

Love So Sweet 362

362 When are You Returning?

As they entered the house, Zhang Li Xue was already planning to make some trouble for Doctor Bai. However, her phone began to ring the moment she sat down on the sofa.

Zhang Li Xue looked at the caller ID and saw that it was her mother.

She showed Bai Qi her screen before answering the call. "Mommy."

"Li Xue, I already heard the news from your brother," Li Qin Yao spoke the moment she heard her daughter's voice. "When are you returning home with Bai Qi?"

Zhang Li Xue exchanged a glance with Bai Qi. "Mommy, we're probably coming back after picking up Xi Xi from school."

Li Qin Yao's expression brightened up when she heard the little girl's name. "That's good. Bring Xi Xi along as well. I already mentioned this matter to your father. He already said that he will come back early for dinner."

"Daddy also knows?"

"Mhm... How can I not let your father know about this?" Li Qin Yao said.

Knowing her husband, that man would probably be upset if she did not let him know the news earlier.

.....

"I will book a private room at the restaurant," Li Xin Yao said. "Since your grandparents are here as well, let's take this chance to gather and have dinner together. That's right. I will call your aunt to join us as well. The triplets are at home as well and will be going back to the campus on weekend."

Zhang Li Xue chatted with her mother briefly before she hang up. When she told Bai Qi about her mother's arrangement, Bai Qi quickly agreed.

While Zhang Li Xue was not looking, Bai Qi turned around and frowned.

Now that he had proposed and Zhang Li Xue had agreed, Bai Qi could guess that her family will want to talk to him about their marriage.

There was only he and Bai Xi Xi in the family. Hearing that Zhang Li Xue's family would gather around made him feel a little anxious.

He did not know just what will her family request from him. Bai Qi only hoped that the money he had saved earlier would be enough.

However, as he thought of his future with his little fairy, his worry began to dissipate.

Whatever it is, he will work very hard so that he could marry her.

Seeing that Zhang Li Xue was replying to a few texts, Bai Qi stood up and headed to the kitchen. He then came out again with a glass of water and a few snacks.

“Here, have a drink first.”

Zhang Li Xue looked up from her phone. “Oh.” She took the glass from Bai Qi and drank her water obediently.

Bai Qi played with a few strands of her hair as he watched her. “Did you eat your medicine yet?”

Zhang Li Xue nodded. “Doctor Bai, I’ve been very obedient I always ate my medicine on time.”

Moreover, she was with her brother just now. Even if she forget, her brother would help her to remember it.

All of the sudden, Zhang Li Xue seemed to recall another important matter. She let out a loud gasp as she looked at Bai Qi.

“What’s wrong?” Bai Qi began to worry that Zhang Li Xue was not feeling well.

Zhang Li Xue calmed down and shook her head. “No. I just remembered something. Earlier, my brother tricked me and said that we were going to the hospital after lunch. I already ordered some takeaways for you. But now, they were in Yi Hai’s car.”

Bai Qi smiled, knowing that Zhang Li Xue would often think about him. His heart warmed. Bai Qi could not stop from leaning over and giving a peck on her lips.

Then, he pulled away again and carefully raised her injured leg to his lap. Then, he began to look at her injury. Other than her left leg, there were several cuts and bruises all around her body. Although they were not as serious as her leg, Bai Qi was still worried that they might be infected.

He did not want to see her in pain.

Seeing that her injury was recovering well, Bai Qi finally looked up again with a smile.

“It looks like you have been listening to my words and resting well.”

“Mhm...” Her family was around. Everyone in the house was treating her like cautiously. These past few days, Zhang Li Xue has been eating and drinking enough medicine and tonics to replenish her health.

Her mother would always show up beside her in time to help her change her dressings. She was not allowed to slack off even for a while.

Zhang Li Xue stared at him with a hint of mischievousness in her eyes. “Doctor Bai, I have been a really good patient. Then, don’t you think that I should get a reward?”

“What kind of reward do you want?” Bai Qi decided to play along.

Zhang Li Xue pretended to think over this question for a long time. Then, she met his eyes again. “Kiss me.”

The couple stared into each other’s eyes for a long time.

Slowly, the two of the were leaning toward each other until their lips met halfway. The moment their lips touched, Zhang Li Xue could not help but heave a sigh.

After that proposal, she always wanted to kiss Bai Qi, but the situation was not very suitable. She was in a wheelchair and was not convenient to lean over to kiss him.

Now that they were very close, of course, Zhang Li Xue would not miss this chance. Her hands rested on his chest as she gripped the front of his cloth tightly, keeping him in place.

Her lips tilted up into a satisfied smile. She really liked the way Bai Qi would nibble and suck on her lips. His arms were holding her carefully as he parted her lips and deepened their kiss.

Soon, their breaths became heavier.

After a long time, Bai Qi finally let her go.

The couple was looking at each other with their eyes filled with love and adoration.

Worried that the girl would tempt him again, Bai Qi leaned over and nuzzled his nose to her neck, tickling her. His lips gradually turned into a smile. "Is this enough?"

"Un." Zhang Li Xue nodded shyly. Bai Qi heaved a sigh. His little fairy was injured. He could only suppress his desire for her at this moment.
