

## Love So Sweet 355

### 355 What's Wrong with Your Eyes?

When Fang Su Jin arrived at the house, Zhan Li Xue had just come out of her room in her dress.

Knowing that they were going to stop by the hospital to find Bai Qi, Zhang Li Xue had especially dressed up and put on some makeup on her face. She was patient, but her face looked so radiant and lively.

Zhang Yi Hai saw the powder pink flowery dress that his sister was wearing and thought that the way she dressed while going out with her brother and boyfriend was really different.

Seeing how she had especially dressed up prettily almost made him want to tell her to change back into the shirt she was wearing earlier.

"Li Xue, you're dressed up prettily," Fang Su Jin spoke as she reached her friend's side. "Why do I feel as if you're dressing up to go on a date instead?"

Fang Su Jin raised her head and glanced at Zhang Yi Hai, wondering if Zhang Li Xue knew about the surprise that Bai Qi had prepared.

That would not be a good thing, right?

Although she did not know what Bai Qi had prepared to surprise her friend, Fang Su Jin was looking forward to seeing a bright smile on her friend's face upon seeing this surprise.

"My brother said, we might stop by at the hospital in a while," Zhang Li Xue spoke.

.....

Fang Su Jin glanced at Zhang Yi Hai again.

"Mmm... Since we're going out, we should take my sister for a check-up at the hospital," Zhang Yi Hai said. He blinked, hoping that Fang Su Jin would understand his hint.

However, Zhang Li Xue accidentally saw the wink. "Zhang Yi Hai, what's wrong with your eyes?"

Zhang Yi Hai looked away and rubbed his eyes. "No. I think something got into my eyes."

His answer did not sound very convincing. Zhang Li Xue stared at his brother for a while longer. Then, her gaze shifted to Fang Su Jin. Somehow, she had a feeling that the two people were hiding something.

"If you're ready, then we should go now." Fang Su Jin spoke, breaking the silence between them.

"Otherwise, it'll be hard for us to find a parking spot."

Zhang Li Xue was momentarily distracted by the chicken wings that she has not eaten for a while.

When Fang Su Jin pushed her wheelchair out, Zhang Li Xue was the most excited.

She has been staying home for a while and this would be the first time she's going out to play.

Moreover, Zhang Li Xue was looking forward to her visit to the hospital.

Zhang Yi Hai watched the two girls leave and heaved a sigh. Before he could head out and catch up with the girls, his mother suddenly stopped him.

“Mom, what’s wrong?”

Li Qin Yao patted her son’s arm. “When it’s done, remember to let Bai Qi come over. It’s a happy occasion, we have to celebrate.”

Zhang Yi Hai heaved helplessly. “Mom, are you sure that my sister is going to say yes? What if she rejects him?”

Li Qin Yao shot a dangerous look at her son. “Don’t talk nonsense.”

“How is this nonsense?” Zhang Yi Hai asked. “Mom, we should also consider this possibility, right?”

Li Qin Yao slapped her son in his arms. “Alright. You better go now. Don’t let your sister and Su Jin wait for you. Go ahead and help your sister quick.”

Zhang Yi Hai heaved a sigh. Why did he feel s if his mother was a little impatient to get a son-in-law?

Before his mother would be upset, Zhang Yi Hai quickly turned around to catch up with his sister. He helped his sister into the car and stuffed her wheelchair into the car.

Zhang Yi Hai slid into the driver’s seat and watched as Fang Su Jin joined his sister in the passenger seat. Before they departed, Zhang Yi Hai did not forget to send a message to Bai Qi to let him know that they were heading out.

While Zhang Yi Hai was driving, the two girls at the back were gossiping happily.

After a while, they finally reached the chicken wings restaurant.

Zhang Yi Hai pulled over in front of the entrance and helped his sister out. When the two girls entered the restaurant, Zhang Yi Hai entered the car again and went to find a parking spot.

He turned off the engine and took out his phone to inform Bai Qi that they were visiting the restaurant for a meal.

“Your sister did not suspect anything?” Bai Qi asked.

“She didn’t. Fortunately, Sister Fang was around so my sister did not think too much.” Zhang Yi Hai pursed his lips. “However, my mother found out about it. I’m sorry. But I could not keep this secret from my mother.”

“It’s fine.” Bai Qi spoke. “As long as your sister did not know anything about it.”

“Mhm... You can rest assured that I won’t let my sister find out,” Zhang Yi Hai said. “However, Brother Bai Qi, my mom said, you have to stop by the house if your plan is successful.”

Bai Qi froze. After a while, a faint smile curled on his lips. “Alright. I understand.”

Zhang Yi Hai hang up the phone and finally headed into the restaurant. When he came in, his sister and Fang Su Jin were still discussing the menu.

Zhang Li Xue raised her head when she saw her brother. “Yi Hai, what took you so long? We almost ordered without you.”

“I had trouble looking for a parking spot,” Zhang Yi Hai came up with an excuse. “Sister, you already know what I like to eat. You can just order anything.”

The waiter arrived at this time and the group began to order their food.

While waiting for the food, Zhang Yi Hai continued to exchange his text with Bai Qi. According to the plan, they were going to meet at the park in the afternoon.

Zhang Yi Hai glanced at the weather forecast and saw that it was expected to be a cloudy afternoon. He was a little worried that it might rain. Should he prepare an umbrella just in case?
