

Love So Sweet 383

383 Sharing Milk Tea

Zhang Yi Hai arrived at the table and looked at the two girls in front of him. A faint smile curled on his lips. "What are you both talking about?"

Bai Xi Xi turned to look at him. Then, she looked away shyly. "Nothing."

The little girl was still shy to be around Zhang Yi Hai. She wanted to get along with Zhang Yi Hai well, but she was still trying to figure out how. Since Zhang Yu Hai was her Pretty Sister's little brother, then, he should be a nice person as well.

Seeing the shy look on Bai Xi Xi's face already let him know just what was going on in that little girl's mind.

Zhang Yi Hai put a cup of milk tea in front of Bai Xi Xi and spoke, "Here. This one is for you. You wanted mango milk tea, right?"

Bai Xi Xi nodded. "Thank you, Brother Yi Hai." Then, Bai Xi Xi lowered her head to take a sip from her drink. The sweetness filled her mouth. Bai Xi Xi was in a good mood.

Then, Zhang Yi Hai placed another cup of drink in front of Fang Su Jin before he took a seat.

The atmosphere around them turned silent after Zhang Yi Hai appeared.

Fang Su Jin raised her head and stole a few glances at Zhang Yi Hai.

.....

After a few attempts, the man eventually caught her. Their gazes met for a few seconds and Zhang Yi Hai flashed her a smile.

Fang Su Jin quickly lowered her gaze and saw that Bai Xi Xi was looking at her. The little girl then shifted her gaze to Zhang Yi Hai.

There was a strange look on Bai Xi Xi's face.

It made Fang Su Jin wonder just what was going on in the little girl's mind.

Bai Xi Xi has been observing the two people for a while. Her instinct told her that there was something strange about them, but she could not figure out what it was. After a while, Bai Xi Xi lowered her gaze to her cup of milk tea. A thought came to her mind and she then spoke, "Sister, do you want to taste my milk tea?" Bai Xi Xi shoved the cup to her. Seeing that Fang Su Jin did not take the cup, Bai Xi Xi then continued. "The milk tea tasted quite delicious."

Initially, Fang Su Jin was about to decline her offer, but she began to change her mind upon noticing the anticipation on Bai Xi Xi's face.

Fang Su Jin took a sip from the drink and looked at Bai Xi Xi again. "Un. You are right. It tasted delicious."

Bai Xi Xi looked very happy upon getting her approval. She got her milk tea back and was about to continue and drink when she realized that someone was looking at her.

Her movement halted.

Bai Xi Xi looked at Zhang Yi Hai before she shifted her gaze to the cup of milk tea in her hand. "Brother Yi Hai, would you also want to give it a taste?"

The little girl remembered that it was Zhang Yi Hai who had brought the milk tea for her. Naturally, she had to share her milk tea with him.

Bai Xi Xi's question made Fang Su Jin almost choke on some air. She turned to the little girl and stared at her with her eyes wide.

Fang Su Jin was having a hard time believing what she had heard.

"Alright."

Zhang Yi Hai's answer made her gasp.

Fang Su Jin watched as Zhang Yi Hai took the milk tea cup from Bai Xi Xi before he took a sip from the straw.

Her face turned bright red in just a few seconds.

A while ago, Fang Su Jin had also taken a sip from the same straw.

Wasn't this considered an indirect kiss?

As the thought came to her mind, Fang Su Jin felt as if blood rushed over to her head at once, making her feel a little dizzy.

Her gaze was stuck on Zhang Yi Hai's lips for a long time, turning her heartbeat chaotic.

"The milk tea tasted very sweet," Zhang Yi Hai commented.

Fang Su Jin felt as if something was exploding in her mind. She was unable to function for a few seconds.

Bai Xi Xi took her milk tea back and smiled happily. As she looked up, the little girl noticed Fang Su Jin staring at her milk tea.

Thinking that Fang Su Jin wanted another taste, she offered her milk tea again.

Fang Su Jin snapped out of her trance and quickly declined the offer. "It's alright. Xi Xi, you should drink your milk tea slowly."

If she took another sip, wouldn't it feel as if she was kissing Zhang Yi Hai back?

The thought made her feel as if she was a very shameless woman.

The little girl did not know that she had made Fang Su Jin very restless and continued to drink her milk tea.

At this age, Bai Xi Xi did not understand that Fang Su Jin was worried about the indirect kiss. She continued to look at the building in front of her while waiting for her brother and Pretty Sister to come out.

...

Meanwhile, Zhang Li Xue and Bai Qi sat in the waiting area for their turn to come. Seeing that there were a lot of couples coming to get their marriage certificate as well made her feel excited.

Turning her head, Zhang Li Xue's gaze met with Bai Qi's. Realizing that the man has been staring at her for a while made her feel shy.

Bai Qi held her hand and gave it a gentle caress. "Are you nervous?"

Zhang Li Xue thought about what she was feeling at the moment. Then she shook her head. "I'm not. But I am really looking forward to starting a new life with you."

Her words stunned him for a brief second. Then, Bai Qi shot her a gentle smile.

The two of them sat in the area and chatted about this and that until it was their turn.

Both of them did not expect that the procedure would end so soon. They submitted their papers, answered some questions from the officers, shot a photo, and then the certificates were in their hands.
