

Love So Sweet 388

388 Very Happy

Meanwhile, Bai Qi took Zhang Li Xue and Bai Xi Xi to lunch to celebrate their marriage. While they were having their lunch, Bai Qi could not miss the way his sister was looking at his wife.

The adoration in Bai Xi Xi's eyes was very hard to ignore.

Zhang Li Xue understood what Bai Xi Xi was feeling and could not help but to entertain her for a while longer. Anyway, she really liked Bai Xi Xi and did not mind accompanying her to talk about a lot of things.

However, this made Bai Qi a little unhappy.

With the way his sister has been occupying his wife's attention, Bai Qi even felt as if it was Bai Xi Xi who had married a wife instead...

He wanted to snatch his wife back, but it would seem petty for him to fight with a little girl.

After their lunch, Bai Qi drove back to their apartment.

From then on, they were going to live with the Zhang family for a few months until Zhang Li Xue's injury was healed. Therefore, the two siblings will need to pack up their clothes and a few necessities.

As they arrived at the apartment, Bai Qi sent his little sister to her room and let her pack up her stuff. He told her that he would be coming to check on her later. Then, he took his wife to his bedroom and closed the door behind him.

.....

Zhang Li Xue could not help but laugh when she saw this scene. She wheeled her wheelchair to the corner of the room and looked at Bai Qi with a mischievous gaze.

"Doctor Bai, what are you doing? Why did you close the door?"

Bai Qi looked at the woman in front of him helplessly.

"I had a feeling that it would be hard for me to win your attention in the future," Bai Qi spoke with a sigh. His little sister was keeping her eyes on Zhang Li Xue and refused to let go.

His words made Zhang Li Xue laugh. "Then, are you putting on a guard against your sister?" Seeing that Bai Qi was jealous of his own sister amused her. Zhang Li Xue thought that Bai Qi was cute like this.

Bai Qi did not answer her question. Instead, he walked over to her side and leaned over to hug her tightly.

Before Zhang Li Xue could figure out what was going on, the man had already lifted her from the wheelchair and walked over to the bed.

Zhang Li Xue immediately panicked.

Just then, Bai Qi let her sit on the bed with her thigh resting against his. Her legs dangled at the side. Bai Qi leaned over until their forehead met. Then, he stared into her eyes and smiled.

Zhang Li Xue's heart was beating steadily. She could feel his love and affection just by staring into Bai Qi's eyes. The feeling made her heart swell with happiness.

The two of them stayed that way while looking into each other's eyes for a long time.

Finally, it was Bai Qi who broke the silence first, "Are you tired?"

Zhang Li Xue shook her head. "Not tired."

Because they were planning to get a marriage certificate today, Zhang Li Xue woke up early in the morning. At this moment, she was indeed a little tired. But being with Bai Qi like this made her tiredness gradually disappear.

"Zhang Li Xue."

"Hmm?"

"I am very happy."

The smile on her face widened. "Un. I'm very happy as well." Zhang Li Xue raised her hands and encircled her arms around Bai Qi's neck. The two of them were so close together.

After a while, Zhang Li Xue lowered her gaze to look at Bai Qi's lips. Slowly, she moved closer until their lips met in a kiss.

Zhang Li Xue could feel some spark the moment their lips touched. She closed her eyes and continued to massage Bai Qi's lips with hers, hoping that the man would return her kiss.

Fortunately, she did not have to wait for too long. After a few seconds, Bai Qi took the lead and started to reciprocate her kisses.

Bai Qi thought of the moment he came out with Zhang Li Xue from the Civil Affairs Bureau and how this little fairy was looking at him.

At that time, all he wanted to do was to kiss her like this. However, they were still in public and he could only restrain himself.

Now that his wife was finally in his arms, Bai Qi could not stop from kissing her. He thought of everything he had gone through and how he finally met his little fairy again and married her. He could not describe the happiness he felt at this moment.

Bai Qi could only show his wife how happy he was through this kiss.

His wife...

Bai Qi thought that those words sounded really nice.

Sensing that a certain someone was about to suffocate, Bai Qi finally pulled away. He looked at the person in front of him and saw her reddened cheek and slightly misty eyes.

A fire was burning and the heat slowly spread all over his body.

Bai Qi leaned over again and this time, he started to rain his kisses on her face. Gradually, his mouth went downwards to her neck and her shoulder.

Her eyes snapped open.

Zhang Li Xue's body began to heat up and she began to feel anxious about what was going to happen between them next. Her eyes darted to the door. Then, Zhang Li Xue seemed to recall that Bai Qi did not lock the door earlier.

If Bai Xi Xi suddenly entered the room, wouldn't that little girl get traumatized?

"Bai Qi," Zhang Li Xue whispered his name anxiously. She put her hand on his chest, wanting to push him away. "Xi Xi is still here."

However, Bai Qi took this chance to bite on a spot just over her chest. The pain and excitement made her stay still. Subconsciously, her hands gripped the front of his shirt hard and a soft moan escaped her.

Only then did Bai Qi let her go. Then, Bai Qi held his wife tightly in his arms as he tried to keep his calm.
