

Love So Sweet 354

354 Wear Something Prettier

Bai Qi was on his off day a few days later, but he did not mention this to his girlfriend.

Zhang Li Xue thought that Bai Qi was still busy at the hospital. As he had taken a few days off to look for her in H City, it was natural for him to work hard.

Just like that, Zhang Li Xue would not expect that she would get the surprise she was anticipating very soon.

Bai Qi woke up early in the morning to send his sister to her school. As he parked his vehicle at the roadside, Bai Qi did not forget to call Zhang Yi Hai to find out about their plan.

From Zhang Yi Hai, Bai Qi found out that Fang Su Jin will be helping him with this plan as well. However, Fang Su Jin was still unaware that Bai Qi was planning to propose. She only thought that Bai Qi had prepared some surprise for Zhang Li Xue to cheer her up.

Bai Qi listened to Zhang Yi Hai's arrangement and finally heaved a breath of relief. He glanced at the time and saw that he had a few hours before Zhang Li Xue was going to show up at the arranged location.

"The road in that park is a little uneven," Bai Qi reminded him. "Just let her be careful with her wheelchair."

"Un. I know. Brother Bai Qi, don't worry. I'll be looking after my sister."

Bai Qi heaved a sigh when he heard Zhang Yi Hai's words. "Zhang Yi Hai, thank you."

.....

The two of them exchanged a brief word before they finally hang up.

Bai Qi stared at his phone for a long time with a faint smile on his face.

Initially, when he came to Zhang Yi Hai and ask for his help, Bai Qi did not expect the young man was going to agree.

After all, the young man was quite overprotective towards his sister.

Bai Qi thought that he might have to convince Zhang Yi Hai to help him.

However, when Zhang Yi Hai heard what he wanted to do, he agreed after giving it a brief thought.

Bai Qi was surprised, but this made him feel more at ease knowing that Zhang Li Xue's family had all supported their relationship.

Of course, Bai Qi was aware that their acceptance was not something that he could easily obtain. Once he wronged Zhang Li Xue, her family's attitude towards him would change greatly.

However, Bai Qi had no plan to do anything that would hurt his little fairy.

The girl was very precious to him.

...

After speaking to Bai Qi for a bit, Zhang Yi Hai went to his sister's room to check if she was ready. He looked at the shirt that Zhang Li Xue was wearing and frowned.

"Sister, why don't you wear something prettier?"

Hearing her brother's words, Zhang Li Xue turned around and spoke, "What's wrong? Is this shirt not good enough? We're just going out to eat some chicken wings, right? What's the use of wearing something pretty?"

The corner of his lips began to twitch. Zhang Yi Hai could not speak of Bai Qi's plan. But, Zhang Yi Hai knew that if his sister was wearing something casual like this, she was going to regret it when Bai Qi appeared in front of her later.

In the end, Zhang Yi Hai could only pretend.

"I thought that I should bring you to the hospital for a check-up later," Zhang Yi Hai spoke. "It's fine if you want to appear in front of Brother Bai Qi like this."

Zhang Li Xue's eyes lit up.

After that day, she hasn't seen Doctor Bai again. Because that man was too busy and her leg was injured, they could only see each other through video calls.

Zhang Li Xue had to admit that she was missing her Doctor Bai very much.

"Then, you go out first. I'll go and get change."

Hearing his sister's words did not make Zhang Yi Hai happy. This person would wear just whatever to go out with her brother but would dress up a little bit to see her boyfriend.

Thinking that his sister was still injured, Zhang Yi Hai decided not to argue with his sister.

Zhang Yi Hai turned around only to find that his mother was standing behind him with a strange look in her eyes.

Swiftly, Zhang Yi Hai looked away, worried that his mother was going to suspect anything. However, he was still a little too late. This was his mother. Of course, she would understand her children the most.

"Zhang Yi Hai, what are you up to?" Li Qin Yao asked.

His lips parted to answer. Before he could come up with an excuse, his mother had already warned him.

"You better tell me the truth. Or I'll talk to your father about this."

Zhang Yi Hai heaved a helpless sigh. He wanted to keep this secret for Bai Qi, but it was a little difficult to keep a secret from his mother. She was not as easy to trick as his sister.

First, he could only pull his mother away before his sister was going to overhear anything.

Once they were far enough from his sister's room, Zhang Yi Hai turned to his mother again. "Mom, why do you think that I'm up to something?"

Li Qin Yao gave her son a lookover. His attitude right now was enough to let her know that this boy was up to something. If he was not feeling guilty, why would he pull her away?

Zhang Yi Hai quickly understood the look in his mother's eyes.

He looked away and coughed. Taking a deep breath, he then looked at his mother again. "Mom, I can tell you, but you will have to keep this a secret."

Li Qin Yao was intrigued. "Let me hear it first."

Zhang Yi Hai inched closer to his mother and whispered to her about Bai Qi's plan. Anyway, he had no doubt that his mother would help him to keep this secret.

Li Qin Yao could not hide her surprise when she heard what Bai Qi was going to do. She looked at her son again and saw him nod. It seemed that he was not telling her a lie.

"Mom, you have to hide that smile on your face," Zhang Yi Hai reminded her. "Or else, my sister is going to suspect something."

Li Qin Yao pursed her lips, but the smile on her face was very hard to contain.

Seeing this, Zhang Yi Hai could only heave a long sigh.
