress. She took a few deep breaths and finally reached for her phone to text Bai Qi.

Seeing that the man had not returned her text in a few minutes, Zhang Li Xue guessed that he should be busy at work.

Just as she was about to take a nap, the phone by her side rang. Seeing the name on the caller ID brought a smile to her face.

She swiped her finger on the screen and pressed her phone to her ear. Instantly, she could see the person who could make her smile sheepishly.

“Li Xue...” Bai Qi spoke. “Sorry. I was meeting Doctor Qi to discuss a few things.”

“Un. It’s alright. You’re not busy now?”

“Not busy. I’m on a break.” Bai Qi took the time to look at his girlfriend’s face properly. “How is H City? Is it cold?”

“Fortunately, it wasn’t as cold as we had expected,” Zhang Li Xue spoke. “But I heard that the temperature would drop at night.”

“Then, don’t go out at night.”

“I’m going out with my dad for dinner later.”

“Then, don’t forget to wear extra clothes.”

Zhang Li Xue laughed upon hearing his reminder. She felt as if she could spend her days talking nonsense with Bai Qi and it would not make her bored for a second.

“H City is quite pretty,” Zhang Li Xue spoke. “Later, we should visit this place together. I heard that this place is beautiful in the summer. Maybe we could bring Xi Xi when she was on a break as well.”

Bai Qi naturally did not have any rejection.

The couple chatted for a while. Later, Zhang Li Xue stood up and showed Bai Qi around her hotel room. Then, she tugged the curtains and let him see the pretty view outside the window.

With the technology, even if they were thousands of miles apart, they could still see each other like this.

However, even if he could see his girlfriend like this, Bai Qi thought that it was still not enough. He still missed his little fairy very much.
