

Love So Sweet 333

333 Choosing a Ring

Zhang Li Xue told Bai Qi about her discussion with her father.

Although Bai Qi did not understand the business well, he thought that it would be a good opportunity for his girlfriend to take this offer and learn. After all, her father would still be by her side and teach her what she did not understand.

Bai Qi was trying to be very supportive of his girlfriend.

Zhang Li Xue already had her answer, but after talking with Bai Qi, she began to feel more at ease.

The couple chatted for a while before they had to hang up as someone was looking for Bai Qi.

Bai Qi went to check on his patient and spoke to the family for a bit.

When he returned to his office again, Bai Qi sat in front of his computer and started to browse through some websites.

For the past few weeks, Bai Qi has been looking for ideas on how he wanted to propose to his girlfriend. He saw that there were many ideas online, but he was not sure which one would be suitable for his little fairy.

He just wanted to make a good proposal so that Zhang Li Xue would have no way to reject him.

.....

After reading the netizen's ideas, Bai Qi was still undecided.

Soon, it was time for him to clock out.

As he did not have to work the night shift, Bai Qi decided to leave the hospital on time.

Today, he planned to visit some jewelry stores to look for a ring.

Actually, Bai Qi has been visiting a few jewelry shops during his off day. But he still could not make his decision regarding the ring.

In his opinion, every ring would look pretty on Zhang Li Xue's finger. However, he could not possibly buy them all, right?

This time, Bai Qi headed to the city center and visited one of the famous jewelry shops.

The moment he walked into the shop a shop attendant walked over and asked him what he was looking for.

After learning that Bai Qi was looking for a ring, the shop attendant led him inside and showed him the popular styles.

Bai Qi looked at the rings with big diamonds and thought that they did not match his little fairy.

Although Zhang Li Xue came from a wealthy family, she was not someone who liked to show off. His little fairy was someone who would choose comfort.

Moreover, Bai Qi had never seen her wearing a ring as an accessory before. Therefore, he could guess that one with a big diamond would not be something that she liked.

He knew that Zhang Li Xue loved playing basketball. Something like this would not be suitable for her.

Bai Qi heaved a sigh.

There were only a few days before Zhang Li Xue would turn to Y City, but he still could not make up his mind about choosing a ring.

Bai Qi began to wonder if the proposal would go as smooth as he wanted it to be. Moreover, he still hasn't made up his mind about how he was going to propose to her.

Just as he thought that he might not be able to choose a ring today, his eyes caught attention on one ring in the display glass.

It was a gold ring with a small diamond. The design looked quite simple. But what he liked about this ring was that the ring would look like twisted vines with a small flower.

The moment he saw this ring, he was reminded of the first time he saw Zhang Li Xue in her flower girl dress.

After staring at the ring for a long time, Bai Qi finally let the shop attendant show him the ring.

The more he looked at it, the more he thought that this would be the one.

It might be slightly pricey, but Bai Qi did not mind spending just a little bit for his girlfriend.

After making his payment, Bai Qi finally left the shop with ease.

Now that he had the ring, the next thing he should do is make his plan for the proposal.

Before he went home, Bai Qi did not forget to stop by a noodle shop and bought some dinner for himself and his little sister.

When he arrived, his little sister was sitting alone in the living room, doing her homework.

The moment she saw her brother walk in, Bai Xi Xi's expression lit up. "Brother Bai Qi, you are back!"

"Mmm..." Bai Qi nodded. "Are you doing your homework?"

"Well, it's almost finished. There's one question that I don't understand well."

Bai Qi stretched his hand and patted his sister's head. "I'll help you to look at it later."

Her eyes lit up. Then, her nose picked up the smell of something delicious. Bai Xi Xi then noticed the takeaway bag in her brother's hand.

"I bought some noodles for our dinner," Bai Qi said. "After I showered, we can eat together, alright?"

Bai Xi Xi heard that they were going to have noodles for dinner and was immediately happy.

As her brother went to get changed, Bai Xi Xi continued to finish her homework.

After Bai Qi came out, the siblings sat together in the dining room and had their dinner.

Bai Qi was at ease when he saw that his sister enjoyed her dinner. He thought of the ring that he had purchased earlier and spoke, "Xi Xi, I have something to tell you. But you have to promise that you have to keep this matter a secret."

The little girl looked at her brother with a serious look on her face. "Brother, I will keep this secret." She made a gesture to zip her lips tightly.

Bai Qi laughed when he saw her action. "I'm planning to propose to your Pretty Sister soon. Xi Xi, what do you think about this?"

"Propose? Brother Bai Qi, are you going to marry my Pretty Sister?"

"Un."

"Then, after you marry, my Pretty Sister is going to stay with us together?"

Bai Qi leaned over and nodded again.

Her eyes lit up. "Then, when are you going to propose? I like Pretty Sister very much. It's good that she can live together with us. Then, I can see her every day."

Bai Qi laughed. He had a feeling that his little sister was planning to fight him for Zhang Li Xue again.

Although his girlfriend and his little sister had a good relationship, Bai Qi was worried that his little sister would have another opinion. Seeing that his sister was not against this idea made him feel more at ease.
